As you are aware, one of my previous FOIA requests was for an accounting of all of the property the US accepted as part of the deed creating the Disabled Home West of the Rockies, now known as the West LA VA grounds. I never received the information requested and would like to know when I can expect it. Clarified as: a. "The info not received is the accounting of the land not the leases and payment for the property used by non-veteran centric operations. When the government accepted the land there was well over 900 acres, but now the VA claims there are less than 400 acres left. Where did the missing acres go? 2. I would also like any copies of the information provided by the oversight committee that held the town hall recently where they spoke of the Master Plan. I know from past attendees that the sessions are recorded, or at a minimum presentations are prepared and used at such events and I would also like copies of any video, audio, informational handouts provided, as well as any notes relating to issues and questions raised by attendees.	19-00352-F	-	-

-	10/22/2018	On July 20, 2018, I emailed you a request regarding the following: There was a Whistle-Blower case against (b) (6) from Holland Michigan for Medicare fraud. I believe this case was settled between 2016 and 2017. Mr. (b) (6) is the brother of my Domestic Partner whom I have lived with for over 22 years his name is (b) (6). Mr. (b) (6) obviously does not know who the whistle blower was against him, therefore, he accuses both his brother and I, (b) (6) of being the Whistle Blowers. We have told Mr. (b) (6) we had nothing to do with this, but obviously he does not believe us. All we want from FOIA is a response that shows both (b) (6) and I cleared of this matter. We are not asking for any other information or details on this case. My partner is very ill and wants to make sure that his brother has peace of mind knowing we were not the ones bringing this case against him.	19-00706-F	-	Other Reasons - Glomar Response

Transactional Records Clearing House	10/23/2018	On June 30, 2016 President Obama signed into law the FOIA Improvement Act of 2016 that provides that the raw, request-by-request, appeal-by-appeal data used in the agency's Annual FOIA Reports must be available in an aggregated, searchable format that is downloadable in bulk. We see that some agencies have now posted a zipped csv file that contains these data covering FY 2017. It is our understanding that to produce this zipped csv file, the agency developed computer programs or scripts that identified the needed data in your FOIA tracking database and copied the information for the time period covered by the report into this csv formatted file. Under the provisions of the Freedom of Information Act, we request a similar csv file covering FY 2018 and the first quarter of FY 2019.	19-01646-F	-	-

Myers Family Dentistry	10/30/2018	I was excited to be able to pull up an invoice report today on the pending upcoming payments for several of our veteran patients on the VIS website! I have a quick question that I hope you can help me with; I received the faxed approval for {NAME} upcoming appointment in January 2019, but I had a question regarding the allowed amounts for his services. It showed that the two service codes were approved, but it did not say what amount was approved for each service. Is there any type of a list/report or anything that you can send me that would show what amount is being allowed for different services? Or is there any way that the allowed amounts could be shown on the pre-authorization approvals? I greatly appreciate your help, and I look forward to hearing back from you soon!	19-01058-F	10/30/2018	Denied in Full

San Francisco VA Health Care System	11/5/2018	Daily retrospective appointment-provider data for the Ukiah CBOC from September through December 2017, to include whether appointments were 30 or 60 minutes. It should include day by day completed scheduled appointments plus completed walk-ins and time allotted for each appointment, by provider. (Note that PACT D patients during this period were split between PACTs B1 and C, so there is no PACT D provider.) If possible, I'd also like to add the following request: Prospective appointment data for the same time period. This would include appointments as scheduled but not necessarily completed due to no-shows or provider sick days. I understand that this may not be available at this point. VA SNHS	11/8/2018	In conjunction with my training termination, I was advised that my classmates from the course were directed to provide written statements outlining the events and circumstances that led to my termination. The course of instruction also provided a printed, roughly 2 sentence paragraph, containing the role I was directed to play in the training exercise. I am formally submitting a FOIA request for the following materials: • A copy of the training scenario assignments printout, both the role playing "Supervisor" that my partner was assigned, and the role playing "Officer" that I was assigned (2 separate documents). I know there are many scenarios and I do not recall seeing any numbers or identifiers on the top of the page. However, as you are aware, the scenario requested is the one that calls for the role playing "Officer" to portray a person who "...has a severe dislike for middle-eastern men." This is listed, I believe, as the last part of the last sentence of the printout. • A copy of my own written Statement. This was provided to the school administration on a VA Form 119 "Report of Contact" and has not yet been provided to me. • Copies of all written statements made by my assigned classmates relating to the event. It is my understanding that this should include 13 statements. The course had 29 students who had been divided into two working groups (15 and 14 persons) for the exercise. I was part of the group that had 14 so there should be 13 others who provided statements. • A copy of the written statement completed by the LETC instructor, who was in the classroom at the time, relating to the event. This was Special Agent Dunning (female). Forgive me but I did not catch her first name during this block of instruction and I believe there are two instructors at LETC with the same last name. Software Plaform Consulting, Inc	11/13/2018	I am a consultant helping federal and state governments as well as school districts to save money by analyzing the prices they pay for commodity items. -	11/15/2018	I am requesting the FY 2018 Employee Approval Results (to include myself in the count) for all GS-07 (Total of 5 personnel/ Series-0083, Sergeants/ Lead Police Officers, and Training Officers) at the Salem VA Medical Center (Police Service). The results Requested are results without names, personal identifiers, and any other PII attached to the numbers. Only requesting the number(s) of Fully Successful, Excellent, and Outstanding. For example, "X" – Fully Successful, "X"- Excellent, "X"- Outstanding. Due to there being a sample of 5 personnel without names or identifiers, a specific individual should not be able to be determined. This will also cut down the time on search for the 5 employees names who are GS-07's in the Police Service : [NAME REMOVED], [NAME REMOVED], [NAME REMOVED], [NAME REMOVED], and [NAME OF REQUESTER]. With the names it should shorten the search time.	19-01427-FP	11/21/2018	Granted/Denied in Part

VHA 671 - South Texas Veterans Health Ca	19-02539-F	12/10/2018	-	I have been with MAS for over 10 years now and my current position is a Management Assistant. I was encouraged by my Supervisor to apply as she thought I would be good for this position. There were 3 people hired off the first cert and 2 off the second cert. I have been very perplexed as to why I never even warranted an interview and have finally decided to submit this request to get answers. My longevity in this service along with my strong work ethic and knowledge should have a least given me a chance to interview. I'd like to know where I ranked when the board did a review and ranking of resumes. I reached out to the HR Specialist via e-mail about this for some feedback as he was on both announcements, but I never got a response	-	-

NCA 921 Sacramento Valley National	19-03633-FP	2/13/2019	-	By way of the Freedom of Information act, I would like to gain any information relating to the above memorial that I saw posted on find-a-grave.com. I was adopted and (b) (6) was my birth father whom I never knew about until about 6 weeks ago following a DNA test. It's quite a shame as I lived in San Francisco for 5 years. My wife is from the UK, where we now live. The DNA test was researched by Ancestry.com Pro research and attached is the life story they created of (b) (6) . (b) (6) wife, (b) (6) , died on June 17, 2011, but does not appear to be in the same cemetery, I gather because it is perhaps a VA cemetery only. I have reason to believe that she had close family in the area but I don't have any information on them. She was born in Redwood City and they had been together in Sacramento since about 1960 as far as I can tell. Did someone make arrangements for his memorial? I am trying to find anyone that knew (b) (6) and could tell me what he was like, what he did, etc. From the sparse nature of the memorial I imagine he might not have had anyone close to him when he died. I understand that he died tragically in a street accident, aged 90, on July 23, 2014. Many thanks again Nancy. I appreciate any information you can find out. Sincerely, (b) (6) Deans Farm Weston Lane Petersfield GU32 3NP	Granted/Denied in Part	3/7/2019

VHA 523 - VA Boston Healthcare System, J	19-04521-F	2/22/2019	-	1. A copy of the original LETTER and ALL ATTACHMENTS sent from the Chelsea Soldiers Home's of Massachusetts to the VA asking to have the CSH DOMICILIARY be recognized as Domiciliary by the VA so that it might receive VA Per Diem Grant Payments. 2. A copy of the VA's reply letter sent to the SHMC approving the SHMC Domiciliary to receive VA Per Diem Grant funds. Please also send a copy of any Memorandums of Agreement (Form 10-5348) in the file between the VA and the SHMC DOMICILIARY. Note: VA Grant Per Diem funds were first paid by the VA to State Veterans Homes nursing homes and domiciliaries in 1966 after Public Law 88-450 was passed in 1964. Funding was appropriated in 1966. The Soldiers Home Massachusetts Chelsea (SHMC) Domiciliary was receiving VA Per Diem Grant funding by 1980 per a GAO report published in April of 1981. So the SHMC Domiciliary had to have been Recognized by the VA and approved to receive VA PER DIEM GRANT FUNDS sometime between 1966 and 1980. 3. Please also send a copy of the INITIAL 10-5588 Form that was submitted by the SHMC Domiciliary to the VA and copies of all the JANUARY FORM 10-5588 for EVERY YEAR UNTIL 2019 the SHMC Domiciliary has been paid VA Per Diem Grants. Since 53 years have passed since 1966 there may be as many as FIFTY-THREE (53) JANUARY 10-5588's for every year the SHMC DOMICILIARY HAS RECEIVED VA PER DIEM GRANT PAYMENTS. But this total number of JANUARY 10-5588s in the file will depend upon what year the SHMC Domiciliary was FIRST recognized and approved to receive VA Per Diem Grant payments for its provision of Domiciliary Care to Massachusetts veterans. On February 5, 2019, the offer was rescinded due to a negative reference response. I have spoken to the head of your HR department on February 14, 2019. She informed me that my professional reference from the Sierra Army Depot gave me a negative reference report. I would like documentation that supports the telephone call between myself and the head of the SLC VA HR department. Or at a minimum this person's email address so that I can obtain documented evidence of this negative reference. Request #2: An "incident" between myself and the SLC VA Police Department dispatcher. Between January 15, 2019 and February 5, 2019, the Chief of the SLC VA Police Department accused me of having negative contact with a Dispatcher. I am looking for a recording of the conversation between myself and the Dispatcher the Chief is referencing. I know that all inbound and outbound calls from the Dispatch center is recorded. Therefore, I am asking for the recording of the conversation. I am also looking for any documents directly related to the conversation, IE: reports, notes from the Dispatcher or anyone else who has provided documentation related to the conversation. VHA 557 - Carl Vinson VA Medical Center	19-05317-F	3/18/2019	-	The position was posted on 1/8/19 and closed on 1/21/19. I received notification that I had been referred to the selecting official and then on 1/28/19, approximately a week later, the same position was posted again, but as a Detail Opportunity. The email stated that if you were interested to send your resume to Chari Spivey by COB Friday, February 1, 2019. I made an attempt to contact Ms. (b) (6) but she would not answer my call or email or anything, so I went down to HR to see her to ask her about the detail that had just been posted for the same position I had just applied for. Ms. (b) (6) stated that because there were "so many candidates" and because a VISN Panel had to be put together and Mr. (b) (6) had several meetings that he needed to attend which would take some time for all of that to happen, he decided to post a detail for the position because they needed someone immediately. She stated that it was just routine for them to do that and if I was still interested, all I needed to do was to send her a copy of my Resume. I came back to my office and I sent her a copy of my Resume. Requesting my scored resume by the selecting manager as well as a copy of the Criteria Rating Sheet he developed to rate all qualified candidates along with all rated resumes as well as all Interview Questions and Answers. VHA 756 - El Paso VA Health Care System	19-05852-F	3/29/2019	VHA	"My name is Dr. (b) (6) ., currently i am Chief of Logistics for Phoenix, VA. I interviewed for the vacant position of Chief Logistics Officer for the El Paso VA on 3-11-2019. It is my understanding that position has been vacant since July of 2018 due to the former El Paso, VA Logistics Chief officer resigning. This was made aware to me during one of our VA Logistics National calls that a position may be coming available. I then reached out to Acting Associate Director (b) (6) in regards to a possible transfer with an initial response then no response. During that time I accepted a new position of Chief Logistics officer in VA Phoenix in hopes that the position in El Paso will then come open. When it did open I applied and was referred and interviewed for the position. After following up with El Paso HR I found out I was not selected to the position. I would like to see the scores for the interviews on this vacancy as well as the resumes as I was not selected for the position, which is the exact same job description of my current position, except that I am a GS-14 for a Level 1B facility in comparison to your Level 2 facility and a GS-13 opening. I find it hard to believe I did not meet the requirements as I have been a Chief of Logistics for almost 2 years. I am also requesting the resume of the other candidates and would like to be notified of who was selected to the position over me and if they exceed my qualifications. I would also would like to take this opportunity to file a formal grievance on this selection process as I am a male over the age of 40 a minority, I currently hold the exact same position at a different facility with a much higher complexity."
