SSVF End of Year Program Certification

This document will serve as a record of the SSVF grantee's certification to adhere to the requirements of the grant agreement between VA and the Organization and Grant Number listed below, including those related to the grant closeout. Under 38 CFR § 62.71, grantees are required to comply with VA reporting procedures.

SSVF grantees are required to submit the Federal Financial Report (FFR Financial Status Report). Grantees must complete this report within the HHS Payment Management System, available through the Disbursement menu option in the HHS PMS system, no later than 45 days after the end of the project period. To review instructions, please log into the PMS select the PMS menu heading entitled: "Disbursement" and then select "FFR Grantee User Guide".

SSVF grantees are required to comply with OMB Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations." SSVF grantees that expend \$750,000 or more in a year in federal awards must have an independent audit conducted in accordance with OMB Circular A-133. If a grantee expends less than \$750,000 per year in federal awards, it is exempt from the audit requirements for that year. However, records must be available for review or audit by VA, the VA Office of Business Oversight and/or the U.S. Government Accountability Office (GAO). Refer to the SSVF website for more information regarding the OMB Circular at https://www.va.gov/homeless/ssvf/index.asp?page=/home/general_program_info_regs.

Per 38 CFR§ 62.80, the SSVF Program Office will recapture all funds that are not expended for eligible activities. Additionally, VA will deobligate any unexpended or undrawn funds. Recapture and/or deobligation of funds occurs 45 days after the project period end date, at which time SSVF and HHS grant accounts will officially close.

- FFR report completion question will now need to be answered in the affirmative (along with a screenshot uploaded) to allow for submission.
- This is the number one reason why closeouts require follow-up after initial submission. There is an apparent disconnect between staff submitting the closeout and staff who are responsible for completing the FFR.

SSVF Monthly Report Guide

SSVF Monthly Report Guide: Purpose

The SSVF HMIS Monthly Report provides...

- Extensive data on each upload... **31 Tables in 15 sections**
 - Client totals
 - Demographics
 - Resource usage (TFA and services)
 - Performance data (outcomes and timing)

SSVF Monthly Report Guide: Purpose

- Improve grantee staffs' ability to **understand, navigate and share** SSVF HMIS Monthly Report findings internally and locally
- Provide **a basis for refining SSVF program's policies and practices**, improving client outcomes, and adjusting external coordination efforts
- **Shared picture** of grantee service provision and outcomes to both VA and the SSVF grantee

SSVF Monthly Report Guide:

Locate the Report

Locate the Monthly Report...

- **From:** The email will come from the vaphcsqlhmi200@va.gov email address.
- **When:** The report is emailed to grantees on the 11th day of the month, two days after the Repository closes.
- **Body of the Email:** The body of the email includes the following elements, which may be useful for troubleshooting report issues...
 - The **Username** of the person who completed the upload.
 - The **Upload Slot** that the report is based on. That is listed as the “Program name.”
 - The **File Name** uploaded to that Upload Slot that the report is based on.
 - The **File ID** that was automatically generated by the HMIS Repository.
- **Subject Line:** The email’s subject line is the **File ID**.
- **Attachment:** The report is Comma Separated Value (CSV) file.
- **Number of Emails:** You will receive one email for each upload slot linked to your HMIS Repository account.

SSVF Monthly Report Guide: Table Guide

Table 4: Housing Outcomes

- Table 4.1 Housing Outcomes - Exited Clients by Destination Type: HP Housing Outcomes
- Table 4.2 Housing Outcomes - Exited Clients by Destination Type: RRH Housing Outcomes

Tables 4.1, 4.2	Domains At Exit		
	Persons	Veterans	Households
	✓		

These tables provide housing outcome for persons at exit, by project type. Table 4.1 is for HP persons at exit, while Table 4.2 is for RRH persons at exit. The housing outcomes are presented in destination exit categories. A more detailed view of these tables' exit categories can be found in Table 12's category names.³

Housing outcomes performance data is a high priority measure of SSVF provider's client service as permanent housing placements and preservation lead are critical to addressing housing crises and promoting future stability for Veteran households in need.

These two tables are available on a monthly or GTD basis, and are formatted in the same manner, for both project types.

These tables include a "data missing" category. That category's total should be reviewed regularly to ensure that missing destination information is rare, rather than the result of faulty data collection policies or practices.

Sample Questions that Can Be Examined with These Tables

- To what extent are HP clients maintaining permanent housing at exit?
- How many HP clients are exiting your SSVF program to temporary homeless situations or institutional situations?
