The purpose of this questionnaire is to find out about what helps people to not use illicit drugs, such as marijuana, cocaine, etc. The following statements describe things people do, thoughts they have, or situations that help them not to use drugs. We want to know how often you have done any of these things in the last week. Listen as I read each statement to you, then rate how often you make use of a particular situation, activity, or thought, in order to help you not use illegal drugs. Remember that these statements refer to situations, activities, or thoughts you might have used during the past week. There are five possible responses to each of the items in the questionnaire:

	Never (1)	Seldom (2)	Occasionally (3)	Frequently (4)	Repeatedly (5)	Missing (99)
1) I reward myself when I don't give in to my urge to use drugs.	<input type="radio"/>
