Q31: Would you like technical assistance (if available)? (Select all that apply.)

Respondent skipped this question

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

Each of the 6 SSVF Grantees are actively involved within our own Regions for many of these items. However, since this is for the Balance of State, the coordination is difficult. The Vets@Home TA began in December 2015, and all SSVF Grantees will be involved. The group is currently working on MOU's, By Name List, and who needs to be involved throughout the state.

Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

In this plan, ending homelessness is defined as having a system in place that prevents homelessness whenever possible and, when it cannot, implements strategies to assure that homelessness is brief and recoverable. The need for a coordinated homeless response system will continue to exist as veterans will face ongoing housing crises. Therefore, we seek to reach “functional zero” as a community, a state which assures resources and services for all chronically homeless veterans who desire to be housed and a coordinated system to house all veterans experiencing homelessness as quickly as possible.

We define functional zero as: Every identified veteran living on the streets or in emergency shelter is provided permanent housing within 30 days of identification, unless they choose to enter a long-term treatment program.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

We believe we have identified all homeless vets, but given the transient nature of the population, that is impossible to be certain. The transient nature of the population also makes it sometimes difficult to implement action steps to their Housing Plan. Also, we have trouble accessing RRH funds because our veterans who are housed in our emergency or transitional programs aren't eligible, and we haven't counted any unsheltered veterans for two years now. Our strength is that we boast a robust housing and services continuum. We have increased our capacity for dedicated homeless veteran beds from zero to 90+ in just five years, and we have an incredibly strong relationship with the VA. Our Continuum hosts the only VA homeless team not located at a Med Center, we have hosted CHALENG meetings, and our Veteran's Court is thriving.

A far as the "List of Names" is concerned: Between the VA Homeless team, Brightpoint- SSVF, Miller Center GPD, the Center for the Homeless and the local CBOC we are comfortable in saying that all St. Joseph County Veterans , in any stage of homeless , are receiving various services including housing related services.

Update: This COC has recently applied to dissolve their current St. Joseph County COC (IN-500) and move back into the BOS, outcome pending.
