Description: Section 48(a)(3)(D) of the Internal Revenue Code allows a credit for energy property which meets, among other requirements, the performance and quality standards (if any) which have been prescribed by the Secretary by regulations (after consultation with the Secretary of Energy), and are in effect at the time of the acquisition of the property. Energy property includes small wind energy property. This notice provides the performance and quality standards that small wind energy property must meet to qualify for the energy credit under section 48.

Affected Public: Individuals or Households; Businesses and other-for-profit institutions.

Estimated Number of Respondents: 160.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 160.

Estimated Time per Response: 2 hours 30 minutes.

Estimated Total Annual Burden Hours: 400.

Authority: 44 U.S.C. 3501 et seq.

Dated: November 17, 2021.

Molly Stasko,
Treasury PRA Clearance Officer.

DEPARTMENT OF VETERANS AFFAIRS

Funding Opportunity Under Supportive Services for Veteran Families Program

AGENCY: Department of Veterans Affairs.

ACTION: Notice of Funding Opportunity.

SUMMARY: The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. This Notice of Funding Opportunity (NOFO) contains information concerning the SSSF Program, the renewal and new applicant supportive services grant application processes, and the amount of funding available. Awards made for supportive services grants will fund operations beginning October 1, 2022.

DATES: Applications for supportive services grants under the SSSF Program must be received by the SSSF Program Office by 4:00 p.m. Eastern Time on February 7, 2022. In the interest of fairness to all competing applicants, this deadline is firm as to date and hour, and VA will treat as ineligible for consideration any application that is received after the deadline. Applicants should take this practice into account and make early submission of their materials to avoid any risk of loss of eligibility brought about by unanticipated delays, computer service outages, or other submission-related problems.

ADDRESSES:

For a Copy of the Application Package: Copies of the application can be downloaded from the SSSF website at www.va.gov/homeless/ssf. Questions should be referred to the SSSF Program Office by email at SSSF@va.gov. For detailed SSSF Program information and requirements, see part 62 of Title 38, Code of Federal Regulations (38 CFR part 62).

Submission of Application Package: Applicants must submit applications electronically following instructions found at www.va.gov/homeless/ssf. Applications may not be mailed, hand carried or sent by facsimile (FAX). Applications must be received in the SSSF Program Office by 4:00 p.m. Eastern Time on the application deadline date. Applications must arrive as a complete package. Materials arriving separately will not be included in the application package for consideration and may result in the application being rejected. See Section II.B. and II.C. of this NOFO for maximum allowable grant amounts.

Technical Assistance: Information regarding how to obtain technical assistance with the preparation of a renewal supportive services grant application is available on the SSSF Program website at www.va.gov/HOMELESS/SSF.

FOR FURTHER INFORMATION CONTACT: Mr. John Kuhn, National Director, Supportive Services for Veteran Families, (727) 273–5619, or by email at SSSF@va.gov.

SUPPLEMENTARY INFORMATION:

Funding Opportunity Title: Supportive Services for Veteran Families Program.

Announcement Type: Initial.

Funding Opportunity Number: VA–SSF–103121.

Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program.

I. Funding Opportunity Description

A. Purpose: The SSSF Program’s purpose is to provide supportive services grants to private non-profit organizations and consumer cooperatives, who will coordinate or provide supportive services to very low-income veteran families who:

(i) Are residing in permanent housing and at risk of becoming homeless; (ii) are homeless and scheduled to become residents of permanent housing within a specified time period; or (iii) after exiting permanent housing within a specified time period, are seeking other housing that is responsive to such very low-income veteran family’s needs and preferences. SSSF prioritizes the delivery of rapid re-housing services to homeless veteran households.

Rapid re-housing is an intervention designed to help individuals and families quickly exit homelessness, return to housing in the community, and avoid homelessness again in the near term. The core components of a rapid re-housing program are housing identification, move-in and rent financial assistance, and rapid re-housing case management and services. These core components represent the minimum that a program must be providing to households to be considered a rapid re-housing program, but do not provide guidance for what constitutes an effective rapid re-housing program. Applicants should familiarize themselves with the Homelessness Prevention and Rapid Re-housing Best Practice Standards found at the following link: https://www.va.gov/homeless/ssf/funding/organizations/university/fidelity_tool_ssf Standards.

B. Funding Priorities: The principal goal for this NOFO is to provide support to those applicants who demonstrate the greatest capacity to end homelessness among veterans or, in communities that have already met U.S. Interagency Council on Homelessness (USICH) Federal Criteria and Benchmarks, sustain the gains made in ending homelessness among veterans. Priority will be given to grantees who can demonstrate adoption of evidence-based practices in their application. Under Priority 1, VA will provide funding to those existing grantees with 3-year accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) in Employment and Community Services: Rapid Rehousing and Homeless Prevention standards, a 4-year accreditation in Housing Stabilization and Community Living Services from the Council on Accreditation (COA), or a 3-year accreditation in The Joint Commission’s (JC) Behavioral Health Care: Housing Support Services Standards. Priority 2 includes existing grantees not included in Priority 1 with annual awards, seeking to renew their grants. Priority 3 applications will be accepted from new applicants in the communities described in Section II.B.
C. Definitions: Part 62 of title 38, 38 CFR part 62, contains definitions of terms used in the SSVF Program. In addition to the definitions and requirements described in 38 CFR part 62, this NOFO provides further clarification in this paragraph on the use of Emergency Housing Assistance (EHA). EHA may be provided by the SSVF grantee under 38 CFR 62.34(i) to offer transition in place when a permanent housing voucher, such as is offered through the Department of Housing and Urban Development’s (HUD) Section 8 program, is available from any source, but access to the permanent housing voucher is pending completion of the housing inspection and administrative processes necessary for leasing. In such circumstances, the EHA payment cannot exceed what would otherwise be paid when the voucher is utilized. EHA may also be used as part of a Rapid Resolution or diversion response that helps veteran households avoid entry into homelessness through placements with family or friends.

D. Approach: Respondents to this NOFO should base their proposals and applications on the current requirements of part 62. Grantees will be expected to leverage supportive services grant funds to enhance the housing stability of very low-income veteran families who are occupying permanent housing. In doing so, grantees are required to establish relationships with local community resources. Therefore, agencies must work through coordinated partnerships built either through formal agreements or the informal working relationships commonly found among successful social service providers.

As part of the application, all applicants are strongly encouraged to provide letters of support from the Continuums of Care (CoC) in the location where they plan to deliver services, reflecting the applicant’s engagement in the CoC’s efforts to coordinate services. A CoC is a community-based planning and delivery mechanism for veterans residing in permanent housing to remain stably housed and to rapidly transition those not currently in permanent housing to stable housing. SSVF emphasizes the placement of homeless veteran families who are described in 38 CFR 62.11(b)–(c) as follows:

(b)(1) Is lacking a fixed, regular and adequate nighttime residence, meaning:

(i) That the veteran family’s primary nighttime residence is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned bus or train station, airport or camping ground;

(ii) That the veteran family is living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by Federal, state or local government programs for low-income individuals), or

(iii) That the veteran family is exiting an institution where the veteran family resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution;

(2) Are at risk to remain in the situation described in paragraph (b)(1) of this section but for the grantee’s assistance; and

(3) Scheduled to become a resident of permanent housing within 90 days pending the location or development of housing suitable for permanent housing; or

(c) Has met any of the conditions described in paragraph (b)(1) of this section after exiting permanent housing within the previous 90 days to seek other housing that is responsive to the very low-income veteran family’s needs and preferences.

Assistance in obtaining or retaining permanent housing is a fundamental goal of the SSVF Program. Case management supporting permanent housing should include tenant counseling, mediation for landlords, and outreach to landlords.

E. Authority: Funding available under this NOFO is authorized by 38 U.S.C. 2044. VA implements the SSVF Program through regulations in 38 CFR part 62. Funds made available under this NOFO are subject to the requirements of these regulations.

F. Requirements for the Use of Supportive Services Grant Funds: The applicant’s request for funding must be consistent with the limitations and uses of supportive services grant funds set forth in 38 CFR part 62 and this NOFO. In accordance with the regulations and this NOFO, the following requirements apply to supportive services grants awarded under this NOFO:

1. Grantees may use a maximum of 10% of supportive services grant funds for administrative costs identified in 38 CFR 62.70(e).

2. Grantees must use a minimum of 60% of the temporary financial assistance portion of their supportive services grant funds to serve very low-income veteran families who qualify under 38 CFR 62.11(b). (NOTE: Grantees may request a waiver to decrease this minimum, as discussed in section V.B.3.a.)

3. Grantees are required to have available temporary financial assistance resources that can be paid directly to a third party on behalf of a participant for child care, emergency housing assistance, transportation, rental assistance, utility-fee payment assistance, security deposits, utility deposits, moving costs, emergency housing stability assistance (which includes emergency supplies), and as
otherwise stated in 38 CFR 62.33 and 38 CFR 62.34.

G. Guidance for the Use of Supportive Services Grant Funds: Grantees are expected to demonstrate adoption of evidence-based practices most likely to lead to reductions in homelessness or, in communities that have successfully ended homelessness among veterans as defined by the USICIT’s Federal Criteria and Benchmarks, maintain gains that have been made in ending homelessness among Veterans. As part of their application, the applying organization’s Executive Director must certify on behalf of the agency that they will actively participate in community planning efforts and operate the rapid re-housing component of their SSVF grant in a manner consistent with the Homelessness Prevention and Rapid Re-Housing Best Practice Standards found at the following link: https://www.va.gov/homeless/ssvf/page/ssvf_university/identity_tool_ssvf_standards.Housing is not contingent on compliance with mandated therapies or services; instead, participants must comply with a standard lease agreement and be provided with the services and supports that are necessary to help them do so successfully.

Grantees must develop plans that will ensure that veteran participants have the level of income and economic stability needed to remain in permanent housing after the conclusion of the SSVF intervention. Both employment and benefits assistance from VA and non-VA sources represent a significant underlying source of income stability for homeless veterans. Income is not a pre-condition for housing. Case management should include income maximization strategies to ensure households have access to benefits, employment and financial counseling. The complexity of program rules and the stigma some associate with entitlement programs contribute to their lack of use. For this reason, grantees are encouraged to consider strategies that can lead to prompt and successful access to employment and benefits that are essential to retaining housing.

Consistent with 38 CFR 62.30–62.34, grantees are expected to offer the following supportive services:

- Counseling participants about housing; assisting participants in understanding leases; securing utilities; making moving arrangements; providing representative payee services concerning rent and utilities when needed; using health care navigation services to help participants access health and mental health care; providing medication and outreach to property owners related to locating or retaining housing. Grantees may also assist participants by providing rental assistance, security or utility deposits, moving costs, emergency housing, or general housing stability assistance; or using other Federal resources, such as the HUD Emergency Solutions Grants Program (ESG), or supportive services grant funds subject to the limitations described in this NOFO and 38 CFR 62.34.

1. As SSVF is a short-term crisis intervention, grantees must develop plans that will produce sufficient income or supports to sustain veteran participants in permanent housing after the conclusion of the initial SSVF intervention. Grantees must ensure the availability of employment and vocational services either through the direct provision of these services or their availability through formal or informal service agreements.

Agreements with Homeless Veteran Reintegration Programs funded by the U.S. Department of Labor are strongly encouraged. For participants unable to work due to disability, income must be established through available benefits programs.

2. Per 38 CFR 62.33, grantees must assist participants in obtaining public benefits. Grantees must screen all participants for eligibility for a broad range of entitlements such as Temporary Assistance for Needy Families (TANF), Social Security, the Supplemental Nutrition Assistance Program, the Low-Income Home Energy Assistance Program, the Earned Income Tax Credit and local General Assistance programs. Grantees are expected to access the Substance Abuse and Mental Health Services Administration’s Supplemental Security Income/Social Security Disability Insurance (SSI/SSDI) Outreach, Access, and Recovery (SOAR) program directly by training staff and providing the service or subcontracting services to an organization to provide SOAR services. In addition, where available, grantees should access information technology tools to support case managers in their efforts to link participants to benefits.

3. In accordance with 38 CFR 62.33(g), grantees must provide, or assist participants in obtaining, legal services relevant to issues that interfere with the participants’ ability to obtain or retain permanent housing or supportive services. (NOTE: Information regarding legal services provided may be protected from being released to the grantee or VA under attorney-client privilege, although the grantee must provide a position to demonstrate the frequency and type of service delivered.) Support for legal services can include paying for court filing fees to assist a participant with issues that interfere with the participant’s ability to obtain or retain permanent housing or supportive services, including issues that affect the participant’s employability and financial security. Grantees (in addition to employees and members of grantees) may represent participants before VA with respect to a claim for VA benefits, but only if they are recognized for that purpose pursuant to 38 U.S.C. Chapter 59. Further, the individual providing such representation must be accredited pursuant to 38 U.S.C. Chapter 59.

4. Access to mental health and addiction services is required by SSVF; however, grantees cannot fund these services directly through the SSVF grant. Applicants must demonstrate their ability to promote rapid access to and engagement with mental health and addiction services for the veteran and family members. Grantees are required to provide health care navigation services that aid participants in accessing these health and mental health care services.

5. When serving participants who are residing in permanent housing, the defining question to ask is: “Would this individual or family be homeless but for this assistance?” must use a VA-approved screening tool with criteria that target those most at-risk of homelessness. To qualify for SSVF services, a participant who is served under 38 CFR 62.11(a) (homeless prevention) must not have sufficient resources or support networks (e.g., family, friends, faith-based or other social networks) immediately available to prevent them from becoming homeless. To further qualify for services under 38 CFR 62.11(a), the grantee must document that the participant meets at least one of the following conditions:

(a) Has moved because of economic reasons two or more times during the 60 days immediately preceding the application for homelessness prevention assistance;

(b) Is living in the home of another because of economic hardship;

(c) Has been notified in writing that their right to occupy their current housing or living situation is terminated within 21 days of the date of application for assistance;

(d) Lives in a hotel or motel, and the cost of the hotel or motel stay is not paid by charitable organizations or by Federal, State, or local government programs for low-income individuals;

(e) Is exiting a publicly funded institution or system of care (such as a health care facility, a mental health...
facility, or correctional institution) without a stable housing plan; or
(i) Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved screening tool.
6. SSVF grantees are required to participate in local planning efforts designed to end veteran homelessness. Grantees may use grant funds to support SSVF involvement in such community planning by sub-contracting with CoCs, when such funding is essential, to create or sustain the development of these data driven plans.
7. When other funds from community resources are not readily available to assist program participants, grantees may choose to utilize supportive services grants, to the extent described in this NOFO and in 38 CFR 62.33 and 62.34, to provide temporary financial assistance. Such assistance may be subject to the limitations in this NOFO and 38 CFR part 62, be paid directly to a third party on behalf of a participant for child care, transportation, family emergency housing assistance, rental assistance, utility-bill payment assistance, security or utility deposits, moving costs and general housing stability assistance as necessary.
8. SSVF requires grantees to offer Rapid Resolution (also known as diversion or problem solving) services. These services engage veterans immediately before or after they become homeless and assist them to avoid continued homelessness. These efforts can reduce the trauma and expense associated with extended periods of homelessness, and the strain on the crisis response and affordable housing resources in the community. Through Rapid Resolution, the grantee and the veteran explore safe, alternative housing options immediately before or quickly after they become homeless. Rapid Resolution can identify an immediate safe place to stay within the veteran's network of family, friends, or other social networks. All veterans requesting SSVF services should have a Rapid Resolution screening and if not appropriate for Rapid Resolution grantees should then assess the veteran for other SSVF services. More information about Rapid Resolution can be found at www.va.gov/homeless/ssa.
II. Award Information
A. Overview: This NOFO announces the availability of funds for supportive services grants under the SSVF Program and pertains to proposals for renewal of existing supportive services grant programs.
B. Funding: The funding priorities for this NOFO are as follows.

1. Priority 1: Under Priority 1, VA will provide funding to those grantees with 3-year CARF accreditations, 4-year COA accreditations, or 3-year JC accreditations. Proof of accreditation must be submitted with the application no later than the application due date. Grantees previously awarded a 3-year grant that is not scheduled to end by September 30, 2022, cannot apply under this NOFO but are required to submit a letter of intent (LOI) by the NOFO deadline indicating their intention of continuing SSVF services in fiscal year (FY) 2023. All grantees submitting a LOI must include a letter of support from the CoC (see Section II.C.9.) and a proposed budget for FY 2023. Priority 1 grantees submitting a LOI must also submit proof of continued accreditation.

2. Priority 2: Priority 2 includes other existing grantees seeking to renew their annual grant award. Both Priority 1 and 2 applicants must apply using the renewal application. To be eligible for renewal of a supportive services grant, the Priority 1 and 2 applicants' program must be substantially the same as the program of the grantees' current grant award. Renewal applications can request funding that is equal to or less than their current annualized award. If sufficient funding is available, VA may provide an increase of up to 2% from the previous year's award. Any percentage increase, if provided, will be awarded uniformly to all grantees regardless of their grant award.

3. Priority 3: Under Priority 3, VA will accept applications for new funding. Priority 3 applicants must apply using the application materials designated for new applicants. The availability and maximum awards are limited to those amounts specified for communities listed in Table 1. Eligible entities can submit only 1 application nationally under Priority 3. Funding for any Priority 3 applicant is limited to the maximum funding available for a single CoC, though applicants can propose to serve adjacent CoCs and include the combined maximum award totals into a single grant. For example, an eligible entity may elect to target CoCs CA–510 and CA–511 for its only allowable Priority 3 application as these CoCs are adjacent. As the maximum available funding for CA–510 and CA–511 is each $1 million, the applicant can submit a single application to serve both of these areas for up to $2 million. Priority 3 applications cannot exceed a total of $2 million even if adjacent CoCs are combined.

C. Allocation of Funds: Funding will be awarded under this NOFO to existing grantees for a 1-year (Priority 2 and 3) or a 3-year period (Priority 1) beginning October 1, 2022. The following requirements apply to supportive services grants awarded under this NOFO:

1. In response to this NOFO, only existing grantees can apply as Priority 1 or 2 applicants. Now applicants apply under Priority 3.

2. Priority 1 and 2 renewal grant requests cannot exceed the current award.

3. If a Priority 1 or 2 applicant is not renewed, all existing SSVF grants made to the non-renewed grantee, including awards made to support 62.34(a), will be discontinued on September 30, 2022.

4. Priority 3 applicants cannot request funding that exceeds the amount listed in Table 1 as the Maximum Award. If an applicant proposes to serve adjacent CoCs in a single application, the maximum award is the lesser amount of those combined Maximum Awards listed in Table 1 or $2 million.

5. Priority 1 and 2 applicants may request an amount less than their current award (this will not be considered a substantial change to the program).

6. If a grantee failed to use all of awarded funds in the previous fiscal year or had unspent funds returned to VA in FY 2021, VA may elect to limit the renewal award to the amount of funds used in the previous fiscal year or in the current fiscal year less the money swept.

7. If, during the course of the grant year, VA determines that Priority 1 and 2 grantee spending is not meeting the minimum percentage milestones below, VA may elect to recoup projected unused funds and reprogram such funds to provide supportive services in areas with higher need. Should VA elect to recoup unspent funds, reductions in available grant funds would take place the first business day following the end of the quarter. VA may elect to recoup funds under the following circumstances:

(a) By the end of the first quarter (December 31, 2021) of the grantee’s supportive services annualized grant award period, the grantee’s cumulative requests for supportive services grant funds are less than an amount equal to 15% of total supportive services grant award. (During this same period, the grantee’s cumulative requests for supportive services grant funds may not exceed 35% of the total supportive services grant award.)

(b) By the end of the second quarter (March 31, 2023) of the grantee’s supportive services annualized grant award period, the grantee’s cumulative requests for supportive services grant funds are less than an amount equal to 40% of total supportive services grant award. (During this same period, the grantee’s cumulative requests for supportive services grant funds may not exceed 60% of the total supportive services grant award.)

(c) By the end of the third quarter (June 30, 2023) of the grantee’s supportive services annualized grant award period, the granee’s cumulative requests for supportive services grant funds are less than an amount equal to 65% of total supportive services grant award. (During this same period, the granee’s cumulative requests for supportive services grant funds may not exceed 80% of the total supportive services grant award).

8. Applicants should fill out separate applications for each supportive services funding request.

9. Priority 1 and 2 applicants who fail to provide a letter of support from at least one of the CoCs they plan to serve will be eligible for renewal funding at a level no greater than 90% of their previous award. Priority 3 applicants must provide a letter of support from the CoC they are requesting funding to serve to be considered for an award. Applicants are responsible for determining who in each serviced CoC is authorized to provide such letters of support. This requirement applies to all applicants, including existing multi-year grantees that are only required to submit a LOI in response to this NOFO. In order to meet this requirement and allow the applicant to be eligible for full funding, letters must include the following:
(a) A detailed description of the applicant’s participation in the CoC’s Coordinated Entry process or planning activities and overall community planning efforts (for instance, confirmation of applicant’s active participation in planning coordinated entry, commitment to participating in coordinated entry, hours spent on CoC-sponsored committee or workgroup assignments and names of said committees or workgroups).

(b) The applicant’s contribution to the CoC’s coordinated entry process capacity building efforts, detailing the specific nature of this contribution (for instance, the hours of staff time and/or the amount of funding provided), if such SSVF capacity has been requested by the CoC or otherwise has shown to be of value to the CoC.

10. Should additional funding become available over the course of the grant term from funds recouped under the Award Information section of this Notice, funds that are voluntarily returned by grantees, funds that become available due to a grant termination, or other funds still available for grant awards, VA may elect to offer these funds to grantees in areas where demand has exceeded available SSVF resources. Additional funds will be provided first to the highest scoring grantee in the selected area who is in compliance with their grant agreement and has the capacity to utilize the additional funds.

D. Supportive Services Grant Award Period: Priority 2 and 3 grants are made for a 1-year period, although selected grants may be eligible for a 3-year award (see VA Form 84-1 awards). All grants are eligible to be renewed subject to the availability of funding.

III. Eligibility Information

A. Eligible Applicants: For Priority 1 and 2, only eligible entities that are existing grantees with grants scheduled to end by September 30, 2022, can apply in response to this NOFO. For Priority 3, eligible entities may apply for up to one new award nationally. These applicants can apply to serve CoCs identified in Table 1. Applicants can request a maximum award dependent of the CoC where they are applying to provide SSVF services. These maximums are also listed in Table 1.

B. Cost Sharing or Matching: None.

IV. Application and Submission Information

A. Obtaining an Application Package: Applications are located at www.va.gov/homless/ssvf. Any questions regarding this process should be referred to the SSVF Program Office via email at SSVF@va.gov. For detailed SSVF Program information and requirements, see 38 CFR part 62.

B. Content and Form of Application: Applicants must submit applications electronically following instructions found at www.va.gov/homelse/ssvf.

C. Submission Dates and Times: Applications for supportive services grants under the SSVF Program must be received by the SSVF Program Office by 4:00 p.m. Eastern Time on February 7, 2022. Awards made for supportive services grants will fund operations beginning October 1, 2022. Applications must arrive as a complete package. Materials arriving separately will not be included in the application package for consideration and may result in the application being rejected. Additionally, in the interest of fairness to all competing applicants, this deadline is firm as to date and hour, and VA will treat as ineligible for consideration any application that is received after the deadline. Applicants should take this practice into account and make early submission of their materials to avoid any risk of loss of eligibility brought about by unanticipated delays, delivery-related problems.

E. Funding Restrictions: Funding will be awarded for only those services grants under this NOFO depending on funding availability. Priority 1 and 2 applicants should fill out separate applications for each supportive services funding request. Priority 1 and 2 applicants must use applications designated for renewal applicants. Priority 3 applicants must submit an application designated for new applicants. Funding will be awarded under this NOFO to existing grantees beginning October 1, 2022.

1. Funding used for staff education and training cannot exceed 1% of the overall program grant award. This limitation does not include the cost to attend VA mandated training. All training costs must be directly related to the provision of services to homeless veterans and their families.

2. Expenses related to maintaining accreditation are allowable. Grantees are allowed to include expenses for seeking initial accreditation only once in a 5-year period. The expenses to renew full accreditation are allowed and are based on the schedule of the accrediting agency: For instance, every 3 years for CARF and every 4 years for COA.

F. Other Submission Requirements:

1. Existing applicants applying for Priority 1 or 2 grants may apply only as renewal applicants using the application designed for renewal grants.

2. New applicants applying for Priority 3 grants may apply only as new applicants using the application designed for new grants.

3. At the discretion of VA, multiple grant proposals submitted by the same lead agency may be combined into a single grant award if the proposals provide services to contiguous areas.

4. Additional supportive services grant application requirements are specified in the application package. Submission of an incomplete or incomplete application package will result in the application being rejected during threshold review. The application packages must contain all required forms and certifications. Selections will be made based on the criteria described in 38 CFR part 62 and this NOFO. Applicants and grantees will be notified of any additional information needed to confirm or clarify information provided in the application and the deadline by which to submit such information. Applicants must submit applications electronically. Applications may not be mailed, hand delivered, or sent by facsimile.

V. Application Review Information

A. Criteria:

1. VA will only score applicants that meet the threshold requirements described in 38 CFR 62.21.

2. VA will use the criteria described in 38 CFR 62.24 to score grantees applying for renewal (Priority 1 and 2) of a supportive services grant.

3. VA will use the criteria described in 38 CFR 62.22 to score applicants applying for a new supportive services grant (Priority 3).

B. Review and Selection Process: VA will review all supportive services renewal grant applications in response to this NOFO according to the following steps:

1. Score all applications that meet the threshold requirements described in 38 CFR 62.21.

2. Rank those applications that score at least 75 cumulative points and receive at least one point under each of the categories identified for renewal applicants in 38 CFR 62.24. The applications will be ranked in order from highest to lowest scores in accordance with 38 CFR 62.25 for renewal applicants.

3. VA will utilize the ranked scores of applications as the primary basis for selection. However, VA will also utilize the following consideration in 38 CFR 62.25(1) to select applicants for funding:

(a) Give preference to applications that provide or coordinate the provision
of supportive services for very low-income veteran families transitioning from homelessness to permanent housing. Consistent with this preference, where other funds from community resources are not readily available for temporary financial assistance, applicants are required to spend no less than 60% of all budgeted temporary financial assistance on participants occupying permanent housing as defined in 38 CFR 62.11. Waivers to this 60% requirement may be requested when grantees can demonstrate significant local progress towards eliminating homelessness in the target service area. Waiver requests must include data from authoritative sources such as USICH certification, that a community has ended homelessness as defined by Federal Benchmarks and Criteria or has reached Community Solution’s Functional Zero. Waivers for the 60% requirement may also be requested for services provided to rural Indian tribal areas and other rural areas where shelter capacity is insufficient to meet local need. Waiver requests must include an endorsement by the impacted CoC explicitly stating that a shift in resources from rapid re-housing to prevention will not result in an increase in homelessness.

(b) To the extent practicable, ensure that supportive services grants are equitably distributed across geographic regions, including rural communities and tribal lands. This equitable distribution criteria will be used to ensure that SSVF resources are provided to those communities with the highest need as identified by VA’s assessment of expected demand and available resources to meet that demand.

4. Subject to the considerations noted in paragraph B.3 above, VA will fund the highest-ranked applicants for which funding is available.

VI. Award Administration Information

A. Award Notices: Although subject to change, the SSVF Program Office expects to announce grant recipients for all applicants in the fourth quarter of FY 2022 with grants beginning October 1, 2022. Prior to executing a funding agreement, VA will contact the applicants, to inform them of the amount of proposed funding, and verify that the applicant is still interested in the funding. Once VA verifies that the applicant is still seeking funding, VA will execute an agreement and make payments to the grant recipient in accordance with 38 CFR part 62 and this NOFO.

B. Administrative and National Policy Requirements:

As SSVF grants cannot be used to fund treatment for mental health or substance use disorders, applicants must provide evidence that they can provide access to such services to all program participants through formal and informal agreements with community providers.

C. Reporting: VA places great emphasis on the responsibility and accountability of grantees. As described in 38 CFR 62.63 and 62.71, VA has procedures in place to monitor supportive services provided to participants and outcomes associated with the supportive services provided under the SSVF Program. Applicants should be aware of the following:

1. Upon execution of a supportive services grant agreement with VA, grantees will have a VA regional coordinator assigned by the SSVF Program Office who will provide oversight and monitor supportive services provided to participants.

2. Grantees are required to enter data into a Homeless Management Information System (HMIS) web-based software application. This data will consist of information on the participants served and types of supportive services provided by grantees. Grantees must track the data for activities funded by the SSVF Program separate from that of activities funded by other programs. Grantees will be required to work with their HMIS Administrators to export client-level data for activities funded by the SSVF Program to VA on at least a monthly basis. The completeness and quality of grantee uploads into HMIS will be factored into the evaluation of their grant performance.

3. VA will complete annual monitoring evaluations of each grantee. Monitoring will also include the submittal of quarterly and annual financial and performance reports by the grantee. The grantee will be expected to demonstrate adherence to the grantee's proposed programs as described in the grantee's application. All grantees are subject to audits conducted by VA or its representative.

4. Grantees will be assessed based on their ability to meet critical performance measures. In addition to meeting program requirements defined by the regulations and applicable NOFO(s), grantees will be assessed on their ability to place participants into housing and the housing retention rates of participants served. Higher placement for homeless participants and higher housing retention rates for at-risk participants are indicators for very low-income veteran families when compared to extremely low-income veteran families with incomes below 30% of area median income.

5. Grantees’ performance will be assessed based on their consumer satisfaction scores. These scores include the participation rates and outcomes of both the standardized survey offered to all participant households and unannounced visits to assess screening and intake procedures (commonly known as a mystery shopper program).

6. Organizations receiving renewal awards that have had ongoing SSVF program operation for at least 1 year (as measured from the start of initial SSVF services until February 7, 2022) may be eligible for a 3-year award. Grantees meeting outcome goals defined by VA and in substantial compliance with their grant agreements (defined by meeting targets and having no outstanding corrective action plans) and who, in addition, receive 3-year accreditation from CARF in Employment and Community Services: Rapid Rehousing and Homeless Prevention standards, a 4-year accreditation from OA in Supported Community Living Services, or a 3-year accreditation in The Joint Commission’s Behavioral Health Care: Housing Support Services Standards are eligible for a 3-year grant renewal subject to funding availability. (NOTE: Multi-year awards are contingent on funding availability). If awarded a multiple year renewal, grantees may be eligible for funding increases as defined in NOFOs that correspond to years 2 and 3 of their renewal funding.

VII. Other Information

A. VA Goals and Objectives for Funds Awarded Under this NOFO: In accordance with 38 CFR 62.24(c), VA will evaluate an applicant’s compliance with VA goals and requirements for the SSVF Program. VA goals and requirements include the provision of supportive services designed to enhance the housing stability and independent living skills of very low-income veteran families occupying permanent housing across geographic regions and program administration in accordance with all applicable laws, regulations, and guidelines. For purposes of this NOFO, VA goals and requirements also include the provision of supportive services designed to rapidly re-house or prevent homelessness among people in the following target populations who also meet all requirements for being part of a very low-income veteran family occupying permanent housing:

1. Veteran families earning less than 30% of area median income as most recently published by HUD for programs under section 8 of the United States
Grantees will have the ability to request payments as frequently as they choose subject to the following limitations:

1. During the first quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 35% of the total supportive services grant award without written approval by VA.

2. By the end of the second quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 6% of the total supportive services grant award without written approval by VA.

3. By the end of the third quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 80% of the total supportive services grant award without written approval by VA.

4. By the end of the fourth quarter of the grantee's supportive services annualized grant award period, the grantee's cumulative requests for supportive services grant funds may not exceed 100% of the total supportive services grant award.

Signing Authority

Denis McDonough, Secretary of Veterans Affairs, approved this document on November 16, 2021, and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs.

Jeffrey M. Martin,
Assistant Director, Office of Regulation Policy & Management, Office of General Counsel, Department of Veterans Affairs.
