# Open the Prosthetics Main Menu

## Introduction

Introducing the new **Prosthetics Main Menu** window as shown below. This feature is included in Patch RMPR\*3\*59 but will grow as more features are developed in the GUI suite of Prosthetics programs as part of an entire **VISTA** suite of Prosthetics programs. It will remain the main point of access for future Prosthetics applications. This window allows you to access the current GUI features including the following:

- Delayed Order Report
- NPPD Detail Display
- Help
- About (provides the version number of the application)

**Note:** You do not need to log on using the **VISTA Sign-On** button to access the Help or the About features.

## Steps

To sign on to VistA and access the Prosthetics applications, follow these steps:

Step	Action
1	Double click the <b>Prosthetics Vista Suite</b> icon on your desktop.
2	Click the <b>VISTA Sign-On</b> button, and the <b>Connect To</b> dialog displays.  <b>Shortcut:</b> Press the <Alt> key + <S> key.

## Open the Prosthetics Main Menu, Continued

---

### Help and About Buttons

If you require online help, you can click the **Help** button without signing on. You can also access the **About** option without signing on.

---

### About window (sample window Version number may be different)

### Single Sign-on

The **Prosthetics Main Menu** window is a location for a single sign-on to all the Prosthetics GUI applications. Using this main menu requires you to sign-on using the **VISTA Sign on** button. Then you can decide if you want the **Delayed Order Report** option or **NPPD Detail Display option** (until future applications are available).

---

### Title Bar

After you sign on, all Prosthetics programs will display the server information that you are logged into in the Title bar of the application window.

---

### Multiple Windows Open

After you log on, you can access multiple applications, and you can switch between open applications without having to re-log on and without losing displayed data. If you change servers that you are logged into, then you will lose the data displayed in all open windows.

---

### Exit the Vista Suite

You can logoff the **Prosthetics Main Menu** window by clicking the **Close** button. This exits you out of the **Vista** suite of Prosthetics applications. If you have any open Prosthetics applications when you exit, you will lose data in these open applications. A confirmation message will display as shown below.

---

### Confirmation message

## Connect to the System (Only necessary for multiple sites)

---

### Prosthetics Main Menu window

After you click the **VISTA Sign on** button, the **Connect To** dialog box displays as shown below ONLY if you are connected to multiple sites/systems.

Workstations are typically configured to sign-on to a single system. However, if your workstation is configured to sign-on to more than one system (see example below), you will see the **Connect To** dialog box whenever you try to establish a connection.

---

### Connect To dialog box

### Steps

To continue to access the VistA system, follow these steps:

---

Step	Action
1	Click the drop-down arrow in the <b>Connect To</b> dialog box to display the list of systems or press <Enter> for the default system (displayed).
2	In that list, click the connection you need.
3	Then click <b>OK</b> or press <Enter> to sign-on to that system.

---

### Cancel Button

You can click the **Cancel** button to exit the **Connect To** dialog box.  
**Shortcut:** Press the <Alt> key + <C> key to cancel.

---

### Help Button

The **Help** button displays online help regarding the dialog box that is currently displayed. You can also press the <F1> key to display online help.

---

# Sign-On to VistA

## Introduction

The **VISTA Sign-on** window is the main sign-on window for all VISTA GUI applications. It displays the current system introductory messages, and lets you sign on to the system using your Access and Verify codes.

**Note:** This is the first window if you have only one system to sign-on to; otherwise, see the previous page.

## VISTA Sign-on

To continue to sign on to the VistA system, follow these steps:

Step	Action
1	In the <b>Access Code</b> box on the <b>VISTA Sign-on</b> window, enter your access code.
2	Press the <Tab> key to jump to the <b>Verify Code</b> box.
3	In the <b>Verify Code</b> box, enter your verify code.
4	Press <Enter> or click <b>OK</b> to sign on.

## VISTA Sign-on window

## Time-saving Tip

Alternatively, in the access code box you can enter your access code, a semicolon, and your verify code all at once. Then press <Enter> or click **OK** to sign on.

# Sign-On to VistA, Continued

**Menu Button** Once you have accessed the **DOR** window or the **NPPD Detail Display** window, you can return to the **Prosthetics Main Menu** by clicking the **Menu** button.

**DOR window**

*Continued on next page*

## Sign-On to VistA, Continued

**Multiple Windows Open** After you log on, you can access multiple applications, and you can switch between open applications without having to re-log on and without losing displayed data.

You can keep the **DOR** window open and open another Prosthetics GUI application by clicking the **Menu** button, returning to the **Prosthetics Main Menu** window and opening another application. Once you have multiple programs open, you can switch back and forth between them and not lose any data.

If you change servers that you are logged into, then you will lose the data displayed in all open windows.
