14. CoC lead reported that the CoC had a by name list that was frequently updated and kept track of veteran's who are unsheltered, in emergency shelter, and in transitional, but does not readily have the numbers at this time. These numbers will be included on next community action plan.

19. Definition has been discussed with CoC and established as stated, but may be subject to change in the future.

27. Community wants to work towards functional zero and believes it is close to achieving that goal. It is unsure if it needs to pursue federal partners' process at this time.

31. CoC has stated that no technical assistance is needed in data sharing, strategic planning, by name list, or anything else listed on the community action plan at this time. If necessary, CoC will reach out in the future.
