-	4/8/2019	This Records Request clarifies my request of March 28, 2019, and adds the following: A. Copy of all documents last known to be in a file located in the office of (b) (6) . Ms. (b) (6) is aware of that file as she made copies from that file in December of 2018. I believe the full contents of that file we're not made available to me in spite of my written request for ALL documents, sent in an email to (b) (6) dated 12/06/18 at 4:08pm. It encompasses communications via email and Skype, during my Federal Employment from February 5, 2018--December 31, 2018--Office of Community Care and Rocky Mountain Regional Medical Center Records--and known to be generated, maintained, reproduced, and/or sent electronically by Agents of the Eastern Colorado Healthcare System, to the Office of Personnel Management, in accordance with their policies and procedures. I would like to state, for the record, I have no issue with individually-identifying information being redacted. However, I do take issue with the unreasonable exclusion of many documents which were identified--and reasonable to be included--in my original request. These documents should have been provided by the H.R. Department per my original FOIA Request dated December 20, 2018. 1. Correspondence (and applicable attachments)--email, written, skyped, and/or in any form to me/from me/pertaining to or involving me as (b) (6) . Search dates are 7/15/2018--01/31/2018, unless otherwise noted. -	4/8/2019	correspondence related to NCACO's selection of keynote/guest speaker. I stated I would be more than happy to provide that to him, but to be on legally sound ground I asked that he fill out a FOIA request. Dr. (b) (6) submitted this request, addressed to (b) (6), Privacy Officer Southeast District, to my office about 30 minutes ago. As I stated before, Dr. (b) (6) and the organization he represents are not necessarily angry with the VA/NCA, but want to legally establish who has the authority to choose speakers for Memorial Day. I believe this correspondence may be used in a Congressional inquiry so I cannot understate the urgency of considering this request.	19-05999-F	4/8/2019	Granted in Full

-	4/10/2019	I applied for Maintenance Mechanic position with the Salisbury VA Medical Center/Job Description: Maintenance Mechanic/PD#1672 . Announcement# CBBT-10412376-19-KS I applied for this position on Feb 12, 2019. This same position was also cancelled on Feb 12, 2019 (same day). I met all qualifications for this position, and I'm currently qualified in the HVAC Program. (See Attached Cert). I applied for over 30 job positions in this same facility and service and have been denied the job, after being referred to the hiring official and completing the entire interview process. All of my qualifications are uploaded in my usajobs profile. I feel that I'm not getting a fair treatment or being discriminated against in some shape or form within this Facility or Service line. I would like to know why wasn't I selected in the hiring process for any of these jobs positions I applied for. Thanks for your help in this important matter.	19-06261-F	6/30/2019	Other Reasons - Administratively Closed

-	4/10/2019	I am, per this dated, signed FOIA requesting, a copy of ALL email traffic, and electronic communication traffic through any VA issued devices, or laptops regarding (b) (6), between any and all VISN 6 Officials, to include Employee 1, Employee 2, Employee 3, former VISN 6 Director Employee 4, former VA Secretary Employee 5 with and between each other, and with and between Salisbury VA officials to include Employee 6. Employee 7. Employee 8. Employee 9, Employee 10, Employee 11, Employee 12. Employee 13, Employee 14, Associate Director employee 15, Employee 16, Employee 17, and former VA Associate Director Employee 18 from 7-1-16 through 6-1-18. (Please note Employee 8 has already provided sworn testimony she received written communication from VISN 6 officials to stop me from sending emails to Employee 3 and Employee 1, regarding reprisal and harassment.) Via this dated signed FOIA, I am requesting a copy of the alleged Fact-Finding investigation notes, and email traffic generated between any VA officials and all involved witnesses, to include final investigative impressions, along with a copy of all VAMC employee interviews regarding the alleged investigation conducted by officials at the Salisbury VAMC relied upon to support the termination of (b) (6) Ten-year VAMC employment in April of 2018 for allegations of improperly medicating patients, failing to perform pain assessments, and improper conduct. Please note the VAMC indicated this alleged Fact-Finding investigation allegedly concluded (b) (6) had improperly medicated Veteran patients and failed to properly perform pain assessments per unlicensed CNA's Employee 19, Employee 20, and Employee 21 accusations. VAMC Officials (Employee 6, Employee 7) subsequently mailed (b) (6) official letters long after the official VAOIG and NCBON had concluded their investigations into these allegations, both of which fully cleared McInturff of these identical allegations of chemically restraining patients, failing to perform pain assessments per VHA protocol which were based solely on unlicensed Employee 19, and Employee 21 reports of contact, and accusations, and of Improperly medicating patients, again based solely on the unsubstantiated claims of subordinate unlicensed staff not trained, or legally allowed, per the NC Nurse Practice Act, to either monitor a RN's practice, or to perform independent assessments of any kind. Please note (b) (6) and her attorneys have already received the official VAOIG/ VAOIG Healthcare Inspections Unit investigation findings, and full	19-05633-FP	-	-

R.A. Glancy & Sons	4/11/2019	included in a show cause response communication with a VA contracting official the requestor has asked for a copy of: 1. Answer: Your demand in the Show Cause exceeds what you requested in the Cure Notice. First, there is no way to determine the static pressure at the time the problem occurred and for Glancy to submit something along those lines would be an impossibility. Second, as stated in Glancy 's response to the Cure Notice, and as further supported herein, extensive testing of the valves occurred after the incident. This testing was performed on or about July 9, 2018 (Bates 1), in the presence of the COR, (b) (6) (Bates 2-3). The methodology of the testing was determined during a coordination meeting between the VA and the AIE on June 4, 2018, which was referenced and confirmed in a June 6, 2018 email (Bates 4-5). In addition, in a December 4, 2018 letter, Phoenix confirmed that the correct testing procedures for the valves were used (Exhibit 6 in response to the Cure Notice). Glancy is not aware of any objection made by the VA regarding the testing procedure or the testing results. In addition, Glancy has obtained a letter from Quantum Controls Group, LLC, who is currently doing all of the control work, that provides a 1-year warranty on the items purchased and installed (including the valves) pursuant to the Contract (Bates 6-7). Since it is evidenced that the COR witnessed the testing, it is presumed that he kept notes or logs of the testing, which Glancy would like to see. Therefore, pursuant to the Freedom of Information Act, Glancy is requesting that documentation so that it can supplement this response. If in fact you will not produce this information voluntarily, then please forward this FOIA request over to appropriate records access officer. If you choose not to forward this request, please kindly advise, so Glancy can send the request itself. 2. d. Roof Membrane: March 13, 2019 Cure Notice: Glancy is required to resubmit a Submittal for review with a detailed plan of action stating process of roof repair including adhesives. March 23, 2019 Glancy Response to Cure Notice: See the following previously sent on 10/15/18. This was discussed and plan was acknowledged in the meeting Oct 22, 2018 by you (Attachment 7). It was again acknowledged in your follow up email after the meeting, #3 in minutes, that a plan was received. You further state "VA to review suggested repair". Definitive Healthcare	4/17/2019	On behalf of Definitive Healthcare, I would like to submit a Freedom of Information Act request. Definitive Healthcare has recently acquired Source, a database of Healthcare IT Contracts used to increase transparency in the healthcare information technology procurement process. Our goal is to create a comprehensive resource that providers and other healthcare leaders can use as a tool during the capital procurement process to ensure that they are receiving the best pricing and terms & conditions available to them based on the historical experience of their peers and colleagues. Source contains thousands of Contracts, Proposals, and RFP Responses, all of which have been obtained from publicly funded hospitals, states, and federal agencies under applicable Freedom of Information Act (FOIA) laws. In an effort to expand this database, I am reaching out to you to request a copy of the following documents under the Freedom of Information Act: * Can we please get a copy of your PACS Contract with Carestream Health, including any Amendments? * Can we please get copies of any proposals or RFP Responses associated with this deal? All documents that are received are completely de-identified before being uploaded into the Source database to protect the privacy of your organization. If you have any questions about the request, or our handling of your documents, please don't hesitate to contact me. Thank you in advance for your assistance, (b) (6) [REDACTED]   Data Analyst	19-04967-F	4/17/2019	Other Reasons - Records not reasonably described

-	4/17/2019	Perhaps there are some answers I can only obtain by FOIA.ing relevant material. If that's the case with either of these questions, please let me know. • Who were the five individuals that departed as a result of the investigation? • When did the investigation into these employees start? When did it conclude? • What prompted the investigation? • Had the VA received any inquiries or communication from external parties -- like a company, a person or a Congressional inquiry -- that in some way pertained to the five individuals or the investigation that was conducted? • What was the nature of their wrongdoing? Which rules had been violated? • Which unit of the VA, or person at the VA, was responsible for the investigation? • Which individual, or individuals, at the VA ultimately took the decision that the individuals could either depart on their own volition, or face termination?	19-06689-F	4/26/2019	Other Reasons - Administratively Closed

-	4/30/2019	"I am requesting copies of all correspondence- emails, meeting notes and minutes, call recordings etc, related to the attempts to deny me mental health care and the attempts by the VISN-1 Boston VAMC Healthcare system to deny my healthcare and especially to deny me mental health care related to my 100% disability rating. This FOIA isn't simply for my benefit. The VA has very recently had news reports of a rise in what is known as parking lot suicides. The veteran suicide rate is also absurdly high with everyone at the VA seemingly scratching their heads over this phenomenon. I will also add, that it has also been reported and is widely known, that the VA failed to even bother to spend the funds it was allotted to prevent veteran suicides. I am also forwarding this request for these documents to other members of the general public as well to a few select media organizations. In particular, I am requesting copies of all media correspondence between (b) (6) and any outside agency, any VA internal Department, any other governmental agency, any other VA employee or contractor, and any non-VA provider. I also request any memos or meeting minutes from any meetings, formal or informal of any number of participants that she attended related to this matter. The pertinent dates would begin after the date I was molested by your Resident, 7 /6/17. I request the same as above for any of the following employees as well: (b) (6) in women's health..."	19-05384-FP	5/31/2019	Other Reasons - Fee-related reason

I received a CD with some of my files, but it is a small fraction of the documents I had on the computer that are pertinent to my appeal for reinstatement to employment. 3) The report from the Committee on Government Waste (Atlanta, Ga. Based committee) who investigated the way I was handled along with fellow surgeon Dr. (b) (6) from the time period of about July, 2015 until their investigation in about August, 2016. This report details what had been done, and the strong opinions of the committee on the legitimacy of the way things had been handled by administration during this time period. The committee very strongly recommended both Dr. (b) (6) and me be reinstated; our privileges be renewed; and we resume our duties of seeing patients in the surgical clinics. 4) Any and all E-mails between Drs. VHA 516 - Bay Pines VA Healthcare System	19-08983-F	5/17/2019	-	Charles, On February 21, 2019, I made a FOIA Request for a copy of former Bay Pines Police Chief, (b) (6) written request for representation in the following lawsuit USDC Case No. 8:18-cv-02163-JSM-SPF, made under 28 CFR 50.15(a) and 38 CFR 14.514(b). In the attached response that I received from (b) (6), the OGC FOIA Officer from Central Office on March 11, 2019 she states and I quote: Please be advised that the records you have requested are not under the jurisdiction of the Office of General Counsel. The records that I sought for Mr. (b) (6) are as follows: 1. The written request for representation by Mr. (b) (6) 2. The notarized affidavit signed by Bay Pines Director, (b) (6) authorizing Mr. (b) (6) legal representation in this case by the United States Department of Justice. Due to the fact that I was suing Shogren as an individual, and I was suing him for punitive damages totaling 5 Million Dollars max, and not equitable relief, he had to submit that written request to Director, (b) (6), and Director (b) (6) would have had to have completed a notarized affidavit authorizing representation. Therefore, since those documents are under the jurisdiction of Bay Pines, and it's Director, please provide me with the responsive record, for which after review for the requested record from Bay Pines, you determine that no documentation exists, then I can reopen my case and file for default against (b) (6) who was not authorized representation by the Department of Justice, and failed to appear, plead or defend. I know for a fact, Mr. (b) (6) didn't authorize his representation, because (b) (6) never worked for him, and the VA was not being sued, for which agencies cannot be sued under Bivens. Therefore, in accordance with law, the Bay Pines VA Privacy Officer, (b) (6) has 20 business days to respond. Thanks (b) (6) you are a good dude. (b) (6)	Other Reasons - No records	6/27/2019

VHA 580 - Michael E. DeBakey VA Medical	19-05960-FP	5/21/2019	-	I would like to review the names and would like to review the resumes of Applicant #63 and Applicant #7 on the above candidate screening tool. They are the two other veterans other than myself that applied for Job Announcement CBCR-10272818-18-AH. The Medical Director, sent a letter claiming that Title 38 applicants are selected "based on the needs of the VA". Based on selected candidates for Job Announcement APN Primary Care: CBCR-10272818-18-AH, the MEDVAMC needs were "SUBSTANTIALLY LESSER QUALIFIED, NON-VETERAN CANDIDATES TO WORK IN THE PRIMARY CARE CLINIC." Under the FOIA, I would like to know why would the professional needs of the VHA include hiring lesser qualified non-veteran applicants over veteran applicants with more education and higher qualifications? Under the FOIA, I would like to know what is the VHA's hiring manager's justification for hiring lesser qualified, less educated, non-veteran applicants over three veterans with superior credentials, qualifications, and education? Under the FOIA, I would like to know why none of the Veteran Applicants for Job Announcement APN Primary Care: CBCR-10272818-18-AH were contacted for an interview? Under the FOIA, I would like to know why would the VHA need to hire lesser qualified, less educated, non-veteran applicants i.e. how is this beneficial to the VHA? The VHA handbook reads as follows: a. Preference to Veterans [for Full Title 38] (1) The primary consideration in making appointments of physicians, dentists, podiatrists, optometrists, chiropractors, nurses, nurse anesthetists, PAs and EFDAs under 38 U.S.C., chapter 73 or 74, will be the professional needs of VHA. Consistent with this policy, however, Veterans will be given preference when the qualifications of candidates are approximately equal. This includes qualified disabled Veterans and preference eligibles as defined in 5 U.S.C. 2108. [See part I, chapter 4, for positions identified in 38 U.S.C. 7401(3).] Under the FOIA, I would like to know how the names of the VA Hiring managers for Job Announcement CBCR-10272818-18-AH and their justification for violating the above rule? I require the names of the hiring managers because I am filing a complaint about VEOA and USERRA violations with the VA Office of Inspector General and Office of Special Counsel. VHA 438 - Sioux Falls VA Medical Center	19-07946-F	5/29/2019	-	Initially, I was only requesting information concerning the number of 70% and higher service connected (SC) disabled veterans placed by the Sioux Falls VAMC in private nursing homes on a contract. I still would like to know this number in addition to the number of 70% and higher SC veterans residing in the catchment area. Additionally I have a few more questions, as long as, you're retrieving information. 1. How many veterans reside in the catchment area? 2. How many veterans are enrolled by the VA within the catchment area by Category 1-8? 3. How many of the enrolled veterans (unique SSN's) within the catchment area received care at the VAMC or a CBOC? Break down for each facility. 4. How many veterans being treated were referred for fee service treatment both at the VAMC and individual CBOC's? 5. How many enrolled veterans were referred for treatment under the CHOICE Program both through the VAMC and CBOC's? 6. How many nursing homes in the catchment area does the Sioux Falls VAMC have a contract? 7. The DAV Chapter has been told that the VAMC has a Compliance and Ethics Committee. Is that the correct terminology? If not, what is the Compliance Committee named? We were also told that the Committee had received 27 complaints about the Chapter. If true, what was the nature of the complaints?	Granted in Full	8/30/2019

VACO - OAWP - Office of Accountability and Whistleblower Protection (70 )	19-07951-F	5/29/2019	-	"...Under the Freedom of Information Act I would like to know the following: I would like to review the names and would like to review the resumes of Applicant #63 and Applicant #7 on the above candidate screening tool. They are the two other veterans other than myself that applied for Job Announcement CBCR-10272818-18-AH. The Medical Director, (b) (6) sent a letter claiming that Title 38 applicants are selected "based on the needs of the VA". Based on selected candidates for Job Announcement APN Primary Care: CBCR-10272818-18-AH, the MEDVAMC needs were "SUBSTANTIALLY LESSER QUALIFIED, NON-VETERAN CANDIDATES TO WORK IN THE PRIMARY CARE CLINIC." Under the FOIA, I would like to know why would the professional needs of the VHA include hiring lesser qualified non-veteran applicants over veteran applicants with more education and higher qualifications? Under the FOIA, I would like to know what is the VHA's hiring manager's justification for hiring lesser qualified, less educated, non-veteran applicants over three veterans with superior credentials, qualifications, and education? Under the FOIA, I would like to know why none of the Veteran Applicants for Job Announcement APN Primary Care: CBCR-10272818-18-AH were contacted for an interview? Under the FOIA, I would like to know why would the VHA need to hire lesser qualified, less educated, non-veteran applicants i.e. how is this beneficial to the VHA? The VHA handbook reads as follows: a. Preference to Veterans [for Full Title 38] (1) The primary consideration in making appointments of physicians, dentists, podiatrists, optometrists, chiropractors, nurses, nurse anesthetists, PAs and EFDAs under 38 U.S.C., chapter 73 or 74, will be the professional needs of VHA. Consistent with this policy, however, Veterans will be given preference when the qualifications of candidates are approximately equal. This includes qualified disabled Veterans and preference eligibles as defined in 5 U.S.C. 2108. [See part I, chapter 4, for positions identified in 38 U.S.C. 7401(3).] Under the FOIA, I would like to know how the names of the VA Hiring managers for Job Announcement CBCR-10272818-18-AH and their justification for violating the above rule? I require the names of the hiring managers because I am filing a complaint about VEOA and USERRA violations with the VA Office of Inspector General and Office of Special Counsel for the VA Health Care System." VHA 101 - VA Central Office (VACO)	19-05842-F	7/3/2019	-	Good Morning Sir, my name is (b)(6) and I was told to contact you in regards to a rescinded offer for a Voucher Claims Examiner Position at the Bay Pines location. I have been working in this discipline for over 3 years in Tampa, Florida as a Voucher Claims Examiner, however I was told that I was denied, because another veteran had more preference on your point system, which is unclear, why would I go through a background and reference check and not get an offer? I believe that if that was the case, I should not have received a tentative offer in the first place. I need some inquiries answered and another contact of authority to resolve this if you can not. Please contact me at 305-731-0619. Thank you.	Other Reasons - Request withdrawn	7/3/2019

What I am wanting to get is a data file from the AMAS system to show what cemeteries in five different counties have been furnished government headstones/markers. The information would be for Union, Alexander, Pulaski, Jackson and Johnson counties in Illinois and would contain the following information: Name of Veteran/Rank/Branch of Service/Birth Date/Death Date/Type of Marker/Cemetery Name. (If the veteran has more than one branch of service only the 1st needs to be listed) AMAS codes for Branch of Service and Type of Marker would be acceptable instead of the code translation. As we have discussed before, a subset of this data files will be compared to the subset data from our clinical trial (BOSS trial NTC00930436) and if confirming our findings will be submitted to the FDA for a New Drug Application. MD Scientific has been requested by the FDA to conduct a confirmation clinical trial to confirm our findings in our clinical trial for the purpose of a NOA submission. Since we completed our trial, the VA Office of Research and Development (ORD) has completed a similar trial of which a subset of their data would confirm (or not) our findings in our clinical trial. The FDA has agreed that MD Scientific can use the VA data to confirm our findings for the purpose of an NOA. We believe that this method will result in reducing an estimated 30,000 death/year in the US for patients receiving iodinated contrast agent while undergoing coronary angioplasty. I am willing to pay fees for this request up to a maximum of \$10,000.00 to cover your actual direct cost costs to organize and transmit the data. I am requesting the period July-December 2018. I know this information can be found in the MedPDB database that is jointly owned by VA and DoD. I am requesting the following information. I prefer to include the MedPDB data field, but should it not be available for some reason it can be omitted from this request. VISN Station Station description OEM name Vendor name Vendor item number Med PDB Item description Dollars June18-December 18 I originally submitted this request back in March of 2019. On July 17th, my request was denied as VA claimed they did not have access to the MedPDB database (19-05441-F). I was told that this information was owned by DLA and was instructed to file with them. They informed me that I needed to go to VHA as they own their data stored in MedPDB. DoD is not authorized to access it or release it without VA approval. As a result of this confusion, I am requesting that this data by expedited at no additional cost to me. Should VA continue to claim they don't have this information, I also know that the SAC uses this database so I suggest they can be a resource. I am requesting the period July-December 2018. I prefer to receive this information in Excel format."	Other Reasons - No records	8/30/2019

VACO – SEC - Office of the Secretary (00)	19-10147-F	8/7/2019	-	Request information held by the Secretary of Veterans Affairs about the health effects members of the Armed Forces have been exposed to from exposure to toxic airborne chemicals and fumes caused by open burn pits. I am seeking documents related to the use of burn pits by the U.S. military. I am also interested in confirming all known symptoms and medical conditions that are directly linked or presumed to be the result of exposure to burn pits' smoke, ash and fumes. The Department of Veteran Affairs has acknowledge that toxins in burn pit smoke may affect the skin, eyes, respiratory and cardiovascular systems, gastrointestinal tract and internal organs. According to the American Public Health Association, "The US military has used open-air burn pits in many overseas combat situations, including the Persian Gulf War and peace-keeping missions in the Balkans. In addition, the military has operated burn pits in Iraq and Afghanistan since the beginning of each conflict in 2003 and 2001, respectively." Furthermore, the United States Government Accountability Office learned that military operations in Afghanistan in 2001 and Iraq in 2003, the Department of Defense (DOD) was aware of the disposal of waste in open burn pits, as well as in landfills and incinerators, on or near military installations. Even more alarming is the fact that current and former service members have alleged, among other things, that a contractor's negligent management of burn pit operations, contrary to applicable contract provisions, exposed them to air pollutants that subsequently caused serious health problems. Unfortunately, the contractor moved to dismiss the suits, arguing, among other things, that it cannot be held liable for any injuries that may have occurred to service personnel because its burn pit activities occurred at the direction of the military. I ask that your agency respond to my request in a reasonable manner, to be transparent, and to not compromise your mission to those who have sacrificed their life to defend freedom.	-	-

VHA 646 - VA Pittsburgh Healthcare Syste	19-10452-F	8/12/2019	-	I formally requesting both hard copy and digital copies of all USAjobs.gov postings for positions granted to the following federal HR employees, initially located in Human Resources at VA Pittsburgh Healthcare System, who are now in the Office of Accountability, Office of Administrative Investigative Board, and the Center of Expertise. (b) (6) [REDACTED], and any other Pittsburgh HR employee, who now works in these departments in the Pittsburgh Pennsylvania vicinity, or who have obtained positions allowing for telework, Virtual, or Work from Home TODs. I also seek any other positions that were not posted on USAJobs.gov for the requisite and/or average amount of time, for those positions that were offered for competition only among HR employees, and those that were posted for very brief periods of time and taken down after HR employees were notified. I seek all emails referencing these jobs, that went to former and current employees of Pittsburgh, HR but did not go to other employees. I believe that there have been jobs posted internally, and notice provided only to those employees in the Pittsburgh HR Departments, preventing competition amongst all potentially qualified candidates. All competitive positions open in the federal government are required to be posted on USAJOBS to promote fair, and impartial competition, and to avoid favoritism, nepotism, and discriminatory practices. I believe VA Pittsburgh HR has been posting jobs in the manner, and that this presents a pattern of discrimination.	-	-

VHA 10N7 - VA Southeast Network	19-10698-F	8/16/2019	Definitive Healthcare	Dear Ms. (b) (6) On behalf of Definitive Healthcare, I would like to submit a Freedom of Information Act request. Definitive Healthcare has recently acquired Source, a database of Healthcare IT Contracts used to increase transparency in the healthcare information technology procurement process. Our goal is to create a comprehensive resource that providers and other healthcare leaders can use as a tool during the capital procurement process to ensure that they are receiving the best pricing and terms & conditions available to them based on the historical experience of their peers and colleagues. Source contains thousands of Contracts, Proposals, and RFP Responses, all of which have been obtained from publicly funded hospitals, states, and federal agencies under applicable Freedom of Information Act (FOIA) laws. In an effort to expand this database, I am reaching out to you to request a copy of the following documents under the Freedom of Information Act: * Can we please get a copy of your PACS Contract with Carestream Health, including any Amendments? * Can we please get copies of any proposals or RFP Responses associated with this deal? All documents that are received are completely de-identified before being uploaded into the Source database to protect the privacy of your organization. If you have any questions about the request, or our handling of your documents, please don't hesitate to contact me. Thank you in advance for your assistance, (b) (6)   Data Analyst C: (b) (6)	-	-

VACO - SEC - Office of the Secretary (00)	19-11981-F	9/26/2019	Healthcare Purchasing News	I'm updating HPN's GPO Headliners listing and would like to get the latest statistic either from you or from someone else in the DVA. If I recall correctly, you earned a promotion last year and may no longer be the right person to provide. This is what we listed last year. Will you provide me with a contact name to whom I can reach out or the updated total? Are you still within the range below? Thanks in advance. GPO Headliners 2018 Most of the nation's hospitals and a growing number of non-acute care facilities use the services of group purchasing organizations to some degree. While literally hundreds of GPOs and integrated delivery networks (IDNs) conduct business for their various members - including owners, shareholders and affiliates, many of them actually belong to one of the larger "parent" organizations, which represent a small percentage of the total number of GPOs in operation today. Here's a glimpse at the top 10 based on GPO-reported annual purchasing volume. HPN lists the top GPOs with a minimum annual purchasing volume of \$500 million in a broad range of product and service categories and that are not shareholders or members in other GPOs. These numbers represent fiscal year 2017 unless otherwise noted. GPO Name Location Web address APV U.S. DVA Washington www.va.gov/plo/ \$15B* The VA's figure represents "VHA contracts that include about \$14 billion in VHA FSS and NCS sales and \$1 billion in VHA non-FSS and non-NCS sales. The \$15 billion is largely healthcare-related and includes whatever is necessary to run VHA hospitals and clinics."
