

On behalf of Mr. Joe Paiva, Executive Director, VLER EPMO, the following information is provided as input to the weekly Cabinet Report:

30 April – 4 May 2012  
Virtual Lifetime Electronic Record

On April 30, 2012, the Report of the Department of Defense (DoD)-Department of Veterans Affairs (VA) Veterans Employment Initiative Task Force will be delivered to the Office of the President of the United States. Mr. Joe Paiva, Executive Director, Virtual Lifetime Electronic Record (VLER), co-chairs the Information Technology (IT) Sub-Working Group which has developed a report on the Integration of Veterans Employment IT Systems required to fully implement the VOW to Hire Heroes Act of 2011 and the recommendations of the Presidential Task Force on Veterans Employment. The IT Sub-Working Group's report presents an analysis of system redundancies in the top three employment and transition services and lays out a plan for an initial capability offering the "best of breed" systems integrated into the eBenefits portal. The report further recommends the sharing of information between the Task Force Partner Agencies in order to effectively deliver the full continuum of benefits to Service members and Veterans.
