EXECUTIVE SUMMARY

VA IQ Task number: N/A
(13 February 2012 2012/3:00pm)

VCA-2 Rapid Acceleration IPT

There is an immediate need for near-term solutions that VA can use to meet the needs of the increasing number of Service members transitioning to Veteran status. VLER Capability Area 2 (VCA-2), the sharing of health, personnel, and administrative information for disability claims processing, is critical to meeting this need. ED VLER created a VCA-2 Rapid Acceleration IPT to support the delivery of initial VCA-2 capabilities in four sub-areas: Disability Benefits Questionnaires (DBQs), Case File Transfer, Exam Management, and supporting Architecture.

ACTION REQUIRED: None; informational.
