VA Puget Sound Health Care System - Seattle Center of Excellence in Primary Care Education

A UNIQUE Program

• VA Puget Sound Health Care System (VAPSHCS) Center of Excellence in Primary Care Education (CoEPCE) is part of a national effort, led by the VA Office of Academic Affiliations (OAA), to transform clinical education of primary care providers, who deliver patient-centered coordinated longitudinal primary care in an interprofessional setting. The VA has been recognized as a leader in interprofessional practice and education.
• The Seattle CoEPCE designed this comprehensive one year Nurse Practitioner (NP) Residency Program for new providers in primary care practice to build upon the foundational framework of education in advanced practice. In addition, our program uniquely offers leadership, practice inquiry, team based chronic disease management, and interprofessional collaborative workplace learning.

Mission & Goals

MISSION: To prepare Nurse Practitioners (NPs) as highly effective, competent, and autonomous primary care providers in a team based, interprofessional, collaborative setting to increase access to quality primary care for Veterans.

GOALS:
• ADVANCED PRACTICE: Utilize evidence-based practice to care for complex, diverse populations across the adult life span. Clinical continuity will support sustained relationships and shared decision making with patients and families while providing patient centered care.
• CLINICAL INQUIRY: Provide clinical training necessary for practice improvement, quality improvement and population management.
• LEADERSHIP: Apply leadership strategies that support collaborative practice and team effectiveness.
• MENTORSHIP: Offer guided support to transition from novice provider to proficient clinician.

Advanced Clinical & Educational Experiences
