  – Yes but packet is for RRH only

• Why is the packet only used for RRH?
  – SSVF grantees must screen prevention households using the Homeless Prevention Screening tool
    • Must be at imminent risk and meet “but for”
    • May require additional services including legal services, employment and could benefit from ongoing support
    • VA staff not expected to complete screening tool
UD-VASH Referral Packet FAQs

- **Could we add our own ROI to the packet?**
  - Yes if necessary

- **We need additional information to meet HMIS requirements, how do we get this?**
  - SSVF and HUD-VASH staff should work with HMIS administrators to determine how additional elements can be collected

- **We have a 30% cap on HUD-VASH referrals; how do we remove that restriction?**
  - The SSVF office does not impose a cap as long as this is part of the community planning process
