**Veterans Affairs manages several health care programs that reimburse private health care providers for caring for our Veterans and their eligible family members. Unfortunately these health care programs have a different statutory and regulatory authority, which creates diverse payment methodologies. The majority of VA health care programs utilize Medicare's payment methodologies or something very similar.**

**Therefore, providers and facilities that utilize Medicare's billing and coding guidelines will greatly minimize claim delays or rejections as a result of the Program Integrity Tools fraud and abuse review.**
