

HealthShare Referral Manager is Good News for Community Providers

HealthShare Referral Manager (HSRM) is VA's new secure online portal for managing referrals and authorizations. Here's what is changing:

- ◆ **Less time waiting for fax, phone, or email contact with VA regarding Veteran care**
- ◆ **Easier, quicker, and more reliable information sharing of clinical documents and images**
- ◆ **Up-to-date access to a holistic and accurate view of your patient's care and care status**

HealthShare Referral Manager revolutionizes the way community providers partner with VA to serve Veterans

- ◆ **Standardizes referrals** with consistent format and data from VA
- ◆ **Facilitates Health information Exchange (HIE)** between community providers and VA via one unified platform
- ◆ **Tracks healthcare delivery** by monitoring and recording services provided
- ◆ **Captures and retains details** regarding unique patient requirements
- ◆ Gives the flexibility to **easily refer Veterans for other specialized care**
- ◆ Allows community providers to **submit Requests for Services (RFS)**

Access to HealthShare Referral Manager and training resources are available at no cost to community providers!

HealthShare Referral Manager's innovative and easy-to-use features will simplify your business process

- ◆ Available to community providers at **no cost**
- ◆ Easy access to detailed **bundled care/standardized episode of care (SEOC) information, including precertification requirements**
- ◆ **Authorization numbers** required to receive payment are easy to find
- ◆ **Up-to-date status tracking** for every referral
- ◆ **Referral sorting capability** organizes referrals by time-sensitive criteria
- ◆ **Outline of all community care appointments and services** being provided to the Veteran facilitates better coordination of care

**HSRM Training:
Every Tuesday 1-3 PM EST**
