Single Sign-On Access to Vendor Information Pages (VIP)

Single Sign-On Instructions for DS Logon (Veterans) or ID.me Account (Non-Veterans and Representatives)

The Department of Veterans Affairs (VA) Office of the Small and Disadvantaged Business Utilization (OSDBU) has enhanced the Vendor Information Pages (VIP) to support the Vets First Verification Program. The new VIP will enable OSDBU to more effectively manage all aspects of the Vets First Verification Program while improving the online experience of Veterans as well as the broader user community.

To ensure your access to the re-designed VIP system, you must have a DS Logon (Veterans) or create an ID.me account (Non-Veterans and representatives). You must be enrolled in the Defense Enrollment Eligibility Reporting System (DEERS) to obtain a DS Logon.

If you have any questions, please call the VA Call Center at 866-584-2344.

DS Logon (Veterans) VIP Access

Existing DS Logon Account Holders

ID.me Account Access

Create an ID.me Account

- Go to [Access VA](https://access.va.gov/accessva/?cspSelectFor=vems) and select *Sign in with ID.me*
- Under *Secure Login Redirect* agree to the VA System use terms by selecting *Accept*
• On the ID.me sign up screen select **sign up for an account**
• Enter your email address, create a password and confirm your password

![ID.me sign up screen]

• ID.me will send a 6-digit confirmation code to you via email. Enter the code on the Email Confirmation screen to confirm your account.

![ID.me confirmation screen]

• You must use 2-factor authentication to access ID.me. You will be asked for personal identifiable information to establish 2-factor authentication.
• Select an **Authentication Option** (e.g., text message, phone call, ID.me mobile app, code generator) and follow the on-screen instructions.
• After successfully establishing 2-factor authentication, ID.me requires you to verify your identity. This one-time process will take about 5—10 minutes to complete. Identity verification may include: answering questions about you based on public and private data sources, uploading a picture of your driver’s license or uploading a picture of your passport.
• After your identity is verified you must select **Allow** to provide permission to share your verified identify information. Information for Verification Counselors, Non-Veterans, or Representatives will **not** be shared.
You have successfully created your ID.me account.
