**Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?**

This CoC has had major impact from the budget crisis in the State of IL which has prevented regular meetings to implement community planning and creating of by name list. The survey question 9 was answered "no" however next week the VA will have read only access to HMIS data. Question 10 was confusing since it was unclear what housing and performance meant. This CoC does not currently have coordinated entry but is working to achieve. The CoC and VA will work together to create By Name list and it will be managed by the SSVF Point of Contact in this CoC. The three SSVF grantees in this CoC are committed to assisting the CoC to identify, engage and assist veterans experiencing homelessness to obtain permanent housing. The SSVF grantees are also committed to working closely with the SSVF point of contact to helping the CoC understand the process to meet federal requirements for ending veteran homelessness. The CoC is comprised of some urban areas and more rural areas and not all homeless providers are currently using HMIS. The CoC verbalized desire to assist VA and SSVF in reaching out to these providers and assist in getting the most accurate information about veteran homelessness in their local communities.

IL-513 CoC does not have a current definition of ending Veteran homelessness. The CoC meets twice a year; however, at our last meeting (January 20, 2016) the CoC decided to meet quarterly. Communication between 3 Veteran service providers will initiate the planning and implementation of this definition.

The IL-519 CoC did not choose a 2015 goal of ending Veteran homelessness because they recognize a more accurate account Veteran homelessness needed to be in place in order to establish a benchmark from where to measure performance of this objective. SSVF Grantee 13-IL-104 expanded services to cover a portion of the IL-519 CoC. Only four of the eleven counties in this CoC have SSVF coverage (grantee 13-IL-104). The CoC has developed strategies to end Veteran homelessness including homeless preference with the Morgan County Public Housing Authority, the YWCA PSH will provide units for veteran population and expanding the SSVF program.

IL-506 has defined ending veteran homelessness by achieving functional zero. This would mean that all veterans who want housing would have a housing opportunity available to them and that any veterans who become homeless would be housed within 90 days of presenting at emergency shelter or being identified on the street. There would also be resources sufficient to prevent veterans who are housed from becoming homeless.
