Version 5.1

October 2000

Revised May 2016

Department of Veterans Affairs  
Office of Information and Technology  
Enterprise Program Management Office (EPMO)

# Revision History

Initiated on 12/29/04

Date	Description (Patch # if applicable)	Project Manager	Technical Writer or Analyst
May 2016	Updates based on patch PRC*5.1*184. • Corrected Adjustment instructions. See pages <a href="#">51</a> and <a href="#">85</a> .	REDACTED	REDACTED TW REDACTED SME
January 2014	<p>Patch PRC*5.1*174 (IFCAP/eCMS Interface)</p> <p>1.6.6 – replaced “If the contracting staff...” with “If the <b>eCMS</b> contracting staff...”</p> <p>1.6.7–replaced ‘an eCMS user may decide – with the eCMS contracting staff’ –with ‘<b>the eCMS contracting staff may determine that the 2237.</b>’</p> <p>Replaced ‘then the 2237 is returned to IFCAP automatically via another HL7 message’ with ‘<b>then generate a Cancellation of the 2237 in IFCAP automatically via another HL7 message.</b>’</p> <p>2.4.5. –replaced ‘prompt, enter the name or the number of the service that will use the item. Enter the date required. Enter the priority of the request’ with ‘prompt, you must enter the name or the number of the service that will use the item.’</p> <p>Added new <b>Note:</b> The Requesting Service field is mandatory in IFCAP. It is also a required field for the eCMS interface. If the Accountable Officer attempts to send a 2237 to eCMS and this field is blank, the 2237 will generate a transmission error. The Accountable Officer will have to return the 2237 to the CP user for edit and re-approval.</p> <p>Updated top of screen display with “If User attempts to pass this field without entering a value – the software will prompt them for a response.</p> <p>REQUESTING SERVICE: ??</p> <p>Select the name of the Service that submitted this request.”</p> <p>2.5.1-replaced ‘This might keep A&amp;MM staff from...’ with ‘This might keep Logistics staff from...’</p>	REDACTED, PM	REDACTED, SME REDACTED, REDACTED, Developer REDACTED, Writer

	<p>2.5.4 –new sentence above screen display stating “The Classification of Request field is not mandatory.”</p> <p>Added <b>Note:</b> Requesting Service is an IFCAP-required field, and the 2237 cannot go forward to the electronic Contract Management System (eCMS), <b>unless this field is populated</b></p> <p>Updated top of screen display with “If User attempts to pass this field without entering a value – they will be prompted to fill in this field.</p> <p>REQUESTING SERVICE: ??</p> <p>Select the name of the Service that submitted this request.”</p> <p>2.5.7 - Added new <b>Note:</b> the Line Item <u>DESCRIPTION</u> is now a required field in the 2237. If the User attempts to leave the DESCRIPTION field blank, the User is prompted to fill in the field.</p> <p>2.6.4 – After the REQUESTING SERVICE: ?? prompt, the “Select the name or number of the Service that submitted this request” displays.</p> <p>Replaced the “Note: Although Requesting Service is not an IFCAP-required field, if the 2237 is intended to go forward to the electronic Contract Management System (eCMS), this field must be populated.” With “<b>Note:</b> Requesting Service is an IFCAP-required field. The 2237 cannot go forward to the electronic Contract Management System (eCMS), unless this field is populated.”</p> <p>2.6.7. – Updated the next three lines after the Description: prompt, ‘If User does not enter any text, the User will be prompted to enter some text. Item DESCRIPTION is required! User must enter some text.’</p> <p>2.6.9. – Added a note to screen display, “<b>Note:</b> Control Point Clerk is not permitted to set the 2237 to YES – Ready for Approval if any Required field is not populated.”</p> <p>2.7.5 – Updated “<b>Note:</b> Although Requesting Service is not an IFCAP - required field, if the</p>		
--	--	--	--

	<p>2237 is intended to go forward to the electronic Contract Management System (eCMS), this field must be populated.” With “<b>Note:</b> Requesting Service is now an IFCAP-required field; the 2237 is not permitted to go forward to the electronic Contract Management System (eCMS), if this field is not populated.”</p> <p>3.2 – Updated heading “3.2 Converting Item Requests to Permanent Transactions” with “<b>3.2 Converting Temporary Requests to Permanent Transactions</b>”</p> <p>3.2.1 - Added new “<b>Note:</b> The fields Requesting Service and Line Item DESCRIPTION are not required fields in a Temporary Request. This will mean the Control Point Clerk may encounter missing required fields when converting a temporary request to a 2237 transaction. The Clerk will be advised of the missing field(s) and be allowed to edit the new 2237 and populate the required fields. If they choose not to edit the fields at that time the 2237 will not be complete and the Clerk will not be able to set the Approval flag to YES. The Clerk will have to Edit the 2237 and populate the missing fields.”</p> <p>3.2.3 – new Request Review screen display</p> <p>3.2.4 – REQUESTING SERVICE: <b>CP</b> User must Populate this field as it is required on a 2237.</p> <p>3.2.5 – reworded first paragraph</p> <p>- added a note to screen caption, “<b>Note:</b> User cannot set the Request to “Ready for Approval?//YES” if the Requesting Service or any Item DESCRIPTION field is not populated.”</p> <p>7.4. – updated heading “7.4 Canceling Transactions with Permanent Number” with “7.4 Change Existing Transaction Number (of a 2237)”</p> <p>7.4.1 – added first sentence “Use this option to change the transaction number of an existing 2237 transaction.”</p>		
--	--	--	--

	<p>7.4.1 - added NOTE: If the 2237 you are changing has eCMS Identifiers -- immediately upon completing the process, you must manually notify the eCMS Contracting Officer of the changed 2237 number. Advise them of the cancelled original 2237# and the new 2237#. This will ensure that the Contracting Officer cancels the old 2237 in the eCMS system and will enable the Contracting Officer to link the new 2237 to the existing Award plan documents when it is Approved and sent forward to eCMS.</p> <p>7.5 – replace heading “7.5 Supplementary Options in the Requestor's Menu with “7.5 Canceling Transactions with Permanent Number”</p> <p>7.5.2 – added to second Note, ‘...Control Point Activity file (#410)’ at the end of the sentence</p> <p>- updated screen capture by adding Comments: prompt, to describe the reason this transaction was cancelled</p> <p>7.13.2 – updated screen display and also replaced ‘Sent to eCMS’ with ‘Accepted by eCMS’</p> <p>7.13.3- updated screen display</p> <p>7.13.4 – <b>“Note:</b> The Requesting Service field is a required field on a 2237.” Updated screen display</p> <p>7.13.5 – the paragraph was divided into three smaller paragraphs. A sentence was added at the end of paragraph two – “If you are not selecting an Item from the Item Master File, you will be prompted to fill in the Item Description.” A note was inserted below paragraph two - <b>“Note:</b> Item Description is now a Required Field. You must enter the text.” Updated screen display.</p> <p>7.13.6 – updated text description and screen display. Added a</p> <p><b>“Note:</b> The User will not be able to set the Ready for Approval Flag to YES if either the Requesting Service field or a Line Item</p>		
--	---	--	--

	<p>Description field is not populated if a Required field is not populated, the User will see a warning message and be prompted to Edit the 2237 again. “</p> <p>7.28 – replaced part of the note “...able to view data related to 2237 transactions returned from eCMS which are related to the Control Point(s) on which you are identified as a Control Point Clerk or Official.” With “...to view data about the 2237 transactions related to the Control Point(s) on which you are identified as a Control Point Clerk or Official”</p> <p>7.28.1 – added Transaction Report - eCMS/IFCAP to the Process a Request Menu Option screen display</p> <p>7.28.2 – added new paragraphs one and three to this section. Added Select Process a Request Menu &lt;TEST ACCOUNT&gt; Option: Transaction Report - eCMS/IFCAP to the top of the screen display</p>		
9/25/2013	<p>Updates based on patch PRC*5.1*171.</p> <ul style="list-style-type: none"> <li>• Removed option <b>Enter/Edit Control Point Users</b> from menus. See pages 141, 142, &amp; 143.</li> </ul>	REDACTED	REDACTED REDACTED
9/25/12	<p>Updates based on feedback from the testing team:</p> <ul style="list-style-type: none"> <li>• Page 14, 1.6.5 Returning a 2237 from eCMS to the Accountable Officer: Deleted “A new Status, “To IFCAP Ordering Officer,” is placed on the 2237 and an IFCAP Purchasing Agent may include the 2237 in a Purchase Order or if appropriate, a Requisition Clerk can include the 2237 in a Requisition.”</li> <li>• Page 16, 1.6.6 Returning a 2237 from eCMS to the Control Point Level: (in Note: box), Corrected status from not “Returned to Service by eCMS (P&amp;C)”, no status transaction type is changed to “Cancelled.”</li> <li>• Added comment about making the determination to cancel in conjunction with the FCP user. The eCMS user absolutely should not make this decision unilaterally. “After communicating with the FCP User an eCMS user may decide...”</li> <li>• Page 22, 2.4.5 Requestor Information: added statement about Requesting Service being mandatory field for transmission to eCMS (Bring this NOTE: outside of the screen capture, this does not appear on IFCAP screen.</li> </ul>	REDACTED	REDACTED, REDACTED, REDACTED

	<ul style="list-style-type: none"> <li>• Pg 26, 2.5.4 Classification and Sort Group, same as 2.4.5.</li> <li>• Pg 31/32, 2.6.4 Updated Classification and Sort Group, same as 2.4.5. No “Note” in screen capture, but no reference to mandatory for eCMS.</li> <li>• Pg 38, 2.7.5 Classification and Sort Group, same as 2.4.5.</li> <li>• Pg 105, 7.27.2 Note box is repetitive already mentioned in 7.27</li> <li>• Pg 105, 7.27 Added a statement that this report only lists transactions that have been returned by eCMS.</li> <li>• Pg 149, 9.2.1 MailMan Error Messages – Updated eCMS Interface Check 1st &amp; 2nd sentence.</li> <li>• Pg 149, 9.2.1 MailMan Error Messages – eCMS Interface, changed last sentence to: “The CP user will need to edit the 2237 to populate the Requesting Service field and reapprove the 2237.</li> <li>• Fixed “Note” box format consistency see Note in 1.6.6 (pg 15) &amp; 2.7.6 and Note in 2.5.5 (pg 27) &amp; 2.6.5 (Pg 32), 2.6.7</li> </ul> <p>9.2.1 MailMan Error Messages – eCMS Interface</p> <ul style="list-style-type: none"> <li>• The Accountable Officer sends all 2237s that will be processed by Contracting staff to the electronic Contract Management System (eCMS) in Austin. The IFCAP application will reject any 2237 forwarded to eCMS with no Requesting Service (Requesting Service field is blank (null)). The field is now mandatory in IFCAP, the field is required for 2237s being sent to eCMS. The Accountable Officer will receive a MailMan message advising that the 2237 must be Returned to the Service for editing by the Control Point User. The CP user will then need to edit the 2237 populate the Requesting Service field and reapprove the 2237. The Accountable Officer will then be able to process the 2237 and send it to eCMS.</li> </ul>		
9/3/12	<p>Patch PRC*5.1*167 Updates to:</p> <p>Add new Option to Sections 2.4.3, 3.2.1, 3.3.1.3.3.3, 4.2.1, 5.2.1, 7.4.2, 7.7.1, 7.8.1, 7.9.1, 7.10.1, 7.11.1, 7.12.1, 7.12.6, 7.13.1, 7.13.3, 7.14.1, 7.14.3, 7.16.1, 7.17.1, 7.18.1, 7.19.1, 7.20.1, 7.21.1, 7.22.1, 7.23.1, 7.24.1, 7.25.1, 7.26.1, 7.26.2, 8.1.</p> <p>Updated Screen captures in Sections: 2.4.5, 2.7.5, 2.7.2, 7.2.1, 7.2.2, 7.3.3, 7.4.1, 7.27, 7.27.1, 7.27.2, 7.36.2, 7.41.3, 9.2</p>	REDACTED	REDACTED, REDACTED

	Added to Glossary: AITC, eCMS, OA&L, VUP – updated text for VRQ.  Added new section 1.6.4		
8/28/12	Patch PRC*5.1*167 Updates to: <ol style="list-style-type: none"> <li>1. Revised Body Text style to Calibri 11 single 6 pt after.</li> <li>2. Revised paragraph formatting; changed all content text from Normal to Body Text.</li> <li>3. Revised Heading 1, Heading 2-2, and Heading 3-3 for consistency with body text and other IFCAP manuals (i.e. Accountable Officer UG).</li> <li>4. Changed task headings to gerund format where applicable.</li> </ol>	REDACTED	REDACTED
10/2011	Patch PRC*5.1*158 Modification of title for IFCAP VA Form 1358. See pages <a href="#">33</a> , <a href="#">34-35</a> , <a href="#">39-40</a> , <a href="#">76-77</a> , <a href="#">85-86</a> , <a href="#">90-91</a> , <a href="#">131</a> .	REDACTED	REDACTED
01/05/11	Updated to address changes in support of the Segregation of Duties Patch [PRC*5.1*148 See: 2.8, 7.16.3, 7.16.5, 7.16.7, 7.16.8, 7.17.4, 7.24.3 & 7.25.2 Includes Removal of Obligation Data option .	REDACTED	REDACTED
02/03/06	Added New option, Print Obligated 1358s, per patch PRC*5.1*79.	REDACTED	REDACTED
12/29/04	Updated to comply with SOP 192-352 Displaying Sensitive Data.		REDACTED
12/29/04	Pdf file checked for accessibility to readers with disabilities.		REDACTED

# PREFACE

This manual is designed to provide you, the Control Point Clerk, with the information necessary to create requests, reconcile your control point balance, and generate reports that will assist you in managing your control point funds using the Integrated Funds Distribution, Control Point Activity, Accounting and Procurement (IFCAP) package. The IFCAP package automated certain functions in Acquisition and MatMYTOWN Management (A&MM), Fiscal Service, and in all of the services that request supplies and services on Veterans Affairs (VA) Form 90-2237. The goal of IFCAP is to integrate these three areas and allow users to share procurement information. IFCAP has the following components or “modules.”

**FUNDS DISTRIBUTION** allows Fiscal Service to establish Fund Control Points, and track funding for budget purposes.

**CONTROL POINT ACTIVITY** automates the preparation of requests, the electronic transmission of requests to A&MM and Fiscal services and the bookkeeping processes within a service.

**PROCUREMENT** allows A&MM to transfer IFCAP-generated requests onto purchase orders and requisitions, process receiving documents in the warehouse, and create and transmit code sheets to Austin.

**ACCOUNTING** automates the creation of code sheets, handles the processing of certified invoices, and facilitates the electronic transmission of code sheets and receiving documents to the Financial Management System (FMS) located in Austin, Texas. In addition, IFCAP transfers obligation information back to the Control Point and updates the Control Point balance automatically.

**INVENTORY** permits services to maintain their own on-line inventory and establish an average stock level, record the distribution of goods to secondary location(s), and automatically generate IFCAP requests for replenishment purposes. Secondary locations may maintain their own inventory if they wish.

**RFQ** enables the Purchasing Agent (PA) to create a Request for Quotation (RFQ), evaluate bids, award the order, and generate the purchase order. Using IFCAP and the Electronic Data Interchange (EDI) functionality that currently exists in Austin, the PA can electronically send the RFQ to one or many vendors and receive the bids electronically.

**PURCHASE CARD** permits users at Service level and in A&MM to generate purchase orders against assigned credit card(s). Charges are passed electronically from the Austin Credit Card System (CCS) to IFCAP and users reconcile payments with IFCAP Purchase Orders. The assigned Approving Official then approves reconciled orders. The local IFCAP Purchase Card Registration file is maintained by the station designated Purchase Card Coordinator. Reconciled orders are then approved by assigned Approving Officials. There are many reports that provide data on the status of the purchase card orders and timeliness of the reconciliation and approval processes.

**DELIVERY ORDERS** permits users to generate purchase orders for contract items at the Service-level. Using switches that are site configurable, orders can bypass Fiscal and be obligated at time of signing by Service-level staff.

# Table of Contents

<b>Chapter 1. Introduction .....</b>	<b>1</b>
1.1. The Role of the Control Point Clerk .....	1
1.2. How to Use This Manual .....	1
1.3. Reference Numbering System .....	1
1.4. Package Management and Security Measures .....	1
1.5. Package Operation .....	1
1.6. Features .....	2
1.6.1. Cost Centers .....	2
1.6.2. Suballowance/Fund Control Point Reconciliation .....	3
1.6.3. Rollover of Funds From Previous Quarters .....	3
1.6.4. eCMS Interface to IFCAP (2237 Processing) .....	3
1.6.5. Returning a 2237 from eCMS to the Accountable Officer .....	3
1.6.6. Returning a 2237 from eCMS to the Control Point Level .....	4
1.6.7. Cancelling a 2237 in eCMS & IFCAP .....	5
<b>Chapter 2. How To Create Requests .....</b>	<b>7</b>
2.1. Introduction .....	7
2.2. Which 2237 Request Form Should You Use? .....	7
2.3. How to Consult the Item Master File .....	7
2.3.1. Introduction .....	7
2.3.2. Menu Path .....	7
2.3.3. Setup Parameters .....	7
2.3.4. Item Information .....	9
2.3.5. Order Type .....	10
2.4. Creating Repetitive (PR Card) Order 2237 Requests .....	10
2.4.1. Introduction .....	10
2.4.2. Setup Parameters .....	10
2.4.3. Menu Navigation .....	10
2.4.4. Classification and Sort Groups .....	11
2.4.5. Requestor Information .....	12
2.4.6. Special Remarks .....	12
2.4.7. Selecting a Vendor .....	13
2.4.8. Item Selection .....	13
2.4.9. Item History .....	14
2.4.10. Delivery Schedules .....	14
2.5. Creating Non-Repetitive Order 2237 Requests .....	15
2.5.1. Introduction .....	15

2.5.2.	Menu Navigation.....	15
2.5.3.	Form Type .....	16
2.5.4.	Classification and Sort Groups.....	16
2.5.5.	Priority of Order.....	17
2.5.6.	Vendor Selection .....	17
2.5.7.	Item Information .....	18
2.5.8.	Stock Number .....	19
2.5.9.	Delivery Schedules .....	19
2.6.	Creating Repetitive and Non-Repetitive Order 2237 Requests .....	20
2.6.1.	Introduction .....	20
2.6.2.	Setup Parameters.....	21
2.6.3.	Form Type .....	21
2.6.4.	Classification and Sort Groups.....	21
2.6.5.	Priority of Order.....	22
2.6.6.	Vendor Selection .....	24
2.6.7.	Item Information .....	24
2.6.8.	Stock Number .....	25
2.6.9.	Delivery Schedules .....	25
2.7.	Creating Issue Book/Interval Issue Requests .....	26
2.7.1.	Introduction .....	26
2.7.2.	Setup Parameters.....	26
2.7.3.	Classification Group .....	27
2.7.4.	Sort Group.....	28
2.7.5.	Priority .....	29
2.7.6.	Cost Center .....	29
2.7.7.	Additional Items .....	30
2.8.	Creating 1358 Order Requests .....	31
2.8.1.	Introduction .....	31
2.8.2.	Menu Navigation.....	31
2.8.3.	Classification and Sort Groups.....	32
2.8.4.	Requestor .....	33

## Table of Contents

# **Chapter 1. Introduction**

## **1.1. The Role of the Control Point Clerk**

Control Point Clerks create requests, turn requests into formal transactions, and maintain Control Point funds records. These activities include creating 2237 and 1358 transactions, creating issue book requests, and creating and funding Sub-control Points.

## **1.2. How to Use This Manual**

This manual explains how to perform the role of the Control Point Clerk by dividing that role into small, manageable tasks. The authors of this manual have listed these tasks in successive order so that each instruction builds on the functionality and information from the previous instructions. This will allow new Control Point Clerks to use this manual as a tutorial by following the instructions from beginning to end. ExpMYTOWNced Control Point Clerks can use this manual as a reference tool by using the index and table of contents.

## **1.3. Reference Numbering System**

This manual uses a special paragraph numbering system to allow users to understand how the sections of the manual relate to each other. For example, this paragraph is section 1.3. This means that this paragraph is the main paragraph for the third section of Chapter 1. If there were two subsections to this section, they would be numbered sections 1.3.1 and 1.3.2. A paragraph numbered 1.3.5.4.7 would be the seventh subsection of the fourth subsection of the fifth subsection of the third subsection of Chapter 1. All clear? Actually, this means that users are able to divide their reading into manageable lessons and concentrate on one section and all of its subsections. For example, section 1.3.5.4 and all of its subsections would make a coherent lesson.

## **1.4. Package Management and Security Measures**

IFCAP only allows the person who entered the temporary request (the requestor) to view the status of that request. This is a security measure that prevents users from altering the requests of others. Due to the nature of the information being processed by IFCAP, special attention has been paid to limiting usage to authorized individuals. Individuals in the system who have authority to approve actions, at whatever level, have an electronic signature code. This code is required before the documents pass on to a new level for processing or review. Like the access and verify codes used when gaining access to the system, the electronic signature code will not be visible on the terminal screen. These codes are also encrypted so that even when viewed in the user file by those with the highest levels of access, they are unreadable. Electronic signature codes are required by IFCAP at every level that currently requires a signature on paper.

## **1.5. Package Operation**

IFCAP automates fiscal, budgetary, inventory, billing and payment activities. To accomplish all of these tasks, IFCAP consists of several functional components, each responsible for a similar set of tasks:

Funds Distribution (Fiscal Component)

## Funds Control (Control Point Component)

### Processing Requests (Control Point Component)

- Purchase Orders/Requisitions (A&MM Component)
- Accounting (Fiscal Component)
- Receiving (A&MM Component)
- Inventory (A&MM/Control Point Component)

As a Control Point Clerk, you may create and edit requests assigned to a Control Point you are authorized to use. To use a Control Point, the Control Point Official for that Control Point has to give you access. If your user access is limited to the Control Point Clerk level, IFCAP will require the Control Point Official to approve all transactions that you create before transmitting them to Personal Property Management (2237 forms and Issue Book requests) or Accounting (1358 forms).. This is because the Control Point Official is responsible for approving all expenditures to the Control Point.

Different kinds of IFCAP users have different menus. The instructions in this manual only use the options that you have as a Control Point Clerk. If you do not know what to enter at an IFCAP prompt, enter 1, 2 or three question marks and IFCAP will list your available options or explain the prompt. The more question marks you enter at the prompt, the more information IFCAP will provide.

The options you use on IFCAP have been divided into groups based upon the type of work you do. When you select these options, IFCAP will ask you a sMYTOWNs of questions. If you do not understand the question or are unsure of how to respond, enter a question mark (?) and the computer will explain the question, or allow you to choose from a list of responses.

This is the main menu for the Control Point Clerk.

Menu Item	Menu Description
<b>Process a Request Menu</b>	This menu contains options for processing transaction requests.
<b>Display Control Point Activity Menu</b>	This menu displays request/transaction information.
<b>Funds Control Menu</b>	This menu contains options used to balance the Control Point.
<b>Status of Requests Report Menu</b>	This menu contains options to generate reports of the requests for the Control Point.
<b>Record Date Received by Service Menu</b>	This menu allows you to record the receipt of items ordered on IFCAP transactions.

## 1.6. Features

### 1.6.1. Cost Centers

In IFCAP 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP does not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'

### 1.6.2. Suballowance/Fund Control Point Reconciliation

The report **FMS Transaction Data** shows transactions affecting the Fund Control Point balance, but it is for review only. The FMS system passes Fund Control Point adjustments to IFCAP on a daily basis. These adjustments arise from FMS accounting activity that does not originate in IFCAP. A late receipt of goods, for example, could result in an interest expense. The IFCAP system would have no record of this type of charge to the Fund Control Point, and would have to rely on FMS to provide adjustment data. The adjustments are returned in an FMS document, **Suballowance Reconciliation**, which automatically updates Fund Control Point balances.

### 1.6.3. Rollover of Funds From Previous Quarters

The Budget Analyst for your Control Points might use IFCAP to designate your Control Point to receive rollover funds from a previous quarter. IFCAP allows Budget Analysts to designate Control Points to transmit and receive remaining funds at the end of each quarter.

### 1.6.4. eCMS Interface to IFCAP (2237 Processing)

As of October 2012, the process to obtain bids and award contracts occurs within the electronic Contract Management System (eCMS). With the implementation of an interface between IFCAP and eCMS, the 2237s created by control point users may be sent automatically to eCMS at the time the Accountable Officer e-signs and processes the 2237, and then determines it should go to Purchasing & Contracting. A new Status, "*Sent to eCMS (P&C)*," will be placed onto the 2237. The 2237 data will be transmitted in an HL7 message to eCMS. If the Accountable Officer decides to send the 2237 to eCMS, then IFCAP will store certain information about that transaction in a new IFCAP/ECMS TRANSACTION FILE [414.06].

### 1.6.5. Returning a 2237 from eCMS to the Accountable Officer

If the staff decides that a 2237 should be returned to the Accountable Officer, the 2237 is returned to IFCAP automatically via another HL7 message. The 2237 is then available to the Accountable Officer to complete the processing of the 2237 within IFCAP. Using the "Process a Request in PPM" option, a status, "To IFCAP Ordering Officer," may then be placed on the 2237 and an IFCAP Purchasing Agent may include the 2237 in a Purchase Order. Alternatively, if appropriate, the status, "Assigned to PPM," may be placed on the 2237 and a Requisition Clerk can include the 2237 in a Requisition.

The Users listed on a 2237 as the Accountable Officer and the Initiator will receive a Vista MailMan message if eCMS returns that 2237 to the Accountable Officer. The phone number and e-mail address of the eCMS Contact will be included in the MailMan message.

### 1.6.6. Returning a 2237 from eCMS to the Control Point Level

Note: If the eCMS contracting staff decides that a 2237 should be returned to the Control Point level, the 2237 is returned to IFCAP automatically via another HL7 message. The Control Point users are required to edit the 2237 and reapprove it. The Accountable Officer will then be able to process it again and send it back to eCMS.

The Users listed on the 2237 as the Accountable Officer, Control Point Official and Initiator will receive a VistA MailMan message if eCMS returns a 2237 to the Control Point level. The pphone number and e-mail address of the eCMS Contact will be included in the MailMan message.

### 1.6.7. Cancelling a 2237 in eCMS & IFCAP

After communicating with the FCP User, the eCMS contracting staff may determine that the 2237 should be Cancelled; the eCMS User will then generate a Cancellation of the 2237 in IFCAP automatically via another HL7 message. The 2237 will have the status of Canceled and the existing IFCAP background processes will update the Running Balance to reflect the entry as CAN(celled) and the amount will be set to zero. If due-ins were established when the 2237 was Approved, they will be reversed.

The Users listed on a 2237 as the Accountable Officer, Control Point Official, and Initiator will receive a VistA MailMan message if eCMS cancels a 2237. The phone number and e-mail address of the eCMS Contact will be included in the MailMan message.

## Chapter 2. How To Create Requests

### 2.1. Introduction

To determine what type of request to make, follow the instructions in the section below. Turn to the section on the form they indicate, and create that form.

### 2.2. Which 2237 Request Form Should You Use?

To choose the correct type of request form, you need to determine whether the item you want is on record in IFCAP as an item that someone has already purchased using IFCAP. If so, you are in luck, because that means that there is less information you will need to complete about the item to make your request. You determine whether there is a record for the item by consulting the Item Master File. If you are requesting a monthly estimated service, skip to the section on creating a 1358 order request.

### 2.3. How to Consult the Item Master File

#### 2.3.1. Introduction

IFCAP has a file of most of the items that people at your facility have purchased. This file is called the Item Master File. You need to consult this file to determine what kind of request to make. If you still do not know what vendor to select for your request after reading this section, contact the Acquisition section (Purchasing) in Acquisition and Material Management (A&MM). Using the Item History option on the Requestor menu you can see a listing of the last 5 orders placed for an item or look at the orders for an item placed within a specific date range.

#### 2.3.2. Menu Path

```
Select Requestor's Menu Option: ITEM History
Select STATION NUMBER: 999//
Select CONTROL POINT: 110 NAME .01                0160A1    10    0100    010042116

      Select one of the following:
          L          Last 5 Purchase Orders
          D          Date Range

Select ITEM HISTORY Viewing Method: L// Date Range
Select ITEM MASTER NUMBER: 309 ??
Select ITEM MASTER NUMBER: CONTR
      1    CONTRACT ITEM  3094          CONTRACT ITEM
      2    CONTRACT ITEM W/ DUPACO  707          CONTRACT ITEM W/ DUPACO
      3    CONTROL, QCS NORMAL ASSAY  18          CONTROL, QCS NORMAL ASSAY
CHOOSE 1-3: 1    3094          CONTRACT ITEM
```

#### 2.3.3. Setup Parameters

Enter a station number and then a Control Point. At the Select Item Master Number: prompt, enter the Item Master number for the item, the name of the item, a stock number, or some other feature of the item that IFCAP can search. IFCAP will search the Item Master File for all item

descriptions that have the information you enter at this prompt and ask you to choose one if there are several matches. You can also type three question marks at this prompt and read the entire item master list. If IFCAP does not find a match, you have to create either a Non-Repetitive Order or a Repetitive and Non-Repetitive Order. Skip to the sections on these two request types and create one of those requests instead.

```
Select STATION NUMBER: 999//
Select CONTROL POINT: 110 NAME .01                0160A1    10    0100    010042116

### 2.3.4. Item Information

After you select an item, IFCAP will display information for the item. Look at the VENDOR: field. Is "WAREHOUSE" one of the vendors listed for the item? If so, this means that this item is a "Posted Stock" item, or an item stocked at the warehouse for the control point. If one of the vendors is "WAREHOUSE", you have to create an Issue Book/Interval Issue Request for this item. Skip down to the section on Issue Book/Interval Issue Requests.

-----------------------

### 2.3.5. Order Type

If IFCAP does not list "WAREHOUSE" as one of the vendors, you can create either a Repetitive order or a Repetitive and Non-Repetitive Order.

## 2.4. Creating Repetitive (PR Card) Order 2237 Requests

### 2.4.1. Introduction

If EVERY item in your request is in the Item Master File, you can create a Repetitive Order request. You can also create a Repetitive and Non-Repetitive Order request, even if you found matches for all of your items on the Item Master File.

### 2.4.2. Setup Parameters

Use the New 2237 option on the Process a Request Menu to enter a Station number, Fiscal Year, Quarter and Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order

### 2.4.3. Menu Navigation

```
Select Control Point Clerk's Menu Option: PROCess a Request Menu
    New 2237 (Service) Request
    Edit a 2237 (Service)
    Copy a Transaction
    1358 Request Menu ...
    Print/Display Request Form
    Change Existing Transaction Number
    Repetitive Item List Menu ...
    Cancel Transaction with Permanent Number
    Requestor's Menu ...
    Item Display
    Vendor Display
    Outstanding Approved Requests Report
    Transaction Report - eCMS/IFCAP

Select Process a Request Menu Option: NEW 2237 (Service) Request
Select FISCAL YEAR: 00//
Select QUARTER: 3//
Select CONTROL POINT: 060 FISCAL SVC          0160A1  10  0100  010042100
    1) 999-IFUSER,ONE
    2) 999-LAB PRIMARY
Select INVENTORY POINT: (1-2): 2 999-LAB PRIMARY
This transaction is assigned transaction number: 999-00-3-060-0031

The form types 1358 and NO FORM are no longer used within this option

FORM TYPE: ???

Choose from:
    2          NON-REPETITIVE (2237) ORDER
```

3	REPETITIVE (PR CARD) ORDER
4	REPETITIVE AND NON-REP ORDER
5	ISSUE BOOK/INTERVAL ISSUE

FORM TYPE: 3 REPETITIVE (PR CARD) ORDER

## 2.4.4. Classification and Sort Groups

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that YOU define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Press the Enter key at the Date of Request: prompt if you want to accept the default of today's date.

CLASSIFICATION OF REQUEST: ???

This Classification of Request field allows you to classify and/or categorize all transactions (requests) for supplies, services, etc.

This is the previous 'Type of Request' field.

CHOOSE FROM:

TEST CLASS

CLASSIFICATION OF REQUEST:

SORT GROUP: ???

This Sort Group field may be used to group together all transactions (requests) that relate to a specific project, work order, investigator, food group, doctor, etc.

This is the previous 'Project Number' field.

Enter one of the following:

S.EntryName to select a Sort Group

To see the entries in any particular file, type <Prefix.??>

If you simply enter a name then the system will search each of the above files for the name you have entered. If a match is found the system will ask you if it is the entry that you desire.

However, if you know the file the entry should be in, then you can speed processing by using the following syntax to select an entry:

<Prefix>.<entry name>

or

<Message>.<entry name>

or

<File Name>.<entry name>

Also, you do NOT need to enter the entire file name or message to direct the look up. Using the first few characters will suffice.

```
SORT GROUP:
DATE OF REQUEST: APR 18,1995// (APR 18, 1995)
```

### 2.4.5. Requestor Information

Enter your name at the Requestor: prompt. If you do not enter a name at the Requestor: prompt, your name will be entered into that field automatically by the IFCAP software.

At the Requesting Service: prompt, you must enter the name or the number of the service that will use the item.

```
REQUESTOR: IFUSER,TWO
```

**Note:** The Requesting Service field is mandatory in IFCAP. It is also a required field for the eCMS interface. If the Accountable Officer attempts to send a 2237 to eCMS and this field is blank, the 2237 will generate a transmission error. The Accountable Officer will have to return the 2237 to the CP user for edit and re-approval.

```
If User attempts to pass this field without entering a value - they will be prompted
to fill in this field
```

```
REQUESTING SERVICE: ??
Select the name of the Service that submitted this request.
```

```
REQUESTING SERVICE: Laboratory 113
```

```
DATE REQUIRED: T+12 (APR 30, 1994)
```

```
PRIORITY OF REQUEST: ST// ???
```

```
This is the urgency or priority for this request.
```

```
CHOOSE FROM:
```

```
EM      EMERGENCY
SP      SPECIAL
ST      STANDARD
```

### 2.4.6. Special Remarks

At the Special Remarks: prompt, enter any special handling information about the item, such as whether the item needs refrigeration, special handling, or if a VA employee has to go to the vendor to get the item. The Purchasing Agent can transfer these remarks to the purchase order that the vendor receives. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

**Note:** In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

```
SPECIAL REMARKS:
  1>These are special remarks.

ANSWER WITH COST CENTER
CHOOSE FROM:
  805600 Office of Director for Operations
  820300 LAB

COST CENTER: 820300 LAB
```

### 2.4.7. Selecting a Vendor

At the Vendor: prompt, enter the name of the vendor, or the first few letters of the name of the vendor's name. You can type three question marks (???) at the prompt to list all the vendors in the system. If you do not know which vendor has the item you want, follow the instructions in section 3.4, "How to Consult the Item Master File". Press the Enter key at the vendor address prompts. Press the Enter key at the Line Item Number: prompt.

```
VENDOR ADDRESS1: 3900 HAPPY LANE//
VENDOR ADDRESS2: SUITE 200//
VENDOR ADDRESS3:
VENDOR CITY: ANYCITY//
VENDOR STATE: DISTRICT OF COLUMBIA//
VENDOR ZIP CODE: 88888//
VENDOR CONTACT: IFVENDOR,ONE//
VENDOR PHONE NO.: 555 555-5555//
Select LINE ITEM NUMBER: 1
  LINE ITEM NUMBER: 1//
```

### 2.4.8. Item Selection

At the Item Master File No.: prompt, enter the number of the item you are requesting.

```
ITEM MASTER FILE NO.: ???

ANSWER WITH ITEM MASTER NUMBER, OR SHORT DESCRIPTION, OR
  VENDOR STOCK #, OR NDC, OR NSN
DO YOU WANT THE ENTIRE ITEM MASTER LIST? y  (YES)
CHOOSE FROM:
  10      TEST ITEM #10
  11      ETHER          U/P: 1/BT
  211     METHANOL       U/P: 1/BT
```

### 2.4.9. Item History

At the “Would you like to see the procurement history for this item?:” prompt, enter Y if you want to know the date, vendor, quantity ordered, item price or total purchase price of this item the last five times it was requested. Enter a budget object code (BOC). Budget object codes are defined and describe what type of item or service you are requesting. Enter a quantity. This quantity represents numbers of units, so if you order one unit that has forty items per unit (say, syringes per box), then you are going to receive 40 syringes.

```
Would you like to see the procurement history for this item? NO// y (YES)
```

```
A history for this item does not yet exist.
```

```
NOTE: This item has a packaging multiple/unit of purchase of 1/BT
```

```

```
    2632 Other Medical and Dental Supplies
```

```
BOC: 2632 Other Medical and Dental Supplies
```

```
QUANTITY: 1
```

```
QTY BEG BAL: 1
```

### 2.4.10. Delivery Schedules

At the “Select Delivery Schedule:” prompt, press the Enter key if you want all the items on your request delivered at once. If you select a delivery schedule, you are notifying the vendor that you want them to deliver different amounts of the items on different days. For example, if you want to order 100 cases of computer paper, but do not want all of it delivered at once, you can “stagger” the delivery by entering 1 at the Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, enter 2 at the next Select Delivery Schedule: prompt and enter a date and the amount you would like delivered on that date, etc. Make sure that the total number of items among all the delivery dates equals the total number of items you are ordering.

At the Select Line Item Number: prompt, enter “2” if you want another item on this request. Otherwise, hit the Enter key. Enter the location you want the item to be delivered at the Deliver to/Location: prompt. At the Justification: prompt, enter your name and telephone number and information about how the item will be used. This will help the Personal Property Management

Accountable Officer. The PPM Accountable Officer will adjust your request to save money, solicit another vendor or purchase a similar item if there is a problem with the vendor or item you specified. Explaining how you plan to use the item will help the VA acquire the item faster and cheaper. Enter your name at the Originator of Request: prompt. Add comments if you like. Enter N at the Would You Like To Edit Another Request?: prompt to return to the Requestor's Menu.

```
Select DELIVERY SCHEDULE:
Select LINE ITEM NUMBER:
COMMITTED (ESTIMATED) COST: 5// 100 $ 100.00

```

## 2.5. Creating Non-Repetitive Order 2237 Requests

### 2.5.1. Introduction

If none of the items are in the Item Master File, you can use a Non-Repetitive Order request. You can also create a Repetitive and Non-Repetitive Order request, even if you did not find matches for any of your items on the Item Master File. This might keep Logistics staff from rejecting your request if you mistakenly listed an item as Non-Repetitive that in fact was in the Item Master File.

### 2.5.2. Menu Navigation

Use the New 2237 (Service) request option on the Process a Request Menu to enter a Station number, Fiscal Year, Quarter and Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order.

```
Select Process a Request Menu Option: NEW 2237 (Service) Request
Select STATION NUMBER: 999 ANYCITY,DC
Select FISCAL YEAR: 94//
Select QUARTER: 3//
Select CONTROL POINT:
```

```
1) 999-IFUSER,ONE
    2) 999-LAB PRIMARY
Select INVENTORY POINT: (1-2): 1 999-IFINV,ONE
```

### 2.5.3. Form Type

The system will assign a transaction number to this request. At the Form Type: prompt, enter Non-Repetitive Order.

```
Select CONTROL POINT: 060 FISCAL SVC 0160A1 10 0100 010042100
This transaction is assigned transaction number: 999-00-3-060-0033
The form types 1358 and NO FORM are no longer used within this option
FORM TYPE: ??

Choose from:
  2 NON-REPETITIVE (2237) ORDER
  3 REPETITIVE (PR CARD) ORDER
  4 REPETITIVE AND NON-REP ORDER
  5 ISSUE BOOK/INTERVAL ISSUE

FORM TYPE: 2 NON-REPETITIVE (2237) ORDER
```

### 2.5.4. Classification and Sort Groups

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Press the Enter key at the Date of Request: prompt to select today's date. Enter your name at the Requestor: prompt.

The Classification of Request field is not mandatory.

```
CLASSIFICATION OF REQUEST:
SORT GROUP:
DATE OF REQUEST: 2940418// (APR 18, 1994)
REQUESTOR: IFUSER,TWO
```

**NOTE:** Requesting Service is an IFCAP-required field, and the 2237 cannot go forward to the electronic Contract Management System (eCMS), **unless this field is populated.**

If the User attempts to pass this field without entering a value, the software

will prompt again for a response.

REQUESTING SERVICE: ??

Select the name of the Service that submitted this request.

REQUESTING SERVICE: LABORATORY

113

### 2.5.5. Priority of Order

Enter the date required and the priority of the request. Priorities are based on the days remaining before the delivery date requested for the item. The priority categories in IFCAP, ranging from shortest to longest delivery time remaining, are “Emergency”, “Special” and “Standard”.

Different stations assign different time durations to these categories. Check with your Fiscal office to determine the durations at your station for these categories. At the Special Remarks: prompt, explain how the service will use the item, names of other items that would fulfill the same need, and any other information that would help the Purchasing Agent fulfill your request. Purchasing Agents sometimes change orders to fulfill the service’s need faster, find a better item or change the vendor for a better price. Explaining the use of the item will make these tasks easier to accomplish. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

**Note:** In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

DATE REQUIRED: T+12 (APR 30, 1994)

PRIORITY OF REQUEST: ST// STANDARD

SPECIAL REMARKS:

1>These are special remarks.

2>

EDIT Option:

COST CENTER: ???

ANSWER WITH COST CENTER

CHOOSE FROM:

805600 Office of Director for Operations

820100 Medical Service

COST CENTER: 820100 Medical Service

### 2.5.6. Vendor Selection

At the Vendor: prompt, enter the name of the vendor that supplies the item you are requesting. If your vendor is not in the vendor file, IFCAP will ask you to confirm the vendor name. Enter the information for the new vendor. Enter 1 at the Line Item Number: prompt.

```
VENDOR: IFVENDOR,TWO//
VENDOR ADDRESS1: 12605 ANYSTREET Rd.
VENDOR ADDRESS2:
VENDOR CITY: MYTOWN
VENDOR STATE: MD MARYLAND
VENDOR ZIP CODE: 22222-2222
VENDOR CONTACT: IFVENDOR,THREE
VENDOR PHONE NO.: (555)- 555-5555
Select LINE ITEM NUMBER: 1
LINE ITEM NUMBER: 1//
```

### 2.5.7. Item Information

At the Description: prompt, define the item as thoroughly as you can. Since you are creating a non-repetitive order, the item you are requesting is not in the Item Master File. This means that the Purchasing Agent will have to make a “best guess” of exactly what kind of item you need, based on the information you provide in this field. Describe what the service plans to do with the item and any special features of the item (for example, does it have to be flexible or blue or heat-resistant or non-toxic). At the Unit of Purchase: prompt, enter the measuring standard for the item. For example, if you order 1 unit and select LB (pound) as unit of purchase, your request will list one pound of the item.

**Note:** the Line Item DESCRIPTION is now a required field in the 2237. If the User attempts to leave the DESCRIPTION field blank, the User is prompted to fill in the field.

```
Item Description:
1>
Item DESCRIPTION is required!
DESCRIPTION:
Enter some text

EDIT Option:
QUANTITY: 400
UNIT OF PURCHASE: ???
    This is the unit of measurement for items being procured.
    e.g., each, dozen, box, bottle, case, pound (lb.), square ft., etc.
CHOOSE FROM:
AM      AMPOULE
AT      ASSORTMENT
AY      ASSEMBLY
.      .
LB      POUND

UNIT OF PURCHASE: BX          BOX
```

**Note:** Many users accidentally order too much or too little quantity by choosing the wrong unit of purchase. For example, a carboy of disinfectant is much greater than a gallon of disinfectant. Double-check the printout of your request to make sure that the quantity and the unit of purchase are correct.

### 2.5.8. Stock Number

Enter the stock number for the item. Enter the estimated cost per unit. The cost per unit will depend on the item and how many items are in a unit. If the item is ordered at one unit per item, the cost per unit is the cost per item. If the vendor sells the item by the case, the cost per unit is the cost per case, etc. Enter a budget object code (BOC). . Budget object codes are defined in VHA Handbook 4671.2

```
STOCK NUMBER: 094104
EST. ITEM (UNIT) COST: 20
BOC: ???
Major budget object code classifications are:
10 thru 13 - Personal Services and Benefits
    21 - Travel and Transportation of Persons
    22 - Transportation of Things
    23 - Rent, Communications, and Utilities
    24 - Printing and Reproduction
    25 - Other Services
    26 - Supplies and Materials
31 thru 33 - Acquisition of Capital Assets
ANSWER WITH BUDGET OBJECT CODE
BOC:   Operating Supplies and Materials
QTY BEG BAL: 400
```

### 2.5.9. Delivery Schedules

At the Select Delivery Schedule: prompt, press the Enter key if you want all the items on your request delivered at once. If you select a delivery schedule, you are notifying the vendor that you want them to deliver different amounts of the items on different days. For example, if you want to order 100 cases of computer paper, but do not want all of it delivered at once, you can “stagger” the delivery by entering 1 at the Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, enter 2 at the next Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, etc. Make sure that the total number of items among all the delivery dates equals the total number of items you are ordering.

Enter a 2 at the Select Line Number: prompt if you want to add another item to your request. Otherwise, press the Enter key.

Enter the estimated shipping and/or handling costs in dollars. Enter where you want the warehouse to deliver the item at the Deliver To/Location: prompt. At the Justification: prompt, explain why the service or item is needed by the service. Enter your name and telephone number. Enter your name at the Originator Of Request: prompt. Add comments if you like. Enter N at the Would You Like To Enter Another Request?: prompt to return to the Requestor's Menu.

```

## 2.6. Creating Repetitive and Non-Repetitive Order 2237 Requests

### 2.6.1. Introduction

If one or more, but not all the items on your request are on the Item Master File, you can create a Repetitive and Non-Repetitive Order Request. This is a versatile form type, because it allows other IFCAP users to "split" your request into multiple orders. Also, it is easier for Personal Property Management staff to correct a Repetitive and Non-Repetitive Order if you mistakenly list an item as non-repetitive that in fact is on the Item Master File, or if IFCAP fails to match an item to the Item Master File because you've misspelled or misnamed the item.

### 2.6.2. Setup Parameters

Enter a Station Number, a Fiscal Year, and a quarter. Enter a Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order

```
Select Process a Request Menu Option: New 2237 (Service) Request
Select STATION NUMBER: 999          ANYCITY,DC
Select FISCAL YEAR: 94//
Select QUARTER: 3//
CONTROL POINT
```

### 2.6.3. Form Type

The system will generate a transaction number. At the Form Type: prompt, enter Repetitive And Non-Rep Order.

```
Select CONTROL POINT: 060 FISCAL SVC//          0160A1  10  0100  010042100
    1) 999-IFUSER,ONE
    2) 999-LAB  PRIMARY
Select INVENTORY POINT: (1-2): 1  999-IFUSER,ONE
This transaction is assigned transaction number: 999-00-3-060-0034

The form types 1358 and NO FORM are no longer used within this option
FORM TYPE: ???

Choose from:
    2          NON-REPETITIVE (2237) ORDER
    3          REPETITIVE (PR CARD) ORDER
    4          REPETITIVE AND NON-REP ORDER
    5          ISSUE BOOK/INTERVAL ISSUE

FORM TYPE: 4  REPETITIVE AND NON-REP ORDER
```

### 2.6.4. Classification and Sort Groups

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Press the Enter key at the Date of Request: prompt. Enter your name at the Requestor: prompt. Enter the service that will use the item or service at the Requesting Service: prompt.

CLASSIFICATION OF REQUEST: ???

This Classification of Request field allows you to classify and/or categorize all transactions (requests) for supplies, services, etc. This is the previous 'Type of Request' field.

Select LINE ITEM NUMBER: 1
  LINE ITEM NUMBER: 1//
ITEM MASTER FILE NO.:
```

### 2.6.7. Item Information

At the Description: prompt, define the item as thoroughly as you can. If the item is not in the Item Master File, the Purchasing Agent is going to make a “best guess” of exactly what kind of item you need. This guesswork will be based on the information you provide in this field. Describe what the service plans to do with the item and any special features of the item (for example, does it have to be flexible or blue or heat-resistant or non-toxic). At the Unit of Purchase: prompt, enter the measuring standard for the item. For example, if you order one unit and select LB (pound) as unit of purchase, your request will list one pound of the item.

```

DESCRIPTION:
If User does not enter any text, the User will be prompted to enter some text.
Item DESCRIPTION is required!
User must enter some text

EDIT Option:
BOC: 2660 Operating Supplies and Materials
QUANTITY: 400
UNIT OF PURCHASE: ???
    This is the unit of measurement for items being procured.
    e.g., each, dozen, box, bottle, case, pound (lb.), square ft., etc.
CHOOSE FROM:
AM      AMPOULE
AT      ASSORTMENT
AY      ASSEMBLY
. . .
LB      POUND
UNIT OF PURCHASE: LB      POUND

```

**Note:** Many users accidentally order too much or too little quantity by choosing the wrong unit of purchase. For example, a carboy of disinfectant is much greater than a gallon of disinfectant. Double-check the printout of your request to make sure that the quantity and the unit of purchase are correct.

### 2.6.8. Stock Number

Enter the stock number for the item. Enter the estimated cost per unit. The cost per unit will depend on the item and how many items are in a unit. If the item is ordered as one unit per item, the cost per unit is the cost per item. If the vendor sells the item by the case, the cost per unit is the cost per case, etc. Enter a budget object code (BOC). Budget object codes are defined in VHA Handbook 4671. 2.

```

STOCK NUMBER: 094104
EST. ITEM (UNIT) COST: 20

```

### 2.6.9. Delivery Schedules

At the Select Delivery Schedule: prompt, press the Enter key if you want all the items on your request delivered at once. If you select a delivery schedule, you are notifying the vendor that you want them to deliver different amounts of the items on different days. For example, if you want to order 100 cases of computer paper, but do not want all of it delivered at once, you can “stagger” the delivery by entering 1 at the Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, and enter a 2 at the next Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, etc. Make sure that the total number of items among all the delivery dates equals the total number of items you are ordering.

Enter a 2 at the Select Line Number: prompt if you want to add another item to your request. Otherwise, press the Enter key.

Enter the estimated shipping and/or handling costs in dollars. Enter where you want the warehouse to deliver the item at the Deliver To/Location: prompt. At the Justification: prompt,

enter your name and telephone number and explain why the service or item is needed by the service. Enter your name at the Originator of Request: prompt. Add comments if you like. Enter N at the Would You Like To Enter Another Request?: prompt to return to the Requestor's Menu.

```

## 2.7. Creating Issue Book/Interval Issue Requests

### 2.7.1. Introduction

An Issue Book/Interval Issue Request is for "posted stock" items, or items that the warehouse keeps in stock. You must use an Issue Book/Interval Issue request for posted stock items. You must not use an Issue Book/Interval Issue request for any items that are not posted stock. If you need some items that are posted stock and some items that are not posted stock, create an Issue Book/Interval Issue Request for the posted stock items. Use one of the other forms for the other items. The Government makes certain procurement guarantees to vendors in exchange for discounts on posted stock. Obtaining posted stock items from any source other than the warehouse is a potential violation of those guarantees. If you request a posted stock item on any request other than an Issue Book/Interval Issue request, the computer will reject your request.

### 2.7.2. Setup Parameters

Enter a Station Number. Enter the Fiscal Year, Fiscal Quarter, and the Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to

select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order.

Select STATION NUMBER: 999          ANYCITY,DC
Select FISCAL YEAR: 94//
Select QUARTER: 3//
Select CONTROL POINT: 101 ISC2          A2222    10  0100    01AA20100
    1) 999-IFUSER,ONE
    2) 999-LAB  PRIMARY
Select INVENTORY POINT: (1-2): 1  999-IFINV,ONE

```

### 2.7.3. Classification Group

The system will assign a transaction number to this request.

**Note:** Write this number down. You will need it to determine the status of your request.

At the Interval Issue?: prompt, enter “Y” if this is an item that you do not normally order. Enter “N” if this is an item you order on a regular basis. If you would normally enter this item on an issue book order, but need the item before the next scheduled posted stock delivery, enter "Y". This prompt does NOT allow you to create a recurring order: it merely allows you to explain how you use the item.

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that YOU define.

```
This transaction is assigned transaction number: 999-00-3-060-0035
The form types 1358 and NO FORM are no longer used within this option

FORM TYPE: ???

Choose from:
    2          NON-REPETITIVE (2237) ORDER
    3          REPETITIVE (PR CARD) ORDER
    4          REPETITIVE AND NON-REP ORDER
    5          ISSUE BOOK/INTERVAL ISSUE

FORM TYPE: 5  ISSUE BOOK/INTERVAL ISSUE
Issue Book Requests will automatically be ordered from IFVENDOR2,FIVE
INTERVAL ISSUE?: ???
    This allows the user to specify (by entering Yes/No) whether the request for
    items in the Warehouse is an Interval Issue i.e., items requested between
    scheduled posted stock delivery, rather than a regularly scheduled Issue Book
    order.
    CHOOSE FROM:
        1          YES
        0          NO
INTERVAL ISSUE?: 1  YES
CLASSIFICATION OF REQUEST: ???
    This Classification of Request field allows you to classify and/or categorize all
    transactions (requests) for supplies, services, etc.
    This is the previous 'Type of Request' field.

CHOOSE FROM:
    TEST CLASS
CLASSIFICATION OF REQUEST:
```

### 2.7.4. Sort Group

Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Press the Enter key at the Date of Request: prompt to accept the default date of today. Enter your name at the Requestor: prompt.

```
SORT GROUP: ???

    This Sort Group field may be used to group together all transactions (requests)
    that relate to a specific project, work order, investigator, food group, doctor,
    etc.
    This is the previous 'Project Number' field.
    Enter one of the following:
    S.EntryName to select a Sort Group

    To see the entries in any particular file, type <Prefix.??>
    If you simply enter a name then the system will search each of the above files
    for the name you have entered. If a match is found the system will ask you if it
    is the entry that you desire.
```

However, if you know the file the entry should be in, then you can speed processing by using the following syntax to select an entry:

```
<Prefix>.<entry name>
or
<Message>.<entry name>
or
<File Name>.<entry name>
```

Also, you do NOT need to enter the entire file name or message to direct the look up. Using the first few characters will suffice.

SORT GROUP:

DATE OF REQUEST: TODAY// (APR 18, 1994)

REQUESTOR: IFVENDOR,TWO

### 2.7.5. Priority

At the Requesting Service: prompt, enter the name of the service that will use the item. Enter the date that the service will require the item. Enter the priority that you want to assign to the request. Enter any special remarks about the item that might help the Requirements Analyst fulfill your request or adjust inventory levels to accommodate the needs of your service (for example, refrigeration required, must be picked up from vendor, etc.)

REQUESTING SERVICE: ???

This is the name of the service that submitted this request.

**NOTE:** Requesting Service is now an IFCAP-required field; the 2237 is not permitted to go forward to the electronic Contract Management System (eCMS), if this field is not populated.

### 2.7.6. Cost Center

Enter the cost center at the Cost Center: prompt. Cost centers allow Fiscal staff to create total expense records for a section or service. At the Select Line Item Number: prompt, Enter 1 for the first item on the request. Remember, you can only request issue items on an issue book request. At the Item Master File No.: prompt, enter the item name or number. You can also type three question marks (???) to see a list of the items you can request on an issue book request. Enter a budget object code (BOC). Budget object codes are defined in VHA Handbook 4671.2.

**Note:** In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

## 2.8. Creating 1358 Order Requests

### 2.8.1. Introduction

Use a 1358 Order request to budget money for ongoing service expenses, such as the utility bill, copier repair, rent, or postage. A 1358 Order allows the Control Point to "obligate funds," or establish a budget for ongoing services, so there will be money to pay the vendor when the monthly or quarterly statement is due.

### 2.8.2. Menu Navigation

Select New 1358 Request from the Control Point Clerk's Menu. Enter a station number, fiscal year, quarter, Control Point, Authority and if required a Sub-Authority. IFCAP will assign a transaction number to your request. Write this number down. You will need this number to determine the status of your request.

```

Select Process a Request Menu Option: 1358 Request Menu
  New 1358 Request
  Increase/Decrease Adjustment
  Edit 1358 Request
  Create/Edit Authorization
  Daily Activity Enter/Edit
  Display 1358 Balance
  List 1358's with Open Authorizations
  Print 1358
  Print Obligated 1358s
  Recalculate 1358 Balance

Select 1358 Request Menu Option: NEW 1358 Request
Select FISCAL YEAR: 00//
Select QUARTER: 3//
Select CONTROL POINT: 060 FISCAL SVC 0160A1 10 0100 010042100

```

```
Select AUTHORITY OF REQUEST: 2    FEE BASIS    User may enter ?? to see the list of
23 choices.
SUB AUTHORITY: ??                If the Authority selected requires a Sub-Authority the
User will be prompted to enter a value.
    Select the Sub-Authority for this 1358 Obligation.
    You can only select active sub-authorities that relate to the main one.

Choose from:
A      FEE MEDICAL/DENTAL (PRE-AUTHORIZED)
B      FEE MEDICAL/DENTAL (NOT PRE-AUTHORIZED)
C      HOMEMAKER/HOME HEALTH AID
D      NON-VA HOSPITALIZATION (PRE-AUTHORIZED)
E      NON-VA HOSPITALIZATION (NOT PRE-AUTHORIZED)
F      NON-CONTRACT EMERGENCY TRAVEL

SUB AUTHORITY: C                HOMEMAKER/HOME HEALTH AID

This transaction is assigned Transaction number: 999-00-3-060-0036
```

### 2.8.3. Classification and Sort Groups

The Classification of Request: prompt allows you to create reports that group requests by categories that YOU define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group.

```
CLASSIFICATION OF REQUEST: ???
    This Classification of Request field allows you to classify and/or categorize all
    transactions (requests) for supplies, services, etc.
    This is the previous 'Type of Request' field.
CHOOSE FROM:
    This is the name used to identify the type of request. File #410.2 is pointed
    to by the Classification of Request field (#8) of the Control Point Activity
    file, #410.
CLASSIFICATION OF REQUEST:
SORT GROUP: ???
    This Sort Group field may be used to group together all transactions (requests)
    that relate to a specific project, work order, investigator, food group, doctor,
    etc.
    This is the previous 'Project Number' field.
    Enter one of the following:
        S.EntryName to select a Sort Group
        W.EntryName to select a Work Order

    To see the entries in any particular file, type <Prefix.??>

    If you simply enter a name then the system will search each of the above files
    for the name you have entered. If a match is found the system will ask you if it
    is the entry that you desire.

    However, if you know the file the entry should be in, then you can speed
    processing by using the following syntax to select an entry:
        <Prefix>.<entry name>
        or
```

```
<Message>.<entry name>
or
<File Name>.<entry name>
```

Also, you do NOT need to enter the entire file name or message to direct the look up. Using the first few characters will suffice.

SORT GROUP:

## 2.8.4. Requestor

**Note:** Per implementation of Segregation of Duties within the 1358 options, the User is no longer asked to Enter the name of an individual at the Requestor: prompt. Your name is automatically entered as the Requestor.

Press the Enter key at the Date of Request: prompt to accept the default date of today.  
Enter the date that you want to commit funds to your request at the Date Committed: prompt, or press the Enter key to accept the default of the first date of the current month.  
Enter the total cost in dollars for the services at the Committed (Estimated) Cost: prompt.  
Enter the cost center at the Cost Center: prompt. Cost centers allow Fiscal staff to create total expense records for a section or service.

**Note:** In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

```
DATE OF REQUEST: OCT 15,2010// (OCT 15, 2010)

### 2.8.8. New Process Flow for 1358s

## Chapter 3. Turning Temporary Requests into Transactions

### 3.1. Introduction

No request can go forward for approval without first becoming a transaction. See the Control Point Requestor manual for options located on the Requestor menu.

### 3.2. Converting Temporary Requests to Permanent Transactions

#### 3.2.1. Menu Navigation

When you log onto the Control Point Clerk menu, IFCAP will tell you which Control Points have new requests. From the Control Point Clerk's Menu, select Process a Request Menu. Select Change Existing Transaction Number. The requests will have a form type assigned. Read the following sections to turn these requests into transactions.

NOTE: The fields Requesting Service and Line Item DESCRIPTION are not required fields in a Temporary Request. This will mean the Control Point Clerk may encounter missing required fields when converting a temporary request to a 2237 transaction. The Clerk will be advised of the missing field(s) and be allowed to edit the new 2237 and populate the required fields. If the Clerk chooses not to edit the fields at that time the 2237 will not be complete and the Clerk will not be able to set the Approval flag to YES. The Clerk will have to Edit the 2237 and populate the missing fields.

```
Select Control Point Clerk's Menu Option: Process a Request Menu
  New 2237 (Service) Request
  Edit a 2237 (Service)
  Copy a Transaction
  1358 Request Menu ...
  Print/Display Request Form
  Change Existing Transaction Number
  Repetitive Item List Menu ...
  Cancel Transaction with Permanent Number
  Requestor's Menu ...
  Item Display
  Vendor Display
  Outstanding Approved Requests Report
  Transaction Report - eCMS/IFCAP

Select Process a Request Menu Option: Change Existing Transaction Number
```

#### 3.2.2. Setup Parameters

Enter a station number and a Control Point. Enter the temporary transaction number of the request you wish to forward to the Control Point Official for approval. If you do not know the number of the request, enter two question marks at the prompt and IFCAP will list the available transactions.

## Transactions

```
Select Process a Request Menu <TEST ACCOUNT> Option: change Existing Transaction
Number
Select STATION NUMBER: 999
Select CONTROL POINT: 1555 IFCP1 CP OFFICIAL      0160A1    10   0100    010022600

Select the existing transaction number to be replaced

Select CONTROL POINT ACTIVITY TRANSACTION NUMBER: IFC0720   IFC0720   OBL   AVENDOR:
```

### 3.2.3. Request Review

IFCAP will ask you if you would like to review the request, and will allow you to enter new information for the transaction. IFCAP will then assign a permanent transaction number to the transaction. This is the number you will use for future reference to this request.

```
Would you like to review this request? No//   (No)

Enter the information for the new transaction number.

Select STATION NUMBER: 999//
Select FISCAL YEAR: 13//
Select QUARTER: 4//
Select CONTROL POINT: 1555 IFCAP1 CP OFFICIAL      0160A1    10   0100    010022600
                                           0160A1    10   0100    010022600

Transaction 'IFC0720' has been replaced by 999-13-4-1555-0039

WARNING - Transaction 999-13-4-1555-0039 is missing required data!
  >>> Line Item #1 Description is missing.
The request needs to be edited prior to approval.

The form type for this transaction is REPETITIVE AND NON-REP ORDER
```

### 3.2.4. Edit Request

IFCAP will allow you to edit the features of the request, including, the quantity of the items, and the vendor. Make sure that the item or service is available from the vendor, that the Control Point has sufficient funds to cover the request, and that the information about the items or services on the request is correct.

```
Would you like to edit this request? NO// Y   (YES)

### 3.2.5. Request Review

IFCAP will allow you to review the request again, to make sure that all the information on the request is correct.

NOTE: If any Required field is not populated, the User will be advised of the missing data and prompted to Edit the 2237.

IFCAP will then list the cost of the request, and the uncommitted balance available for purchases. IFCAP will not allow you to transmit the request to the Control Point Official for approval if any Required field is not populated. You can enter another request at the Select Control Point Activity Transaction Number: prompt or press the Enter key to return to the Process a Request Menu.

```
Would you like to review this request? NO//  (NO)

### 3.3.3. Conversion to Permanent Number

IFCAP will assign a transaction number to the request, making the request a transaction. IFCAP will ask you if you want to edit the transaction. IFCAP will ask you for a cost center, a budget object code (BOC), and a sub-control point. Budget object codes are in the left column of MP-4 Part V, Appendix B-1. At the Select Sub-Control Point: prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together. IFCAP will ask you if you want to assign a vendor to the transaction.

**Note:** Sometimes, you will want to leave the vendor field blank on a 1358 in case you want to change vendors or use multiple vendors.

If you assign a vendor, IFCAP will ask you for a contract number. Explain the purpose of the 1358. Add comments if you like. If you make a mistake, answer Y at the Would you like to review this request?: prompt. If the 1358 is ready for approval, answer Y at the Is this request ready for approval?: prompt. The 1358 is now ready for approval by the Control Point Official. Press the Enter key at the Would you like to replace another transaction number? prompt to return to the Process a Request Menu.

## Chapter 4. Monitoring Request Status

### 4.1. Introduction

As a Control Point Clerk, employees who request goods and services from your control point often need to know the status of their request. This chapter explains how to determine the status of a request, and what stage of accounting or procurement it has reached.

### 4.2. Monitoring Request Status

#### 4.2.1. When You Know the Purchase Order Number?

From the Control Point Clerk's Menu, select Display Control Point Activity Menu. From the Display Control Point Activity Menu, select Purchase Order Status. Enter the station number and the Control Point. Enter the purchase order number at the Select Purchase Order Number: prompt. You can type three question marks (???) to list all the purchase orders for the control point.

```
Select IFCAP MENU Option: Control Point Clerk's Menu
    Process a Request Menu ...
    Display Control Point Activity Menu ...
    Funds Control Menu ...
    Status of Requests Reports Menu ...
    Record Date Received by Service Menu
    Record Receipt of Multiple Delivery Schedule Items
    Multiple Delivery Schedule List
```

```
Select Control Point Clerk's Menu Option: Display Control Point Activity Menu
    Purchase Order Status
    Transaction Status Report
    Running Balances

Create/Edit Authorization
Daily Activity Enter/Edit
Display 1358 Balance
List Open 1358s
Print 1358
Print Obligated 1358s
Recalculate 1358 Balance

Select 1358 Request Menu Option: Increase/Decrease Adjustment
```

### 5.1.2. Setup Parameters

Enter a fiscal year, fiscal quarter and a control point. Enter the number of the obligation you want to adjust at the Select Obligation Number: prompt. If you do not know the number, enter as many of the first characters that you remember or enter three question marks, and IFCAP will list the available obligations. IFCAP will display the amount of the obligation you selected and assign a transaction number to the adjustment you are creating. At the Classification of Request:

prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that YOU define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Enter your name at the Requestor: prompt. Enter today's date at the Date of Request: prompt. Enter the cost center at the Cost Center: prompt. Cost centers allow Fiscal staff to create total expense records for a section or service.

```

COST CENTER: 842100//
```

### 5.1.3. Adjustment Information

Enter today's date at the Date Obl Adjusted: prompt. Enter the amount that you want to adjust the obligation at the Adjustment \$Amount prompt. Type the number without any symbols to add

money to the obligation. Type a minus symbol in front of the amount to subtract money from the obligation. At the BOC1: prompt, enter the budget object code classification for this item. Budget object codes are defined in VHA Handbook 4671.2. If you do not know the BOC for this item, enter three question marks and IFCAP will list the available budget object codes. At the BOC1 Amount: prompt. Hit the Enter key.

Enter a Sub-Control Point if you want to assign this receipt to a defined subcategory of the Control Point. The Purpose: prompt, is now a required field. Enter the purpose of the 1358 adjustment. Add comments if you like. You may review the request to make sure that the information on the request is correct. Confirm that the adjustment is ready for approval. You may enter another adjustment or return to the 1358 Request Menu.

```

## Chapter 6. Handling System Down or Life-Threatening Emergencies

In some facilities, Purchasing Agents prepare for system crashes by creating a set of purchase order numbers to use when the system crashes. Ask your Purchasing Agent if he or she does this. If so, call him or her when the system crashes and ask for one of the “emergency” purchase order numbers. When the system is functioning, create your requests in IFCAP using this purchase order number and enter in the Comments: field of the request that this order was requested during a system failure and that the order has already been ordered and obligated using the emergency purchase order number.

Comments: // System Failure reconciliation -- DO NOT ORDER -- DO NOT OBLIGATE
---

If you do not clearly explain that this order has already been filled, the Purchasing Agent will order it again and your control point will be charged for the purchase.

## Chapter 7. Other IFCAP Functions

### 7.1. Supplementary Options in the Process a Request Menu

This chapter describes the options available to you in IFCAP that were not mentioned in the previous chapters. Each section of this chapter defines the purpose of the option, the menu path to reach the option in the menus, what information to enter at the prompts, and how to interpret the output that the option creates.

### 7.2. Editing a 2237 (Service)

Select Process a Request Menu from the Control Point Clerk's Menu.

Select Edit a 2237 (Service) from the Process a Request Menu.

#### 7.2.1. Setup Parameters

Enter a Station number. Enter a Control Point. If you do not know the Control Point, enter two question marks at the Select Control Point: prompt and IFCAP will list the available Control Points. If the Control Point is attached to more than one Inventory Point, enter the Inventory Point at the prompt or simply hit <enter> and no Inventory Point will be attached to the order.

```
Select STATION NUMBER: 999          ANYCITY, DC
Select CONTROL POINT: 101 ??
Select CONTROL POINT: ??

CHOOSE FROM:
    22          022 MISC OFFICE SUPPLIES
    40          040 BUILDING MANAGEMENT
    73          073 ENGINEERING
    112         112 SURGICAL SERVICE
    114         114 RADIOLOGY SERVICE
    121         121 LAB TESTING 121
    333         333 TEST CONTRL POINT
Select CONTROL POINT: 333 TEST CONTRL POINT
```

#### 7.2.2. Entering Transaction Numbers

Enter a transaction number. If you do not know the transaction number, enter three question marks at the Select Control Point Activity Transaction Number: prompt and IFCAP will list the available transactions. You can also enter the vendor name, or as much of the beginning of the transaction number as you can remember. For example, If you enter 999-95-4, IFCAP will list all the transactions for Control Point 999 for fiscal year 1995 and fiscal quarter 4. Reducing the search in one of these ways will greatly reduce your search time.

```
Attempting lookup in transaction file.

Attempting lookup using 333  TEST CNTRL POINT

    1  333  TEST CNTRL POINT  999-12-3-333-0075  OBL  IFVENDOR TWO

```

### 7.2.3. Form Type

IFCAP will show the default form type and list the prompts required to create that form type. Read the sections of this guide on creating these form types for descriptions of the prompts.

### 7.2.4. Control Point Balances

IFCAP will list the current Control Point balance, the estimated cost (incorporating the change to the balance that you just made), and the total uncommitted balance from current and prior quarters for that Control Point. IFCAP will allow you to forward the request to the Control Point Official. Enter N at the Would You Like To Edit Another Request?: prompt to return to the Process a Request Menu.

```

Current Control Point balance: $0.00
Estimated cost of this request: $44.00
Total uncommitted balance from current and prior quarters: $4734.20

Sure you want to approve this request? NO// Y  (YES)

Would you like to edit another request? YES// n  (NO)

Select Process a Request Menu Option:

```

## 7.3. Printing and Displaying Request Forms

Use this option to print or display a request.

### 7.3.1. Menu Navigation

Select Process a Request Menu from the Control Point Clerk's Menu. Select Print/Display Request Form from the Process a Request Menu. Enter the transaction number of the request at the Select Transaction: prompt .or enter the Obligation Number.

```

Select Process a Request Menu Option: print/Display Request Form
Select STATION NUMBER: 999//
Select CONTROL POINT: 110 NAME .01//                0160A1  10  0100  010042116

0014                      DOLLS

```

### 7.3.2. Last Page Print

Enter Yes at the Print Last Page of 2237?: prompt if you want to see who has approved the request for purchase (the “Administrative Action” column) or who has certified receipt of the purchase (the “Receipt Action” column). Otherwise, enter No at this prompt.

```
Print last page of 2237? YES//
DEVICE: HOME//    LAT    RIGHT MARGIN: 80//
```

### 7.3.3. Interpreting the Request Form

The request form lists the information you provided in the Enter/Edit a Request options in a style that represents a manual VA 2237 form. The form lists each item with description and unit cost, and a total cost for the request. It also lists where the item(s) should be delivered. If you printed the last page of the 2237, the form will list signature and date columns for officers and clerks to sign at various stages of approval and receipt. Enter another transaction at the Select Transaction: number or press the Enter key to return to the Requestor's Menu.

**NOTE:** If the 2237 has been sent to and accepted by eCMS for processing, there will be Identifiers that will indicate that this occurred. The text “Accepted by eCMS” will appear to the right of the Priority in the Header on Page 1. The eCMS Line Item ID will appear beneath the Item description.

## 7.4. Change Existing Transaction Number (of a 2237)

### 7.4.1. Menu Navigation

Use this option to change the transaction number of an existing 2237 transaction.

**NOTE:** If the 2237 you are changing has eCMS Identifiers -- immediately upon completing the process, you must manually notify the eCMS Contracting Officer of the changed 2237 number. Advise the Contracting Officer of the cancelled original 2237# and the new 2237#. This will ensure that the Contracting Officer cancels the old 2237 in the eCMS system and will enable the Contracting Officer to link the new 2237 to the existing Award plan documents when it is Approved and sent forward to eCMS.

Select Process a Request Menu from the Control Point Clerk's Menu. Select Change Existing Transaction from the Process a Request Menu. Enter a Station number and a Control Point number. Enter the transaction you want to change at the Select Transaction Number: prompt, or enter three question marks and IFCAP will display the available transactions.

At the Select CONTROL POINT ACTIVITY TRANSACTION NUMBER prompt enter 2237 number you wish to change. You will be given an opportunity to review the 2237 If you enter Yes at that prompt.

```

Select STATION NUMBER: 999//
Select CONTROL POINT: 110 SUPPLIES .01//      0160A1   10   0100   010042116

### 7.5.2. Canceling Transactions

**NOTE:** When doing a ?? lookup of 2237 transactions, some of the 2237s may show the text "Accepted by eCMS." **DO NOT cancel** any transaction showing that text from within IFCAP. Now that an interface exists between IFCAP and the electronic Contract Management System, the cancellation of a 2237 that has been "Accepted by eCMS" *must be initiated by a User from within the electronic Contract Management System.*

**NOTE:** When an IFCAP User cancels a 2237, the Name of the User and the Date/Time of the cancellation are now stored in the 2237 record in the Control Point Activity file (#410).

IFCAP will ask you to confirm that you want to cancel the transaction, and ask you to enter comments that explain why you have cancelled the transaction. At the Would you like to cancel another transaction?: prompt, answer Y to cancel another transaction or press the Enter key to return to the Process a Request Menu.

```
Are you sure you want to cancel this transaction? NO// Y (YES)

Select ITEM: 20          CORN-CANNED-#10
```

#### 7.8.4. Item Information

After you select an item, IFCAP will display what unit of sale the vendor uses to sell the item and if you have to buy the item by a specific multiple. In the example below, the unit is per can, but the item must be ordered in multiples of six, so the user would enter a multiple of six at the Quantity: prompt. Many repetitive items will have a mandatory source of the warehouse, meaning that the warehouse supplies this item. If the item you want is not a warehouse item, you must enter the vendor name after you enter the item number. If you do not know who the vendor should be for that item, press the Enter key at the vendor prompt and IFCAP will list the available vendors for the item. You can add another repetitive item at the Select Item: prompt or press the Enter key to stop adding items. IFCAP will determine the cost of the items. At the Would You Like To Create Another Repetitive Item List Entry?: prompt, answer Y to add another item or N to return to the Repetitive Item List Menu.

```

This item has a mandatory source (vendor) of WAREHOUSE
NOTE: This item must be ordered in multiples of 6
NOTE: This item has a packaging multiple/unit of purchase of 1/CAN
  QUANTITY: 12
Select ITEM:
Let me total the cost for this Repetitive Item List entry (#999-94-4-022-844100-
0001)
Total number of items: 1      Total cost (all items): $30.00

Would you like to create another repetitive item list entry? NO//      (NO)

```

### 7.9. Editing the Repetitive Item List Entry

### 7.9.1. Menu Navigation

### 7.13.3. Review Request

IFCAP will ask you if you would like to review the request, and ask you to enter new information about the transaction. IFCAP will allow you to enter a new Station number, fiscal year, quarter, and Control Point for the transaction.

```

Would you like to proceed with copying this request? Yes//

Now enter the information for the new transaction number.

```

```
Select STATION NUMBER: 999//          ANYCITY,DC
Select FISCAL YEAR: 13//
Select QUARTER: 4//
Select CONTROL POINT: 834 MISC OFFICE SUPPLIES//
```

### 7.13.4. Additional Information

IFCAP will assign a transaction number to the request and prompt you for a form type. Based on which form type you select, IFCAP will prompt you for additional information about the purpose of your request and the source of funds. Read the sections in this guide on creating this form type for explanations of these prompts. Enter “T” for today as the date of the request. Enter your name as the Requestor.

Enter the Service that you are creating the request for at the Requesting Service: prompt.

**NOTE:** The Requesting Service field is a required field on a 2237.

Enter the date that the goods or services are required. Assign a priority to the request. The priority categories in IFCAP, ranging from shortest to longest delivery time remaining, are “Emergency”, “Special” and “Standard”. Different stations assign different time durations to these categories. Check with your Fiscal office to determine the durations at your station for these categories.

```
This transaction is assigned transaction number: 999-13-4-834-0054
THE form type for this request is: REPETITIVE & NON-REPETITIVE
```

```
Transaction data is being copied...

```

```
PRIORITY OF REQUEST: ST//      STANDARD
```

### 7.13.5. Special Remarks

At the Special Remarks: prompt, explain how the service will use the item, names of other items that would fulfill the same need, and any other information that would help the Purchasing Agent fulfill your request. Purchasing Agents sometimes change orders to fulfill the service’s need faster, find a better item or change the vendor for a better price. Explaining the use of the item will make these tasks easier to accomplish. Enter a cost center. Cost center numbers are listed in the left column of MP-4 Part V, Appendix B-1.

Cost centers allow Fiscal staff to create total expense records for a section or service. Enter 1 at the Select Line Item Number: prompt for the first item on the request. At the Item Master File No.: prompt, enter the item name or number. You can also type three question marks (???) to see a list of the items you can request. If you are not selecting an Item from the Item Master File, you will be prompted to fill in the Item Description.

**Note:** Item Description is now a Required Field. You must enter the text.

Enter how many units of purchase (not number of items) at the Quantity: prompt. At the BOC: prompt, enter the budget object code classification for this item. Budget object codes are defined

in MP-4 Part V, Appendix B-2. If you do not know the BOC for this item, enter three question marks and IFCAP will list the available budget object codes. At the Intermediate Product Code: prompt, enter the Intermediate Product Code if there is one. The Intermediate Product Code is a stock number that vendors sometimes use.

```

- P FRANCHISE FUND: RECORDS CENTER AND VAULT

Select SUB-AUTHORITY OF REQUEST: e EMERGENCY CARE BENEFICIARY TRAVEL, INCLDING MILEAGE

This transaction is assigned Transaction number: 999-10-4-110-0062

#### 7.17.4. Classification and Sort Groups

The Classification of Request: prompt allows you to create reports that group requests by categories that YOU define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group.

```

CLASSIFICATION OF REQUEST: ???
    This Classification of Request field allows you
    to classify and/or categorize all transactions
    (requests) for supplies, services, etc.
    This is the previous 'Type of Request' field.
CLASSIFICATION OF REQUEST:
SORT GROUP: ???
    This Sort Group field may be used to group together all
    transactions (requests) that relate to a specific project,
    work order, investigator, food group, doctor, etc.
    This is the previous 'Project Number' field.
    Enter one of the following:
        S.EntryName to select a Sort Group
        W.EntryName to select a Work Order

    To see the entries in any particular file, type <Prefix.??>

    If you simply enter a name then the system will search each of
    the above files for the name you have entered. If a match is
    found the system will ask you if it is the entry that you desire.

    However, if you know the file the entry should be in, then you can
    speed processing by using the following syntax to select an entry:
        <Prefix>.<entry name>
        or
        <Message>.<entry name>
        or
        <File Name>.<entry name>
    Also, you do NOT need to enter the entire file name or message
    to direct the look up. Using the first few characters will suffice.
SORT GROUP:
  
```

#### 7.17.5. Requestor & Cost Center Data

Per the implementation of Segregation of Duties within the 1358 options, the User is no longer asked to Enter the name of an individual at the Requestor: prompt. Your name is automatically entered as the Requestor.

Press the Enter key at the Date of Request: prompt to accept the default of today's date. Enter the date that you want to commit funds to your request at the Date Committed: prompt.

Enter the total cost for the 1358 in dollars at the Committed (Estimated) Cost: prompt.

Enter the cost center assigned to the section or service that requested the 1358 at the Cost Center: prompt. Cost centers allow Fiscal staff to create total expense records for a section or service.

```
DATE OF REQUEST: JUN 29,1994//    (JUN 29, 1994)
DATE COMMITTED: 06/01/94//    (JUN 01, 1994)
COMMITTED (ESTIMATED) COST: ???
    This is the estimated amount of the committed cost of
    the requested item(s).
COMMITTED (ESTIMATED) COST: 414    $ 414.00
COST CENTER: ???
```

```
ANSWER WITH COST CENTER
CHOOSE FROM:

Select 1358 Request Menu Option: Increase/Decrease Adjustment
```

### 7.18.2. Setup Parameters

Enter a Station number, fiscal year and fiscal quarter. Enter a Control Point. If you do not know the Control Point, enter three question marks and IFCAP will display the available Control Points. At the Select Obligation Number: prompt, enter the purchase order number or obligation number of the 1358 you wish to decrease or increase. The obligation number is the number that Fiscal Service assigns to the 1358. IFCAP will display the transaction number assigned to the adjustment.

```
Select STATION NUMBER: 002          MYTOWN, PA
Select FISCAL YEAR: 94//
Select QUARTER: 4//
Select CONTROL POINT: 022 IFVENDOR2, FOUR
Select OBLIGATION NUMBER: ???
```

CHOOSE FROM:

C30032	OBL	C30032
C30033	OBL	C30033
C30034	OBL	C30034

Select OBLIGATION NUMBER: C30032 002-93-2-022-0001 OBL C30032

Original Obligation Amount: \$ 1,000.00 Service Balance: \$ 100.00  
Fiscal's 1358 Balance: \$ 1,000.00

This transaction is assigned transaction number: 002-94-4-022-0007

### 7.18.3. Classification and Sort Group

The Classification of Request: prompt allows you to create reports that group requests by categories that YOU define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Per the implementation of Segregation of Duties within the 1358 process, you will no longer be prompted to enter a Name at a Requestor prompt. Your name is automatically entered as the Requestor.

The Date of Request field will have a default date that you can change if appropriate.

The Cost Center will have the default value entered onto the original 1358 as the default value.

Cost centers allow Fiscal staff to create total expense records for a section or service.

Enter the date that the obligation is being adjusted.

Enter the amount that you want to adjust the obligation at the Adjustment \$Amount prompt.

Type the number without any symbols to add money to the obligation. Type a minus symbol in front of the amount to subtract money from the obligation.

CLASSIFICATION OF REQUEST:

SORT GROUP:

DATE OF REQUEST: JUL 8,1994// (JUL 08, 1994)

COST CENTER: 844100 Supply//

DATE OBL ADJUSTED:

ADJUSTMENT \$ AMOUNT: 400 \$ 400.00

### 7.18.4. BOC, Sub-Control Point and Purpose

Enter the budget object code classification for the item at the BOC1: prompt. Enter the amount of the item you want to attribute to the budget object code at the BOC1 Amount: prompt. At the Select Sub-Control Point: prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together.

Per the implementation of Segregation of Duties within the 1358 process, the Purpose field is mandatory and you must enter text indicating the reason for the adjustment.

Add comments if you like. IFCAP will let you review the request. IFCAP will list the current Control Point balance, the estimated cost of the adjustment, and the total uncommitted balance

from current and prior quarters. IFCAP will allow you to transmit the adjustment to the Control Point Official for approval.

Enter N at the Enter another increase/decrease adjustment?: prompt to return to the 1358 Request Menu.

```

BOC1: 2580 Miscellaneous Contractural Replace
BOC1 $ AMOUNT: 400//    $ 400.00

TYPE '^' TO STOP, OR
CHOOSE 1-5: 2  002-94-1-022-0002

```

### 7.19.3. Authority & Sub-Authority

The Authority field is mandatory and the Authority entered when the transaction was created will be shown as a default. You may change this value if it is not appropriate for the 1358. If you Edit the Authority value and select an Authority that requires a Sub-Authority, you will be required to enter a Sub-Authority value. You may ?? both fields to see the list of possible choices.

### 7.19.4. Classification and Sort Groups

The Classification of Request: prompt allows you to create reports that group requests by categories that YOU define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Per the implementation of the Segregation of Duties within the 1358 options, the User is no longer asked to Enter the name of an individual at the Requestor: prompt. Your name is automatically entered as the Requestor.

You may Enter a date in the Date of Request field or accept the default date.

Committed field will have a default value that you can accept or change.

Enter the cost of the 1358 at the Committed (Estimated) Cost: prompt.

Enter the budget object code classification for the 1358 at the BOC1: prompt. If you do not know the budget object code, enter three question marks at the prompt and IFCAP will display the available budget object codes.

At the Select Sub-Control Point: prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together.

If a Vendor was entered when the 1358 was initially created, the Vendor name will be shown as a default and you may accept it or change it. If a Contract Number was entered originally it will be the default value and may be accepted. If a Contract Number is required per the Authority entered on the 1358, you must enter a Contract Number.

Purpose: is now a mandatory prompt and the text entered originally will be shown as a default. Enter the name of the User that requested the creation of the 1358 transaction at the Originator of Request: prompt.

If the system displays a Date Received: prompt, enter the date that the service was completed. Add comments if you like.

Enter N at the Would You Like To Review This Request?: prompt to return to the 1358 Request Menu.

### 7.20.3. Display 1358 Balances

IFCAP will assign a transaction number to the entry, and display the obligation amount, the fiscal balance, and the service balance. The fiscal balance is the dollar amount Fiscal Service shows is still available to the Control Point after the entry has been obligated by Fiscal Service. The fiscal balance is what the Accounting Technician will read to determine if the Control Point has sufficient funds to meet the obligation. The service balance is what you have committed, the dollar amount left in the Control Point minus the non-obligated committed funds. Enter the recipient of the funds and any additional information that would aid in the processing of this transaction at the Reference: prompt (e.g., patient name, patient Social Security Number, or Vendor). Add comments if you like. At the Would you like to EDIT or CREATE an Authorization: prompt, enter “E” to edit an authorization or “C” to create an authorization, or press the Enter key to return to the 1358 Request Menu. An authorization is a unique number that IFCAP uses to record individual charges against a 1358.

```

This entry has been assigned transaction number: 0003.

1 Create a NEW bill activity
2 Edit existing bill activity
3 QUIT
Select ACTION: (1-3): 1
```

### 7.21.3. Select Authorization

Enter an authorization. An authorization is a unique number that IFCAP uses to record individual charges against a 1358. If you do not know the authorization, enter three question marks and IFCAP will list the available authorizations. IFCAP will list the amount of the authorization and the current balance of the authorization. IFCAP will also list any daily records of transactions posted against the authorization.

**Note:** You must deduct the dollar amount for each invoice you receive from the balance of the 1358. If you mark the 1358 as complete, you will no longer be able to edit or access that 1358.

IFCAP will assign a number to the daily activity entry. Enter N at the Is this the final daily activity?: prompt to create another entry. Enter the amount of the activity at the Daily Activity Amount: prompt. Do not exceed the authorization balance. You may enter a vendor invoice number, a reference, and a description if you like. If the amount of the daily activity that you create is equal to the authorization balance, IFCAP will ask you to confirm that you want to clear

the balance on the authorization and mark it as complete. IFCAP will then return to the 1358 Request Menu.

```

## 7.28. Transaction Report – eCMS/IFCAP

This report is based on data in the IFCAP/ECMS TRANSACTION file (#414.06). As 2237s are sent to and from eCMS via HL7 messages, certain information about each transaction is stored in this file. This report lists transactions that have been sent to eCMS, returned by eCMS, or cancelled by eCMS.

**Note:** You will only be able to view data about the 2237 transactions related to the Control Point(s) on which you are identified as a Control Point Clerk or Official .

### 7.28.1. Menu Navigation

```
Select Process a Request Menu option on Control Point Clerk's Menu.

    Item Display
    Vendor Display
    Outstanding Approved Requests Report
    Transaction Report - eCMS/IFCAP
```

### 7.28.2. Setup Parameters

The selection criteria for the report to be generated include: Single 2237, Single eCMS Contact, Date Range, Single Station, Sub-station (if applicable, and YES response to Single Station prompt), Single Fund Control Point, and up to four distinct Event Types.

The report is based on data in the new IFCAP/ECMS TRANSACTION file (#414.06). As 2237s are sent to and from eCMS via HL7 messages, certain information about each transaction is stored within this file.

The User is able to generate a report for a Single 2237. User must be a Clerk or Official on the Control Point selected for the 2237.

```
Select Process a Request Menu <TEST ACCOUNT> Option: transaction Report - eCMS/I
FCAP
Select a single 2237 TRANSACTION NUMBER? NO// y YES
```

## Chapter 7. Other IFCAP Functions

```

## 7.32. PO with Associated Transactions

### 7.32.1. Menu Navigation

Select Status of Requests Reports Menu from the Control Point Clerk's Menu.  
 Select PO with Associated Transactions from the Status of Requests Reports Menu.

```

Select Control Point Clerk's Menu Option: Status of Requests Reports Menu

      Print/Display Request Form
      Status of All Obligation Transactions
      Requests Ready for Approval List
      PO with Associated Transactions

Select Status of Requests Reports Menu Option: PO with Associated Transactions

```

### 7.32.2. Setup Parameters

Enter a Station Number and a Control Point. Enter a purchase order number or obligation number. The obligation number is the number that Fiscal Service assigns to the 1358. If you do not know the number, enter three question marks and IFCAP will list the available purchase orders and obligations. Choose whether you want the comments for each purchase order and obligation to appear on the report.

```

Select STATION NUMBER: 999//      ANYCITY,DC
Select CONTROL POINT: 040 BUILDING MANAGEMENT// ???
Select PURCHASE ORDER/OBLIGATION NO: ???

```

Attempting lookup in transaction file.

Attempting lookup using 040 BUILDING MANAGEMENT (CONTROL POINT)

Select Funds Control Menu Option: Enter FCP Adjustment Data
Select STATION NUMBER: 002            MYTOWN, PA
Select FISCAL YEAR: 94//
Select QUARTER: 4//
Select CONTROL POINT: 022 IFVENDOR2,FOUR

This transaction is assigned transaction number: 002-94-4-022-0008

```

#### 7.41.2. Sort Group

Enter an obligation number for the transaction. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort

groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Enter today's date at the Date Obl Adjusted: prompt. Enter the adjustment dollar amount for this obligation transaction at the Adjustment \$Amount: prompt. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

```
OBLIGATION NUMBER: C40021
SORT GROUP:
DATE OBL ADJUSTED:

## Chapter 8. Menu Outline

### 8.1. Option Listing

The following is a list of the options assigned to Control Point Clerks in the default IFCAP configuration. You may have some options that are not listed here, because you have additional responsibilities beyond the typical responsibilities of a Control Point Clerk. You may not have all of the options listed below. Main menu options are flush left. Subordinate options are spaced to the right. For example, if you wanted to use the “Copy a Transaction” option, you would select “Control Point Clerk's Menu”, then “Process a Request Menu”, then “Copy a Transaction”. To add any of the options listed below to your menus, contact your local Information Resources Management (IRM) service.

```
NEW 2237 (SERVICE) REQUEST
  EDIT A 2237 (SERVICE)
  COPY A TRANSACTION
  1358 REQUEST MENU ...
  PRINT/DISPLAY REQUEST FORM
  CHANGE EXISTING TRANSACTION NUMBER
  REPETITIVE ITEM LIST MENU ...
  CANCEL TRANSACTION WITH PERMANENT NUMBER
  REQUESTOR'S MENU ...

```

## Chapter 9. Error Messages And Their Resolution

### 9.1. Use Errors

As you use IFCAP to request goods and services, you will receive errors. Some errors are use errors. Use errors mean that IFCAP has determined that the information you have entered in the system is either incomplete or inconsistent, and look like this:

```
Select TRANSACTION: 10195
Incorrect format - please re-enter number

Select TRANSACTION:
This guide and the online option descriptions should help you with these errors.
```

### 9.2. System Errors

System errors occur when IFCAP fails to function properly. IFCAP is written in a programming language called Digital Standard MUMPS. When errors occur, IFCAP will display the error code. Record the error code and notify your OIT staff.

```
RECORDING THAT AN ERROR OCCURRED ---
      X2^PRCST212:1, %DSM-E-UNDEF, undefined variable PRCSTDT, -DSM-I-ECODE,
MUMPS error code: M6

      Sorry 'bout that
```

#### 9.2.1. MailMan Error Messages – eCMS Interface

The Accountable Officer sends all 2237s that will be processed by Contracting staff to the electronic Contract Management System (eCMS) in Austin. The IFCAP application will reject any 2237 forwarded to eCMS with no Requesting Service (Requesting Service is blank (null)). The field is required for 2237s being sent to eCMS. The Accountable Officer will receive a MailMan message advising that the 2237 must be Returned to the Service for editing by the Control Point User. The CP user will need to edit the 2237 to populate the Requesting Service field and reapprove the 2237. The Accountable Officer will then be able to process the 2237 and send it to eCMS.

Example of this Error Message:

```
SUBJ: TRANSMISSION FAILURE FOR 2237 999-12-4-911-0022  [#402930] 08/07/12@11:59
8 LINE
FROM: IFCAP TO ECMS INTERFACE IN 'IN' BASKET. PAGE 1
-----
      RETURN 2237 TO CONTROL POINT FOR EDIT AND RE-APPROVAL!

STATION 999
2237 TRANSMISSION TO ECMS FAILED AUG 07, 2012@11:59:46
```

999-12-4-911-0022

AN ERROR OCCURRED WHEN TRANSMITTING THE 2237 TRANSACTION TO ECMS.

ERROR: FIELD REQUESTING SERVICE IS MISSING

OPTION: PROCESS A REQUEST IN PPM

ENTER MESSAGE ACTION (IN IN BASKET): IGNORE//

## GLOSSARY

Item / Acronym	Description
1358	VA Form 1358, Estimated Obligation or Change in Obligation.
2138	VA Form 90-2138, Order for Supplies or Services.
2139	VA Form 90-2139, Order for Supplies or Services (Continuation). This is a continuation sheet for the 2138 form.
2237	VA Form 90-2237, Request, Turn-in and Receipt for Property or Services.
A&MM	Acquisition and MatMYTOWNI Management Service.
AACS	Automated Allotment Control System--Central computer system developed by VHA to disburse funding from VACO to field stations.
Accounting Technician	Fiscal employee responsible for obligation and payment of received goods and services.
Activity Code	The last two digits of the AACS number. It is defined by each station.
Allowance table	Reference table in FMS that provides financial information at the level immediately above the AACS, or sub-allowance level.
AMIS	Automated Management Information System.
AITC	Austin Information Technology Center hosts many different VA systems.
Authorization	A charge to an obligated 1358. Each authorization represents a deduction from the balance of a 1358 to cover an expense. Authorizations are useful when you have expenses from more than one vendor for a single 1358.
Authorization Balance	The amount of money remaining that can be authorized against the 1358. The service balance minus total authorizations.
Budget Analyst	Fiscal employee responsible for distributing and transferring funds.
Budget Object Code	Fiscal accounting element that tells what kind of item or service is being procured. Budget object codes replace sub accounts in IFCAP 5.1. Budget object codes are listed in the left column of MP4 Part V, Appendix B-1.
Ceiling Transactions	Funding distributed from Fiscal Service to IFCAP Control Points for spending.
Control Point	Financial element, existing ONLY in IFCAP that corresponds to the ACCS number in FMS.

Control Point Requestor	The lowest level Control Point user, who can only enter temporary requests (2237s, 1358s) to a Control Point. The users can only view or edit their own requests. A Control Point Clerk or Official must make these requests permanent before they can be approved and transmitted to A&MM.
Cost Center	“Subsection” of a Fund Control Point. Cost centers allow fiscal staff to create total expense reports for a section or service, and allow requestors to assign requests to that section or service. Cost centers are listed in the left column of MP-4 Part V, Appendix B-1.
Date Committed	The date that you want IFCAP to commit funds to the purchase.
Deficiency	When a budget has obligated and expended more than it was funded (see MP-4, Part V Section C).
eCMS	Electronic Contract Management System (eCMS) located at the Austin Information Technology Center (AIRC).
Fiscal Balance	The amount of money on a 1358 and any adjustments to that 1358 that have been obligated by Fiscal Service. This amount is reduced by any liquidation submitted against the obligation.
Fiscal Quarter	The fiscal year is broken into four three-month quarters. The first fiscal quarter begins on October 1.
Fiscal Year	Twelve-month period from October 1 to September 30.
FMS	Financial Management System, which has replaced CALM as the primary accounting system for administrative appropriations. FMS has a comprehensive database that provides for flexible on-line and/or batch processing, ad-hoc reporting, interactive query capability and extensive security. FMS is concerned with budget execution, general ledger, funds control, accounts receivable, accounts payable and cost accounting.
FOB	Freight on Board. An FOB of "Destination" means that the vendor has included shipping costs in the invoice, and no shipping charges are due when the shipper arrives at the warehouse with the item. An FOB of "Origin" means that shipping charges are due to the shipper, and must be paid when the shipper arrives at the warehouse with the item.

FTEE	Full Time Employee Equivalent. An FTEE of 1 stands for 1 fiscal year of full-time employment. This number is used to measure workforces. A part-time employee that worked half days for a year would be assigned an FTEE of 0.5, as would a full-time employee that worked for half of a year.
Fund Control Point Justification	CALM accounting element that is not used by FMS. A written explanation of why the Control Point requires the items requested. Adequate justification must be given if the goods are being requested from other than a mandatory source.
ISMS	Integrated Supply Management System.
Liquidation	The amount of money on the invoice from the vendor for the authorization. They are processed through payment/invoice tracking.
OA&L	Office of Acquisitions and Logistics.
Obligation Number	The C prefix number that Fiscal Service assigns to the 1358.
Organization Code	Accounting element functionally comparable to Cost Center, but used to organize purchases by the budget that funded them, not the purposes for spending the funds.
PAID	Paid Accounting Integrated Data.
Partial Date	The date that a warehouse clerk created a receiving report for a shipment.
Program Code	Accounting element that identifies the VA initiative or program that the purchase will support.
Purchase Order	A government document authorizing the purchase of the goods or services at the terms indicated.
Purchasing Agents	A&MM employees legally empowered to purchase goods and services from commercial vendors.
Receiving Report	Report that Warehouse Clerk creates to record that the warehouse has received an item.
Requestor	See "Control Point Requestor."
Requisition	An order from a Government vendor.
Service Balance	The amount of money on the on the original 1358 and any adjustments to that 1358 when created by that service in their Fund Control Point. This amount is reduced by any authorizations created by the service.
SF-18	Request for Quotation.
SF-30	Amendment of Solicitation/Modification of Contract.
Sort Order	The order in which the budget categories will appear on the budget distribution reports.

Sub-cost Center	A subcategory of Cost Center. In IFCAP 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.
Sub-control Point	A specific budget within a Control Point, defined by a Control Point user.
TDA	Transfer of Disbursing Authority. A sequential number Central Office assigns to each funding it gives to your station. The first funding they give you in the fiscal year is TDA number 1, the second funding they give you is TDA number 2, etc.
Total Authorizations	The total amount of the authorizations created for the 1358 obligation.
Total Liquidations	The total amount of the liquidation against the 1358 obligation.
Transaction Number	The number of the transaction that funded a Control Point (See Budget Analyst User's Guide)
Vendor file	An IFCAP file of vendors solicited by the facility. This file contains ordering and billing addresses, contract information, FPDS information and telephone numbers. File 440 contains information about the vendors solicited by your station. The debtor's address may be drawn from this file, but is maintained separately. If the desired vendor is not in the file, contact A&MM Service to have it added.
VRQ	FMS Vendor Request document. When users in IFCAP create a new Vendor record or edit an existing record a VRQ message is sent to the FMS system at the AITC.
VUP	Vendor Update document. FMS responds to a VRQ by sending a VUP message back to IFCAP. The VUP contains the FMS vendor information ( i.e. Address data, FMS Code and Alternate-Address-Indicator), ensuring that the information in the IFCAP vendor file matches the information in the FMS vendor table.
