

## Submitting a Telework Request in LEAF (MVAHCS-Paid Staff)

**REMINDER: Employees paid from Research appropriations are managed by Central HR (HRMACS). DO NOT submit LEAF requests for personnel under HRMACS. The instructions below are for Hospital-paid staff only.**

Telework requests for Minneapolis VAHCS-paid employees are managed using the VISN 23 Benefits page in the VA LEAF system on the VA intranet ([https://leaf.va.gov/VISN23/499/visn\\_23\\_benefits/](https://leaf.va.gov/VISN23/499/visn_23_benefits/)). You must have VA network access to submit this request.

### Before you submit a request:

1. Talk to your direct supervisor regarding telework. Ensure s/he supports your intended use of telework, and that s/he agrees with the type, frequency, and scheduling of your proposed telework.
2. Complete the two required TMS training modules:
  - a. "VA Telework Training Module for Employees" (TMS course VA1367006)
  - b. "VA Privacy and Information Security Awareness and Rules of Behavior" (TMS course VA10176)
3. For both courses, save the TMS completion certificate as a PDF. You will need both certificates to submit your request.
  - Note: If you will be accessing PHI/PII as part of your job, you should also ensure "Privacy and HIPAA Training" (TMS Course VA10203) is up to date, but you will not need the completion certificate for this course.
4. Complete the VA0740 Telework Request/Agreement form (<https://www.oit.va.gov/resources/remote-access/media/VA0740.pdf>). For guidance on how to complete this form, see the Research Service Telework Policy ([R:\All\\_Staff\Administrative\\_SOPs](R:\All_Staff\Administrative_SOPs)).
5. Sign the VA0740 form in the Employee Signature field in Sections VIII (page 5) and IX (page 6). You must use digital signatures, verifying with PIV card, do NOT print and scan the form.
6. Provide the completed form to your supervisor for review and approval. If s/he approves, supervisor must digitally sign Supervisor Signature fields in Section VIII (page 5) and Section IX (page 6), ensuring "Approved" box is checked on Page 6. Again, supervisor must use digital PIV signature, do NOT print and scan.
