- Instructions:**

 - Each application must be for either transitional supportive housing beds or for a service center per EIN per VA medical facility catchment area.
 - Applications do not have to include coverage for the entire VA medical facility catchment area in the application. The coverage area, however, must not exceed the catchment area identified in the application.
 - Each application for transitional supportive housing beds must include a minimum of one housing model per application and a minimum of five beds per housing model.
 - Each application for transitional supportive housing beds may include any combination of one, some or all transitional housing models (i.e., Bridge Housing, Clinical Treatment, Hospital to Housing, Low Demand and Service Intensive).
 - Each application for transitional supportive housing beds must include all housing model(s), site(s) and beds being proposed by the applicant for the VA medical facility catchment area within a single application.
- Description:**

VA is announcing the availability of funding for new grants under the Per Diem Only (PDO) grant component of the VA Homeless Providers GPD program in an effort to reduce homelessness among Veterans. Applications for assistance are being accepted from eligible entities to provide per diem payments for facilitating housing stabilization for Veterans who are experiencing homelessness or at risk of becoming homeless. Funding will support VA's Homeless Providers GPD Program PDO transitional supportive housing bed models and service centers. These PDO service models are designed to meet different Veteran populations at various stages as they move to stable housing. VA anticipates that the grants will be for a period of three years starting in fiscal year (FY) 2024 on October 1, 2023, and ending September 30, 2026. VA anticipates awarding approximately 350 grants for a total of approximately 10,500 transitional supportive housing beds and 15 service centers nationwide. Applications will be accepted either for transitional supportive housing beds or for a service center. Applications for transitional supportive housing may include one or a combination of bed models (i.e., Bridge Housing, Clinical Treatment, Hospital to Housing, Low Demand and/or Service Intensive Transitional Housing). Applications may not request both transitional supportive housing beds and a service center within the same application.
