About Hines:

Edward Hines, Jr. VA Hospital is classified as a 1a facility, located 12 miles west of downtown Chicago on a 147-acre campus, offers primary, extended and specialty care, and serves as a tertiary care referral center for VISN 12. Specialized clinical programs include Blind Rehabilitation, Spinal Cord Injury, Neurosurgery, Radiation Therapy and Cardiovascular Surgery. The hospital also serves as the VISN 12 southern tier hub for pathology, radiology, radiation therapy, human resource management and fiscal services.

Hines VAH currently operates 483 beds and 6 CBOCs (community-based outpatient clinics) in Hoffman Estates, Kankakee, Oak Lawn, Aurora, LaSalle, and Joliet. More than 850,000 patient visits occurred in fiscal year 2017, providing care to more than 57,000 veterans, primarily from Cook, DuPage and Will counties.

Edward Hines, Jr. VA Hospital has active affiliations with the Loyola University Stritch School of Medicine and is also a rotation site for both the University of Illinois (UIC) College of Pharmacy and Midwestern University Chicago College of Pharmacy.

PGY-2 Health-System Pharmacy Administration and Leadership (HSPAL) Residency Program

About Hines VA HSPAL PGY-2 Program:

The purpose of this residency program is to provide the pharmacist with a broad range of experience in pharmacy management and leadership under the coordination of a proven pharmacy management team. The training will be hands-on, experiential learning with an emphasis on the adult learning model and development of self-assessment by the resident, with guidance and constructive, frequent feedback from the Residency Program Director and a qualified team of preceptors.

Our program builds upon PGY-1 residency graduates' competence in the delivery of patient-centered care and in pharmacy operational services to prepare residents who can assume high-level managerial, supervisory, and leadership responsibilities.

Required Learning Experiences:

The resident must successfully complete all the required learning experiences:

- Orientation
- Operations Management: Inpatient and Outpatient Pharmacy
- Practical Pharmacy Management: Inpatient and Outpatient Supervisory Training
- Formulary Management and Pharmacoeconomics
- Clinical Management: Acute Care and Ambulatory Care
- Contracting and Procurement

Required Learning Experiences (continued):

- Pharmacy Informatics
- Medication Safety
- Personnel Management
- Direct Patient Care (half-day in clinic each week)
- Research: Complete agreed-upon research project(s), conference presentations, and written report in a format suitable for publication
- Prepare one newsletter article
- Prepare one drug class review, monograph, treatment guideline, protocol, or policy
- Prepare one Medication Usage Evaluation to present at P&T meeting
- Prepare and present at least one monthly adverse drug event report and one monthly override and trigger drug report
- Prepare and present one journal club per quarter (4 total)
- Attend committee/workgroup meetings as directed

Additional Learning Experiences:

- Opportunity to take part in a teaching certificate program if one has not been completed in the PGY-1 residency year
- Experience serving as a co-preceptor for students of various colleges of pharmacy is available, dependent on primary preceptors' schedule.

Program Details:

ASHP accreditation status:	Candidate
Duration:	12 months
Number of positions:	1
Application Deadline:	01/08/2022
Starting Date:	07/01/2022
End Date:	06/30/2023
