Program Integrity Tools (PIT)

High level overview of the flow of claims for the PIT
Claims Scoring Tool

- **Hard Rules**
  - Predefined FWA logical rules
  - Examples:
    - LEIE
    - Duplicate claims

- **Statistical**
  - Fraud Abuse Management System
  - (FAMS) identifies healthcare providers exhibiting suspicious billing patterns
  - FAMS contains integrated data mining, business logic, and reporting
FAQ - Providers

- Frequently Asked Questions by Providers

- Will address providers concerns regarding:
  - Delay in payment
  - How to bill appropriately
  - What will be displayed on their PFAR
  - What to do if a claim is rejected by the PIT
  - Informational resources available to them regarding the PIT
### Rejection Reasons

- Match the rejection reason on the VA EOB to the chart on the website.

<table>
<thead>
<tr>
<th>Rejection Codes</th>
<th>Rejection Explanation</th>
<th>What Should the Provider Do?</th>

Benefits of the Program Integrity Tools

- **Benefits**
  - Safeguards the taxpayer’s investment
  - Prevents improper or fraudulent payments
  - Providers receive education on billing rules
  - Providers will receive educational letters
  - Affirms Veterans Affairs’ commitment to excellence to our nation’s Veterans and Beneficiaries, and stakeholders
Veterans Affairs manages several health care programs that reimburse private health care providers for caring for our Veterans and their eligible family members. Unfortunately, these health care programs have a different statutory and regulatory authority, which creates diverse payment methodologies. The majority of VA health care programs utilize Medicare’s payment methodologies or something very similar.

Therefore, providers and facilities that utilize Medicare’s billing and coding guidelines will greatly minimize claim delays or rejections as a result of the Program Integrity Tools Improper Payment Review.

The following Medicare link is an excellent source of billing and coding guidance for all providers and facilities:
