Number of unsheltered Veterans on the list 4
 Number of Veterans currently in ES on the list 25
 Number of Veterans currently in TH (including GPD) 28
 Number of Veterans who have a housing plan 28

Q18: How often do you meet to review and update the by name list?

Monthly

Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

NY-500 CoC identified all veterans experiencing homelessness. Community provides shelter immediately to any veteran experiencing unsheltered homelessness who wants it. In instances where transitional housing is provided to a veteran, priority is placed on the use of transitional housing as a short-term bridge to permanent housing. Our community has resources, plan, and systems in place should any veteran become homeless or be at risk of homelessness.
 No veteran should be without a place to call home.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

Within the COC of NY523 there are three counties. In one city in one county we identified and ended homelessness in the summer of 2015. The COC meets monthly and the Coordinated Assessment group meetings bi-monthly. This Assessment is to identify all homeless in our area. We need to develop a group to help in creating a committee for ending veteran homelessness in our whole COC. This writer is planning to address and plan how this can start at our next monthly meeting. Assistance from the VA would be great, or linkage to other communities who have a solid community plan for ending veteran homelessness.

Our community has had a hard time recently. Our CoC Chairman spent time in the hospital due to a heart issue, our key person at the VA was promoted and her position has not been filled so the contact we currently have is working on two positions and has little time. Our community was also working on the Mayors Challenge in which we were using as our main meetings to discuss the community plans with all the important people at the table and now the city lead person has taken a step back. The SSVF Grantees are working together to try to get things back on track.

Q16: Does your list have the following elements? (Select all that apply.)

Includes all Veterans in emergency shelter (regardless of shelter funding source)

Includes all Veterans in transitional housing (GPD, community TH, regardless of funding source)

Q17: If your community has a by name list, could you please provide us with the following data involving totals of those currently on the list:

Number of unsheltered Veterans on the list	14
Number of Veterans currently in ES on the list	16
Number of Veterans currently in TH (including GPD)	57
Number of Veterans who have a housing plan	14

Q18: How often do you meet to review and update the by name list?

Bi-weekly

Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

Ending veteran homelessness means that we have built a homelessness alleviation system large and comprehensive enough to house everyone who experiences chronic homelessness. It means that we have a system in place to prioritize the neediest people experiencing homelessness into housing first or permanent supportive housing beds. Ending chronic homelessness means that we are prepared to meet the needs of all of our community members who find themselves needing that sort of assistance.

Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

Definition:

The Long Island Priority One Committee will have effectively ended veteran homelessness on Long Island when:

(1) There are zero unsheltered homeless veterans on Long Island in Nassau County and Suffolk County. If there are any Veterans that are living on the streets, they would have immediate access the emergency housing and are offered permanent housing options. If Veterans are living on the streets and are refusing to go to a shelter or accept housing services, those Veterans would be continually engage by street outreach teams, at least every 14 days. The P1 group will regularly discuss each case of unsheltered homeless Veterans (if any) and collectively work to explore all engagement options and work with all community partners necessary until that Veteran is ready to accept emergency housing and then permanent sustainable housing.

(2) All homeless Veterans in emergency shelters and transitional housing programs will be offered and educated on various permanent housing options, including SSVF rapid re-housing. All shelters would need to submit a universal form to the P1 group, indicating what housing option each Veteran was seeking. All Veterans that did not accept permanent housing services would be re-offered permanent housing services every 14 days. Specific for transitional housing programs, case managers would also re-offer permanent housing services when a Veteran has a program stay of 60 days, with the goal of having no Veteran remain in transitional housing for more than 90 days before being placed into permanent housing.

(3) Veterans that do accept permanent housing services are housed in an average of less than 90 days and no more 120 days for any circumstance.

(4) There would be no greater than 100 Veterans in transitional housing programs and no greater than 70 Veterans in emergency shelter at any point in time after December 31, 2015.

Strategies:

In order to achieve the goal of ending Veteran homelessness the SSVF providers teamed up with the Long Island Coalition for the Homeless, the CoC, and the Northport VAMC in fall/winter 2014; when Priority 1 funding began. Since that time the team has met on a monthly basis to collectively work toward accomplishing the mission. Meetings have included case conferencing about identified sheltered, unsheltered, and chronically homeless Veterans who were not currently receiving SSVF and needed to be engaged and enrolled into SSVF programs. Communication and follow up amongst the P1 community was the most effective strategy we employed. The group received updates from and case coordination with Northport VA Homeless Services: GPD, HUD VASH, and HCHV. Time was spent having discussions about new ideas on to how to house homeless Veterans, as well as working to request set aside housing units from large housing complexes and government funded housing rentals.

The efforts of the P1 community continued with the creation of the Landlord Engagement Committee. Specially put in place to obtain set aside units specifically for Veterans, the team met monthly and was made up of SSVF Housing Coordinators and Program Management. The group has been successful in engaging landlords in high need areas who have agreed to give first preference to Veterans. Members have also worked with property managers to obtain set aside units for Veterans. This group has met with local, State, and Federal government officials to educate attendees on the SSVF program, Housing First model, the local reality of Veteran homelessness and the need for set aside units. Starting the conversation led to U.S. Senator Charles Schumer holding a press conference in November 2015 to announce the Veteran Housing Stability Act of 2015, which would increase Veterans' access to affordable housing.

Outreach efforts have continuously taken place in an effort to reach every Veteran that could benefit from SSVF services and housing placement. Members of the P1 community have attended VA sponsored and non-VA sponsored events, teams have gone into the woods, and partnered up the Department of Social Services as well as the MTA/Long Island Rail Road to search for homeless Veterans. The Street Outreach Committee was formed in order to coordinate efforts amongst the SSVF grantees and members of the CoC. Specifically the P1 community organized a mini stand down in a high need rural community and organized a "final sweep" in October 2015 across both Counties as a last effort before the end of 2015 to go out into the community and find unsheltered and chronically homeless Veterans not already known or connected to an SSVF provider. This event gave SSVF providers the opportunity to build relationships with local businesses and an avenue for them to assist the homeless in our community.

One of the most effective strategies we employed to accomplish the mission, and hold everyone accountable, was the creation of the Master List. As of July 2015 the Master List has helped to keep track of sheltered, unsheltered, and chronically homeless Veterans in an effort to make sure that each was engaged, enrolled, and connected to an SSVF provider. As one would expect, better coordination has led to an increase of Veterans connected to SSVF programs. Meetings currently take place twice a month and once the mission is accomplished the team will then gather once a month in conjunction with the P1 conference.

The Long Island P1 community group has already determined that after we end Veteran homelessness we will continue to work together to build on what has been created and achieved. Specifically we will look to focus on:

- 1) The ongoing need for sustainability; better employment opportunities/programs/job coaching.
- 2) Continued awareness of Veterans needs.
- 3) Prevention of Veteran homelessness.
- 4) Increase of accountability and responsibility of Veterans role in their situation.
- 5) Offer additional financial literacy and budgeting classes.
- 6) Governor's Executive Order: How can we use this to our advantage? Make better connection to local police departments and hospitals to help engage/reach homeless Veterans. Consider hosting trainings with local police departments.
