Examples of relevant debt include delinquent payroll or other taxes, audit disallowances, and benefits that were overpaid (OMB Circular A-129). The recipient must execute the project (e.g., productions, workshops, programs, etc.) in accordance with the following laws, where applicable.

- **Title VI of the Civil Rights Act of 1964**, as amended, provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance. Title VI also extends protection to persons with limited English proficiency (42 U.S.C. Sec. 2000d et seq.).
- **Title IX of the Education Amendments of 1972** provides that no person in the United States shall, on the basis of sex or blindness, be excluded from participation in, be denied benefits of, or be subject to discrimination under any education program or activity receiving Federal financial assistance (20 U.S.C. Sec. 1681 and Sec. 1684 et seq.).

- **The Age Discrimination Act of 1975** provides that no person in the United States shall, on the basis of age, be excluded from participation in, be denied benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance (42 U.S.C. Environmental and Preservation Policies

- The National Environmental Policy Act of 1969 (NEPA), as amended, applies to any Federal funds that would support an activity that may have environmental implications. VA has concluded that activities undertaken pursuant to the GPD grant program are categorically excluded from further NEPA analysis. If in the future, the GPD program is amended or revised in such a way to permit activities that may impact the environment, VA may ask you to respond to specific questions or provide additional information in accordance with NEPA. If there are environmental implications, we will determine whether a categorical exclusion may apply, to undertake an environmental assessment or to issue a "finding of no significant impact," pursuant to applicable regulations and 42 U.S.C. Sec. 4321 et seq.
- The National Historic Preservation Act of 1966, as amended, applies to any Federal funds that would support either the planning or major renovation of any structure eligible for or on the National Register of Historic Places, in accordance with 54 U.S.C. Sec. 306108. This law also applies to project activities, such as new construction and renovation, that would affect such properties. VA has concluded that activities undertaken pursuant to the GPD grant program would not impact historic properties. If in the future, the GPD program is amended or revised to permit activities such as renovation or construction of structures, VA will consult with your State Historic Preservation Officer and other consulting parties, as appropriate, to address potential impacts to historic properties. Any design, renovation, or construction plans must be submitted to GPD for review and approval prior to undertaking any such activities. You may be asked to provide additional information on your project to ensure compliance with the NHPA (54 U.S.C. Sections 300101-307108).

Debarment and Suspension.

You must comply with requirements regarding debarment and suspension in Subpart C of 2 CFR Part 180.

There are circumstances under which we may receive information concerning your fitness to carry out a project and administer Federal funds; for instance:

- Conviction of, or a civil judgment for, the commission of fraud, embezzlement, theft, forgery, making false statements;
- Any other offense indicating a lack of business integrity or business honesty that seriously and directly affects your present responsibility; and/or
- Any other cause of so serious or compelling a nature that it affects an organization's present responsibility.

In these circumstances, we may need to act quickly to protect the interest of the government by suspending your funding while we undertake an investigation of the specific facts. We may coordinate our suspension actions with other Federal agencies that have an interest in our findings. A suspension may result in your debarment from receiving Federal funding government-wide for up to three years.

The Drug Free Workplace Act requires you to publish a statement about your drug-free workplace program. You must give a copy of this statement to each employee (including consultants and temporary personnel) who will be involved in award-supported activities at any site where these activities will be carried out.

You must maintain on file the place(s) where work is being performed under this award (i.e., street address, city, state and zip code.) You must notify VA's Program Office of any employee convicted of a violation of a criminal drug statute that occurs in the workplace. (41 U.S.C. Sec. 8101 et seq. and 38 CFR Part 48).

Lobbying.

- You may not conduct lobbying, as defined in the statutes and regulations listed below, within your federally-supported project. In addition, you may not use Federal funds for lobbying specifically to obtain awards. For definitions and other information on these restrictions, refer to the following:
- No part of the money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law, ratification, policy, or appropriation, whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy, or appropriation; but this shall not prevent officers or employees of the United States or of its departments or agencies from communicating to any such Member or official, at his request, or to Congress or such official, through the proper official channels, requests for any legislation, law, ratification, policy, or appropriations which they deem necessary for the efficient conduct of the public business, or from making any communication whose prohibition by this section might, in the opinion of the Attorney General, violate the Constitution or interfere with the conduct of foreign policy, counter-intelligence, intelligence, or national security activities. (18 U.S.C. Sec. 1913. Lobbying with appropriated moneys).
- 2 CFR 200.450 – "Lobbying." This regulation clarifies that lobbying is an unallowable project cost. The Regulation generally defines lobbying as conduct intended to influence the outcome of elections or to influence elected officials regarding pending legislation, either directly or through specific lobbying appeals to the public.
- Section 319 of Public Law 101-121, codified at 31 U.S.C. Sec. 1352, prohibits the use of Federal funds in lobbying members and employees of Congress, as well as employees of Federal agencies, with respect to the award or amendment of any Federal grant, cooperative agreement, contract, or loan. While non-Federal funds may be used for such activities, they may not be included in your project budget, and their use must be disclosed to the awarding Federal agency. Disclosure of lobbying activities by long-term employees (employed or expected to be employed for more than 130 days) is, however, not required. In addition, the law exempts from definition of lobbying certain professional and technical services by applicants and awardees.
- We strongly advise you to review these regulations carefully. They are published at 38 CFR Part 45 and can be found at www.ecfr.gov.

Site Visits

The grantor, through authorized representatives, has the right, at all reasonable times, to make site visits to review project accomplishments and to provide such technical assistance as may be required. If any site visit is made by the grantor on the premises of the recipient, a sub-recipients, or subcontractor, the recipient shall provide, and shall require its sub-recipients and subcontractors to provide all reasonable facilities and assistance for the safety and convenience of the government representatives in the performance of their duties. All site visits and evaluations shall be performed in such a manner that will not unduly interfere with or delay the work.
