Q40: If the answer to the previous question is "yes", does your community have adequate funding resources in place to sustain your system when "surge" funding ends?	No, If the answer is "no", please explain. The ending of the P1 funding will create a $2.01m yearly loss of funding. The workforce will be reduced by 55%. The outreach team will be reduced from 6 to 1 individual to serve three counties. Case Managers will be reduced from 16 to 10. This will seriously degrade the ability t sustain the inflow of homeless veterans to include prevention. There must be some plan to increase the P2 budget to offset some of the reduction. The community cannot absorb that great a decrease.
Q41: Does your community regularly follow-up with rapid re-housing clients to ensure housing stabilization?	Yes
Q42: Do you have a system in place to ensure rapid re-housing clients experiencing new housing crises are routed to prevention/other stabilization services?	Yes, If yes, please describe this process. Veterans that directly access the Homeless CoC through 1 of 5 points of entry (3 Housing Assistance Centers (the "HACs"-North, South and Central Broward); the Salvation Army or through street outreach provided by the Taskforce Fore Ending Homelessness) are screened and prioritized as part of the Coordinated Entry and Housing Placement Process. This process is initiated by clients contacting the local 211 Homeless Hotline. Trained representatives review each case individually for prevention and/or other stabilization services. Veterans that directly access services from the local VA Regional Hospital are triaged for prevention/stabilization services by VA staff. As part of the Broward County Case Conference, which meets in session twice per month to review the By-Name List of Veterans, the VA, SSVF Agencies, CoC representatives (County representatives, Street Outreach workers from the VA & CoC, Legal Aid) discuss and clients whose housing status has changed and route to alternate services/housing appropriately. Updates are provided by each agency representative as to current housing plans, placements, and this process includes clients experiencing new housing crises. VA staff do not have access to HMIS and not all CoC staff have access to VA client level data.

Yes

Q40: If the answer to the previous question is "yes", does your community have adequate funding resources in place to sustain your system when "surge" funding ends?

No,

If the answer is "no", please explain.
SSVF grantee was awarded funding in adjacent Hillsborough and Pinellas Counties. With the approval of a Priority 1 grant to provide surge funds in Pinellas and no resources in Pasco County a change in scope was approved for the Pinellas renewal grant to expand the geographic area. The geographic area was expanded to Pasco County but the funds remained the same. In FY2016, the Pinellas and Hillsborough renewal grants were merged as one and Pasco County remains in the geographic area but the needs in that community were never factored into the funding available. Currently, a Priority 1 grant is providing surge funding in Pasco County and the renewal funding is primarily serving Veterans and their families in Pinellas and Hillsborough Counties. When Priority 1 funding is exhausted the renewal funding will need to spread across the three counties.

If a household, formerly assisted with rapid re-housing assistance, is at risk of becoming homeless, they ether call or are referred to the SSVF program. Based on an assessment of the household's risk of becoming homeless and availability of other resources and/or supports, the SSVF Program will do one of the following: re-enroll the household in SSVF and provide the resources needed to stabilize the household, re-enroll in SSVF for light touch case management and link the household to other community resources that may be available to assist in stabilizing the household and/or negotiate plans with the landlord on behalf of the Veteran to stabilize the situation, link the household with another organization that may be able to assist the household become stable, or review other alternatives the Veteran and their family members may need to consider to stabilize the situation given their needs, and the resources available or not available.
