Federal Civil Penalties Adjustment Act Amendments

AGENCY: Department of Veterans Affairs.

ACTION: Interim final rule.

SUMMARY: The Federal Civil Monetary Penalties Act of 1990, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, sets forth a formula increasing the maximum statutory amounts for civil monetary penalties and requires federal agencies to give notice of the new maximum amounts by regulation. Accordingly, this document gives notice that the Department of Veterans Affairs (VA) is increasing maximum civil monetary penalties from $10,000 to $21,563 for false loan guaranty certifications and from $5,500 to $10,781 for fraudulent claims or fraudulent statements in any VA program.

DATES: Effective Date: This interim final rule is effective June 22, 2016.

Comment Date: Comments must be received on or before August 22, 2016.

FOR FURTHER INFORMATION CONTACT: Bill Russo, Director, Office of Regulations
Management, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 386–6406.

SUPPLEMENTARY INFORMATION: On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (the 2015 Act) (Sec. 701 of Pub. L. 114–74), which amended the Federal Civil Penalties Inflation Adjustment Act of 1990 (the Inflation Adjustment Act) (Pub. L. 101–410), to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect.

The 2015 Act requires agencies to: (1) Adjust the level of civil monetary penalties with an initial “catch-up” adjustment through an interim final rulemaking (IFR); and (2) make subsequent annual adjustments for inflation. Catch-up adjustments are to be based on the percent change between the Consumer Price Index for all Urban Consumers (CPI–U) for the month of October in the year of the previous adjustment, and the October 2015 CPI–U. Annual inflation adjustments are to be based on the percent change between the October CPI–U preceding the date of the adjustment, and the prior year’s October CPI–U.

The Executive Office of the President Office of Management and Budget (OMB) published guidance on February 24, 2016, advising the heads of federal agencies how to implement the 2015 Act. See https://www.whitehouse.gov/sites/default/files/omb/memoranda/2016/m-16-06.pdf. In the guidance, OMB provided the applicable multipliers that federal agencies should use when calculating their first adjustment. Agencies may not increase penalty levels by more than 150 percent of the corresponding levels in effect on November 2, 2015. Note: The 150 percent limitation is on the amount of the increase; therefore, the adjusted penalty level(s) are up to 250 percent of the level(s) in effect on November 2, 2015.

Civil Monetary Penalties in the Home Loan Guaranty Program

The Veterans’ Benefits Improvement and Health-Care Authorization Act of 1986 authorized VA to levy civil monetary penalties against lenders that make false certifications in VA’s home loan guaranty program. Public Law 99–576, sec. 402, Oct. 28, 1986, codified at 38 U.S.C. 3710(4). Any lender that knowingly and willfully makes a false certification related to VA’s credit information and loan processing standards is liable to the United States Government for a civil penalty equal to two times the amount of the Secretary’s loss on the loan involved or to another appropriate amount, not to exceed $10,000, whichever is greater. See 38 CFR 36.4340(k). The applicable multiplier for a law enacted in 1986 is 2.15628. Rather than the multiplier to the amount originally established in the Program Fraud Civil Remedies Act of 1986, VA is applying the multiplier to the amount of the civil penalty found at 38 CFR 36.4340(k)(1)(i) and 36.4340(k)(3) to the greater of two times the amount of the Secretary’s loss on the loan involved or to another appropriate amount, not to exceed $21,563.

Program Fraud Civil Remedies

The Program Fraud Civil Remedies Act of 1986 authorized federal agencies to establish civil penalties and assessments against persons who commit fraud in federal programs. See Pub. Law 99–509, secs. 6101–6104, Oct. 21, 1986. VA is also updating the language to codify as a VA regulation. The authorities are now codified at 31 U.S.C. 3701–3812. The Program Fraud Civil Remedies Act of 1986 originally established the amount of the civil penalty at $5,000. See Pub. Law 99–509, secs. 6101–6104, Oct. 21, 1986. VA increased the amount to $5,500 in 1990, in accordance with the Inflation Adjustment Act. VA has not changed the amount other than when it implemented the adjustment due to the Inflation Adjustment Act.

As stated above, OMB has advised that the applicable multiplier for laws enacted in 1986 is 2.15628. Rather than applying the multiplier to $5,500, however, VA is applying the multiplier to the amount of the civil penalty as prescribed by the 2015 Act.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that
agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of $100 million or more (adjusted annually for inflation) in any one year. This interim final rule will have no such effect on State, local, and tribal governments, or on the private sector.

Paperwork Reduction Act

This interim final rule contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521).

Regulatory Flexibility Act

The Secretary hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. Accordingly, no proposed rulemaking was required in connection with the adoption of this final rule. Pursuant to 5 U.S.C. 605(b), this final rule is exempt from the initial and final regulatory flexibility analyses requirements of sections 603 and 604.

Catalog of Federal Domestic Assistance

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Limited Disapproval of Air Plan Revisions; Arizona; New Source Review; PM_{2.5}

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is finalizing a limited disapproval of a revision to the Arizona Department of Environmental Quality (ADEQ) portion of the Arizona State Implementation Plan (SIP) under the Clean Air Act (CAA or Act). This ADEQ-submitted SIP revision primarily was intended to serve as a replacement of ADEQ’s SIP-approved rules for the issuance of New Source Review (NSR) permits for stationary sources, including but not limited to the rules governing the review and permitting of major sources and major modifications under the Act. This action concerns only the major nonattainment NSR provisions in ADEQ’s submittal as they pertain to the Nogales and West Central Pinal nonattainment areas for particulate matter with a diameter of 2.5 micrometers or less (PM_{2.5}). The EPA previously finalized a limited approval for these PM_{2.5} nonattainment areas related to certain major nonattainment NSR permitting requirements for PM_{2.5} under the CAA. We subsequently proposed a limited disapproval for these PM_{2.5} nonattainment areas to set the stage for remedying certain deficiencies related to these nonattainment NSR permitting requirements for PM_{2.5}, and this action finalizes this limited disapproval.

DATES: This rule will be effective on July 22, 2016.

ADDRESSES: The EPA has established docket number EPA–R09–OAR–2015–0187 for this action. Generally, documents in the docket for this action are available electronically at http://www.regulations.gov or in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105–3901.
