VBECS 2.0.0.6 Patch Installation Form

Date	Revision	Description	Author
01-23-15	1.0	Initial version	BBM team

This installation form is associated with the *VBECS 2.0.0.6 Patch Installation Guide.*

Directions:

1) The VBECS PM or designee completes the *Patch Request Information* table:

   - Enters name in the **Patch Requester** field along with the date the patch request is made to the Enterprise Operations (EO) Build Manager.

   - Enters the date and time the patch installation must occur. This is the date and time the VBECS site has scheduled their system downtime. AITC requires at least 1 week advance notice to prepare personnel for patching.

   - Checks the box for **Verified VistA patch VBEC*1*54 is installed** when the site has confirmed installation.

   - Checks the box for the environment to be patched.

   - For the **VBECS Database** and **VBECS App Server** values, refers to the VBECS 2.0.0 Data Center Worksheets *(VSS Doc:/VBECS Design and Device Records/VBECS 2.0.0 Project Documents/Packaging, Labeling, and User Documentation Specifications/Installation Guides/Reviewed/VBECS 2.0.0 Data Center Worksheets.doc)*

   - Enters the name of the **VBECS Patch Support Team POC**.

2) Delete this page (Page 1) and save the file as **VBECS_2.0.0.6_Patch_Installation_Form_**<*VBECS App Server*>_<*Environment*>_*yymmdd* (supply the current date for *yymmdd*).

VBECS 2.0.0.6 Patch Installation Form
