Community Coordination to End Homelessness for Veterans Self-Assessment Tool

Planning & Integration

1. The VA, SSVF providers, and the CoC have established a partnership and identified specifically how many veteran households are currently (i.e., PIT) and annually homeless in our community.

Strongly Agree	Agree	Undecided	Disagree	Strongly Disagree

2. In our community, the VA and CoC have partnered to set specific targets and goals regarding how and when we will end veteran homelessness.

Strongly Agree	Agree	Undecided	Disagree	Strongly Disagree

3. The CoC coordinated assessment system asks about veteran status at entry, knows who the SSVF grantees are, and refers veterans to specific SSVF, HUD-VASH, and other providers serving veterans.

Strongly Agree	Agree	Undecided	Disagree	Strongly Disagree

Targeting Of Veteran Households

1. The SSVF grantees have coordinated with our CoC to establish a current list of all veteran households who are homeless today and residing in shelter, transitional housing, or on the street.

Strongly Agree	Agree	Undecided	Disagree	Strongly Disagree

2. The CoC, VA, and SSVF grantees meet regularly (e.g., bi-weekly) to review veterans who are currently homeless and discuss specific veterans where assistance is needed to develop a plan to house them with SSVF and/or other resources.

Strongly Agree	Agree	Undecided	Disagree	Strongly Disagree

Progress Review & Evaluation

1. The CoC, VA, and SSVF grantees meet at least monthly to review progress toward each specific target set to ending homelessness among veterans, revise goals as needed, and address coordination issues.
