Recycled Product Information & Training

The soda bottle you recycled after lunch might end up back on your desk as a recycled binder or pencil holder. Used toner cartridges and printer ribbons once considered "trash" are now remanufactured and returned, providing your office with high-performance products at considerable savings. Buying recycled-content products ensures that the materials collected in recycling programs will be used again in the manufacture of new products. For instance: Clipboards, file folders, clip portfolios, and presentation folders can be made of solid plastic containing recovered materials.

JWOD Product Information & Training

The JWOD Program sees the Federal environmental initiatives as yet another vehicle to create and maintain jobs for individuals who are blind or have other severe disabilities. In supporting green initiatives, JWOD-participating nonprofit agencies and their employees play a key role in helping the Government accomplish its mission of creating cleaner, healthier, safer workplaces for Federal employees and contractors. It makes good sense, good business and good government.

Ergonomic Product Information & Training

Keyboards - how to adjust the height and angle of a keyboard in order to fit the person or allow posture change. Glare Screens - improve screen visibility by reducing bright spots or washout caused by ambient light on monitor screens. Ergonomic Chairs - Demystify Chair Adjustability Options - learn the correct way to set seat height.

JWOD distributor and GSA schedule holder Corporate Express makes it easy for the federal government employee to take action to protect the environment!
Corporate Express is a full line office products company that offers Earth Friendly products adhering to Executive Order 13101 – the "Greening the Government Through Waste Prevention, Recycling, and Federal Acquisition" initiative. All products are ready for prompt delivery. JWOD and Corporate Express are committed to ensuring a choice selection of recycled and environmentally friendly products for your federal offices.
