Version 5.1

October 2000

Revised August 2018

Department of Veterans Affairs
Office of Information and Technology
Enterprise Program Management Office (EPMO)

Revision History

Initiated on 12/29/04

Date	Revision	Description	Author(s)
August 2018	9.2	Patch XU*8.0*679. Added note regarding Electronic Signature Block restrictions. Page 3-10 .	REDACTED, PM REDACTED, TW
May 2016	9.1	Patch PRC*5.1*184. Corrected ADJUSTMENT \$ AMOUNT wording. Page 9-93.	REDACTED, PM REDACTED, TW REDACTED, SME
January 2014	9.0	Patch PRC*5.1*174 (IFCAP/eCMS Interface) <ul style="list-style-type: none"> • 3.3.3 – updated “Table 3-2 Menu Option / Security List” with Transaction Report – eCMS/IFCAP menu option. • 4.1 – Figure 4-1, removed Enter/Edit Control Point User option. • 4.1 – removed Enter/Edit Control Point User option description text. • 5.2.2 – added a “Note: ...the Control Point Clerk may encounter missing required fields when converting a temporary request to a 2237 transaction. The Clerk will be advised of the missing field(s) and be allowed to edit the new 2237 and populate the required fields...” • 5.2.3 – updated “Figure 5.3 with “If the 2237 has any required fields that are not populated – the User will not be prompted to set the Ready for approval flag to YES. All required fields must be populated before the 2237 can be moved to the Official for Approval.” • 6.1.1 – updated Setup Parameters • 6.1.2 – updated screen capture • 6.1.3 – updated screen capture • 6.1.4 – updated screen capture • 6.1.5 – deleted 6.1.5 Record Type Help Text and replaced with 6.1.5 Report Example • 8.2.3 – updated/added Status and Node Assignments • 9.3.1.2 – replaced “Sent to eCMS” with “Accepted by eCMS” • 9.3.3.2 – replaced “Sent to eCMS” with “Accepted by eCMS” • 9.4.1.3- changed Note text to identify as required field. 	REDACTED, PM; REDACTED, SME; REDACTED, Writer

Date	Revision	Description	Author(s)
		<ul style="list-style-type: none"> 9.4.1.5 – added “NOTE: Description is now a Required field on all 2237s.” An item description is now required. 9.4.1.8 – added “NOTE: You will not be prompted to set this request to YES if there is a Required field that is not populated.” 9.4.3.1 – changed sentence from “Use this option to print or display a request.” to “Use this option to print or display a 2237 or a temporary request.” 9.4.3.2 – replaced “Sent to eCMS” with “Accepted by eCMS” 9.4.4 – replaced “Use this option to correct the fiscal year or fiscal quarter of the order...” with “Use this option to correct the fiscal year or fiscal quarter of the 2237...” 9.4.4.2 – replace “IFCAP will change the transaction number and show you the new transaction number. IFCAP will give you another chance to edit the request, and show... with “IFCAP will create a duplicate 2237 with a new transaction number - Cancel the original 2237 transaction - and give you the chance to edit the new 2237 request. If there are Required fields that are not populated – you will be prompted to enter the required data. You will be shown... After “You will be shown the current Control Point balance, the estimated cost of the request, and the total uncommitted balance from current and prior quarters.” Add the following sentence: “If any of the required fields are not populated IFCAP will not ask if the 2237 is ready for Approval.” 9.4.4.2 – Figure 9.63 - Edit Data: Updated screen capture to show the original transaction cancelled and the new transaction checked to ensure that all Required fields are populated.” 9.4.5.1- replaced Sent to eCMS with Accepted by eCMS 9.4.5.2 –added “NOTE: When an IFCAP User cancels a 2237, the Name of the User and the Date/Time of the cancellation are now stored in the 2237 record in the Control Point Activity file (#410).” 9.4.8.2 –new screen capture and replaced “Sent to eCMS” with “Accepted by eCMS”. 9.4.8.3 – replaced fiscal year prompt “Select 	

Date	Revision	Description	Author(s)
		<p>FISCAL YEAR: 94//” with “Select FISCAL YEAR: 13//”</p> <ul style="list-style-type: none"> 9.4.8.4 - replace “The form type for this request is; ISSUE BOOK/INTERVAL ISSUE//” with “The form type for this request is: REPETITIVE & NON-REPETITIVE”. Added note about new Required field. 9.4.8.5 – added “NOTE: If any of the Required fields are not populated, you will not be able to set the request to YES ready for Control Point Official approval.” Also added new screen capture for special remarks. 9.4.8.5 – Added note re. required fields. 	
September 2013	8.0	Patch PRC*5.1*171. Removed Chapter 5, renumbered subsequent chapters. Removed option Enter/Edit Control Point Users from menus.	REDACTED, PM REDACTED, TW REDACTED, SME
September 2012	7.0	<p>Patch PRC*5.1*167 (eCMS Interface to IFCAP) updates:</p> <ul style="list-style-type: none"> Updated menu options and commands in chapters 7 and 13. Conducted general editorial review. Chapter 7 – Pg 7-1 Added a statement that this report only lists transactions that have been returned by eCMS. 10.4.5.1 – pg 10-55, updated second Note: box – warns CP Official to not cancel transaction that has been sent to eCMS. Control Point Official may not be able to cancel any transactions after it has been sent to Supply & Fiscal (Signed/approved by FCP Official) unless it is returned to the FCP. 13.1 – pg 13-1, Deleted “A new Status, “To IFCAP Ordering Officer,” is placed on the 2237 and an IFCAP Purchasing Agent may include the 2237 in a Purchase Order or if appropriate, a Requisition Clerk can include the 2237 in a Requisition.” 13.3 – Pg 13-2, Added comment about making the determination to cancel in conjunction with the FCP user. The eCMS user absolutely should not make this decision unilaterally. Added “After communicating with the FCP User an eCMS user may decide...” 	REDACTED, PM; REDACTED, SME; REDACTED, SME REDACTED, Ed.
October 2011	6.0	Patch PRC*5.1*158 Modification of title for IFCAP	REDACTED, PM REDACTED, TW

Date	Revision	Description	Author(s)
		VA Form 1358. See pages 6-3 , 9-27 , 9-84 , 13-1 .	
01/05/11	5.0	Addresses changes made in support of Segregation of Duties patch PRC*5.1*148 See: 9.5.1.3, 9.5.1.7. Removed references to the Obligation Data option.	REDACTED
3/05/2008	4.0	Added documentation about new menu option PRCHPM CS PURGE ALL	REDACTED
05/31/07	3.0	Added information covering the use of the Logistics Data Query Tool (LDQT), per patch PRC*5.1*103.	REDACTED
02/06/06	2.0	Added New option, Print Obligated 1358s, per patch PRC*5.1*79.	REDACTED
12/29/04	1.1	PDF file checked for accessibility to readers with disabilities.	REDACTED
12/29/04	1.0	Updated to comply with SOP 192-352 Displaying Sensitive Data.	REDACTED

Preface

This guide is designed to provide you, the Control Point Official, with the information necessary to perform your job. The IFCAP package automated certain functions in Acquisition and MatMYTOWN! Management (A&MM), Fiscal Service, and in all of the services that request supplies and services on Veterans Affairs (VA) Form 90-2237. The goal of IFCAP is to integrate these three areas and allow users to share procurement information. IFCAP has the following components or “modules.”

- **FUNDS DISTRIBUTION** allows Fiscal Service to establish Fund Control Points and track funding for budget purposes.
- **CONTROL POINT ACTIVITY** automates the preparation of requests, the electronic transmission of requests to A&MM and Fiscal services, and the bookkeeping processes within a service.
- **PROCUREMENT** allows A&MM to transfer IFCAP-generated requests onto purchase orders and requisitions, process receiving documents in the warehouse, and create and transmit code sheets to Austin.
- **ACCOUNTING** automates the creation of code sheets, handles the processing of certified invoices, and facilitates the electronic transmission of code sheets and receiving documents to the Financial Management System (FMS) located in Austin, Texas. In addition, IFCAP transfers obligation information back to the Control Point and updates the Control Point balance automatically.
- **INVENTORY** permits services to maintain their own on-line inventory and establish an average stock level, record the distribution of goods to secondary location(s), and automatically generate IFCAP requests for replenishment purposes. Secondary locations may maintain their own inventory.
- **RFQ** enables the Purchasing Agent (PA) to create a Request for Quotation (RFQ), evaluate bids, award the order, and generate the purchase order. Using IFCAP and the Electronic Data Interchange (EDI) functionality in Austin, the PA can electronically send the RFQ to one or more vendors and receive their bids electronically
- **PURCHASE CARD** permits users at the Service-level and in A&MM to generate purchase orders against assigned credit card(s). Charges are passed electronically from the Austin Credit Card System (CCS) to IFCAP and users reconcile payments with IFCAP Purchase Orders. The assigned Approving Official then approves reconciled orders. The local IFCAP Purchase Card Registration file is maintained by the station designated Purchase Card Coordinator. Reconciled orders are then approved by assigned Approving Officials. There are many reports that provide data on the status of the purchase card orders and timeliness of the reconciliation and approval processes.
- **DELIVERY ORDERS** permits users to generate purchase orders for contract items at the Service-level. Using switches that are site configurable, orders can bypass Fiscal and be obligated at time of signing by Service-level staff.

Table of Contents

Revision History	ii
Preface.....	vi
Table of Contents	viii
Chapter 1. Introduction.....	1-1
1.1 The Role of the Control Point Official	1-1
1.1 How to Use This Guide.....	1-1
1.1.1 Hypertext and Hyperlinks	1-2
1.1.2 Procedure Steps.....	1-2
1.1.3 Typographical Conventions	1-3
1.2 FileMan Date Conventions.....	1-4
Chapter 2. The Role of the Control Point Official.....	2-1
2.1 Control Point Official Responsibilities.....	2-1
2.2 References.....	2-1
2.2.1 The IFCAP Monograph.....	2-1
2.2.2 The IFCAP User's Guide SMYTOWNs	2-1
2.2.3 Other Documentation	2-5
Chapter 3. System Security	3-1
3.1 Security Levels	3-1
3.2 System Access.....	3-1
3.3 Menus and Security Keys.....	3-1
3.3.1 Menus.....	3-2
3.3.2 Security Keys	3-2
3.3.3 Security Keys/Mail Groups	3-2
3.4 Electronic Signature Codes.....	3-8
3.4.1 Changing Your Electronic Signature Code	3-9
Chapter 4. Operation.....	4-1
4.1 IFCAP Control Point Official Menu	4-1
4.2 Using IFCAP Files	4-2
4.3 The Financial Management System	4-2
4.3.1 Sub-Allowance Reconciliation.....	4-2
4.3.2 Rollover of Funds from Previous Quarters	4-3
4.3.3 Amendment Processing.....	4-3
Chapter 5. Approve or Reject a Request	5-1
5.1 Introduction.....	5-1
5.2 Convert a Temporary 2237 Request	5-1
5.2.1 Menu Path	5-1
5.2.2 Select Temporary 2237 Transaction.....	5-1
5.2.3 Edit Data on the 2237 Transaction	5-3

5.3 Change a Temporary 1358 Transaction	5-3
5.3.1 Select Temporary 1358 Transaction.....	5-3
5.3.2 Edit Data on the 1358 Transaction	5-5
5.4 Reject a Request.....	5-6
5.4.1 Menu Path	5-6
5.4.2 Select Transaction Number	5-6
5.4.3 Notify the Requestor	5-8
5.5 Approve a 2237 Request.....	5-8
5.5.1 Menu Path	5-9
5.5.2 Select a Transaction	5-9
5.6 Approve a 1358 Request.....	5-10
5.6.1 Menu Path	5-10
5.6.2 Select a 1358 Transaction	5-10
Chapter 6. Transaction Report - IFCAP/eCMS	6-1
6.1 Menu Navigation.....	6-1
6.1.1 Setup Parameters	6-1
6.1.2 Date Range Help Text.....	6-2
6.1.3 Station Number Help Text	6-2
6.1.4 Fund Control Point Help Text.....	6-3
6.1.5 Report Example.....	6-4
Chapter 7. How to Monitor Your Control Point Balance	7-1
7.1 Introduction.....	7-1
7.2 Monitor the Balance of Your Control Point	7-1
7.2.1 Setup Parameters	7-1
7.2.2 Report Parameters	7-2
7.2.3 Transaction Listing.....	7-2
7.2.4 FMS Transaction Listing.....	7-3
Chapter 8. How to Determine the Status of a Request.....	8-1
8.1 Introduction.....	8-1
8.2 Determine the Status of a Transaction.....	8-1
8.2.1 Menu Path	8-1
8.2.2 Display	8-1
8.2.3 Status	8-2
Chapter 9. Supplemental Control Point Official Options.....	9-1
9.1 Introduction.....	9-1
9.2 Options in the Funds Control Menu	9-1
9.2.1 Enter FCP Adjustment Data	9-1
9.2.2 Assign Ceiling to Sub-Control Points	9-4
9.2.3 Recalculate Fund Control Point Balance.....	9-6

Table of Contents

9.2.4 Options in the Funds Control Reports Menu.....	9-7
9.2.5 Correct Sub-Control Point Amounts	9-30
9.3 Options in the Status of Requests Reports Menu.....	9-32
9.3.1 Print/Display Request Form	9-32
9.3.2 Status of All Obligation Transactions	9-34
9.3.3 PO with Associated Transactions	9-36
9.3.4 Requests Ready for Approval List	9-39
9.4 Options in the Process a Request Menu.....	9-41
9.4.1 New 2237 (Service) Request	9-41
9.4.2 Edit a 2237 (Service).....	9-47
9.4.3 Print/Display Request Form	9-52
9.4.4 Change Existing Transaction Number.....	9-54
9.4.5 Cancel Transaction with Permanent Number.....	9-58
9.4.6 Options in the Requestor's Menu	9-61
9.4.7 Options in the Repetitive Item List Menu	9-61
9.4.8 Copy a Transaction.....	9-73
9.4.9 Item Display	9-77
9.4.10 Vendor Display	9-80
9.4.11 Outstanding Approved Requests Report	9-82
9.5 Options in the 1358 Request Menu.....	9-84
9.5.1 New 1358 Request	9-84
9.5.2 Increase/Decrease Adjustment	9-90
9.5.3 Edit 1358 Request	9-94
9.5.4 Create/Edit Authorization	9-97
9.5.5 Daily Activity Enter/Edit	9-101
9.5.6 Recalculate 1358 Balance	9-104
9.5.7 Display 1358 Balance.....	9-106
9.5.8 List 1358's with Open Authorizations	9-108
9.5.9 Print 1358.....	9-110
9.5.10 Obligated 1358s	9-114
9.6 Options in the Display Control Point Activity Menu.....	9-115
9.6.1 Purchase Order Status	9-115
9.6.2 Temporary Transaction Listing	9-117
9.6.3 Transaction Status Report	9-118
9.6.4 Running Balances.....	9-121
9.6.5 Item History	9-123
9.6.6 PPM Status of Transactions Report.....	9-124
9.7 Options in the Record Date Received by Service Menu	9-126
9.7.1 Single Transaction.....	9-126
9.7.2 All Transactions with Final Partial's	9-127
Chapter 10. The Logistics Data Query Tool.....	10-1
Chapter 11. Menu Listing	11-1
Chapter 12. IFCAP/eCMS Interface (2237 Processing).....	12-1

12.1 2237 Returned to Accountable Officer from eCMS.....	12-1
12.1.1 MailMan Message – 2237 Returned to AO.....	12-1
12.2 2237 Returned to Control Point Users	12-1
12.2.1 MailMan Message: Return 2237 to Control Point.....	12-2
12.3 2237 Cancelled in IFCAP by eCMS	12-2
12.3.1 MailMan Message: Cancel 2237	12-3

Chapter 1. Introduction

1.1 The Role of the Control Point Official

You have been selected as an Integrated Funds Distribution, Control Point Activity, Accounting, and Procurement (IFCAP) Control Point Official. You probably have many questions about your new role and are eager for information. The *Control Point Official User's Guide* will provide you with guidance and training for your new responsibilities.

Control Point Officials approve requests, reconcile the financial records of their Control Point, and authorize users to be Requestors, Control Point Clerks, or Control Point Officials for the Control Point. As Control Point Requestors create requests, Control Point Clerks turn their requests into transactions, which the Control Point Official rejects or approves and sends to Personal Property Management (PPM) or Fiscal Service, who orders the goods or services, and obligates (sets aside) money for the purchase.

This guide will teach you how to use IFCAP to approve and reject requests, monitor the balance of your Control Point and determine the status of a request.

1.1 How to Use This Guide

This guide explains how to perform the role of the Control Point Official by dividing that role into small, manageable tasks. The authors of this guide have listed these tasks in successive order so that each instruction builds on the functionality and information from the previous instructions. This will allow new Control Point Officials to use this guide as a tutorial by following the instructions from beginning to end. ExpMYTOWNced Control Point Officials can use this guide as a reference tool by using the index and table of contents.

Before you plunge into learning about your job as Control Point Official, please take a few moments to familiarize yourself with how this guide is put together.

- STEP 1.** Read all of Chapter 1. It explains how to interpret the graphics and typestyles used in this guide.
- STEP 2.** If this is your first exposure to using Vista, you should become familiar with terminology and functions that are used throughout Vista applications. There are several manuals and guides that provide a foundation for use of *Kernel*, *FileMan*, and *MailMan* (see [Glossary](#)). These documents replace the old *DHCP User's Guide to Computing*, which is obsolete. You will find these at:
 - Kernel:* <http://www.va.gov/vdl/application.asp?appid=10>
 - FileMan:* <http://www.va.gov/vdl/application.asp?appid=5>
 - MailMan:* <http://www.va.gov/vdl/application.asp?appid=15>
- STEP 3.** Read the remainder of this guide.

1.1.1 Hypertext and Hyperlinks

This document contains “hypertext” that provides links to other parts of this document or to other related documents. Hypertext is a computer-based text retrieval system that enables you to access particular locations in electronic documents by clicking on hyperlinks in those documents. If you are viewing this document on your computer screen (as opposed to reading a printed copy), you will find certain hyperlinked words or phrases.

- An internal or “cross-reference” hyperlink allows you to “jump” to another part of this document. Typically, these hyperlinks will be imbedded in sentences like “See the IFCAP Glossary in [Chapter 14](#).” Although such internal cross-references may not be shown in blue, if you move your mouse over such phrases, a pop-up box will display the link, like this:

If you have the Web toolbar enabled in your copy of Word, just click the back  icon on the toolbar to return to where you jumped from.

- Another kind of internal hyperlink uses “bookmarks” to direct you to other locations in this document. These are normally presented in a [blue font](#). Again, click the back  icon on the toolbar to return to the point where you jumped from.

Links to web pages or Internet sites should open in your web browser (typically *Internet Explorer*®). Use the browser’s “back” button to return to this document. Since *Internet Explorer* and *Word* are both Microsoft products, do *not* close the browser window, since this may (under certain circumstances) also close this document.

- Links to some external documents (for example, other Word documents) may (depending on your system settings) open in Word. Such links are also usually presented in a [blue font](#). For example, note the shortcut graphic with blue hyperlink to the other online documents shown in the boxed note below. Use the back  icon on the menu bar to return to where you jumped from.

In either case, you may click (or, depending on your computer’s operating system or software version, you may have to hold down the <Ctrl> key while clicking) on the link to see the other document or move to the specified place in this document.

1.1.2 Procedure Steps

Procedures that you perform in an exact order will list the steps involved. Look for **STEP** numbers as in the following samples:

- STEP 1.** Select the FMS Exception option.
- STEP 2.** Enter the latest date that you want to retain entries. IFCAP will delete all entries recorded before that retention date.

There are also paragraphs that simply discuss a process. In these instances, you do not need to perform any process discussed using a particular order.

1.1.3 Typographical Conventions

This guide uses a few conventions to help identify, clarify, or emphasize information.

- **Type:** The word “type” is used in this guide to mean straightforward typing at your terminal keyboard.
- **Keys:** In this guide, computer keys that you press, but which do not result in words appearing on your screen, are represented inside <angle brackets> using the Courier New font (examples: <Ctrl>+<S>, <Enter>).
- **<Enter>:** The term <Enter> is used to indicate that you must send whatever you have been typing on your keyboard to the computer. When you have completed typing your response, you send it to the computer by pressing the return or enter key once.
- **Emphasis:** Italic text (such as *must* or *not*) is used to emphasize or draw your attention to a situation or process to perform. Pay close attention to statements containing italic text.
- **Program and Utility Names:** Names of software programs and utilities appear in bold type (like **FileMan**).
- **Menus, Options, File and Field Names:** Names of menus, menu options, files, and similar items are shown in the Courier New font (as in “Select the FMS Exception option”).
- **Alert Icons:** Whenever you need to be aware of something important or informative, the Guide will display a boxed note with an icon to alert you; icons are shown in Table 1-1. Look for these icons in the left and right margins of the document.

Table 1-1. 12Icons Used in Boxed Notes

Icon	Meaning	Icon
	Warning: Something that could adversely affect your use of the Query Tool or of the material available in the IFCAP databases.	
	Tip: Advice on how to more easily navigate or use the Guide or the software.	
	Information: or Note: Additional information that might be helpful to you or something you need to know about, but which is not critical to understanding or use of the software.	
	Technical Note: Information primarily of interest to software developers, IRM or Enterprise Vista Support (EVS) personnel. Most users can usually safely ignore such notes.	

Icon	Meaning	Icon
 	Question: A question that might come to your mind (hopefully, followed by an Answer!)	 

1.2 FileMan Date Conventions

Throughout the guide, *FileMan* date conventions have been used. A date-valued response can be entered in a variety of ways. The following is a typical help prompt for a date field:

Examples of Valid Dates:

JAN 20 1957 or 20 JAN 57 or 1/20/57 or 012057
 T (for TODAY), T+1 (for TOMORROW), T+2, T+7, etc.
 T-1 (for YESTERDAY), T-3W (for 3 WEEKS AGO), etc.
 If the year is omitted, the computer uses CURRENT YEAR. Two digit year
 assumes no more than 20 years in the future, or 80 years in the past.

Note: If you do not specify the year when you enter a date, IFCAP will assume that you are referring to the current calendar year. This could cause some confusion around the fiscal year turnover period when you are more likely to be entering dates for next year (when the current Fiscal Year is the same as the next Calendar Year).

Chapter 2. The Role of the Control Point Official

2.1 Control Point Official Responsibilities

As a Control Point Official, you may create, edit and approve requests assigned to a Control Point you are authorized to use. To use a Control Point, the Control Point Official for that Control Point has to provide access. If a user's access is limited to the Control Point Requestor or Control Point Clerk level, IFCAP will require the Control Point Official to approve all transactions that user creates before transmitting them to Personal Property Management (2237s and Issue Book requests) or Accounting (1358s). This is because the Control Point Official is responsible for approving all expenditures to the Control Point.

2.2 References

2.2.1 The IFCAP Monograph

To get an overview of what IFCAP is all about, you might want to take a look at the IFCAP Monograph. It's available via a separate link near the top of the VDL page (just above the table which lists the other documents) or via this link:

http://www.va.gov/VistA_MONOGRAPH/index.asp

2.2.2 The IFCAP User's Guide SMYTOWNS

The sMYTOWNS of IFCAP User's Guides was designed to follow the functions which IFCAP provides and the "roles" which users play at various times within IFCAP. Consequently, these guides are known as "role-based" guides. The person performing a given role may or may not actually hold the position title indicated in the guide—but within IFCAP, that person carries out the duties associated with the role that is being performed.

Table 2-1 lists the documentation you may need when performing Application Coordinator functions. The listed documents are available online at the Vista Document Library (VDL):

<http://www.va.gov/vdl/application.asp?appid=42>

Table 2-1. IFCAP User's Guides

Guide Name	Description and Use
Accounting Technician User's Guide	Provides the information needed to process an obligation, receiving report or amendment using IFCAP. In addition, it shows how to create or edit FMS documents that will be transmitted to FMS. All Accounting Technicians at your facility should be given a copy of the <i>Accounting Technician Manual</i> .
Application Coordinator User's Guide	Provides guidance to Application Coordinators when implementing IFCAP at a facility. This guide also contains information on options permitting Application Coordinators to enter the station address, common PAT numbering sMYTOWNs, and the proper printer locations used by all IFCAP users.
Budget Analyst User's Guide	This guide is used by the Budget Analyst, generally a person in Fiscal Service. It describes how to enter the Ceiling Transactions that fund all Control Points. The Fiscal employee responsible for processing Transfers of Disbursing Authority (TDAs) and assigning ceilings to Control Points should be given a copy of the <i>Budget Analyst User's Guide</i> .
Control Point Clerk User's Guide	This guide is used by those individuals who are responsible for creating requests (2237s, 1358s, etc.) that will be approved by their Control Point Official. The Control Point Clerks at your facility should be given a copy of the <i>Control Point Clerk User's Guide</i> and the <i>Control Point Requestor User's Guide</i> .
Control Point Official User's Guide	This guide should be given to those individuals responsible for the management of Fund Control Point money. These users have been designated the authority to approve requests for goods and services. There may be more than one Control Point Official for a Funds Control Point. This guide briefly covers those options used exclusively by the Control Point Official, including Approve Requests and Enter/Edit Control Point Users. In most cases, the Control Point Official is only concerned with approving requests. The other options that make up the Control Point Official's menu are discussed in the Control Point Clerk's guide. The Control Point Officials at your facility should be given a copy of the <i>Control Point Official User's Guide</i> , the <i>Control Point Clerk User's Guide</i> , and the <i>Control Point Requestor User's Guide</i> .
Control Point Requestor User's Guide	This guide is used by those individuals that create temporary requests (2237s, 1358s, etc.) but do not have access to the Control Point balance. The Requestors at your facility should be given a copy of the <i>Control Point Requestor User's Guide</i> .
Delivery Order User's Guide	This guide contains the functionality to permit Service level staff to generate orders for contracted items and depending on switch settings at the site to obligate them without passing them through Fiscal service. A

Guide Name	Description and Use
	copy of this guide should be provided to those staff members who are going to place orders for contract items.
Generic Inventory User's Guide	<p>This guide describes the full functionality of the IFCAP Inventory system, which includes a warehouse; primary inventories that may or may not maintain a perpetual inventory; and secondary inventories (created by a primary), also maintaining perpetual inventory. The options also are included to control a dependent inventory point from the warehouse (Issue Book Processing option) or from the primary inventory (Stock Item Distribution Menu). While the warehouse, primary and secondary inventory are separate parts of the inventory system, the menu options for controlling stock in all three are identical in most respects. The differences lie in the stock request, stock distribution, and management functions.</p> <p><i>See also the Point of Use Manual</i> http://www.va.gov/vdl/application.asp?appid=42).</p>
PPM Accountable Officer User's Guide	This guide describes the options that may be used by the Accountable Officer, Requisition Clerk, Warehouse staff and other PPM employees.
Purchase Card User's Guide	This guide contains the full functionality to enable the site Card Coordinator to maintain the Registration file for Purchase Cards. It also contains the functionality for Service level and A&MM staff to create purchase card orders which will be charged against assigned credit cards and reconciled against the charges received from the Austin Credit Card System (CCS). It also contains functionality for designated Approving Officials to approve a reconciliation done by a cardholder. All staff placing orders using government credit cards and their designated approving officials should be given a copy of this guide. A copy of the Coordinators part of the guide should be given to the person designated as the site Purchase Card Coordinator.
Purchasing Agent User's Guide	This guide describes the options used to create, edit and display a Purchase Order, a Vendor, or an Item purchased on a repetitive basis. It contains the options that enable the Purchasing Agent (PA) to generate and process Requests for Quotation. In addition, the guide provides information concerning the printing of various management reports. The PAs at your facility should be given a copy of the <i>Purchasing Agent User's Guide</i> .
Requirements Analyst User's Guide	This guide provides guidance for options used by the Requirements Analyst under the Personal Property Management (PPM) section of the Acquisition and MatMYTOWN Management (A&MM). Service. These options are used to process requests and requisitions for Supply Fund and to create code sheets.
Requisition Clerk User's Guide	This guide provides guidance for options used by Personal Property Management (PPM) personnel who process requisitions and Integrated Supply Management System (ISMS) / General Services Administration (GSA) / Defense Logistics Agency (DLA) code sheets.

Guide Name	Description and Use
Voucher Audit Clerk User's Guide	This guide explains how to use the options in the Payment/Invoice Tracking Menu of the IFCAP System to build and maintain an invoice tracking system. The Voucher Audit Clerk inspects invoices, maintains invoice records, and records and/or edits payment information.
Warehouse Clerk User's Guide	This guide describes the process of receiving goods on the IFCAP system. All warehouse staff at your facility should be given a copy of the Warehouse Guide.

2.2.3 Other Documentation

Other documentation is available. These documents are listed in Table 2-2.

Table 2-2. Other IFCAP Documentation

Manual or Guide Name	Description and Use
Point of Use Manual	This guide describes the set up and functionality related to interfacing the inventory in a Secondary Inventory Point such as on a ward with an automated supply station. It supplements—but does not replace—the <i>Generic Inventory User's Guide</i> . It's useful to programmers, site managers, and IRM technical staff setting up or maintaining the point of use interface. It is also useful to all Acquisition & MatMYTOWNI Management (A&MM) personnel utilizing GIP.
Logistics Data Query Tool User Manual	Provides information about the <i>Logistics Data Query Tool</i> . This manual is for users specifically designated to use this program.
DynaMed-IFCAP Implementation Guide	Describes the interface between <i>DynaMed</i> ® (a commercial, off-the-shelf software package) and IFCAP. As of Oct. 2010, at Bay Pines VAMC <i>only</i> , <i>DynaMed</i> is used to control inventory.
Package Security Guide	Specifies parameters controlling the release of sensitive information related to IFCAP.
Release Notes and Installation Guide	Provides information on how to install the latest version of IFCAP at a site.
Technical Manual	Provides technical information about the IFCAP package, including information to assist programmers, site managers, and Information Resources Management (IRM) technical personnel to operate, maintain, and troubleshoot IFCAP software.

Manual or Guide Name	Description and Use
DHCP User's Guide to Computing (obsolete)	<p>There are several manuals and guides that provide a foundation for use of <i>Kernel</i>, <i>FileMan</i>, and <i>MailMan</i> (see Glossary). These documents replace the old <i>DHCP User's Guide to Computing</i>, which is obsolete. You will find these at:</p> <p><i>Kernel:</i> http://www.va.gov/vdl/application.asp?appid=10 <i>FileMan:</i> http://www.va.gov/vdl/application.asp?appid=5 <i>MailMan:</i> http://www.va.gov/vdl/application.asp?appid=15</p>

Chapter 3. System Security

3.1 Security Levels

IFCAP operates with three distinct levels of security:

- System Access
- Menus and Security Keys
- Electronic Signature Codes

This chapter of the guide discusses these three levels.

IFCAP has levels of security for all users. For instance, many of the areas require that a user gain access via a security key (assigned by an Application Coordinator, Site Manager, or IRM, depending on protocol). Your electronic signature code is one of the measures used to authenticate approval.

3.2 System Access

The same system of access currently in operation for all VistA applications at your medical center applies to IFCAP. The Site Manager or Application Coordinator must assign an access code to a user. Additionally, a verify code must be assigned or entered by the user. The access and verify code pair afford access to the VistA system. If the user fails to enter the proper set of codes in two or three attempts (the number of attempts is determined by the site), the terminal will lock and further efforts will not be allowed.

As a security measure, the system periodically requires verify codes be changed as defined by system site parameters. The verify code may also be changed at any time by the user, (i.e., when an access or verify code may have been compromised).

Since access and verify codes cannot be viewed on the screen and are encrypted, these codes are safeguarded against exposure and possible use by unauthorized personnel.

3.3 Menus and Security Keys

After a user enters the proper access and verify codes, IFCAP will display a menu. The menu presents *only* those options that a user has been assigned (security keys are the method by which a user may access certain options).

3.3.1 Menus

IFCAP uses standard menus to organize the various IFCAP options around the activities of specific job-related positions. For instance, only Control Point Officials will have the Approve Requests option on their standard job-related menu if they have been given the PRCSCPO security key.

The Site Manager has the authority to alter these standard menus, or this authority may be delegated to an Application Coordinator.

Specialized menus are created using the *Menu Manager*. Use of this menu is *not* discussed in this guide. If authority for assigning additional menu options has been delegated to you, your Site Manager will instruct you in how to create new menus.

A single user should *not* have all IFCAP menus. It is inappropriate, for example, that a Control Point Official should have the Funds Distribution option that enters Ceiling Transactions. Restricting access to menus applies to Application Coordinators as well as management.¹ No user is capable of assigning themselves additional menu options. Only those menu options required to accomplish their duties are assigned.

Tip: Use the IFCAP standardized menus for an initial period for users to become familiar with available options. Evaluate the need for customized menus later.

3.3.2 Security Keys

Some IFCAP menus and options are restricted through the implementation of a “lock.” Only those users who hold the appropriate security key for the locked option (such as supervisors and their designees) are granted access to that option. Users that do *not* hold the appropriate key will not see the option on their menus. In addition, the system verifies that the user holds the proper security key before permitting the user access to a restricted option.

3.3.3 Security Keys/Mail Groups

Security keys can be associated with mail groups, menu options and users.

IFCAP transmits data to the Austin Automation Center (AAC). Transmitting data to AAC may require (for each type of document), several domains, security keys, and mail groups.

The mail group members will be the recipients of MSC Confirmation Messages coming from the AAC verifying the receipt of transmissions from your facility.

¹ The only current exception to this rule relates to use of the *Logistics Data Query Tool*. Designated users of this tool can gain read-only access to data without going through a visible menu—although such users must have what’s called a “B-type” menu option assigned. See the *Logistics Data Query Tool User Manual*, Chapter 1 Introduction paragraph titled: How does the Query Tool Work? for details.

Table 3-1. Security Key / Mail Group

Domain Name	Purpose	Security Key	Mail group
REDACTED (<i>not in use</i>)	CALM	N/A	CLM
REDACTED	Code Sheets	N/A	CLI
REDACTED	Receiving .Reports	PRCFA TRANSMIT	CLM
REDACTED	DLA	PRCHPM CS TRANSMIT	DLA
REDACTED	Sends EDI orders to AAC	XMQ-EDP	EDP
REDACTED	ISMS	N/A	ISM
REDACTED	Log	PRCHPM CS TRANSMIT	LOG
REDACTED	Vendor	PRCFA TRANSMIT	MDY
REDACTED	ISMS	N/A	OGR
REDACTED		N/A	PRC

A list of the standardized menu options and their associated security keys is in Table 3.2.

Names of individuals working with IFCAP must appear in the *New Person (#200) file*. The Site Manager usually performs this task, or it may be assigned to the Application Coordinator.

In either case, a list of IFCAP users should be compiled to include the menu(s) assigned (*e.g.*, *PRCSCP OFFICIAL* for Control Point Officials).

Table 3-2. Menu Option / Security Key List

Assigned Position or IFCAP Role	External Name	Internal Name	Associated Security Key(s)
Service Chief or designated Control Point Official	Control Point Official's Menu	PRCSCP OFFICIAL	PRCSCPO

Station Purchase Card Coordinator	Purchase Card Coordinator	PRCH CARD COORDINATOR MENU	
Service personnel ordering using a Credit Card	Purchase Card Menu	PRCH PURCHASE CARD MENU	

Assigned Position or IFCAP Role	External Name	Internal Name	Associated Security Key(s)
Service personnel designated as Credit Card approving officials	Approving Official Menu	PRCH APPROVE	PRCH AR
Service Control Point personnel ordering contract items	Delivery Orders Menu	PRCH DELIVERY ORDER MENU	
<p>* Manager Only</p> <p>** If on-site automated supply stations are interfaced to GIP.</p>			

Tip: If your site is using the file access provisions of Kernel, ensure users have access to needed files. Contact your Site Manager or IRM for assistance.

As mentioned previously, certain menus require the user to have a security key in order to access available options. IFCAP looks to see if the user is an A&MM employee and position held. All A&MM employees *must* be identified using the Add/Edit Supply Personnel option of the IFCAP Application Coordinator Menu.

3.4 Electronic Signature Codes

The final level of security in IFCAP involves the use of electronic signatures. The electronic signature code is not visible to the screen and is encrypted rendering them unreadable even when viewed in the user file by those with the highest levels of access. This signature code enables the system to limit to authorized individuals only, the ability to review or electronically pass a document to the next level of processing.

Electronic signature codes are required by IFCAP at every level a signature would be required on paper. Therefore, electronic signature codes are assigned to:

- Budget Analysts for distributing funds to control points
- Control Point Officials for approving requests
- Purchasing Agents for processing of purchase orders
- Accounting Technicians for obligating documents and authorizing payments
- Warehouse workers for receiving purchases
- Purchase Card holders for processing credit card orders
- Delivery Order users to process delivery orders against existing contracts

3.4.1 Changing Your Electronic Signature Code

When necessary, you may edit your electronic signature code via the menu option Electronic Signature Code Edit.

STEP 1.	From any IFCAP Menu (Figure 3-1), select User's Toolbox
STEP 2.	From the User's Toolbox menu, select Edit Electronic Signature Code.

Figure 3-1. Sample IFCAP Menu Option User's Toolbox Screen

<p>Select IFCAP MENU Option: User's Toolbox</p> <p>Display User Characteristics Edit Electronic Signature code Edit User Characteristics Menu Templates ... Spooler Menu ... TaskMan User User Help</p> <p>Select User's Toolbox Option: electronic Signature code Edit This option is designed to permit you to enter or change your Initials, Signature Block Information, Office Phone number, and Voice and Digital Pagers numbers. In addition, you are permitted to enter a new Electronic Signature Code or to change an existing code.</p> <p>INITIAL: IO// SIGNATURE BLOCK PRINTED NAME: IFUSER,ONE// SIGNATURE BLOCK TITLE: OFFICE PHONE: VOICE PAGER: DIGITAL PAGER:</p> <p>Enter your Current Signature Code: SIGNATURE VERIFIED</p> <p>Your typing will not show. ENTER NEW SIGNATURE CODE: RE-ENTER SIGNATURE CODE FOR VERIFICATION: DONE</p>
--

Notes:

- Your electronic signature is legal authorization to release government funds.
- If the SIGNATURE BLOCK PRINTED NAME and SIGNATURE BLOCK TITLE fields are disabled at your site, contact your supervisor to request entry of your name and title.

STEP 3.	At the INITIAL : prompt, enter your initials.
STEP 4.	At the SIGNATURE BLOCK PRINTED NAME : prompt, enter your name, as you want it printed on forms that require your signature.
STEP 5.	At the SIGNATURE BLOCK TITLE : prompt, enter your job title, as you want it printed on forms that require your signature.
STEP 6.	At the appropriate prompts, enter your OFFICE PHONE number, your VOICE PAGER number, and your DIGITAL PAGER number.
STEP 7.	Finally, at the ENTER NEW SIGNATURE CODE : prompt, enter your signature code; re-enter the same code when prompted.

Chapter 4. Operation

4.1 IFCAP Control Point Official Menu

This section presents the Control Point Official options in the IFCAP Control Point Official Menu (Figure 4-1).

Different kinds of IFCAP users have different menus. If the menus in this guide include options that you don't see on your screen, don't panic! The instructions in this guide only use the options that you have as a Control Point Official. If you have additional responsibilities, please consult the appropriate role-based user guide.

The options you use in IFCAP are divided into groups based upon the type of work you do. When you select these options, IFCAP will ask you a sMYTOWNs of questions.

Figure 4-1. Sample Control Point Official Main Menu

```
Requests Ready for Approval List
Process a Request Menu
Display Control Point Activity Menu
Funds Control Menu
Status of Requests Reports Menu
Record Date Received by Service Menu
Approve Requests
Record Receipt of Multiple Delivery Schedule Items
Multiple Delivery Schedule List
```

- **OPTION:** Requests Ready for Approval List— lists requests pending your approval
- **OPTION:** Process a Request Menu— allows you to process transaction requests
- **OPTION:** Display Control Point Activity Menu— displays request/transaction information
- **OPTION:** Funds Control Menu— balance the Control Point
- **OPTION:** Status of Requests Reports Menu— lets you generate reports on the requests for the Control Point
- **OPTION:** Record Date Received by Service Menu— lets you report receipt of items ordered on IFCAP transactions
- **OPTION:** Approve Requests— allows you to review the order, edit the order, and forward the order to Supply
- **OPTION:** Record Receipt of Multiple Delivery Schedule Items — lets you record the receipt of items that are received in multiple delivMYTOWNs

- **OPTION:** Multiple Delivery Schedule List—lets you generate a list of transactions having items with multiple delivery dates or receiving locations

4.2 Using IFCAP Files

Information entered into IFCAP is stored in files. These files allow users to access and share information quickly and easily. A good example of shared data is the information in the `Vendor` (#440) file. A&MM is responsible for entering and maintaining vendor data. The Control Points access this information when a user enters a request or when Purchasing and Contracting users create a quotation for bid or a purchase order. Fiscal Service uses the `Vendor` (#440) file to enter and store billing information.

Tip: When at a menu prompt enter:

- All or part of the option name, then <Enter>
- ?? (to see more options at the menu prompt)
- ??? (to see brief descriptions)
- ?OPTION (to see Help text)

When the system responds with a question of offers a prompt, and you do not understand the question or are unsure of how to respond, enter one (?) or two (??) question marks. The system will give you an explanation of the information needed, or allow you to choose from a list of responses.

The remainder of this guide discusses tasks you may perform as a Control Point Official.

4.3 The Financial Management System

IFCAP exchanges data with the Financial Management System (FMS). FMS uses the “sub-cost center” to track costs. While IFCAP itself does not use the sub-cost center, IFCAP does send to FMS the last two digits of the cost center, if anything other than “00,” as the sub-cost center.

4.3.1 Sub-Allowance Reconciliation

The IFCAP **FMS Transaction Data** report shows all transactions affecting the Fund Control Point balance, but it is for review only. The FMS system passes Fund Control Point adjustments to IFCAP on a daily basis. These adjustments arise from FMS accounting activity that originates outside of IFCAP. For example, a late receipt of goods could result in an interest expense. The IFCAP system would have no record of this type of charge to the Fund Control Point, and thus relies on FMS to provide adjustment data. The adjustments are returned in an FMS document, **Sub allowance Reconciliation**, which automatically updates balances in the Fund Control Point.

4.3.2 Rollover of Funds from Previous Quarters

The Budget Analyst for your Control Points might designate your Control Point to receive rollover funds from previous quarters. IFCAP allows Budget Analysts to designate Control Points to transmit and receive remaining funds at the end of each quarter. This means that even if you are not allowed to over commit funds for your Control Point, you still might have enough funds from the quarterly rollover to cover your expenses.

4.3.3 Amendment Processing

Amendments will automatically adjust FCP balances.

THIS PAGE INTENTIONALLY LEFT BLANK

Chapter 5. Approve or Reject a Request

5.1 Introduction

Approving and rejecting requests and monitoring the balance of the Control Point are the most common activities of the Control Point Official. This chapter explains the procedure for approving or rejecting standard requests and purchase card requests.

5.2 Convert a Temporary 2237 Request

The Control Point official may want to convert a temporary 2237 transaction into a permanent transaction. The first step is to Change the Temporary request number to a Permanent transaction number.

5.2.1 Menu Path

Figure 5-1. Approve a Temporary 2237 Request Menu Path

```
Select Control Point Official's Menu Option: Process a Request Menu

    Transaction Report - eCMS/IFCAP

Select Process a Request Menu Option: Change Existing Transaction Number
Select CONTROL POINT: 101 ISC2//                A2222    10  0100    01AA20100
```

5.2.2 Select Temporary 2237 Transaction

At the `Select CONTROL POINT ACTIVITY TRANSACTION NUMBER:` prompt, enter the temporary 2237 transaction number that the requestor assigned to the request. You may review the request to make sure that you've chosen the correct one.

NOTE: The fields Requesting Service and Line Item DESCRIPTION are not required fields in a Temporary Request. This will mean the Control Point Clerk may encounter missing required fields when converting a temporary request to a 2237 transaction. The Clerk will be advised of the missing field(s) and be allowed to edit the new 2237 and populate the required fields. If they choose not to edit the fields at that time, the 2237 will not be complete and the Clerk will not be able to set the Approval flag to YES. The Clerk will have to Edit the 2237 and populate the missing fields.

5.2.3 Edit Data on the 2237 Transaction

IFCAP will allow you to change the Fiscal Year, Fiscal Quarter, and Control Point for the transaction. IFCAP will then replace the temporary transaction number (earlier assigned to the request by the requestor) with a new, permanent transaction number. This new number will refer to the transaction for the rest of its history. IFCAP will give you *one more chance* to edit the request before asking if you want to transmit the 2237 request to A&MM/Fiscal Service. If you choose to transmit the request, IFCAP will ask for your signature code.

Answer Y at the Would you like to replace another transaction number? if you want to approve another temporary request. If not, press <Enter> to return to the Control Point Official's Menu.

Figure 5-3. Enter New Transaction Data

```

5.3.2 Edit Data on the 1358 Transaction

IFCAP will allow you to change the Fiscal Year, Fiscal Quarter, and Control Point for the transaction. IFCAP will then replace the temporary transaction number (earlier assigned to the request by the requestor) with a new, permanent transaction number. This new number will refer to the transaction for the rest of its history. IFCAP will assign you as the CP Clerk (Requestor) for the new 1358 transaction per the Segregation of Duties functionality. You will be given *one more chance* to edit the request before you are asked if the transaction is *Ready for Approval*. Another CP Official will have to Approve the 1358 and transmit the request to Fiscal for obligation.

Answer Y at the Would you like to replace another transaction number? if you want to approve another temporary request. If not, press <Enter> to return to the Control Point Official's Menu.

Figure 5-5. Enter New 1358 Transaction Data

```

Enter the information for the new 2237 transaction number

5.4.2 Select Transaction Number

Select a Control Point. Enter the permanent transaction number the Control Point Clerk assigned to the request. If you don't know the number, type three question marks (???) at the **Select TRANSACTION:** prompt to have IFCAP display the available requests. IFCAP will ask you to verify that you want to cancel the request and ask you to explain why you're canceling the request. At the **Would you like to cancel another transaction?** prompt, answer **Y** if you want to cancel another request. If not, press <Enter> to return to the **Process a Request** menu.

NOTE: Per the existing Business Rules: **Do not use this option to cancel any 2237 that contains eCMS Identifiers.** Notify the Contracting Officer in eCMS that you want the 2237

cancelled. The cancellation process will be initiated from within eCMS to ensure that the two systems remain synchronized.

Chapter 6. Transaction Report - IFCAP/eCMS

As of October 2012 there is an interface between IFCAP and the electronic Contract Management System (eCMS) in Austin. 2237s are sent to eCMS via HL7 messages. This option enables users to generate reports based on data in the new IFCAP/ECMS TRANSACTION File [414.06]. As 2237s are sent to eCMS via HL7 messages, certain information about the transaction is stored in the file.

Note: You will only be able to view data related to the Control Point(s) on which you are identified as a Control Point Clerk or Official.

6.1 Menu Navigation

Select Process a Request Menu option on Control Point Clerk's Menu.

Select Transaction Report – eCMS/IFCAP

```
Select Process a Request Menu Option: ?
    New 2237 (Service) Request
    Edit a 2237 (Service)
    Copy a Transaction

    Print/Display Request Form
    Change Existing Transaction Number
    Repetitive Item List Menu ...
    Cancel Transaction with Permanent Number
    Requestor's Menu ...
    Item Display
    Vendor Display
    Outstanding Approved Requests Report
    Transaction Report - eCMS/IFCAP
```

6.1.1 Setup Parameters

Select a single 2237 or all, or a single eCMS Contact, or all.

Select All dates or accept default NO and then Enter Start and End dates.

Select a single Station, Sub-station (if applicable), or All stations.

Select a single Control Point, or ALL then select the Event Type of Report to be generated.

The report is based on data in the new IFCAP/ECMS TRANSACTION file [414.06]. As 2237s are sent to eCMS via HL7 messages, certain information about the transaction is stored within this file. This report also lists transactions that have been returned by eCMS.

NOTE: Users can view only those transactions related to the Control Point(s) on which they are identified as the Control Point Clerk or Official.

6.1.2 Date Range Help Text

Select Process a Request Menu <TEST ACCOUNT> Option: Transaction Report - eCMS/IFCAP

Select a single 2237 TRANSACTION NUMBER? NO//

Select a single eCMS Contact? NO//

Select ALL DATES: (JUN 06, 2012 - AUG 08, 2013)? NO//

Starting date: TODAY// T-39 (JUN 30, 2013)

Ending date: TODAY// (AUG 08, 2013)

Examples of Valid Dates:

JAN 20 1957 or 20 JAN 57 or 1/20/57 or 012057

Chapter 7. How to Monitor Your Control Point Balance

7.1 Introduction

Approving and rejecting requests and monitoring the Control Point balance are the most common Control Point activities of the Control Point Official.

7.2 Monitor the Balance of Your Control Point

7.2.1 Setup Parameters

From the Control Point Official's Menu, select Display Control Point Activity Menu. From that menu, select Running Balances. Enter a Fiscal Year, a Fiscal Quarter, and a Control Point.

Figure 7-1. Control Point Balance Setup Parameters

```
Approve Requests
Requests Ready for Approval List

Record Date Received by Service Menu ...
Enter/Edit Control Point Users
Record Receipt of Multiple Delivery Schedule Items
Multiple Delivery Schedule List

Select Control Point Official's Menu Option: Display Control Point Activity Menu

Purchase Order Status
Transaction Status Report
Running Balances
Temporary Transaction Listing
Item History
PPM Status of Transactions Report
CP Entered, Not Approved Requests

Select Display Control Point Activity Menu Option: Running Balances
Select FISCAL YEAR: 00//
Select QUARTER: 3//
Select CONTROL POINT: 101 LAB TESTING 101//
```

7.2.2 Report Parameters

IFCAP will ask you if you want to see a summary report (which lists only the balances and totals for the Control Point) or the entire report (which also lists the transactions and their costs). To see the entire report, answer N.

Figure 7-2. Control Point Balance Report Parameters

```
Summary Balances Report Only? No//    (No)
DEVICE: HOME//    LAT    RIGHT MARGIN: 80//
```

7.2.3 Transaction Listing

This report has three sections. The first section lists each transaction type (TXN), including funding and expense transactions. This section also lists the obligation number (OBL #), the committed cost (COMM \$AMT), the Control Point balance (CP \$BAL), the obligation/ceiling amount (OBL \$AMT) and the un-obligated balance (UNOBL \$BAL). The obligation number is the number that Fiscal Service assigns to the 1358.

The numbers in the COMM \$AMT column are estimated costs for the requests. Costs with an asterisk (*) are transactions that you haven't approved. Those with an "at" sign (@) are awaiting reconciliation. Those with a pound sign (#) are cancelled.

The numbers in the OBL #AMT column are the amounts that the Accounting Technician in Fiscal has obligated for the request. Blank values and values with an asterisk represent transactions that the Accounting Technician hasn't approved.

Figure 7-3. Transaction Listing (Section 1)

Press return to continue, uparrow (^) to exit:

7.2.4 FMS Transaction Listing

The second section of the report lists the FMS transactions by the transaction number, date and time, the transaction amount, and its effect on the uncommitted and un-obligated balances of the Control Point. FMS transactions are transactions of funds, not purchases.

The bottom of the report will list the total discrepancy between the committed fund transactions and the actual fund transactions (FMS transaction total). The report will also list the total amount of the fund transactions you have committed but the Accounting Technician in Fiscal has not obligated.

If you want to run another running balances report, answer Y at the Would you like to run another running balances report? prompt. If not, press <Enter> to return to the Display Control Point Activity menu.

Chapter 8. How to Determine the Status of a Request

8.1 Introduction

IFCAP requests pass through several stages: the processing stage, where requests are created and approved for spending; the accounting stage, where a deduction and an order are created and associated to the request; the inventory stage, where the order is filled; and the payment stage, where the funds are deducted and the vendor is paid. IFCAP will tell you what stage your request is in.

8.2 Determine the Status of a Transaction

8.2.1 Menu Path

8.2.3 Status

Find the status in **Error! Reference source not found.** below. The “node numbers” in the table (like “¹⁷”) represent nodes in the flowcharts (Figure 8-3 and Figure 8-4) on the pages following the table. Contact the representative at that node. In the example above, the status for the WIDGETS is Pending Accountable Officer Sig.

According to the table, this means that the transaction may be at node 14 15 or 18 . In this example, you would contact the Personal Property Management Accountable Officer if you have specific questions about the status of your request.

Table 8-1 - Status and Node Assignment

If the Status of Request, Transaction, or Purchase Order is...	Then the request is pending action at node number....
Assigned to PPM Clerk	17
Assigned to Purchasing Agent	19
Awaiting Payment	38 through 43 , depending on order
Cancelled – 1358	6 Rejected. Start from scratch.
Cancelled Order	19 IFCAP Ordering Officer cancelled the IFCAP 2237 request that was never sent to eCMS..
Cancelled Order	19 Contracting Officer in eCMS cancelled the 2237 that was sent to eCMS for processing.
Complete Order Received	36 or 37
Complete Order Received (Amended)	Same as above, just that the Purchasing Agent has amended the Purchase Order.
Complete Order Received But Not Obligated	Past 32 33 , but 23 or 24 has been skipped. Talk to the Accounting Technician.
Forward to Imprest Funds Agent	19
Held for Review in Personal Prop.	17
Held in P&C Pending Return of Quotations	19
Issue Pending Delivery From Warehouse	29 , 33 or END .
Issue Request Pending Fiscal Action	This status is not used. Currently, Fiscal Service does not process Issue Book orders.
Obligated - 1358	20
Obligated - Awaiting Invoice	27
Order Not Completely Prepared	19 The IFCAP Ordering Officer (Purchasing Agent) has assigned a Purchase Order number to it, but has not transmitted it to the Accounting Technician yet.
Ordered (No Fiscal Action Required)	30 This status means that funds are not obligated for this type of Purchase Order, so it skipped node 23.

If the Status of Request, Transaction, or Purchase Order is...	Then the request is pending action at node number....
Ordered and Obligated	28 or 30 . Talk to the vendor.
Ordered and Obligated (Amended)	Same as above, just that the Purchasing Agent amended the Purchase Order.
Partial Issue Delivered	29 or END .
Partial Order Received	36 37 38 39 41 or END . Talk to the Accounting Technician if you want to know if they've sent the payment order.
Partial Order Received (Amended)	Same as above, just that the Purchasing Agent amended the Purchase Order.
Partial Received (No Fiscal Action Req)	Same as Partial Order Received, except that this status means that, because no fiscal action is required, this Purchase Order will skip either 38 or 39 .
Partial Received But Not Obligated	Same as Partial Order Received, except that this status means that funds are not obligated for this type of Purchase Order, so it skipped node 23 .
Pending Accountable Officer Signature	14 15 18
Pending CP Official's Signature	7 9 11
Pending Completion by CP Clerk	4 6 8
Pending Completion by Requestor	5
Pending Contracting Officers Signature	19
Pending Fiscal Action	12 23 24
Pending PPM Clerk Signature	17 18
Request Clarification by Service for P&C	19
Returned to Accountable Officer by eCMS (P&C)	2237 has been sent back to the AO from eCMS to be processed entirely within IFCAP. Current Status: Pending Accountable Officer Signature.
Returned to Service by eCMS (P&C)	2237 has been sent back to the Service from eCMS for Edit and Re-approval. Currently at 4 . Ask the Contracting Officer why it was returned, if the explanation is not in the Return to Service Comments : line on the request.

If the Status of Request, Transaction, or Purchase Order is...	Then the request is pending action at node number....
Returned to Service by PPM	Died at 14 or 17 ; currently at 4 . Ask the PPM Accountable Officer and PPM Requisition Clerk which one of them killed it and why, if the explanation is not in the Return to Service Comments: line on the request.
Returned to Supply (Pending Signature)	Died at 23 ; currently at 19 . The Accounting Technician returned the Purchase Order, usually because the Control Point does not have enough money to cover the Purchase Order.
Sent to eCMS (P&C)	2237 data has been transmitted to eCMS for order & award processing.
Sent to Purchasing and Contracting	19
Transaction Complete	Certified Purchase Orders: your request could be at 30 , 34 , 37 , 39 , 42 or END . All other requests: 41 , 42 , 43 or END .
Transaction Complete (Amended)	Same as above, just that the IFCAP Ordering Officer (Purchasing Agent) amended the Purchase Order.

table (like “17”) represent nodes in the flowcharts (**Error! Not a valid bookmark self-reference.** and Figure 8-4) on the pages following the table. Contact the representative at that node. In the example above, the status for the WIDGETS is Pending Accountable Officer Sig.

According to the table, this means that the transaction may be at node 14 15 or 18 . In this example, you would contact the Personal Property Management Accountable Officer if you have specific questions about the status of your request.

Chapter 9. Supplemental Control Point Official Options

9.1 Introduction

This chapter describes the options available to you in IFCAP that weren't mentioned in the previous chapters. Each section of this chapter defines the purpose of the option, the menu path to reach the option in the menus, what information to enter at the prompts, and how to interpret the output that the option creates.

9.2 Options in the Funds Control Menu

9.2.1 Enter FCP Adjustment Data

9.2.1.1 Setup Parameters

Enter a **FISCAL YEAR:** and a fiscal **QUARTER:** at the prompts. Enter a **CONTROL POINT:**. If you do not know the Control Point, enter three question marks (???) and IFCAP will list the available Control Points. IFCAP will assign a transaction number to the adjustment.

Figure 9-1. FCP Adjustment Data Setup Parameters

From the Control Point Official's Menu, select option: Funds Control Menu

Enter FCP Adjustment Data
Assign Ceiling to Sub-Control Points
Correct Sub-Control Point Amounts
Recalculate Fund Control Point Balance
Funds Control Reports Menu ...

Select Funds Control Menu Option: Enter FCP Adjustment Data

Select **FISCAL YEAR:** 94//

Select **QUARTER:** 4//

Select **CONTROL POINT:** 022 IFVENDOR,THREE

This transaction is assigned transaction number: 002-94-4-022-0008

9.2.1.2 Enter Reference Number

- At the `OBLIGATION NUMBER:` prompt, enter a reference number for the transaction. The obligation number may be used. If you do not know the obligation number, enter three question marks and IFCAP will list the available obligation numbers.
- If this purchase is assigned to a project, office, or some other category for which a sort group has been created, enter that sort group at the `SORT GROUP:` prompt.
- If this purchase doesn't belong to a sort group, just press `<Enter>`. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that don't belong to the sort group.
- At the `DATE OBL ADJUSTED:` prompt, enter today's date.
- At the `ADJUSTMENT $AMOUNT:` prompt, enter the adjustment dollar amount for this obligation transaction.
- If this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses, enter that cost center at the `COST CENTER:` prompt. Cost centers allow Fiscal staff to create total expense records for a section or service.

Figure 9-2. Enter Reference Number

```
OBLIGATION NUMBER: ???  
    Enter the 6 character purchase order/obligation/reference number for this  
    transaction  
??  
OBLIGATION NUMBER: C40021  
SORT GROUP:  
DATE OBL ADJUSTED:  
ADJUSTMENT $ AMOUNT: ??  
    This is the adjustment dollar amount for this obligation  
    transaction.  
ADJUSTMENT $ AMOUNT: 40    $ 40.00  
COST CENTER: 870021 Operating Equipment
```

9.2.1.3 Budget Object Code

At the BOC1 : prompt, enter the Budget Object Code (BOC) classification for the item. If you do not know the budget object code, enter three question marks (???) at the prompt and IFCAP will display the available budget object codes.

Figure 9-3. Enter Budget Object Code

```
BOC1: ???
      Select the appropriate budget object code for this request.

Major budget object code classifications are:
10 thru 13 - Personal Services and Benefits
      21 - Travel and Transportation of Persons
      22 - Transportation of Things
      23 - Rent, Communications, and Utilities
      24 - Printing and Reproduction
      25 - Other Services
      26 - Supplies and Materials
31 thru 33 - Acquisition of Capital Assets

Answer with BOC
Do you want the entire 27-Entry BOC List? Y  (Yes)
Choose from:
      2220 Other Shipments
      2299 LAB TEST BOC
      2343 ADP Equipment Rental
      2520 Repair of Furniture and Equipment
      2535 Interior Decorating Services
      2540 Laundry and Drycleaning Services
      2543 Maintenance and Repair Services

BOC1: 2540 Laundry and Drycleaning S
```

9.2.1.4 Enter Amount

- At the BOC1 \$ AMOUNT : prompt, enter the amount of the item you want to attribute to the budget object code. Enter a second BOC at the BOC2 : prompt if you like.
- If you like, Select SUB-CONTROL POINT.
- Add COMMENTS : if you wish. You may enter another adjustment transaction or return to the Funds Control Menu.

Figure 9-4. Enter Budget Object Code Amount

```

BOC1 $ AMOUNT: ??           This is the dollar amount applied to the budget
object code.
BOC1 $ AMOUNT: 40.   $ 40.00
BOC2:
BOC2 $ AMOUNT:

                                           TRANSACTION BEG BAL: 40.00
Select SUB-CONTROL POINT:

FORM TYPE: REPETITIVE AND NON-REP ORDER//
CLASSIFICATION OF REQUEST:
```

9.4.1.3 Sort Group Entry

If there's a sort group assigned to the item, enter the sort group at the Sort Group: prompt.

At the `DATE OF REQUEST:` prompt, press <Enter>.

At the `REQUESTING SERVICE:` prompt, enter the Service that will use the item. If you do not know the name of the service, enter three question marks and IFCAP will list the available Services.

NOTE: This is a required field in IFCAP.

At the `DATE REQUIRED:` prompt, enter the Date that you need the item.

At the `PRIORITY OF REQUEST:` prompt, enter the priority of the request. Priorities are based on the days remaining before the delivery date requested for the item. The priority categories in IFCAP, ranging from shortest to longest delivery time remaining, are "Emergency," "Special," and "Standard." Different stations assign different time frames to these categories. Check with your Fiscal office to determine the time frames at your station for each category.

At the `SPECIAL REMARKS:` prompt, explain how the service will use the item, names of other items that would fulfill the same need, and any other information that would help the Purchasing Agent fulfill your request. Purchasing Agents sometimes change orders to fulfill the service's need faster, find a better item, or change the vendor for a better price. Explaining the use of the item will make these tasks easier to accomplish.

9.4.1.5 Enter Item

At the `Select LINE ITEM NUMBER:` prompt for the first item on the request, enter “1.”

At the `Item Master File No.:` prompt, enter the item name or number. You can also type three question marks (???) to see a list of the items you can request.

At the `DESCRIPTION:` prompt, define the item as thoroughly as you can. If the item isn’t in the Item Master File, the Purchasing Agent is going to make a “best guess” about just what kind of item you need, based on the information you provide in this field. Describe what the service plans to do with the item, and any special features of the item (*e.g.*, does it have to be flexible, or blue, or heat-resistant, or non-toxic?).

NOTE: The Description field is now a required field.

At the `BOC:` prompt, enter the budget object code classification for this item. If you do not know the BOC, enter three question marks (???) and IFCAP will list the available BOCs.

 2530 Storage of Household Goods

BOC: 2220 Other Shipments

9.4.1.6 Enter Quantity, Unit of Purchase, and Identifying Numbers

At the **QUANTITY :** prompt, enter the number of units that you want, based on how the vendor sells the item. For example, if the vendor sells by the case, and you want 4 cases, you would enter 4 at the **QUANTITY :** prompt.

Enter the **UNIT OF PURCHASE**. If the vendor sells by the case, you would enter CS for case at this prompt. If you don't know the correct abbreviation for the unit of purchase, enter two question marks (??) at the prompt and IFCAP will list the abbreviations.

At the **STOCK NUMBER :** prompt, enter the stock number of the item.

At the **INTERMEDIATE PRODUCT CODE :** prompt, enter the Intermediate Product Code if there is one. The Intermediate Product Code is a stock number that vendors sometimes use.

Figure 9-51. Enter Quantity, Unit of Purchase, and Identifying Numbers

QUANTITY: 1

UNIT OF PURCHASE: CS CASE

STOCK NUMBER: ??

This is the item Federal Supply Service (FSS) Number; or National Stock Number (NSN); or any other stock number; or the manufacturer model number.

STOCK NUMBER: 28934750283

EST. ITEM (UNIT) COST: 440/00??

Enter the unit cost for this item (a dollar amount between 0 and 9999999) or N/C for no charge. Commas are not allowed.

EST. ITEM (UNIT) COST: 440.00

QTY BEG BAL: 1

9.4.1.7 Select Delivery Schedules

At the `SELECT DELIVERY SCHEDULE:` prompt, press <Enter> if you want all of the items on your request delivered at the same time. If you select a delivery schedule, you are notifying the vendor that you want them to deliver different amounts of the items on different days. For example, if you want to order 100 cases of computer paper, but do not want all of it delivered at once, you can “stagger” the delivery by entering 1 at the `SELECT DELIVERY SCHEDULE:` prompt. Enter a date and the amount you would like delivered on that date, enter 2 at the next `SELECT DELIVERY SCHEDULE:` prompt and enter a date and the amount you would like delivered on that date, etc. Make sure that the total number of items among all of the delivery dates equals the total number of items you are ordering.

At the COMMITTED (ESTIMATED) COST: prompt, enter the total cost (in dollars) for the item.

At the `SELECT SUB-CONTROL POINT:` prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together.

At the DELIVER TO/LOCATION: prompt, enter where you want the warehouse to deliver the item, including room and building number if you can. At the JUSTIFICATION: prompt, explain why the service or item is needed by the service. Enter the name of the individual printed on the request form as the initiator of the request at the REQUESTOR: prompt. Enter your name at the ORIGINATOR OF REQUEST: prompt. Add comments if you like.

9.4.2.3 Enter Classification of Request and Sort Group

At the **CLASSIFICATION OF REQUEST:** prompt, you may create a classification name for the request if you like, or just press <Enter> to skip this prompt. The **CLASSIFICATION OF REQUEST:** prompt allows you to create reports that group requests by categories that *you* define.

If there's a sort group assigned to the item, enter it at the `Sort Group:` prompt. IFCAP will ask you for a cost center and a vendor. Cost center numbers are listed in the left column of MP-4 Part V, Appendix B-1. Cost centers allow Fiscal staff to create total expense records for a section or service. If you do not know the name of the vendor, enter two question marks (??) and IFCAP will list the available vendors.

Figure 9-56. Enter Classification of Request and Sort Group

9.4.3.4 Interpreting the Request Form

The request form lists the information you provided in the Enter/Edit a Request options in a style that replicates a printed VA 2237 form. The form lists each item with description and unit cost, and a total cost for the request. It also lists where the item(s) should be delivered. If you printed the last page of the 2237, the form will list signature and date columns for officers and clerks to sign at various stages of approval and receipt. Enter another transaction at the Select CONTROL POINT ACTIVITY TRANSACTION NUMBER: prompt, or press <Enter> to return to the Requestor's Menu.

9.4.4 Change Existing Transaction Number

Use this option to correct the fiscal year or fiscal quarter of the 2237 or change a temporary transaction number into a permanent transaction number. If you change a permanent transaction number, this option automatically cancels the old transaction number.

NOTE: If you change the transaction number of a 2237 containing eCMS identifiers, you must manually notify the eCMS Contracting Officer of the cancellation of the original 2237# and provide the newly assigned 2237#. This will enable the Contracting Officer to mark the original 2237 as Cancelled in eCMS and to associate the new 2237 transaction to any existing Plan/Award documentation upon its Approval and subsequent transmission to eCMS.

9.4.4.1 Setup Parameters

Enter a CONTROL POINT and the TRANSACTION NUMBER you wish to change. If you do not know the transaction number, enter three question marks (???) at the Select CONTROL POINT ACTIVITY TRANSACTION NUMBER: prompt and IFCAP will list the available transactions.

9.4.4.2 Edit Data

IFCAP will let you review the request and change the Station number, fiscal year, fiscal quarter, and Control Point. IFCAP will create a duplicate 2237 with a new transaction number - Cancel the original 2237 transaction - and give you the chance to edit the new 2237 request. If there are Required fields that are not populated – you will be prompted to enter the required data. You will be shown the current Control Point balance, the estimated cost of the request, and the total uncommitted balance from current and prior quarters. If any of the Required fields are not populated, IFCAP will not ask if the 2237 is Ready for Approval. You can change another transaction number by answering **Yes** at the Would you like to replace another transaction number? prompt, or press <Enter> to return to the Process a Request Menu.

Figure 9-63. Edit Data

```

9.4.5 Cancel Transaction with Permanent Number

9.4.5.1 Setup Parameters

Enter a STATION NUMBER and a CONTROL POINT number. At the Select TRANSACTION NUMBER: prompt, enter the transaction you want to delete, or enter three question marks (???) to have IFCAP will display the available transactions.

 **NOTE:** When you reject a request, print and mail a copy of the request to the requestor, since rejecting the request removes it from the system. This will save time for the requestor. 

 **NOTE:** Now that an interface exists between IFCAP and the electronic Contract Management System, **do not cancel** any 2237 that has been sent to eCMS, as those 2237s are controlled by eCMS. That type of 2237 is easily identified by the text *Accepted by eCMS* that will appear below the transaction in a display list.

9.4.6 Options in the Requestor's Menu

The Requestor's Menu options are described in the *IFCAP Control Point Requestor User's Guide*, available online at the Vista Document Library (VDL):

<http://www.va.gov/vdl/application.asp?appid=42>.

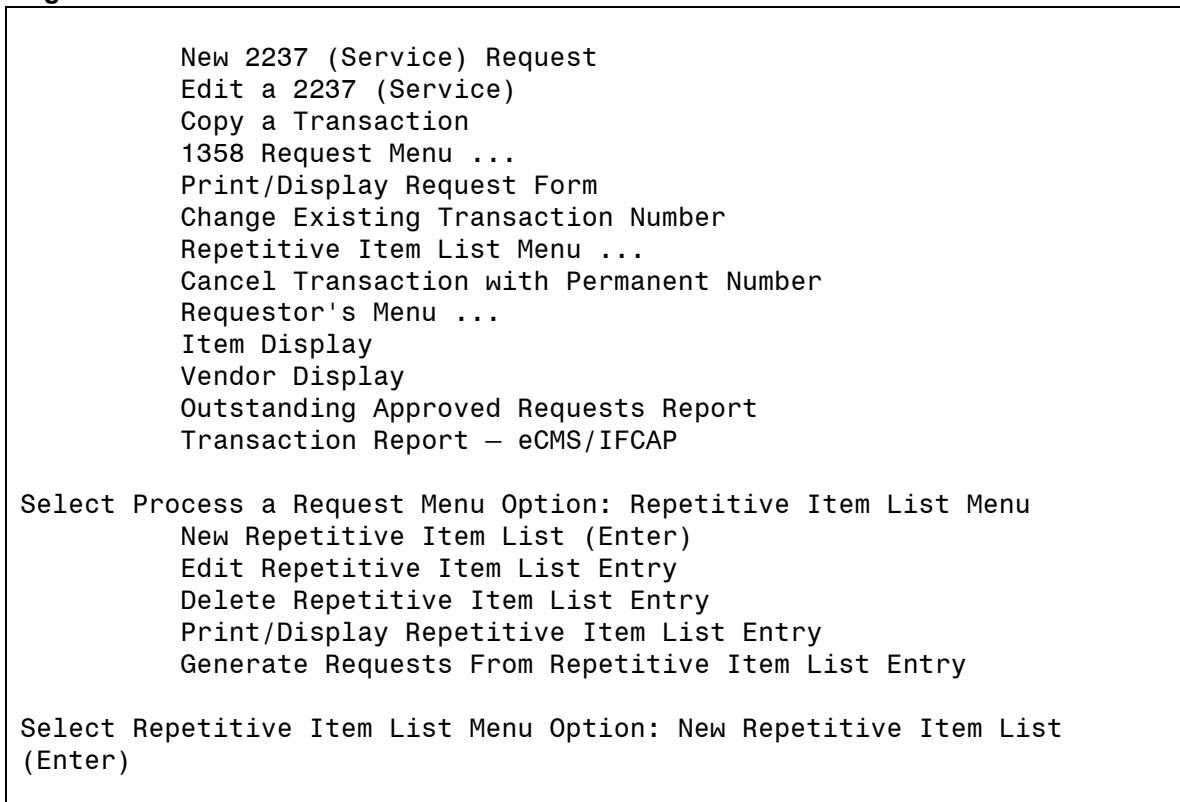

9.4.7 Options in the Repetitive Item List Menu

9.4.7.1 New Repetitive Item List (Enter)

9.4.7.1.1 Menu Path

From the Control Point Official's Menu, select Process a Request Menu.

Figure 9-66. Menu Path

9.4.7.1.2 Setup Parameters

Enter a STATION NUMBER, a FISCAL YEAR and a FISCAL QUARTER. Enter a CONTROL POINT. If you do not know the name Of the Control Point, enter three question marks (???) at the prompt and IFCAP will list the available Control Points. Enter a COST CENTER. Cost center numbers are listed in the left column of MP-4 Part V, Appendix B-1. Cost centers allow Fiscal staff to create total expense records for a section or service.

9.4.7.1.3 Item Information

After you select an item, IFCAP will display the unit of sale the vendor uses to sell the item and whether or not you have to buy the item in specific multiples. In the example below, the unit is per can, but the item must be ordered in multiples of six, so you would enter a multiple of six at the `QUANTITY:` prompt. At the `Select ITEM:` prompt, you may add another repetitive item, or press `<Enter>` to stop adding items. IFCAP will determine the cost of the items. At the `Would You Like To Create Another Repetitive Item List Entry?` prompt, answer `Y` to add another item or `N` to return to the Repetitive Item List Menu.

```

9.4.8.4 Assign Transaction Number

IFCAP will assign a transaction number to the request. Based on the transaction you select, IFCAP will prompt you for additional information about the purpose of your request and the source of funds.

Enter “T” for today as the date of the request. Enter your name as the REQUESTOR. Enter the Service for which you are creating the request at the REQUESTING SERVICE: prompt. Enter the date that the goods or services are required.

Assign a priority to the request. The priority categories in IFCAP, ranging from shortest to longest delivery time remaining, are “Emergency”, “Special” and “Standard.” Different stations assign different time durations to these categories. Check with your Fiscal office to determine the durations at your station for these categories.

Figure 9-86. Assign Transaction Number

The form type for this request is: REPETITIVE & NON-REPETITIVE
Transaction data is being copied...

CLASSIFICATION OF REQUEST:
SORT GROUP:
DATE OF REQUEST: TODAY// (JUL 08, 2013)
REQUESTOR: IFUSER2,THREE
REQUESTING SERVICE: NOTE: This is now a Required field – if it is not populated you will be prompted to enter the appropriate Service.

DATE REQUIRED: T+3 (AUG 11, 2013)
PRIORITY OF REQUEST: ST// STANDARD

9.4.8.5 Special Remarks

At the SPECIAL REMARKS : prompt, explain how the service will use the item, names of other items that would fulfill the same need, and any other information that would help the Purchasing Agent fulfill your request. Purchasing Agents sometimes change orders to fulfill the service's need faster, find a better item or obtain a better price. Explaining the use of the item will make these tasks easier to accomplish.

Enter a COST CENTER. Using Cost Centers allow Fiscal staff to create total expense records for a section or service.

At the Select Line Item Number : prompt, enter “1” for the first item on the request.

At the ITEM MASTER FILE NO. : prompt, enter the item name or number. You can also type three question marks (???) to see a list of the items you can request.

Enter how many units of purchase (not number of items) at the QUANTITY : prompt.

At the BOC : prompt, enter the budget object code classification for this item. If you do not know the BOC for this item, enter three question marks and IFCAP will list the available BOCs.

At the INTERMEDIATE PRODUCT CODE : prompt, enter the Intermediate Product Code if there is one. The Intermediate Product Code is a stock number that vendors sometimes use.

If you want to add another item to your request, enter “2” at the `Select Line Item Number:` prompt.

IFCAP will display the estimated cost of your request. At the `DATE COMMITTED:` prompt, enter the date that you want IFCAP to commit funds to the purchase. At the `Select SUB-CONTROL POINT:` prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together.

Enter where you want the warehouse to deliver the item at the `DELIVER TO/LOCATION:` prompt, including room and building number if you can.

At the `JUSTIFICATION:` prompt, explain why the service or item is needed by the service. Add `COMMENTS` if you like. IFCAP will ask you if you want to review the request again, and will display the current balance of the Control Point, the cost of the request, and the money available to the Control Point from current and prior quarters. IFCAP will ask you if you want to send the request to the Control Point Official for approval.

NOTE: If any of the Required fields are not populated, you will not be able to set the request to YES ready for Control Point Official approval.

You can copy another request, or press <Enter> at the prompt to return to the `Process a Request Menu`.

This transaction is assigned Transaction number: 999-11-1-110-0010

9.5.1.4 Classification and Sort Groups

At the CLASSIFICATION OF REQUEST: prompt, you may create reports that group requests by categories that *you* define.

At the SORT GROUP: prompt, enter a sort group *if* this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase doesn't belong to a sort group, just press <Enter>. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that don't belong to the sort group.

Figure 9-98. Classification and Sort Groups

CLASSIFICATION OF REQUEST: ???
 This Classification of Request field allows you to classify and/or categorize all transactions (requests) for supplies, services, etc. This is the previous 'Type of Request' field.

CHOOSE FROM: ???
 This is the name used to identify the type of request. File #410.2 is pointed to by the Classification of Request field (#8) of the Control Point Activity file, #410.

CLASSIFICATION OF REQUEST:

SORT GROUP: ???
 This Sort Group field may be used to group together all transactions (requests) that relate to a specific project, work order, investigator, food group, doctor, etc. This is the previous 'Project Number' field. Enter one of the following:
 S.EntryName to select a Sort Group
 W.EntryName to select a Work Order

To see the entries in any particular file, type <Prefix.??>

If you simply enter a name then the system will search each of the above files for the name you have entered. If a match is found the system will ask you if it is the entry that you desire.

However, if you know the file the entry should be in, then you can speed processing by using the following syntax to select and entry:

<Prefix>.<entry name>
 or
 <Message>.<entry name>
 or
 <File Name>.<entry name>

Also, you do NOT need to enter the entire file name or message to direct the look up. Using the first few characters will suffice.

SORT GROUP:

9.5.1.5 Requestor and Cost Information

NOTE: Per implementation of Segregation of Duties within the 1358 options, the User is no longer asked to Enter the name of an individual at the Requestor: prompt. Your name is automatically entered as the Requestor.

Press <Enter> at the Date of Request: prompt.

At the DATE COMMITTED: prompt, enter the date that you want to commit funds to your request.

At the COMMITTED (ESTIMATED) COST: prompt, enter the total cost (in dollars) for the item.

At the COST CENTER: prompt, enter the cost center *if* this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

Figure 9-99. Cost Information

```
DATE OF REQUEST: OCT 4,2010// (OCT 04, 2010)
DATE COMMITTED: 10/01/10// (OCT 01, 2010)
      TYPE A NUMBER BETWEEN 0 AND 9999999
COMMITTED (ESTIMATED) COST: 585 $ 585.00
      This is the estimated amount of the committed cost of
      the requested item(s).
COST CENTER: 820100 Medical Service
```

9.5.1.6 Budget Object Code

At the BOC1: prompt, enter the BOC for this item. If you do not know the BOC for this item, enter three question marks (???) and IFCAP will list the available BOCs.

At the BOC1 Amount: prompt, enter the amount of the item you want to attribute to the BOC.

You may also enter a SUB-CONTROL POINT if you like.

Figure 9-100. Budget Object Code

9.5.1.7 Enter Vendor

If the Authority selected requires that a Vendor be entered on the 1358 the User will not be permitted to proceed until a valid Vendor is entered.

If the Authority selected does not require a Vendor, the User will be able to pass the field.

At the Do you want to enter a vendor for this 1358 request? prompt, IFCAP is asking you if you want to enter a vendor for the request. You may or may not, depending on whether there is a single vendor or multiple vendors for the service. If there is only one vendor, you may enter the vendor name at the prompt. If there are multiple vendors, leave this field blank.

The **VENDOR CONTRACT NUMBER**: prompt is now conditionally mandatory based on the Authority selected. Enter the appropriate, active contract number for the order, if the Contract # is required. If it is not the User can pass the field and leave it blank.

As shown below, you may enter three question marks (???) to see a list of numbers.

Figure 9-101. Enter Vendor

Do you want to enter a vendor for this 1358 request? No//

VENDOR CONTRACT NUMBER: ???
Select the appropriate contract number applicable to this request.

9.5.1.8 Service Start and End Dates and Purpose

The Service Start Date, Service End Date and the Purpose field are mandatory fields.

Enter the appropriate Service Start Date for the Period of Service covered by the 1358.

Enter the appropriate Service End Date for the Period of Service covered by the
1358.

Enter text to explain the PURPOSE of the order.

Add COMMENTS if you like. You can enter another 1358 request if you like, or press <Enter> to return to the 1358 Request Menu.

```

9.5.2.3 Classification and Sort Groups

At the **Classification of Request:** prompt, you may create reports that group requests by categories that *you* define.

At the **Sort Group:** prompt, enter a sort group *if* this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase doesn't belong to a sort group, just press <Enter>. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that don't belong to the sort group.

Enter your name as the **Requestor**. Enter "T" for today as the date of the request.

At the **Cost Center:** prompt, enter a Cost Center *if* this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

At the **Date Obl Adjusted:** prompt, enter the date that the obligation was adjusted.

At the **Adjustment \$ Amount:** prompt, enter the amount by which you want to adjust the obligation. Type the number without any symbols to add money to the obligation. Type a minus symbol in front of the amount to subtract money from the obligation.

DATE OBL ADJUSTED:
ADJUSTMENT $ AMOUNT: 400 $ 400.00
```

9.5.2.4 Budget Object Code

At the **BOC1:** prompt, enter the BOC for this item. If you do not know the BOC for this item, enter three question marks (???) and IFCAP will list the available BOCs.

At the **BOC1 Amount:** prompt, enter the amount of the item you want to attribute to the BOC.

Enter the amount of the item you want to attribute to the budget object code at the **BOC1 Amount:** prompt.

At the `Select SUB-CONTROL POINT:` prompt, you may enter a sub-control point if you like in order to associate this purchase with a category of purchases that *you* define. This allows you to group similar purchases together.

Enter the `PURPOSE` for the adjustment. Add `COMMENTS` if you like.

IFCAP will let you review the request. IFCAP will list the current Control Point balance, the estimated cost of the adjustment, and the total uncommitted balance from current and prior quarters.

IFCAP will also allow you to transmit the adjustment to the Control Point Clerk for approval. At the `Enter another increase/decrease adjustment?:` prompt, enter `NO` to return to the 1358 Request Menu.

```

9.5.3.3 Classification and Sort Group

At the CLASSIFICATION OF REQUEST: prompt, you may create reports that group requests by categories that *you* define.

At the SORT GROUP: prompt, enter a sort group *if* this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase doesn't belong to a sort group, just press <Enter>. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that don't belong to the sort group.

The DATE OF REQUEST and DATE COMMITTED fields will appear with default values.

The `COST CENTER` data will be displayed for review.

Per the `AUTHORITY` that was selected, a `VENDOR` may have been required. The Vendor name will appear as a default value. If `CONTRACT NUMBER` was required, that will also appear as a default value.

At the `Select SUB-CONTROL POINT:` prompt, you may associate this purchase with a category of purchases that *you* define. This allows you to group similar purchases together.

`SERVICE START` and `END DATES` will appear as default values.

The `PURPOSE` field will appear with the default value.

IF the `ORIGINATOR OF REQUEST` field was populated, it will appear as a default value.

Add `COMMENTS` if you like.

At the `Would You Like To Review This Request?` prompt, enter `NO` to return to the `1358 Request Menu`.

At the: `IS THIS REQUEST READY FOR APPROVAL?` Yes//prompt, enter `YES` if you wish to permit the `1358` to be Approved.

9.5.4.3 Display Balances

IFCAP will assign a transaction number to the entry, and display the obligation amount, the fiscal balance, and the service balance.

- The fiscal balance is the dollar amount Fiscal Service shows is still available to the Control Point after Fiscal Service has obligated the entry. The fiscal balance is what the Accounting Technician will read to determine if the Control Point has sufficient funds to meet the obligation.
- The service balance is what you have committed, the dollar amount left in the Control Point minus the non-obligated committed funds.

At the **REFERENCE :** prompt, enter the recipient of the funds and any additional information that would aid in the processing of this transaction (e.g., patient name, patient Social Security Number, or Vendor).

Add **COMMENTS** if you like.

At the **Would You Like To Edit Or Create An Authorization:** prompt, enter “E” to edit an authorization; “C” to create an authorization; or press <Enter> to return to the 1358 Request Menu.

9.5.5.3 Enter Authorization

Enter an **AUTHORIZATION** (this is a unique number that IFCAP uses to record individual charges against a 1358). If you do not know the authorization, enter three question marks (???) to have IFCAP list the available authorizations.

IFCAP will list the amount of the authorization and the current balance of the authorization. IFCAP will also list any daily records of transactions posted against the authorization.

Note: You must deduct the dollar amount for each invoice you receive from the balance of the 1358. If you mark the 1358 as complete, you will no longer be able to edit or access that 1358.

IFCAP will assign a number to the daily activity entry.

At the **Is this the final daily activity?:** prompt, enter “NO” to create another entry.

At the **Daily Activity Amount:** prompt, enter the amount of the activity. Do not exceed the authorization balance.

You may enter a **VENDOR INVOICE NUMBER**, a **REFERENCE**, and a **DESCRIPTION** if you like.

If the amount of the daily activity that you create is equal to the authorization balance, IFCAP will ask you to confirm that you want to clear the balance on the authorization and mark it as complete. IFCAP will then return to the 1358 Request Menu.

Chapter 10. The Logistics Data Query Tool

The Logistics Data Query Tool is designed to assist Chief Logistics Officers; MatMYTOWNI Managers; Purchasing Agents; and members of the Facility Logistics Staff (including Inventory Managers; Supply, Processing, and Distribution (SPD) Technicians; Management Analysts; Warehouse Clerks; or Supply System Analysts). The Query Tool can be used to quickly access, analyze and verify IFCAP and Prosthetics procurement data and display it using a graphical user interface to the VistA data. You can sign-on to VistA, find data, view the data, or easily move the data into a Microsoft® Excel® spreadsheet.

The Query Tool is a Windows software application that acts as a “front-end” to enable you to more easily find, display, and export VistA data. The Query Tool is an alternative to the VA FileMan utility program which has traditionally been used to look directly at the MUMPS globals (files) which store VistA data. The Query Tool enables you to...

- Search for data and display data by a range of dates
- Sort and rearrange the view of the data; display the data in a custom view
- Export the data into a Microsoft Excel spreadsheet file

Information on what the Query Tool can do for you can be found in the Logistics Data Query Tool User Manual

The Logistics Data Query Tool User Manual is available online at...

 <http://www.va.gov/vdl/application.asp?appid=42>.

Chapter 11. Menu Listing

The following is a list of the options assigned to Control Point Clerks in the default IFCAP configuration. You may have some options that are not listed here, because you have additional responsibilities beyond the typical responsibilities of a Control Point Clerk. You may not have all of the options listed below. Main menu options are flush left. Subordinate options are spaced to the right. For example, if you wanted to use the “Copy a Transaction” option, you would select “Control Point Official's Menu,” then “Process a Request Menu,” then “Copy a Transaction.” To add any of the options listed below to your menus, contact your local Information Resources Management (IRM) service.

Chapter 12. IFCAP/eCMS Interface (2237 Processing)

The process to obtain bids and award a contract occurs within the electronic Contract Management System (eCMS). With the implementation of an interface between IFCAP and eCMS in October 2012, 2237s created by control point users may be sent automatically to eCMS when the Accountable Officer processes, e-signs, and determines the 2237 should go to Purchasing & Contracting. A new Status, “Sent to eCMS (P&C),” will be placed on the 2237.

The 2237 data will be transmitted in an HL7 message to eCMS. If the Accountable Officer decides to send the 2237 to eCMS, then IFCAP will store certain information about that transaction in a new IFCAP/ECMS TRANSACTION FILE [414.06].

12.1 2237 Returned to Accountable Officer from eCMS

If the contracting staff decide that a 2237 should be returned to the Accountable Officer, the 2237 is returned to IFCAP automatically via another HL7 message. The 2237 is then available to the Accountable Officer to complete the processing of the 2237 within IFCAP.

The Users listed on a 2237 as the Accountable Officer and the Initiator will receive a VistA MailMan message if eCMS returns that 2237 to the Accountable Officer. The phone number and e-mail address of the eCMS Contact will be included in the MailMan message.

12.1.1 MailMan Message – 2237 Returned to AO

```
Subj: 2237 RETURNED TO ACCOUNTABLE OFFICER 001-12-4-223-0014

Returned to the Accountable Officer Level in IFCAP
Not eligible for contracting process in eCMS. Handle in IFCAP.
Enter message action (in IN basket): Ignore//
```

12.2 2237 Returned to Control Point Users

If the eCMS contracting staff decide that a 2237 should be returned to the Control Point level, the 2237 is returned to IFCAP automatically via another HL7 message. A new Status, “Returned

to Service by eCMS (P&C),” is placed on the 2237 and the Control Point users *are required to edit the 2237 and reapprove it*. The Accountable Officer will then be able to process it again and send it back to eCMS.

The users listed on the 2237 as the Accountable Officer, Control Point Official, and Initiator will receive a VistA MailMan message if eCMS returns a 2237 to the Control Point level. The phone number and e-mail address of the eCMS Contact will be included in the MailMan message.

12.2.1 MailMan Message: Return 2237 to Control Point

```

Enter message action (in IN basket): Ignore//
```

12.3 2237 Cancelled in IFCAP by eCMS

After communicating with the FCP User, an eCMS user – and the eCMS contracting staff – may decide that a 2237 should be cancelled. In this case, the cancelled 2237 is returned to IFCAP automatically via another HL7 message. The 2237 status will be “Cancelled” and the existing IFCAP background processes will update the Running Balance to reflect the entry as CAN(celled) and the amount will be set to zero. If due-ins were established when the 2237 was approved, they will be reversed.

The users listed on a 2237 as the Accountable Officer, Control Point Official and Initiator will receive a VistA MailMan message if eCMS cancels a 2237. The phone number and e-mail address of the eCMS Contact will be included in the MailMan message.

12.3.1 MailMan Message: Cancel 2237

Subj: 2237 CANCEL FROM eCMS FOR 2237 999-12-3-110-0021 [#403586]

Chapter 13. Error Messages and Their Resolution

13.1 User Errors

As you use IFCAP to request goods and services, you will receive errors. Some errors are use errors. *User errors* indicate that IFCAP has determined that the information you have entered in the system is either incomplete or inconsistent. Such messages look like this:

Figure 13-1. Sample User Error Message

```
Select TRANSACTION: 10195  
  
Incorrect format - please re-enter number  
  
Select TRANSACTION:
```

This guide and the online option descriptions should help you with these errors.

13.2 System Errors

System errors occur when IFCAP fails to function properly. When these errors occur, IFCAP will display the error code. Record the error code and notify your IRM service.

Figure 13-2. Sample System Error Message

```
RECORDING THAT AN ERROR OCCURRED ---
```

```

```

```
      Sorry 'bout that
```

Chapter 14. Glossary

This glossary defines terms in this guide that users might find unfamiliar.

Term	Definition / Discussion
1358	VA Form 1358, Estimated Obligation or Change in Obligation.
2138	VA Form 90-2138, Order for Supplies or Services. First page of a VA Purchase Order.
2139	VA Form 90-2139, Order for Supplies or Services (Continuation). This is a continuation sheet for the 2138 form.
2237	VA Form 90-2237, Request, Turn-in and Receipt for Property or Services. Used to request goods and services.
A&MM	Acquisition and MatMYTOWN! Management Service.
AACS	Automated Allotment Control System--Central computer system developed by VHA to disburse funding from VACO to field stations.
Accounting Technician	Fiscal employee responsible for obligation and payment of received goods and services. Accounting Technicians process accounting transactions and transmit them to FMS.
Activity Code	The last two digits of the AACS number. It is defined by each station.
Security Officer	The individual at your station who is responsible for the security of the computer system, both its physical integrity and the integrity of the records stored in it. Includes overseeing file access.
Agent Cashier	The person in Fiscal Service (often physically located elsewhere) who makes or receives payments on debtor accounts and issues official receipts.
AITC	The Austin Information Technology Center located in Austin, Texas.
ALD Code	Appropriation Limitation Department. A set of Fiscal codes that identifies the appropriation used for funding.

Term	Definition / Discussion
Allowance table	Reference table in FMS that provides financial information at the level immediately above the AACS, or sub-allowance level.
Amendment	A document that changes the information contained in a specified Purchase Order. Amendments are processed by the Purchasing & Contracting section of A&MM and obligated by Fiscal Service.
Application Coordinator	The individuals responsible for the implementation, training and troubleshooting of a software package within a service. IFCAP requires there be an Application Coordinator designated for Fiscal Service, Supply Service, and for the Control Points (Requesting Services).
Approve Requests	The use of an electronic signature by a Control Point Official to approve a 2237, 1358 or other request form and transmit said request to Supply/Fiscal.
Approving Official	An official in Purchasing and Contracting or Acquisition & MatMYTOWNI Management Service that approves orders for payment and inspects orders and reconciliations to ensure that they are correct and complete.
Authorization	A charge to an obligated 1358. Each authorization represents a deduction from the balance of a 1358 to cover an expense. Authorizations are useful when you expenses from more than one vendor are covered by a single 1358.
Authorization Balance	The amount of money remaining that can be authorized against the 1358. The service balance minus total authorizations.
Batch Number	A unique number assigned by the computer to identify a batch (group) of Code Sheets. Code Sheets may be transmitted by Batch Number or Transmission Number.
Breakout Code	A set of A&MM codes which identifies a vendor by the type of ownership (e.g., Minority-owned, Vietnam Veteran Owned, Small Business Total Set Aside, etc.).
Budget Analyst	Fiscal employee responsible for distributing and transferring funds.
Budget Object Code	Fiscal accounting element that tells what kind of item or service is being procured.
Budget Sort Category	Used by Fiscal Service to identify the allocation of funds throughout their facility.

Term	Definition / Discussion
Ceiling Transactions	Funding distributed from Fiscal Service to IFCAP Control Points for spending. The Budget Analyst initiates these transactions using the Funds Distribution options.
Classification of Request	An identifier a Control Point can assign to track requests that fall into a category, e.g., Memberships, Replacement Parts, Food Group III.
Common Numbering SMYTOWNs	This is a pre-set sMYTOWNs of Procurement and Accounting Transaction (PAT) numbers used by Purchasing and Contracting, Personal Property Management, Accounting Technicians and Imprest Funds Clerks to generate new Purchase Orders/Requisitions/Accounting Transactions on IFCAP. The Application Coordinators establish the Common Numbering SMYTOWNs used by each facility.
Control Point	Financial element, existing ONLY in IFCAP, which corresponds to the ACCS number in FMS. Also the division of monies to a specified service, activity or purpose from an appropriation.
Control Point Clerk	The user within the service who is designated to input requests (2237s) and maintain the Control Point records for a Service.
Control Point Official	The individual authorized to expend government funds for ordering of supplies and services for their Control Point(s). This person has all of the options the Control Point Clerk has plus the ability to approve requests by using their electronic signature code.
Control Point Official's Balance	A running record of all the transactions generated and approved for a Control Point. Provides information that shows the total amount of funds committed, obligated and remaining to be spent for a specified fiscal quarter.
Control Point Requestor	The lowest level Control Point user, who can only enter temporary requests (2237s, 1358s) to a Control Point. This level of user is only able to view and edit their requests. A Control Point Clerk or Official must make these requests permanent before they can be approved and transmitted to A&MM.
Cost Center	“Subsection” of a Fund Control Point. Cost centers allow fiscal staff to create total expense reports for a section or service, and allow requestors to assign requests to that section or service. Cost centers are listed in the left column of MP-4 Part V, Appendix B-1.
Date Committed	The date that you want IFCAP to commit funds to the purchase.

Term	Definition / Discussion
Default	A suggested response that is provided by the system.
Deficiency	When a budget has obligated and expended more than it was funded (see MP-4, Part V, Section C).
Delinquent Delivery Listing	A listing of all the Purchase Orders that have not had all the items received by the Warehouse on IFCAP. It is used to contact the vendor for updated delivery information.
Delivery Order	An order for an item that the VA purchases through an established contract with a vendor who supplies the items.
Direct Delivery Patient	A patient who has been designated to have goods delivered directly to him/her from the vendor.
Discount Item	This is a trade discount on a Purchase Order. The discount can apply to a line item or a quantity. This discount can be a percentage or a set dollar value.
eCMS	The VA's electronic Contract Management System located in Austin, Texas.
EDI Vendor	A vendor with whom the VA has negotiated an arrangement to accept and fill orders electronically.
Electronic Data Interchange (EDI)	Electronic Data Interchange is a method of electronically exchanging business documents according to established rules and formats.
Electronic Signature	The electronic signature code replaces the written signature on all IFCAP documents used within your facility. Documents going off-station will require a written signature as well.
Expenditure Request	A Control Point document that authorizes the expenditure of funds for supplies and/or services (e.g., 2237, 1358, etc.).
FCP	Fund Control Point (see Control Point).
Federal Tax ID	A unique number that identifies your station to the Internal Revenue Service.
Fiscal Balance	The amount of money on a 1358 and any adjustments to that 1358 that have been obligated by Fiscal Service. This amount is reduced by all liquidations submitted against the obligation.

Term	Definition / Discussion
Fiscal Quarter	The fiscal year is broken into four three-month quarters. The first fiscal quarter begins on October 1.
Fiscal Year	Twelve-month period from October 1 to September 30.
FMS	Financial Management System is the primary accounting system for administrative appropriations. FMS has a comprehensive database that provides for flexible on-line and/or batch processing, ad-hoc reporting, interactive query capability and extensive security. FMS is concerned with budget execution, general ledger, funds control, accounts receivable, accounts payable and cost accounting.
FOB	Freight on Board. An FOB of “Destination” means that the vendor has included shipping costs in the invoice, and no shipping charges are due when the shipper arrives at the warehouse with the item. An FOB of “Origin” means that shipping charges are due to the shipper, and must be paid when the shipper arrives at the warehouse with the item.
FPDS	Federal Procurement Data System.
FTEE	Full Time Employee Equivalent. An FTEE of 1 stands for 1 fiscal year of full-time employment. This number is used to measure workforces. A part-time employee that worked half days for a year would be assigned an FTEE of 0.5, as would a full-time employee that worked for half of a year.
Fund Control Point	An accounting element that is not used by FMS.
Funds Control	A group of Control Point options that allow the Control Point Clerk and/or Official to maintain and reconcile their funds.
Funds Distribution	A group of Fiscal options that allows the Budget Analyst to distribute funds to Control Points and track Budget Distribution Reports information.
GBL	Government Bill of Lading. A document that authorizes the payment of shipping charges in excess of \$250.00.
GL	General Ledger.
Identification Number	A computer-generated number assigned to a code sheet.
Imprest Funds	Monies used for cash or 3rd party draft purchases at a VA facility.

Term	Definition / Discussion
Integrated Supply Management System (ISMS)	ISMS is the system that replaced LOG I for Expendable Inventory.
ISMS	Integrated Supply Management System.
Item File	A listing of items specified by A&MMS as being purchased repetitively. This file maintains a full description of the item, related stock numbers, vendors, contract numbers and a procurement history.
Item History	Procurement information stored in the Item File. A history is kept by Fund Control Point and is available to the Control Point at time of request.
Item Master Number	A computer generated number used to identify an item in the Item File.
Justification	A written explanation of why the Control Point requires the items requested. Adequate justification must be given if the goods are being requested from other than a mandatory source.
Liquidation	The amount of money on the invoice from the vendor for the authorization. They are processed through payment/invoice tracking.
LOG I	LOG I is the name of the Logistics A&MM computer located at the Austin Data Processing Center. This system continues to support the Consolidated Memorandum of Receipt.
Mandatory Source	A Federal Agency that sells supplies and services to the VA. VA Supply Depot, Defense Logistics Agency (DLA), General Services Administration (GSA), etc.
MSC Confirmation Message	A MailMan message generated by the Austin Message Switching Center that assigns an FMS number to an IFCAP transmission of Code Sheets.
Obligation	The commitment of funds. The process Fiscal uses to set aside monies to cover the cost of a Purchase Order.
Obligation (Actual) Amount	The actual dollar figure obligated by Fiscal Service for a Purchase Order. The Control Point's records are updated with actual cost automatically when Fiscal obligates the document on IFCAP.
Obligation Number	The C prefix number that Fiscal Service assigns to the 1358.

Term	Definition / Discussion
Organization Code	Accounting element functionally comparable to Cost Center, but used to organize purchases by the budget that funded them, not the purposes for spending the funds.
Outstanding 2237	A&MM report that lists all the IFCAP generated 2237s pending action in A&MM.
PAID	Paid Accounting Integrated Data.
Partial	A Receiving Report (VA document that shows receipt of goods) for only some of the items ordered on a Purchase Order.
Partial Date	The date that a warehouse clerk created a receiving report for a shipment.
PAT Number	Pending Accounting Transaction number - the primary FMS reference number.
Personal Property Management	A section of A&MM Service responsible for screening all requests for those items available from a Mandatory Source, VA Excess or Bulk sale. They also process all requisitions for goods from Federal Agencies and equipment requests. In addition, they maintain the inventory of Warehouse stocked items and all equipment (CMRs) at the facilities they support.
PPM	Personal Property Management, now referred to at most sites as Acquisition and MatMYTOWN Management Service.
Procurement Request Cards	VA Form 10-7142. Used to order items repetitively.
Program Code	Accounting element that identifies the VA initiative or program that the purchase will support.
Prompt Payment Terms	The discount given to the VA for paying the vendor within a set number of days (e.g., 2% 20 days means the VA will save 2% of the total cost of the order if the vendor is paid within 20 days of receipt of goods).
Purchase Card	A card, similar to a credit card, which Purchase Card Users use to make purchases. Purchase Cards are not credit cards but debit cards that spend money out of a deposited balance of VA funds.

Term	Definition / Discussion
Purchase Card Coordinator	A person authorized by a VA station to monitor and resolves delinquent purchase card orders, help VA services record, edit and approve purchase card orders in a timely manner, assign purchase cards to IFCAP users, and monitor the purchase card expenses of VAMC services.
Purchase Card Orders	Orders funded by a purchase card.
Purchase Card User	A person who uses a purchase card. Purchase Card Users are responsible for reporting their purchase card orders in IFCAP.
Purchase History Add (PHA)	Information about purchase orders which is automatically sent to Austin for archiving. This same transaction is also used to send a PO for EDI processing.
Purchase Order	A government document authorizing the purchase of the goods or services at the terms indicated.
Purchase Order Acknowledgment	Information returned by the vendor describing the status of items ordered (e.g., 10 CRTs shipped, 5 CRTs backordered).
Purchase Order Status	The status of completion of a purchase order (e.g., Pending Contracting Officer's Signature, Pending Fiscal Action, Partial Order Received, etc.).
Purchasing Agents	A&MM employees legally empowered to create purchase orders to obtain goods and services from commercial vendors.
Quarterly Report	A Control Point listing of all transactions (Ceilings, Obligations, Adjustments) made to a Control Point's Funds.
Quotation for Bid	Standard Form 18. Used by Purchasing Agents to obtain written bids from vendors.
Receiving Report	Report that Warehouse Clerk creates to record that the warehouse has received an item.
Receiving Report	The VA document used to indicate the quantity and dollar value of the goods being received.

Term	Definition / Discussion
Reconciliation	Comparing two records of a purchase to validate IFCAP records and the records of other systems that share data with IFCAP. For example, Purchase Card Users compare purchase card orders with the 820 Sub allowance Reconciliation from FMS.
Reference Number	Also known as the Transaction Number. The computer generated number that identifies a request. It is comprised of the: Station Number - Fiscal Year - Quarter - Control Point - 4 digit Sequence Number.
Repetitive (PR Card) Number	See Item Master Number.
Repetitive Item List	A method the Control Point uses to order items in the Item File. The Control Point enters the Item Master Number, the quantity and vendor and IFCAP can sort and generate requests from the list.
Requestor	See “Control Point Requestor.”
Requisition	An order from a Government vendor.
Running Balance	A running record of all the transactions generated and approved for a Control Point. Provides information that shows the total amount of funds committed, obligated, and remaining to be spent for a specified fiscal quarter.
Section Request	A temporary request for goods and/or services entered by a Control Point Requestor. These requests may or may not be made permanent by the Control Point Clerk/Official.
Service Balance	The amount of money on the on the original 1358 and any adjustments to that 1358 when created by that service in their Fund Control Point. This amount is reduced by any authorizations created by the service.
SF-18	Request for Quotation.
SF-30	Amendment of Solicitation/Modification of Contract.
Short Description	A phrase that describes the item in the Item Master file. It is restricted to 3 to 60 characters and consists of what the item is, the kind of item, and the size of item (e.g., GLOVE-SURGICAL MEDIUM).

Term	Definition / Discussion
Site Parameters	Information (such as Station Number, Cashier's address, printer location, etc.) that is unique to your station. All of IFCAP uses a single Site Parameter file.
Sort Group	An identifier a Control Point can assign to a project or group of like requests. It is used to generate a report that will tell the cost of requests.
Sort Order	The order in which the budget categories will appear on the budget distribution reports.
Special Remarks	A field on the Control Point Request that allows the CP Clerk to enter information of use to the Purchasing Agent or vendor. This field can be printed on the Purchase Order.
Stacked Documents	The POs, RRs, and 358s that are sent electronically to Fiscal and stored in a file rather than being printed immediately.
Status of Funds	Fiscal's on-line status report of the monies available to a Control Point. FMS updates this information automatically.
Sub-control Point	A specific budget within a Control Point, defined by a Control Point user.
Sub-cost Center	A subcategory of Cost Center. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.
Tasked Job	A job, usually a printout, which has been scheduled to run at a predetermined time. Tasked jobs are set up to run without having a person watching over them.
TDA	See "Transfer of Disbursing Authority."
Total Authorizations	The total amount of the authorizations created for the 1358 obligation.
Total Liquidations	The total amount of the liquidation against the 1358 obligation.
Transaction Number	The number of the transaction that funded a Control Point (See Budget Analyst User's Guide). It consists of the Station Number - Fiscal Year - Quarter - Control Point - Sequence Number.

Term	Definition / Discussion
Transmission Number	A sequential number given to a data string when it is transmitted to the Austin DPC; used for tracking message traffic.
Type Code	A set of A&MM codes that provides information concerning the vendor size and type of competition sought on a purchase order.
Vendor file	An IFCAP file of vendors solicited by the facility. This file contains ordering and billing addresses, contract information, FPDS information and telephone numbers. File 440 contains information about the vendors solicited by your station. The debtor's address may be drawn from this file, but is maintained separately. If the desired vendor is not in the file, contact A&MM Service to have it added.
Vendor ID Number	The ID number assigned to a vendor by FMS.
VRQ	FMS Vendor Request document. When users send vendor information to FMS, FMS sends a VRQ document to IFCAP with the vendor information, ensuring that the information in the IFCAP vendor file matches the information in the FMS vendor table.
