Local strategies to reach functional Zero have included: 1) weekly Client Case Conferences that began meeting within a week of the 2015 PIT to triage services/housing for homeless Vets identified during the Count; 2) VI-SPDAT assessments were conducted with participants at the 2015 PIT Count; 3) a “By Name” community-wide list was established for sharing cross-agency, client-level data to prioritize Vets, per HUD & VA best practices; 4) a data sharing MOU was completed between the CoC & VAMC; & 5) to ensure inclusive participation in the Client Case Conferences, membership was reviewed & a new MOU established with a regional SSVF provider not previously involved. Assessment & admissions staff from area providers keep the By-Name list as a dynamic document to include newly homeless Vets, as well as those identified during the 2015 PIT Count.
