The Commission also sought comment on proposed rules governing the CAF–II auction, including options regarding basic auction design and the application process.

In the CAF–II auction, service providers will compete to receive support of up to $1.98 billion over 10 years to offer voice and broadband service in unserved high-cost areas. To implement reform and conduct the CAF–II auction, the Commission adopted new rules for the CAF–II auction which include new information collections. In its April 2014 Connect America Order, WC Docket No. 10–90 et al., FCC 14–54, the Commission adopted certain rules regarding participation in the CAF–II auction, the term of support, and the ETC designation process. In its Phase II Auction Order, WC Docket No. 10–90 et al., FCC 16–64, the Commission adopted rules to implement the CAF–II auction, including the adoption of a two-stage application process. Based on the Commission’s experience with auctions and consistent with the record, this two-stage collection of information balances the need to collect information essential to conduct a successful auction with administrative efficiency.

Under this information collection, the Commission will collect information that will be used to determine whether an applicant is legally qualified to participate in the auction for Connect America Fund Phase II support. To aid in collecting this information, the Commission has created FCC Form 183, which the public will use to provide the necessary information and certifications. Commission staff will review the information collected on FCC Form 183 as part of the pre-auction process, prior to the start of the auction, and determine whether each applicant satisfies the Commission’s requirements to participate in an auction for CAF–II support. Without the information collected on FCC Form 183, the Commission will not be able to determine if an applicant is legally qualified to participate in the auction and has complied with the various applicable regulatory and statutory auction requirements for such participation. This approach provides an appropriate screen to ensure serious participation without being unduly burdensome.
