SUMMARY: The Environmental Protection Agency (EPA) is amending its regulations to reflect a change in the address for EPA’s Region 1 office. This technical amendment merely updates and corrects the address for EPA’s Region 1 office. Consequently, EPA has determined that today’s rule falls under the “good cause” exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding “good cause,” authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Under section 553 of the APA, an agency may find good cause where procedures are “impractical, unnecessary, or contrary to the public interest.” Public comment is “unnecessary” and “contrary to the public interest” since the address for Region 1 has changed and immediate notice in the CFR benefits the public by updating citations.

II. Statutory and Executive Order Reviews

This final rule implements technical amendments to 40 CFR parts 1, 2, 21, 35, 49, 52, 59, 60, 61, 62, 63, 65, 82, 147, 282, 374, 707, and 763 to reflect a change in the address for EPA’s Region 1 office. It does not otherwise impose or amend any requirements. Consequently, under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and therefore is not subject to review by the Office of Management and Budget. The rule would not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). Therefore, it is not economically significant. This action is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997), nor is it subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001). It does not involve any technical standards that require the Agency’s consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995, Public Law 104–113, section 12(d) (15 U.S.C. 272 note). Finally, it does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods under Executive Order 12898 (59 FR 76249, February 16, 1994).

III. Congressional Review Act

The Congressional Review Act (CRA), 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 of the CRA allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA, if the agency
