FORWARD

This Guidebook can be an important tool, if you review all of the programs thoroughly to understand the opportunities available. When these programs are used properly, the benefits will minimize the outside pressures you may be confronted if released….social acceptance, economics, and re-establishment as a productive member of society. This Guidebook is a tool for incarcerated veterans and their families who wish access to services to support a new and better way of life. This guidebook is designed to assist incarcerated veterans, in the Baltimore, Maryland, Martinsburg, West Virginia, and Washington, DC, areas. Because laws vary from state to state, check your state laws and regulations.

We would like to recognize and thank: 1) the National Coalition for Homeless Veterans which provided basic concepts and core information for this guide through its “Planning for Your Release” guide funded by the U.S. Department of Labor; 2) the Veterans Incarcerated Workgroup of Walla Walla, Washington, for the concept of state-specific information in its “Guidebook for Incarcerated Veterans” and for allowing the use of its guide as a template for this publication; 3) Vietnam Veterans of America, Inc. for developing the first incarcerated veterans guidebook, which has inspired and informed subsequent efforts; and 4) any public domain and agency resources included in the guidebook.

Agency staff names and addresses, phone numbers and website addresses change. If you attempt to contact one of the resources in this guidebook and it is not current, do your best to obtain the current information through phone information or a Google web search. To perpetuate the value of this document, we respectfully request that if you discover any incorrect, conflicting, or out-of-date information in this Guidebook please send the discrepancies, and updated information if you have it, to:

SECTION 1
USING THIS GUIDE AND SEEKING HELP FOR VETERANS

This guide is for you to use to plan for your release and to keep as a reference after your release. It includes addresses, phone numbers, and web sites that you can use to find out about programs and other help available after your release. You may want to ask a friend or family member to help you find the information you need, if you don't have phone or Internet access. Remember, this guide does not include all of the services available. What is available in one area may be different from what is available in another, so be sure to check with local resources to learn about services in your area. While you are in prison, find out which unit in your facility can help you plan for your release (often the education or transfer unit). Classes may be offered so you can work on skills development and prepare for life after release. You don't want to risk homelessness once you are released, so take advantage of the opportunities available to you.

Begin thinking about things you will need upon release. Ask yourself these kinds of questions: Will I need housing? Will I need medical, substance abuse, or mental health care? Do I need to learn a job skill? Do I have any other legal issues, such as child support? How do I restart my VA checks or Supplemental Security Income (SSI)? Make a list of your needs. Remember, this is just a tool to help you get organized. A sample list might look like this:

- I need a place to live.
- I need a job.
- I need clothing to wear to work.
- I need to find out what benefits I can get as a veteran.
- I want to get addictions treatment.
- I owe child support.

Think about your list as you read through this guide. Who do you think can help you with each of your needs? Is there one organization that may be able to work with you on many different things, or do you need to contact several agencies? Keep track of the steps you take, including the dates and names of people you contact for information or assistance. Although this guide provides national and state addresses for many organizations, we recommend you check your phone book for local, county, and state agencies that know what help is available in your area.
When writing a letter to request information, be clear. Keep your letter short, to the point, and write legibly. Include the following information

1. Your name and contact information.
2. A brief statement about your current situation.
3. Your specific request.
4. What you have done so far (Example: I have written to X organization and they suggested I contact you).
5. Any restrictions for mailings (Example: Mail with staples or paper clips will not be accepted by my prison facility).
6. When contacting an agency for help by mail, email or phone, be persistent and polite in order to get results.
7. Ask questions if information is not clear to you. Remember that many organizations are staffed by volunteers who are eager to help, but may not have the answers you are looking for. If someone cannot help you, ask about who can.
8. The Internet can also be helpful to find information about VA benefits and community resources in your area. This guide includes web addresses when available. If computer access is not available at your facility, you can visit the public library after release. Computer access may also be provided at Work Source and Affiliate sites, Work Force.
9. Development Council member locations and Employment Security Department offices (referred to as Job Service Centers or Unemployment Offices).

HELP FOR VETERANS
This section includes resources that can help you get back on your feet. Remember to check the phone book for local, county, and state agencies that know what services are available in the area to assist you. Some organizations may have waiting lists, require an interview, or have specific rules about whom they serve. It is best if you start asking about services and requirements now, so that you will be prepared when you are released. You may even ask if your name can be put on a waiting list when you get closer to your release date.

Who is Eligible for Veteran Affairs Services

Health Care Eligibility

Eligibility for VA health care is dependent upon a number of variables, which may influence the final determination of the services for which you qualify. These factors include the nature of a veteran's discharge from military service (e.g., honorable, other
than honorable, dishonorable), length of service, VA adjudicated disabilities (commonly referred to as service-connected disabilities), income level, and available VA resources among others.

Generally, you must be enrolled in VA health care system to receive benefits offered in the Medical Benefits Package. To apply for VA health care benefits, including enrollment, you must fill out an application. The application is used to determine:

1. Whether you have qualifying service as a veteran.
2. What your veteran status is so that you can be placed into one of the priority groups.

Determining Your Eligibility

Eligibility for health care through VA is a two-step process:

1. VA must determine your eligibility status as a veteran by reviewing your:
   • character of Discharge from active military service, and your
   • length of active military service

2. VA must determine whether you qualify for one of the eight enrollment priority groups.

Step 1: Determine your qualifying military service

The character of discharge you received from the military can be a factor. It is not an issue if you received:
- An honorable discharge
- A general discharge
- A discharge under honorable conditions

The length of your service may also matter. It depends on when you served. There’s no length of service requirement for:
- Former enlisted persons who started active duty before September 8, 1980; or
- Former officers who first entered active duty before October 17, 1981; All other veterans must have 24 months of continuous active duty military service or meet one of the exceptions described below.

If you have a different character of discharge, you may still be eligible for care. Contact your Enrollment Coordinator at your local VA health care facility to see if you qualify.
Minimum Service Requirement
You do not have to meet the 24 continuous months of active duty service requirement if you:

- Were a reservist who was called to Active Duty and who completed the term for which you were called, and who was granted an other than dishonorable discharge; or
- Were a National Guard member who was called to Active Duty by federal executive order, and who completed the term for which you were called, and who was granted an other than dishonorable discharge; or
- Only request a benefit for or in connection with: a service-connected condition or disability; or treatment, and/or counseling of sexual trauma that occurred while on active military service; or treatment of conditions related to ionizing radiation; or head or neck cancer related to nose or throat radium treatment while in the military.
- Were discharged or released from active duty for a hardship, or
- Were discharged with an "early out"; or
- Were discharged or released from active duty for a disability that began in the service or got worse because of the service; or
- Have been determined by VA to have compensable service-connected conditions; or
- Were discharged for a reason other than disability, but you had a medical condition at the time that was disabling, and in the opinion of a doctor, would have justified a discharge for disability (in this last case, the disability must be documented in service records)

Step 2. Enrollment in VA Health Care System
Generally, you must be enrolled in VA health care system to receive benefits offered in the Medical Benefits Package.

Certain veterans do not need to be enrolled to receive medical care benefits. You do not have to be enrolled if you:

- Have been determined by VA to be 50% or more disabled from service-connected (SC) conditions
- Are seeking care for a VA rated service-connected disability only
- It is less than one year since you were discharged for a disability that the military determined was incurred or aggravated by your service, but that VA has not yet rated

For all other benefits please contact your local VA Regional Office.

VA Baltimore Regional Office
31 Hopkins Plaza Federal Building
Baltimore, MD 21201
Phone: 1-800-827-1000

VA Washington D.C. Regional Office
1722 I Street, N.W.
Washington DC 20421
Phone: 1 800 827 1000
TOLL-FREE NUMBERS

Crisis and other toll-free numbers are often listed in the front cover or first few pages of the phone book. You may also want to check under “Social Services” in the blue or yellow pages for hotlines and local numbers.

- **US Department of Veterans Affairs** – [www.va.gov](http://www.va.gov)
  - Benefits: 1-800-827-1000,
  - Medical Centers: 1-877-222-8387,
  - Persian Gulf War Help line: 1-800-749-8387

  - **Focus On Recovery Help line** – A 24-hour national alcohol and drug abuse addiction and treatment hotline: 1-800-888-9383

  - **National AIDS Hotline** – Talk to someone who knows about HIV/AIDS and can tell you about AIDS services in your city or state: 1-800-822-7422

  - **National Coalition for Homeless Veterans** – [www.nchv.org](http://www.nchv.org), 1-800-838-4357

  - **National Suicide Prevention Hotline** – 1-800-273-TALK (8255)

Where to Start
Check the local phone book yellow pages under "Homeless" or "Social Service Organizations" for a list of many local organizations that offer different services, which may include clothing, public transportation tokens, emergency shelter, and more. You may need to contact several agencies to find all the services you need. Services provided by government agencies are listed in the blue pages found near the front of the phone book. Check with your local Public Assistance Office to find out available programs and their guidelines. We have included some guidance below, but your local organizations are your best resources. Remember, it never hurts to ask!

Every VA Medical Center has a Health Care for Homeless Veterans (HCHV) Coordinator who is responsible for helping homeless veterans access VA and community-based care to end homelessness among veterans. The HCHV program provides outreach, clinical assessments and referrals for medical and mental health care, long-term transitional residential assistance, case management and employment assistance with linkage to permanent housing. To locate your nearest HCHV Coordinator call 1-877-222-8387 or go to [VA homeless coordinators site as well](http://www1.va.gov/homeless/page.cfm?pg=21).
Section 2

Veterans Affairs Services
Facts about the Department of Veterans Affairs

The Department of Veterans Affairs (VA) was established on March 15, 1989, succeeding the Veterans Administration. It is responsible for providing federal benefits to veterans and their families. Headed by the Secretary of Veterans Affairs, VA is the second largest of the 15 Cabinet departments and operates nationwide programs for health care, financial assistance and burial benefits.

Of the 26 million veterans currently alive, nearly three-quarters served during a war or an official period of conflict. About a quarter of the nation's population, approximately 70 million people, are potentially eligible for VA benefits and services because they are veterans, family members or survivors of veterans.

The responsibility to care for veterans, spouses, survivors and dependents can last a long time. The last dependent of a Revolutionary War veteran died in 1911. Six children of Civil War veterans still draw VA benefits. About 440 children and widows of Spanish-American War veterans still receive VA compensation or pensions.

VA's fiscal year 2004 projected spending is $62.1 billion -- $29.1 for health care, $32.4 billion for benefits, and $143 million for the national cemetery system. President Bush is seeking $67.7 billion in the fiscal year 2005 budget for VA, a $5.6 billion increase in budget authority, primarily for health care and disability compensation.

Compensation and Pension
Disability compensation is a monetary benefit paid to veterans who are disabled by injury or disease incurred or aggravated during active military service. Veterans with low incomes who are permanently and totally disabled may be eligible for monetary support through VA’s pension program. In fiscal year 2003, VA provided $26 billion in disability compensation, death compensation and pension to 3.4 million people. About 2.8 million veterans received disability compensation or pensions from VA. Also receiving VA benefits were 568,146 spouses, children and parents of deceased veterans. Among them are 147,291 survivors of Vietnam-era veterans and 272,883 survivors of World War II veterans.

Education and Training
Since 1944, when the first GI Bill began, more than 21 million veterans, service members and family members have received $77 billion in GI Bill benefits for education and training. The number of GI Bill recipients includes 7.8 million veterans from World War II, 2.4 million from the Korean War and 8.2 million post-Korean and Vietnam era veterans, plus active duty personnel. Since the dependents program was enacted in 1956, VA also has assisted in the education of more than 750,000 dependents of veterans whose deaths or total disabilities were service-connected.
Since the Vietnam-era, there have been approximately 2 million veterans, service members, reservists and National Guardsmen who have participated in the Veterans’ Educational Assistance Program, established in 1977, and the Montgomery GI Bill, established in 1985.

In 2003, VA helped pay for the education or training of 322,754 veterans and active-duty personnel, 88,342 reservists and National Guardsmen and 61,874 survivors.

**Medical Care**
Perhaps the most visible of all VA benefits and services is health care. From 54 hospitals in 1930, VA's health care system has grown to 158 hospitals, with at least one in each of the 48 contiguous states, Puerto Rico and the District of Columbia. VA operates 854 ambulatory care and community-based outpatient clinics, 132 nursing homes, 42 residential rehabilitation treatment programs and 88 comprehensive home-care programs. VA health care facilities provide a broad spectrum of medical, surgical and rehabilitative care.

More than 4.8 million people received care in VA health care facilities in 2003. By the end of fiscal year 2003, 78 percent of all disabled and low-income veterans had enrolled with VA for health care; 65 percent of them were treated by VA. In 2003, VA inpatient facilities treated 742,000 patients, including 92,516 in VA nursing homes and 45,207 in residential care facilities. VA's outpatient clinics registered nearly 49.8 million visits.

**Home Loan Assistance**
From 1944, when VA began helping veterans purchase homes under the original GI Bill, through January 2004, about 17.4 million VA home loan guarantees have been issued, with a total value of $812 billion. VA began fiscal year 2004 with 2.7 million active home loans reflecting amortized loans totaling $213.2 billion.

In fiscal year 2003, VA guaranteed 508,436 loans valued at $65 billion. VA's programs for specially adapted housing helped about 550 disabled veterans with grants totaling more than $22 million last year.

**Insurance**
VA operates one of the largest life insurance programs in the world. VA directly administers six life insurance programs with 1.8 million policies in force. In addition, VA supervises the Service Members’ Group Life Insurance and the Veterans’ Group Life Insurance programs. These programs provide $729 billion in insurance coverage to 2.8 million veterans, active-duty members, reservists and Guardsmen, plus 3.1 million spouses and children.

**Vocational Rehabilitation**
VA's Vocational Rehabilitation and Employment Program provides services to enable veterans with service-connected disabilities to achieve maximum independence in daily living, and, to the greatest extent feasible, to obtain and maintain employment. During fiscal years 1998 through 2003, 52,423 program participants achieved rehabilitation by
obtaining and maintaining suitable employment. Additionally, during that same period, 7,658 participants achieved rehabilitation through maximum independence in daily living.

If you have a medical emergency, call 911 or go to the nearest hospital emergency room for immediate medical attention.

As one of the most modern health care facilities in the country, the Baltimore Veterans Affairs Medical Center (VAMC) offers veterans state-of-the-art medical technology, clinical services and research programs. The Medical Center, part of the VA Capitol Health Care Network (VISN 5), is home to the world’s first filmless radiology department, which allows health care providers to have nearly instant access to patient radiology images from anywhere in the facility and throughout the health care system.

The Baltimore VAMC is the acute medical and surgical care facility for the VA Maryland Health Care System (VAMHCS) and offers a full range of inpatient, outpatient and primary care services. Located next to the University of Maryland Medical Center with a walkway connecting the two facilities, the Medical Center maintains an active affiliation with the University of Maryland School of Medicine in the sharing of staff, resources and technology. Having one of the largest funded research and development programs in the VA system, including studies in diabetes, immunology, oncology, virology, cellular biology and infectious diseases, enhances the Medical Center’s ability to provide state-of-the-art medical techniques and treatments to Maryland’s veterans. A Geriatric Research, Education and Clinical Center, one of only 18 in the VA system nationwide, conducts research on the prevention of stroke and cardiovascular disease through exercise, smoking cessation and nutrition therapy in older veterans. In response to a growing demand for specialized care for veterans with Multiple Sclerosis (MS), the Baltimore VAMC coordinates one of only two MS Centers of Excellence throughout the VA. The Center is responsible for facilitating clinical care, research and education for patients with MS in the Eastern part of the country. The Baltimore VAMC is also the home base for one of VA’s eight Mental Illness Research, Education and Clinical Centers. This program is dedicated to improving the provision of health care to veterans suffering from severe mental illness, with a special emphasis on the treatment of individuals with schizophrenia.
The Baltimore VA Medical Center provides in and outpatient care for substance abuse treatment as well as homeless and mental health services.

**Baltimore, MD Area: Community Based Outpatient Clinics (CBOC)**

The Baltimore, MD VA Medical Center Community Clinics provides better access to medical care for veterans living in the area near the clinics. The clinics provide basic medical care, preventive care and health education for eligible veterans. Health care is provided and coordinated by a physician and nurse case manager.

Veterans may call Monday through Friday between 8:00 am and 4:30 pm to schedule an appointment, for enrollment or to obtain a picture identification card. The clinic is open Monday through Friday from 8:00 a.m. to 4:00 p.m. Veterans may also call the Medical Center Call Center 202-745-8577, Monday through Friday between 7:30 a.m. The following Community Based Outpatient Clinics (CBOC) come under this facility:

- **Fort Howard VA (CBOC)**
  9600 North Point Road
  Fort Howard, Maryland 21052
  Phone: (410) 477-1800

- **Glen Burnie VA (CBOC)**
  1406 South Crain Highway
  Pyramid Professional Center II
  Glen Burnie, Maryland 21061

Fax: 410-642-1161

If you have a medical emergency, call 911 or go to the nearest hospital emergency room for immediate medical attention.

The Perry Point Veterans Affairs Medical Center (VAMC) is a leader in providing comprehensive mental health care to veterans in the Baltimore-Washington Metropolitan Area. The Medical Center, part of the VA Capitol Health Care Network (VISN 5), offers long and short-term inpatient mental health care, including an inpatient alcohol and substance abuse treatment program that is unique in the Mid-Atlantic region. A new inpatient mental health care facility offers specialized treatment programs, rehabilitation services and enhanced patient privacy for veterans in a comfortable, state-of-the-art setting. Perry Point VAMC also offers a full range of inpatient medical, intermediate and long-term care programs, including a nursing home, a chronic ventilator care unit, a specialized unit for patients with Alzheimer's disease and a hospice care section. A newly renovated 50-bed domiciliary care program helps to rehabilitate homeless veterans through counseling, job assistance and home placement. The Perry Point VAMC is home to a new and innovative substance abuse residential rehabilitation treatment program, which is an intensive outpatient program for veterans with drug and alcohol addictions.

Medical Center Clinic Hours of Operation
Mon.-Fri.: 8:00 a.m. to 4:30 p.m.

If you have a medical emergency, call 911 or go to the nearest hospital emergency room for immediate medical attention.

Located in the heart of West Virginia's Eastern Panhandle, the Martinsburg Veterans Affairs Medical Center (VAMC) can be found on 175 acres in historic Berkeley County and has a service area of 126,000 veterans in West Virginia, Maryland, Virginia, and Pennsylvania. The Medical Center, part of the VA Capitol Health Care Network (VISN 5), offers a comprehensive range of services, including internal medicine, ambulatory surgery, audiology and speech pathology, dental, nursing home, nutrition, podiatry, prosthetics, women's health, mental health and rehabilitation medicine. Patient care is provided through an integrated primary care concept, and each veteran is assigned to a team of health care providers that follows the patient's care both as an inpatient and an outpatient. It is the goal of the Martinsburg VAMC to be the health care provider of choice in our area, exceeding standards and expectations of care. The employees of the Martinsburg VAMC are dedicated to improving the quality of life for eligible veterans through excellent health care.

The Martinsburg Medical Center provides in-and outpatient care for substance abuse treatment as well as homeless and mental health services.

Martinsburg, West Virginia Area: Community Based Outpatient Clinics (CBOC)
The Martinsburg, WVA VA Medical Center Community Clinics provides better access to medical care for veterans living in the area near the clinics.
The clinics provide basic medical care, preventive care and health education for eligible veterans. Health care is provided and coordinated by a physician and nurse case manager.

Veterans may call Monday through Friday, between 8:00 am and 4:30 pm to schedule an appointment, for enrollment or to obtain a picture identification card. The clinic is open Monday through Friday, from 8:00 a.m. to 4:00 p.m.
Veterans may also call the Medical Center Call Center 202-745-8577 Monday through Friday, between 7:30 a.m. and 6 p.m. to schedule an appointment or for additional information.

If you have a medical emergency, call 911 or go to the nearest hospital emergency room for immediate medical attention.

Located in our Nation’s capital, the Washington DC Veterans Affairs Medical Center (DCVAMC) is among the most visible and dynamic facilities in the VA system. As a tertiary care facility, DCVAMC provides acute general and specialized services in medicine, surgery, neurology, psychiatry, dentistry and numerous other subspecialties.
The Medical Center, part of the VA Capitol Health Care Network (VISN 5), offers long-term care treatment in the 120-bed Comprehensive Nursing and Rehabilitation Center (CNRC). It operates four Community Based Outpatient Clinics (CBOCs) and is a Veterans Health Administration test site for enhancements in the electronic medical record. The Medical Center is affiliated with three outstanding medical schools and is a medical readiness partner with three Department of Defense medical facilities. The DCVAMC supports hundreds of active research projects and is home to one of two VA War Related Illness and Injury Study Centers (WRIISC). The Washington, DC Medical Center provides outpatient care for substance abuse treatment as well as homeless and mental health services.

**Washington DC Area : Community Based Outpatient Clinics (CBOC)**
The Washington DC VA Medical Center Community Clinics provides better access to medical care for veterans living in the area near the clinics. The clinics provide basic medical care, preventive care and health education for eligible veterans. Health care is provided and coordinated by a physician and nurse case manager.
Veterans may call Monday through Friday, between 8:00 am and 4:30 pm. to schedule an appointment, for enrollment or to obtain a picture identification card. The clinic is open Monday through Friday, from 8:00 a.m. to 4:00 p.m.
Veterans may also call the Medical Center Call Center 202-745-8577 Monday through Friday between 7:30 a.m. and 6 p.m. to schedule an appointment or for additional information.

The following Community Based Outpatient Clinics (CBOC) come under this facility:

Please note: Conquest Offender Reintegration Ministries does not accept collect calls from unauthorized parties.

REINTEGRATION OF EX-OFFENDERS PROJECT

This program seeks to help ex-offenders by serving as a vehicle to give them the support they need to function successfully into society. This program is based upon proven studies that illustrate that when an ex-offender receives adequate support when he/she is released, there is a lesser likelihood that he/she will return to prison.

PERSONS SERVED

This program serves adult offenders who are in prison or newly released. We look for persons who:

- Are willing to work if they do not have a disability.
- Have no problem submitting to authority or to a rigid post-release plan prepared by CORM.
- Are willing to accept post-release mentoring.
- Can present evidence that they have substantially followed the rules of the institution where incarcerated.
- Have no outstanding charges in any other jurisdiction.
- Will reside in the Washington, DC area after release.
SERVICES PROVIDED

- Mentoring
- Case Management and referrals
- Resume preparation
- Bus tokens, flash passes to/from job interviews, first few weeks of employment
- Assistance with obtaining vital papers (birth certificate, social security card, etc.)
- Assistance with finding employment
- Food
- Clothing for job interviews

One Church One Inmate
1522 “K” Street, NW
Suite 450
Washington, DC 20005
Point of Contact: Father George Clements
(703) 299-0088
Email: ocoaocoi@aol.com

- The program works with pastors/ministers to find a family in their church that would be willing to help smooth the transition of an offender into society (i.e. assist in finding a job, assist in getting back into school, help to reunite individual with his or her family).
- Hours of operation are 9:00 AM - 5:00 PM, Monday through Friday.
- There is no cost for participation.
- Participation in this program requires a referral from the Chaplain or jail staff.
- There is no specific length of time in which this program is available per person.

Reintegrating Alternatives Personal Program (R.A.P.P.)
2465 Alabama Avenue, SE
Washington, DC 20020
(202) - 678-6038-main #
(202) 678-8100 fax

Description: R.A.P.P. is designed to assist and prepare current and former residents of correctional facilities to reintegrate into the mainstream of society as productive law-abiding citizens. R.A.P.P. is a holistic program addressing the physical, emotional and spiritual aspects of life.
Services: Clients will receive personalized services specifically designed to meet their release conditions, aid in their successful reintegration and avoid recidivism.
- Parole/probation monitoring
- Mentoring
- Counseling
- Victim support
- Psychological therapy
- Academic enrichment
- Entrepreneurial/Job Training
• Communication workshops
• Visits
Requirements:
• Residents serving time for misdemeanor and felony cases will be selected at the discretion of the individual correctional facility.
• The program will accept client referrals from faith-based organizations, judges, correctional facilitates, parole officers and other agencies.

Job Opportunities Task Force
238 East Baltimore Street, Suite 1102
Baltimore, MD 21202
410-234-8040
410-234-8929 (fax)

The Job Opportunities Task Force (JOTF) works in the Baltimore region to develop and advocate policies and programs, forge partnerships, and leverage investments that increase the marketable skills, income, and economic opportunities of low-skill, low-income workers and job seekers. JOTF supports increased education, vocational, and transitional services within correctional institutions and in the community. Our goal is to help public agencies and human service organizations prepare offenders to lead stable and productive lives following their release.

Office Hours
Monday through Thursday: 8:30 a.m. to 5:00 p.m.
Friday: 1:00 p.m. to 5:00 p.m.

Offender Aid and Restoration of Arlington County, Inc, a private nonprofit organization, has been assisting inmates and ex-offenders since 1974. OAR offers community-managed programs in Arlington, Alexandria and Falls Church aimed at restoring offenders to the community as productive and responsible citizens.

Alternative sentencing options help reduce overcrowding of local jails and provide services to community organizations. Programs for inmates and ex-offenders reduce recidivism, expand career options, build family stability, and enhance community life.

Coordination with state and local criminal justice agencies facilitates the delivery of exceptional inmate programs and assists probationers and parolees in meeting their community supervision obligations. Trained volunteers support a variety of jail-based classes, groups and individual assistance.

These efforts, in their cumulative impact, are restorative, healing and enduring for the entire community.

Programs and Services We Offer: Supervised community service as an alternative to incarceration; programs, classes and transition assistance for inmates; re-entry services and employment counseling for ex-offenders; training and supervision of a dedicated corps of community volunteers; assistance and support for the families of inmates.
Section 4

SEEKING FEDERAL BENEFITS

The Department of Veterans Affairs publishes a booklet called "Federal Benefits for Veterans and Their Dependents" that describes the types of benefits available and lists the addresses and phone numbers for VA facilities nationwide. Write the VA Regional Office (VARO) to request a copy.

Washington, DC Regional Office
1722 I Street N.W. Washington D.C. 20421
Phone # 1-800-827-1000

Call 1-866-687-8387 or find information about benefits at www.vba.va.gov

Eligibility for VA Benefits During Incarceration

Veterans incarcerated and incarcerated dependents may apply for the same compensation, dependency and indemnity compensation (DIC) – service connected death benefits – and pension benefits as veterans who are not incarcerated. However, Congress restricts the amount of benefits that may be paid to a veteran or dependent while he or she is incarcerated. These benefits are institutionalized as part of law: 38 U.S.C Sec 5313 (a), 38 C.F.R., Sec. 3.665 (a), (d), which reads as follows:

If a veteran is incarcerated as the result of a “felony” conviction as defined by law: “Any offense punishable by death or imprisonment for a term exceeding one year, unless specifically categorized as a misdemeanor under the law of the prosecuting jurisdiction.”

Then, the amount paid to a veteran incarcerated for a service-connected disability is generally limited by law to the 10 percent disability rate, or half the amount of the ten percent rate if the veteran’s disability rating is 10 percent. (If the veteran is rated before incarceration as 20 percent disabled or higher, he will receive only the amount payable to a 10 percent disabled veteran.) Incarcerated DIC recipients will receive one-half the amount paid to a veteran receiving compensation payments for a 10 percent-rated disability.

A veteran may not receive non-service connected VA pension benefits, or any portion of these benefits, while incarcerated for a felony or misdemeanor. However, his family may receive an apportionment of such benefits under the procedure described above. (See 38 C.F.R. Sec.3.666)

One important requirement for eligibility for VA benefits is that the veteran has to have been issued either an honorable or general discharge, or would have received one if not for re-enlisting. If a veteran had two periods of service, one honorable and the other less than honorable, he may still be eligible for VA benefits based on the honorable period of service.
VA Medical Care can not be provided to veterans in prison, but VA health facilities may provide care to you after your release. Contact 1-877-222-8387 to find the medical center nearest you.

Benefits Payments While Incarcerated

There is a 60-day "grace period" following a conviction when you may still receive full benefits. To avoid an overpayment, it is important that you notify the VARO immediately when you go to prison if you are receiving payments. If you do not notify the VA and receive overpayment, you and your family will lose all financial payments until the debt is paid.

For example, Joe is a veteran who receives a VA pension. He commits a crime, is convicted, and is incarcerated, but doesn't tell the VA right away and keeps getting paid for 6 months. After serving his sentence of 18 months, he is released and applies to the VA to have his pension restarted. He will have an overpayment which must be recovered from the restarted benefits. Until the overpayment is recovered, Joe will have to go without that income.

Your award for compensation or pension benefits should resume from the date you are released, as long as the VA receives notice of release within one year. Form 21-4193, Notice to Department of Veterans Affairs of Veteran or Beneficiary Incarcerated in Penal Institution, available through your counselors should be completed before release, signed by a prison official and submitted to VA Benefits Administration.

Apportionment

Although legally, the veteran can only receive a portion of the full amount payable for his or her disability rating, the remaining balance may be “apportioned to the individual’s dependent family”. To apply for apportionment, the veteran must send a letter that identifies the veteran and the apportionment claimant and makes it clear they are requesting an apportionment of his VA benefits to the VA Regional Office (VARO) that has jurisdiction over the veteran’s case. VA regulations clearly specify this apportionment amount will only go to family members if they can show financial need for such amount. This applies to the spouse, children, or dependent parents who are involved in the application.

In deciding whether any apportionment is appropriate, the amount of the apportionment, and to whom it will go, the following factors are considered:

- The family member’s income and living expenses;
- The amount of compensation available to be apportioned;
- The needs and living expenses of other family members; and
- Special needs of any of the family members.

For example: a veteran incarcerated rated as 80 percent disability can only receive the amount he or she would get if he or she were 10 percent disabled. However, his or her family may be apportioned up to 70 percent, the difference of the 80 percent rating. (DIC may also be apportioned with similar restrictions.)
There is a 60-day “grace period” following conviction where the veteran, or Dependency or Indemnity Compensation (DIC) recipient, may still receive full benefits. If the veteran continues to receive benefits after the 60-day period, it will result in an “overpayment”. The VA considers it to be the recipient’s responsibility and fault if this occurs because the recipient failed to notify the VA of his or her incarceration. Attempts to obtain a waiver in these situations of overpayment are often unsuccessful. As a rule, the veteran loses most, if not all, financial benefits until the VA recovers the entire overpayment. It has also been a standard procedure that the family will not be entitled to receive an apportionment until the debt is completely recovered.

For more information concerning VA debt collection rules that may affect the veteran incarcerated, telephone: 1-800-827-1000 and request a Veterans Service Organization representative or, write to a Veterans Service Organization.

One other relevant restriction on veteran’s incarcerated eligibility for service connected disability compensation is that: “No total disability rating based on un-employability, may be assigned to an incarcerated veteran”.

It is important to remember that most VA decisions, including those on apportionment, can be appealed to the Board of Veterans Appeals and, if need be, to the Court of Appeal for Veterans Affairs.

Re-starting Benefits at Release

It is important that each disabled veteran receiving compensation or DIC payments promptly notify the VARO. Regular full benefit payments should begin upon release, providing the VA is notified of the veteran’s release, including placement within a community treatment center or halfway house in the community, within one year of release. VARO needs formal notification from the prison of your release in order to re-start benefits: The sooner that document is provided to VARO, the sooner VARO can begin to process your request.

Seeking Help After Release

If you would like to get benefits or think you have a pending claim before the VA, it is best to get professional help to assist you.

Many Veterans Service Organizations (VSOs) have trained staff who can help you with your VA claim, and can legally represent your claim before the VA. Some also help homeless and at-risk veterans find the support services they need. You can contact any VSO listed in the Guidebook to learn an office near you.

Seeking Benefits On Your Own

Although we encourage you to seek the aid of a service representative, you may choose to apply for VA benefits on your own. Write your local VA Regional Office or find the forms online at: www.vba.va.gov/pubs/forms1.htm. You can also apply for certain benefits online at: http://vabenefits.vba.va.gov/vonapp/main.asp.
Below are brief descriptions of forms needed to file for certain VA benefits. Be sure you use a return address where mail will get to you as quickly as possible. Make photocopies of all forms for your records before sending your packet to the VARO nearest you.

- VA Form 21-526 - Application for Compensation or Pension - must be filed to apply for compensation or pension. Mail your DD-214 and the following forms to the VARO nearest your release destination 30 to 45 days before your release.

- VA Form 21-4138 - Statement in Support of Claim - lets you explain why you deserve the benefits you are asking for because of your disability or disorder. It is best to have an experienced service representative help you complete the form.

- VA Form 21-4142 - Authorization for Release of Information - If you have received medical or mental health care, that may be relevant to your claim, from anyone other than a VA Medical Facility, you need to fill out a VAF 21-4142 giving permission for release of medical records to the VA.

- VA Form 10-10EZ - Enrollment for Medical Benefits - is used by the VA to determine if you can receive medical benefits. Complete the form and bring it with you to the VA medical facility where you will seek evaluation for treatment.

- VA Form 28-1900 - Vocational Rehabilitation for Disabled Veterans - is needed to apply for the vocational rehabilitation program to help veterans who were disabled during their service reach maximum independence in daily living, to learn the skills needed to get a job, and to find and keep a job. Send Form 28-1900 to the VARO in your area 10 to 15 days before your release.

- VA Form 70-3288 - Request for and Consent to Release of Information from Claimant's Records - is used to get records relevant to your claim from VA facilities (regional offices, medical centers, outpatient clinics, and vet centers). Request a fee waiver under section 38 C.F.R. Sec.1.526 (h), which requires the VARO to provide a veteran with one set of his or her records free of charge.

Bonding Program

Purpose—Bonding is a unique and innovative tool for marketing an applicant to an employer. As an employer incentive, it conveys a businesslike approach. The employer gets the worker’s skills, abilities and knowledge without taking risk potential employee dishonesty. There are no forms or other papers for the employer to sign, and no processing to delay matters – the insurance can be put into effect instantly. The bond insurance can apply to any job and covers any employee dishonesty that occurs on or away from the employer’s work facility. Full or part-time employees’ paid wages (with federal taxes automatically deducted from pay) can be bonded; these Fidelity Bonds cannot cover self-employment.

Why bonding is needed - Job seekers who have in the past committed a fraudulent or dishonest act, or who have demonstrated other past behavior which casts doubt upon their credibility or honesty, often experience a special barrier to gaining employment due to their personal backgrounds. Such persons are routinely classified as “at-risk” job applicants when their past life experience raises an obstacle to their future ability to secure employment. More specifically, employers view these applicants as being potentially untrustworthy workers. This fear is further heightened by the fact that Fidelity Bond insurance commercially purchased by employers to protect against employee dishonesty usually will not cover those at risk – these persons are designated by insurance companies as being “NOT BONDABLE.” As a result, at risk job applicants are routinely denied employment. Ex-offenders, including anyone with a record of arrest, conviction, or imprisonment, and anyone who has ever been on probation or parole, are at-risk job applicants. Others, similarly at risk and NOT BONDABLE are ex-addicts (persons with a history of alcohol and drug abuse), persons having a poor credit record, or who have declared bankruptcy, economically disadvantaged persons who lack a work history, and individuals who were dishonorably discharged from the military. Other job seekers also can be classified as at-risk if bonding can eliminate the barrier to their employment.

What is a Fidelity Bond? - Fidelity bonding is a form of business insurance usually purchased to indemnify employers’ for loss of money or property sustained through the dishonest acts of their employees (i.e. theft, forgery, larceny, and embezzlement). This “employee dishonesty insurance” is generally considered a good business management practice, and is purchased by many employers. However, while other types of insurance set premiums that vary according to the degree of risk, Fidelity Bond premiums are always set based upon taking no risk. As a result, insurance companies usually will not cover at-risk persons under Fidelity Bonds, a practice that has created a special barrier to employment for the growing large number of persons (i.e. ex-addicts, credit risks, etc.) whose personal credibility is questionable due to other dishonest or deviant past acts.

• Oxford House is a concept in recovery from drug and alcohol addiction. In its simplest form, an Oxford House describes a democratically run, self-supporting and drug free home.
• All Oxford Houses have these characteristics in common:
  • The House must be democratically self-run.
  • The House membership is responsible for all household expenses.
