Virtual Lifetime Electronic Record

On March 29, 2012, Mr. Joe Paiva, Executive Director, Virtual Lifetime Electronic Record (VLER), will present a decision memorandum for approval to the Joint VA/Department of Defense (DoD) Task Force on Veterans Employment. Mr. Paiva co-chairs the Information Technology Sub-Working Group tasked to establish an implementation plan for the information technology required to fully implement the VOW Act and recommendations of the Presidential Task Force on Veterans Employment. The decision memorandum will present the "Best of Breed" transition services to be embedded behind the joint eBenefits portal and will institutionalize the results across the task force's partner agencies. The next step in the process will be to develop a roadmap for integrating these services into the eBenefits portal where Veterans and Service members can access them.
