Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

We are currently in the process of moving from a closed HMIS system to an open and shared HMIS system. We are also working on getting the CRRC to input data into HMIS, but we currently operate in a world run by ROI's and providers needing to have a copy of the ROI in hand in order to communicate with other providers and there are veterans who do not wish to sign an ROI. Data should be much more consistent when these two issues are remedied. Access to housing and offers of permanent housing are challenging in this rental market with an extremely low vacancy rate and the costs of rent are rapidly increasing with an average rental price of \$1,900.00.

Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.**

OR-506 CoC defines ending Veteran homelessness as providing sufficient diversion and intervention resources with a vision that all Veterans seeking to prevent or end their homeless situation have that option. The measurement of this plan includes: a) 0 unsheltered Veterans on any given night; b) less than 15 Veteran households in emergency shelter; c) less than 40 households in transitional housing; and d) permanently housed Veterans within 90 days of entering the homeless system.

Responses comprise input of multiple CoCs/SSVF grantees and so not all checked options are in process in all areas of the CoC's 28-county geography.	
Historically, community leaders have not chosen to be actively engaged in addressing the issue of homelessness which has created its own sets of challenges and barriers to creating a true community plan. We are continuing to participate in multiple community forums and task forces with the intent of sharing information regarding the importance of community planning and the hopes of helping to facilitate the creation of such plans across the CoC's broad and diverse rural communities spectrum.

The community implemented a 10-year plan to end homelessness in 2011, however the plan only mentions Veterans as part of the homeless population and does not specifically address ending Veteran homelessness. HUD-VASH was implemented in 2011. Oregon Veterans Outreach (COVO) as a community non-profit has been addressing Veteran homelessness since 2005. COVO began by identifying homeless Veterans and doing camp and street outreach to provide basic needs and connection to services; providing Veteran-specific low-income housing; bringing in HCHV, GPD and SSVF programs to Central Oregon.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

Only a small handful of community partners understand the purpose of a CoC, so this community plan process is not something that is prioritized. COVO, specifically our Executive Director and the SSVF team, has been working with ABT Assoc, on TA and is taking the lead for the community plan. We are inviting key partners involved in serving homeless Veterans to set up strategy meetings.
