SSVF FY 2019 Addendum to MOA

• September 2018 – VA learns of increased SSVF budgets for both FY 2018 and FY 2019
  • October 11th – SSVF Program Office notifies grantees of ability to reinstate 5.7% uniform reduction that was applied to FY 2019 renewal grant awards
  • October 22nd – SSVF Program Office notifies grantees of ability to apply an additional 2% uniform increase to all FY 2019 renewal grant awards
  • Overall funding increase is 8.17%
  • Consider training needs!

• **Increases must be processed via an Addendum to the SSVF FY 2019 MOA during FY 2019 Quarter 1**
  • Grantees will receive SSVF Addendum template to sign and return to SSVF Program Office
  • Instructions will be provided to grantees via email on how to formally accept or decline the funding increase (GIFTS online requirement form).]
FY 2019 Resolution Process

• FY 2019 Resolution Process will begin on November 16th!
  – This has been delayed to allow for VA to determine method for applying the 8.17% funding increase to existing grants (Addendum)

• Resolutions will allow grantees to review and confirm the grant program elements for FY 2019.
  – Elements include information related to projected # of HHs to be served, geographic areas served, and they type of services to be provided, and breakdown of ADM, SER, and TFA.
  – If there are significant changes from the original application submission, such as adding removing subcontractor services, then the resolution is the place to ensure this is reflected.

• Resolutions will assume the grant program is operating under the 8.17% funding increase!
FY 2019 Budget Resubmission

- Note that Resolutions will assume the grant program is operating under the 8.17% funding increase!
- Grantees will have the opportunity to resubmit budgets
- Budget resubmissions will be processed under a separate GIFTS Requirement form, NOT with the Resolutions (more details to come)
  - Reminder, that budget resubmissions should align with Resolution information and, if accepted, the final increased award amount (Addendum)
Recap

• Addendum Requirement (Accept/Decline)

• Resolution Requirement
  – Based on acceptance of funding increase, or notify Regional Coordinator if declining

• Budget Resubmissions
  – Should align with Resolution submissions

*These will likely happen simultaneously.*
FY 2019 Program Change Requests

Q1 and Q2: Addendums and Resolutions

• To allow time for SSVF Program Office to review and process Resolutions, no Program Change Requests will be processed during Quarters 1 and 2

• FY 2019 Program Change Requests will be accepted during Quarters 3 and 4
FY 2019 GIFTS Online Requirements

HHS Payment Management System (PMS)

• SSVF grant funds are reflected in one (1) single account
  – SSVF no longer divides grant funds among 3 subaccounts
• FY 2019 SSVF accounts have naming convention: YEAR-STATE-###-19
  – Compliance with SSVF program requirements and budget limitations must still be maintained. Tracking and documentation requirements still apply for monitoring purposes
  – Grantees must spend at least 90% of total grant funds on provision and coordination of supportive services, including TFA
  – Grantees may not exceed 10% of total grant award for administrative costs (direct and indirect)
  – SSVF Program Office will provide instruction for how to submit program change requests that may require budgetary review (>10%)
Quick Reminder for FY 18 EOY Reporting

• End of Year Requirement Forms in GIFTS
• Financial Expenditure Report (FER) – Excel
• Financial Status Review (FSR) in the HHS PMS System
• Final draw downs should reflect final reporting submissions
  – Note that all FERs reflect original grant award (on signed MOA). Justifications may be used to reflect any grants that either voluntary returned funds or may have been reduced by mandatory quarterly sweeps.
