Q18: How often do you meet to review and update the by name list? *Respondent skipped this question*

Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

The Boot Camp team defines ending Veteran homelessness based on the processes and systems in place. We will achieve functional zero with 0 unsheltered Veterans, no more than 20 in emergency shelter beds, no more than 30 in short-term DCHV beds, and no more than 185 in Transitional Housing. Average length of time from assessment to placement should be less than 90 days, with many housed within a day or two but some requiring up to a year.

Our adjusted benchmarks include:

1. IDENTIFYING ALL VETERANS EXPERIENCING HOMELESSNESS, including those with chronic history of homelessness and those without, and regardless of length or type or service or discharge status, using multiple data sources.
2. PROVIDING SHELTER IMMEDIATELY TO ANY VETERAN EXPERIENCING UNSHELTERED HOMELESSNESS WHO WANTS IT, including shared/expanded resources during Code Blue situations. Some shelters may refuse some persons for previous violations of rule, but other shelter is available.
3. PROVIDING TRANSITIONAL HOUSING FOR THOSE WHO NEED AND WANT IT, based on clinical referrals and individual service plans. Some Veterans are “fast-tracked” to housing if their service needs are low and they have additional resources to support stability. The three Grant & Per Diem programs located on the VA Medical Center campus will continue to serve approximately 150-200 from across the region due to the type of programs available at this VAMC.
4. ASSISTING VETERANS TO SWIFTLY MOVE INTO PERMANENT HOUSING, including building relationships with area landlords and rapid rehousing options such as use of SSVF as bridge to HUD-VASH.
5. MANAGING RESOURCES, PLANS, AND SYSTEMS TO RESPOND TO AND PREVENT ANY NEW INSTANCES OF HOMELESSNESS, and we will continue to work together as a team, using multiple data sources and conducting comprehensive outreach and engagement to identify such Veterans. We have adequate resources and the capacity to provide appropriate services that will, whenever possible, prevent homelessness for at-risk Veterans and to promote the long-term housing stability of all Veterans who have entered permanent housing, including the many Veterans who find themselves in this Continuum of Care based on their need for services from the VAMC here.

Vets@Home

Q31: Would you like technical assistance (if available)? (Select all that apply.)

Assistance with data sharing between VA and community

,
Assistance with data and tracking

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

This has been a bit of a frustrating exercise. New process explained quickly, submissions due in less than two weeks, DURING THE WEEK OF THE PIT COUNTS (?), in a format that NO WAY lend itself to actual collaboration with the COC. A couple of COCs have been successful in scheduling a conference call and all looking at the questions together, but others have to resort to screen captures of each page to be sent around for coordination. Once again, the burden is nearly entirely on the SSVF grantee/providers.

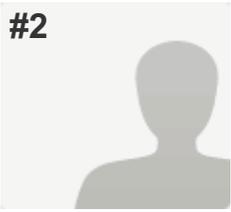

Note, too, that whoever put this together is not really representing the new federal benchmarks and criteria very well. "A community must have an active list..." is taken from the DEFINITION of "Active List" and is not part of the criteria or benchmarks.

And WHERE did you get the notion of offering permanent housing at least every two weeks to a person who has chosen to focus on recovery?

I did realize my own mistake on the page regarding our community's definition of zero, where I used the term benchmark but should have used criteria. Since I can't go back and correct it without having to reenter the data on the follow pages, I will let it stand.

I hope this feedback is valuable.

Philadelphia achieved functional zero homeless Veterans with 15 unsheltered Veterans, 70 Veterans in Emergency Shelter and 80 Veterans in Transitional Housing (Bridge or Rapid Re-housing). All Veterans in Emergency or Transitional Housing have a housing plan. The total number of Veterans on the date of functional zero equals the total number of Veterans that can be housed through our housing placement system within ninety (90) days. Philadelphia has been averaging 60 housing placements into permanent housing on a monthly basis September through December 2015), therefore the number of Veterans in our housing placement system must be 180 or below.

PA601 is committed to ending veteran homelessness across the CoC. We embrace the belief that veteran homelessness should be brief and non-reoccurring. This is demonstrated by the participation of VAMC home teams actively participating in the CoC and the establishment of a Veterans sub-committee and technical assistance obtained through VETS @Home. Additionally, PA CoC 601 defines ending veteran homelessness by meeting all of the federal benchmarks and to house veterans within 90 days or less upon entering the homeless system. Our target goal of housing placement is 30 days which we are working towards.

Q32: Are there any comments/notes that you would like to share (about the survey, your community, etc.)?

1. PA 601 would be closer to ending veteran homelessness if not for the placement of a VA funded program in the CoC that provides ES and TH for veterans who are not from our CoC and who do not intend to remain in our CoC. While they are residents they maintain homeless status and negatively impact the CoC's ability to reach functional zero.
 2. With the implementation of the Veterans Sub-committee it is believed a contact in each county can be identified.
 3. SSVF Grantees are currently lacking information from Chautauqua Grantee. We have attempted to reach out and have requested assistance from our CoC. The CoC has reached out to Chautauqua Opportunities to begin active participation in the Community Planning process. LCSS, Inc. have contacted the grantee via email requesting information for the master list and participation with our upcoming calls.

PA 603 CoC defined “ending Veteran homelessness” by utilizing their HMIS system to report 0 unsheltered Veterans on a given night and less than 7 Veterans in emergency shelters and transitional housing. All identified Veterans will have a housing stability plan within 5 business days of initial assessment and be housed within 45 days of intake to the SSVF program. We will employ outreach workers as well as SSVF staff to engage unsheltered Veterans that are periodically reported to/by county agencies. Q18: How often do you meet to review and update the by name list? Bi-weekly

Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

We used the definition from the original Mayors Challenge. "We will know we have succeeded when we have a systematic end to Veteran homelessness, which means there are no Veterans sleeping on our streets and every Veteran has access to permanent housing. Should Veterans become or be at risk of becoming homeless, we will have the capacity to quickly connect them to the help they need to achieve housing stability."
 So, our definition includes 0 unsheltered, but for any who choose not to come in, we will know them by name, continually engage them and keep offering. (The 1 on our list is our very top priority.)
 We have not determined a limit for the number in emergency shelters or transitional housing, nor the time until housing plan. We aim to keep the time until final placement at an average of less than 90 days, even including those in transitional housing.

Number of unsheltered Veterans on the list	0
Number of Veterans currently in ES on the list	5
Number of Veterans currently in TH (including GPD)	40
Number of Veterans who have a housing plan	40

Q18: How often do you meet to review and update the by name list?

Bi-weekly

Q19: What is your community's definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

On a given night there will be no veteran who that is unsheltered, that all homeless veterans will be in some type of housing and have a plan for permanent housing and that the community has the resources to accommodate any new veteran who experiences homelessness.

Strategies: 1. Improve coordination of housing and services through the coordinated entry system. 2. Attend by-weekly meetings to staff case conferences and update master list. 3. Continued engagement of staff working with veterans with the CoC's efforts to end Veteran's homelessness. 4. Identify gaps in housing and services and develop responses to those gaps.

Number of Veterans currently in ES on the list	2
Number of Veterans currently in TH (including GPD)	0
Number of Veterans who have a housing plan	12

Q18: How often do you meet to review and update the by name list? Weekly

Q19: What is your community’s definition of ending Veteran homelessness? Please tell us about the strategies included in your plan. Please provide a succinct response. For example, ZZ-400 CoC defined ending Veteran homelessness by 0 unsheltered Veterans on a given night, less than 50 in emergency shelters and transitional housing all with a housing plan within 5 business days, and to house Veterans within 60 days of entering the homeless system.

Delaware County’s Strategic Plan to End Veteran Homelessness mirrors the Federal Strategy. Via a collaborative effort, DC CoC reached “Functional Zero” in 2015. Our definition of ending Veteran Homelessness means that we have the resources in place to stably house all eligible veterans who are literally homeless or at imminent risk of homelessness. Delaware County is currently in the process of working with HUD to be approved as a CoC that has ended veteran homelessness by declaring the achievement of “Functional Zero”.
