

How to Access Urgent Care

VA offers urgent care services to eligible Veterans at VA medical facilities and in-network urgent care clinics closer to home. Use VA's urgent care benefit to treat minor injuries and illnesses that are not life-threatening, such as colds, strep throat, sprained muscles, skin infections, ear infections, and more. Follow these steps to receive urgent care services.

3. Confirm Provider

- If the provider is in CT, DC, DE, MA, MD, ME, NC, NH, NJ, NY, PA, RI, VA, VT, WV, they will call 888-901-6609 to confirm you are eligible. In all other states or territories, the provider will call 833-4VETNOW (833-483-8669).

5. Copayments

- Copayments depend on your assigned priority group and how many times you use urgent care in a calendar year.

2. Find a Provider

- Use VA's Facility Locator at <https://www.va.gov/find-locations>. To find an urgent care location, select the "Urgent care" VA facility type and then "Community urgent care providers (in VA's network)" from the service type drop-down.
- You can search for the nearest urgent care provider by ZIP code or address.
- Once selected, go to the urgent care provider.

4. Get Urgent Care

- Receive needed care from the provider.
- If you need prescription medication, make sure the provider activates your pharmacy benefits under the VA urgent care benefit.
- VA will pay for a 14-day supply (no refills) of prescription medication for the condition for which you were provided care (Opiates will be limited to seven days or less, consistent with the pharmacy location's state law).
- Prescriptions must be filled by an authorized in-network pharmacy or by a VA pharmacy.
