

**2007 VA Environmental Excellence Awards Program
Guidance on Submitting a Nomination in the Category of
Electronics Stewardship**

Electronics Stewardship

This category recognizes Department of Veterans Affairs (VA) facilities that promote sustainable environmental stewardship of VA electronic assets in all three life cycle phases: acquisition and procurement; operation and maintenance; and end-of-life management in accordance with the Federal Electronics Challenge guidance for Gold Level partners (see <http://www.federalelectronicschallenge.net/forms/gold07.pdf>). In special circumstances, individual programs that may have a government-wide substantial economic and environmental impact in the purchase, use, or disposal practices of Federal electronic equipment may be eligible.
