The community does not currently have a definition of ending veteran homelessness. The SSVF grantee’s plan is to identify and engage all homeless veterans in the county, develop a housing plan within the first week of engagement, provide the veteran with permanent housing options and appropriate referrals to address specific goals on their housing stability plans. The grantee will continue to work with the county to integrate our plan and assist the county in developing their definition of ending veteran homelessness.

Burlington County is in the initial planning phase of coordinated assessment and has not yet adopted a community definition of ending veteran homelessness. The CoC ensures that the veterans in the county are connected to VA Services and other veteran specific related services by having the 2 SSVF providers listed in the 211 database as well as their attendance at the monthly CoC meetings to provide a veteran support presence. The CoC has provided informational seminars to all service agencies to attend in an attempt to make them aware of the services available to their veteran clients. SSVF grantees, Veterans Multi-Service Center and Soldier On conduct biweekly conference calls to identify veterans entering SSVF programs and to collaborate on their cases.

Burlington County is a robust CoC with many partner agencies. Both SSVF grantees support the efforts of the CoC to develop their coordinated assessment and have attended their planning sessions. Our goal is to continue to become fully integrated in their assessment process and would like additional support from the VA to enhance our efforts.

Bi-weekly

**Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

Mercer County's plan is to identify all homeless veterans in the Trenton/Mercer community and house them by the end of 2015. All veterans will be linked to housing and services. They have also adopted the federal concept of functional zero. After 2015 any veteran who becomes homeless will be screened, prioritized and housed within 30 days. Functional zero recognizes that veterans may continue to become homeless but it is a commitment to ensure that their homelessness will be brief, rare and non-recurring.

The subcommittee meets monthly to collaborate on ending veteran homelessness. The group has created a release of information form that all the agencies signed onto that will allow us to discuss the literally homeless veterans accessing services in Hudson County. We have compiled a takedown list and have identified all sheltered veterans and linked them with an SSVF provider to act as a systems navigator to link them with the appropriate housing resources. The street homeless veterans who are not accessing the shelter system are identified through the SSVF providers and discussed on the conference call. The Hudson County Coordinated Assessment has been launched in the county. The County has identified that Garden State Episcopal will serve as the single point of entry for any homeless individual in the county, however homeless veterans should be assisted through the SSVF providers first. The group is also focusing on creating long term housing solutions for the veterans. Several of the Mayors in Hudson County as well as the County Executive and Board of Chose Freeholders have signed on to the Mayor's Challenge. Jersey City's Mayor has been a vocal supporter of the subcommittee's endeavor and sends representatives from his office to attend our subcommittee meetings. In an effort to finalize a plan to end veteran homeless, the HCAEH Veteran Subcommittee is working on a creating a definition of what a veteran is going to be considered for planning purposes. The HCAEH is also applying for technical assistance through the Vets@Home opportunity.
