It is imperative for me to know, and if there is a CFR citation that superseded those policy documents (VHA Handbook 1601E.01 [2006], and 2) VHA Directive 2008-005 [2008]) after rescinded, what is that CFR citation? Equally important, starting in 2016 and to current date, is there a VHA policy document that defines the following: • The minimum standards for a Disability Benefit. Claim Compensation and Pension Form? [Reference: Handbook, section c. ] • Was/are there C&P Examiners C&P Certification training and certification standards; if so, a copy would be appreciated. [Reference: Directive 2008 adopted standards] I am providing to you a copy of a letter dated May 5, 2021 from [b](6) Deputy Chief Counsel for OGC. You will note that the purpose of the letter was to inform me of their "denial of my request." His letter provides his contact information. The Case Manager is [b](6). I am filing the following FOIAs to develop a response to their denial determination. [OGC Case # 148 152] FOIA Request: Please identify who made the originating from OGC assignment to each assigned VHA medical reviewer(s). FOIA Request: OGC [possibly Ms. [b](6) I may have provided "Records" to OGC assigned "VHA medical reviewers" [from Mr. [b](6) letter they were from the "Office of Primary Care"] I request a copy of all of the records provided to each VHA medical reviewer, noting which of the three C&P exam(s) from the date range of 2006-2008 that a VHA medical reviewer was assigned. FOIA Request: For each VHA Medical Reviewer, on the date that they were assigned this assignment, what were his/her medical training certifications, and in what area(s) of medicine is he/she medically licensed to practice medicine? In this response I request specifically, in what area of medicine each of the VHA medical reviewer(s) is trained and has a medical certification. I request whether each VHA medical reviewer has medical training and is medically licensed to perform any medical specialization that may include surgery? Furthermore, for each VHA medical reviewer, what is his/her training with blood disorders, specifically in this case the Antiphospholipid Ab IgG, and the management of patients on lifetime Coumadin? From my perspective, your written report of those items requested would be sufficient; if not allowed than copies of such documents would be requested.}

Hello FOIA Team! This is an official request under the Freedom of Information Act (5 U.S.C. 552). After the Veteran completed his due diligent search/audit of all VA.GOV communications and SM communications with the Veteran, the Veteran could not find any audit trail to confirm receipt of Disruptive Behavior Report #649.192507. Further, the Veteran also conducted the same search on all certified U.S. Mail receipts. Here again, with the same result (no audit trail/confirmation of receipt of this document. If this document was sent via regular mail it may have gotten lost in the mail or the Veteran may have misplaced or unintentionally discarded the document. Please be advised, the Veteran’s Therapist (with VA and Veteran authorization) left voicemails and sent a letter, over a year ago, to the MH department. It has been well over a year now, and the Veteran’s Therapist has yet to receive any response. The Veteran is requesting this document so the Veteran’s Therapist can address the specific MH/DB allegations and help/work with the Veteran to address these issues. Request: Please provide another copy of this document to the Veteran. Thank you and have a great day! Sincerely and Respectfully, Robert [email not provided]

I am hereby requesting a complete copy of all Vista GUI and CPRS entries relevant to each specification for the months surrounding the dates of the specification in proposal. We need basic information to see what was communicated about the patients in the alerts and what was done in those cases. I've attached a copy of the proposed discipline as well as the pact teams sheet that will help clarify which employees are "the provider" referenced in the specifications. We don't have the redacted copy of the evidence file but you would need to use that to cross-reference patient's first letter of the last name and last four digits of the social security number listed in the specifications and the patients full last name to find the actual name of the patient in the systems, because just the first letter of the last name and last four of the SSN can yield several entries in the systems, according to So that's the first step to associate a last name with the last four of the social SSN.

As you can see, the bulk of the specifications in the proposed discipline (there are over 60) allege that on x date [they're all between September and Nov 2 2020], "the provider requested an appointment be scheduled for patient XXXX." Many of the specifications indicate what type of appointment was requested to be scheduled for (e.g. "consult for a walker" but several do not, so this may require a bit more digging. The specifications also do not clarify who "the provider" requesting an appointment is and what time the provider made the request. So second step for tracking down the relevant entries is to find out who the provider is and what time the request was made. Per the attached document titled Pact Teams sheet: under the column titled clinic there are clinic names. The first name on the list is nsac pact blue. The doctor assigned to nsac pact blue is [redacted]. If you take look to the right again Dr [redacted] Care Manager is [redacted]. Dr [redacted] surrogate is [redacted] and Dr [redacted] Lvn is [redacted]. This is an example of a pact team. Anyone in this pact team is considered to be a provider. Also, please keep in mind providers have more than one clinic. For example, Dr. [redacted] has a nsac pact blue (which is a face to face appt), nsac vvc pact blue (which is a video appointment), nsac.

According to correspondence dated 4 May 21, Mr. (b)(6) has a balance due to the VA Debt Management Center of $27,211.26 (Encl. 2). The letter referenced pertains to COVID debt relief, so it does not explain how the VA reached the amount in question or why there is a debt on his account. I am requesting an inquiry and FOIA report regarding a conversation provided by (b)(6) Interim Director for Center for Women Veterans; I am requesting to know what the selection process was and who actually is involved in changing the committee selection after it was made. Who gave the instructions for the Oversight Staff to contact me, and was I the only one contacted; and was I the only one removed from the list. Who removed my name from the selection?

It has been my experience in the past that such authority must be requested to a FOIA Official by the name of the VA rule, regulation, policy, procedure, handbook and/or directive. You should have no problem furnishing this information as it has been deemed by the VA as 'general' information since it pertains to operational authority and it doesn't seek information on any given VA employee.

Other Reasons: Not a proper FOIA request for some other reason 7/26/2021
Other Reasons: Administratively Closed 7/26/2021
Primary request A. FOIA administrative record in matters with successful administrative appeal I hereby request: 1. The entire administrative record in FOIA matters which involved a successful administrative appeal, as defined below. 2. Background I believe that these records are of substantial public interest, because they would reveal: a. how the FOIA administrative appeals process works in practice, e.g. what kinds of arguments are successful on administrative appeal, what actions are taken by the appealed-to entity, what kinds of relief are granted, and why; b. whether such aspects of FOIA administrative appeals are consistent, both within and between agencies, and cannot be determined except by a broad comparison across many instances; c. effects of OGIS mediation on administrative appeals; d. the extent to which agencies comply with the administrative appeals process (or don’t), e.g. in responding to requests made by the appealed-to entity, or obeying their decisions; e. policy/pattern/practice violations which cannot be determined except by a broad comparison across many instances, to detect repeated violations (as determined by the appealed-to entity) that an agency has not systemically corrected; and f. courts’ responses, and agencies’ Vaughn filings, in the context of successful administrative appeals. I believe that the records should be very easy to locate, because virtually all of them should be in the possession or control of the agency’s FOIA office itself. (Of course, it is the entire agency, not merely its FOIA office, to whom the legal standards of FOIA apply, including "possession or control", "reasonably described", etc. This is simply a comment about the extremely convenient access to the records requested.) 3. Definitions FOIA provides for administrative appeals. 5 U.S.C. §§ 552(a)(6)(A)(i)(III)(aa) (notice), (a)(6)(A)(ii) (procedure), & (a)(6)(E)(ii)(II) (expedite). The procedural terms used in this request should be interpreted broadly, according to the following definitions. The "appealed-to entity" is typically the agency’s chief FOIA officer. However, some agencies (like DHS) outsource their appeals to another entity (e.g. for DHS, to the Coast Guard Office of the Chief Administrative Law Judge). An "adverse determination", as used in this request, means whatever a requester appealed about. This includes both a formal response against a requester and any document submitted in the course of an appeal. 4. Other reasons - Administratively Closed

The Department of Veterans Affairs (DVA) and AFGE recently reached a settlement agreement to end litigation over the renegotiation of the Department’s master collective bargaining agreement. A copy of this agreement can be found here: https://cdn.govexec.com/media/gbc/docs/pdfs_edit/072221ew1.pdf

In section I.B.4 of that agreement DVA agreed to: 

(6) provide compensation for time spent in a leave status by Designated AFGE Representatives to perform duties appropriate for official time; 

(c) provide compensation to Designated AFGE Representatives for time spent in a non-duty status to perform duties appropriate for official time; 

(d) reimburse out-of-pocket expenses incurred by AFGE Locals (or representatives listed in Article 51, Section 1 (C) of the 2011 Agreement) for office space and storage space; and, 

(e) reimburse out-of-pocket expenses incurred by AFGE Locals (or representatives listed in Article 51, Section 1(C) of the 2011 Agreement) for equipment and technology. 

Thereafter I request copies of all DVA approved and paid claims for compensation for the items covered by Section I.B.4(b) through I.B.4(e). Under section I.C.7 of the settlement agreement most of these claims are not due until 90 days from the execution of the agreement. Accordingly, I consent to DVA postponing delivery of these records until 90 days from today’s date. Thereafter, I request these claims on an ongoing basis as they are approved and paid, until such times as all claims have been adjudicated.

Either Title 38 healthcare applicants are governed by 38 U.S. Code § 7403 or VHA 'Excepted Service' regulations. As a teacher I have been a victim of identity theft in different locations, these false reports are causing me wage loss! The protest of identity theft Jan 2021 granted to me; as a victim I request a FOIA and a waiver for the document.

I was assaulted by the same person twice. The first time it happened last year, and the second time happened just recently. It happened sometime in or around May 13, 2021, Thursday or a week after that on May 20, 2021, on Thursday. The time it happened was before noon time. I'm guessing, I was told the video loops every 90 days. If that's true we don't have a lot of time. The assault happened in Cardiology department on fourth floors 4E51. We don't have the exact time, but we can get it before it gets cut off. We can take our time searching for it.
