## VHA TRAIN Course Catalog: Introduction

[VHA TRAIN](#) is a gateway into TRAIN National, the most comprehensive catalog of public health learning products. TRAIN is one of the most widely used learning management systems and is a free service of the Public Health Foundation. Access VA-approved and sponsored learning on Veteran health topics now! Also, [subscribe to specific topics of interest](#) to receive periodic VHA TRAIN eblasts and other news tailored to your area of interest.

Below is a list of current courses available through VHA TRAIN organized by topic and updated monthly:

MILITARY CULTURE				
COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
OPIOIDS, ADDICTION, AND PAIN MANAGEMENT				
COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Ethics in Substance Use Disorder Care</a>	The purpose of this recorded, knowledge-based webinar is to fill identified knowledge and skill gaps in substance use disorder ethics, thereby promoting a strong ethical practice among health care teams and providers.	1 hour	1105409	8/15/2028
<a href="#">Kratom Dependence: Overview and Treatment</a>	This recorded, knowledge-based training will educate interprofessional health care teams about kratom, a readily available substance with dose dependent effects. The presentation will inform VA staff about how the general public is using and perceives kratom, the clinical effects and risks of kratom, and how to appropriately manage someone who has developed dependence to or a substance use disorder with kratom.	1 hour	1128581	5/24/2028
<a href="#">Coping Skills Group for Substance Use Disorder</a>	This recorded, knowledge-based training will educate inter-professional health care teams about the Coping Skills Group for Substance Use Disorder program, how it was developed, how it is being rolled out and what learners can expect.	1 hour	1125804	1/25/2028
<a href="#">How to Use Naloxone Nasal Spray</a>	Opioid overdoses is a national emergency, and VA is taking the lead in combatting this epidemic. This recorded training will identify opioid overdose symptoms, as well as medication used when an opioid overdose is suspected to have occurred, and will describe the VHA Rapid Naloxone Initiative.	0.5 hour	1092122	4/7/2028

<a href="#">Group Therapy in the Treatment of Substance Use Disorder</a>	The purpose of this recorded, knowledge-based webinar series is to demonstrate how group therapy can be more effective than individual therapy.	1 hour	1124055	10/17/2027
<a href="#">Gambling Disorder Treatment</a>	This recorded, knowledge-based virtual training will educate and increase the skills of all VA providers who treat Veterans with substance use disorder by increasing treatment providers competencies of evidenced-based screening, assessment and treatment for those struggling with problem gambling.	1 hour	1124419	11/7/2027
<a href="#">National Tobacco Cessation: Changing the Default for Tobacco Treatment to Increase Engagement and Cessation</a>	This recorded, knowledge-based training will present a promising practice model of opt-out care for tobacco treatment.	1 hour	1122117	8/31/2027
<a href="#">Potential Uses of Psychedelics in Substance Use Disorder Care</a>	This recorded, knowledge-based training will provide inter-professional health care teams with a thorough review of research examining the use of psychedelic-assisted psychotherapy for the treatment of substance use disorders, discuss clinical details of protocols and share potential training for providers in this modality.	1 hour	1120731	6/6/2027
<a href="#">Alcohol Use Disorder Pharmacotherapy Outside Substance Use Disorder Specialty Care: Seizing Opportunities and Overcoming Challenges</a>	This recorded, knowledge-based training will provide inter-professional health care teams with information addressing common provider myths related to treatment of alcohol use disorder outside of specialty substance use disorder care. Representatives from primary care, psychiatry, gastroenterology and pharmacy will provide expertise and recommendations for dealing with this high-risk population.	1 hour	1119169	4/10/2027
<a href="#">Treating Tobacco Use in Patients With Mental Illness</a>	This recorded, knowledge-based training will provide an overview of smoking as a health disparity issue among mental health populations, including data on the higher rates of smoking among mental health and substance use disorder populations, as well as the effect of smoking on mental health outcomes.	1 hour	1120555	4/29/2027
<a href="#">Digital Therapeutics for Substance Use Disorder</a>	This recorded, knowledge-based training will provide inter-professional health care teams with information and rationale on digital tools for management of substance use disorders.	1 hour	1117751	3/11/2027
<a href="#">National Tobacco Cessation: Tobacco Use Treatment in Cancer Care Settings</a>	The purpose of this recorded, knowledge-based training is to educate health care providers about the relationship between smoking and cancer; the benefits of quitting even after a cancer diagnosis; and the rationale for	1 hour	1116623	2/4/2027

	integrating smoking cessation interventions in cancer care settings from screening through survivorship, with a focus on lung cancer screening.			
<a href="#">Minimal Services Methadone Maintenance Treatment</a>	This recorded, knowledge-based training will explain the neurological and behavioral rationale for contingency management, as well as the procedural details in providing treatment to patients with substance use disorder.	1 hour	1098827	12/25/2026
<a href="#">Tobacco Cessation Evidence-Based Elements of Behavioral Counseling for Smoking Cessation</a>	This recorded training is designed to familiarize inter-professional practitioners with basic assessment and brief counseling strategies, and educate providers regarding effective elements of behavioral counseling for treatment of tobacco dependence.	1 hour	1115438	12/15/2026
<a href="#">Recognition of VHA's Health Care Priorities and Aligning its Support of the National Drug Control Strategy: International Overdose Awareness and Harm Reduction</a>	The purpose of this recorded, knowledge-based webinar is to provide attendees with greater awareness, education, training and resources on overdose prevention and harm reduction so that they are better positioned to provide timely and reliable interventions to Veterans at-risk for overdose and connect Veterans to individualized health care services.	1 hour	1114710	12/8/2026
<a href="#">Cultural Competence and Integrated Care for Substance Use Disorders</a>	This recorded, knowledge-based presentation will improve cultural competence as it applies to providing integrated substance use care in Black, indigenous and People of Color patients and to achieve improved health outcomes associated with institutionalized racism, prejudice and discrimination.	1 hour	1098824	12/30/2026
<a href="#">Lung Cancer Screening and Smoking Cessation: Combining Care to Improve Health Enduring</a>	This recorded, knowledge-based presentation will review the new guidelines and supporting evidence for lung cancer screening with low-dose computed tomography and to discuss current knowledge and knowledge gaps surrounding the integration of tobacco dependence treatment into lung cancer screening care processes.	1 hour	1115592	1/29/2026
<a href="#">Group Tobacco Treatment: What Is It and Why Offer it?</a>	This recorded, knowledge-based program will educate providers and teams regarding group tobacco treatment counseling. Participants will be able to learn about different approaches proven to work in group tobacco treatments, and they will be able to implement these different approaches in their own treatment plans for Veterans.	1 hour	1115526	5/25/2026

## EPILEPSY

## HEALTH DISPARITY AND HEALTH EQUITY

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
WAR RELATED ILLNESS/POST DEPLOYMENT HEALTH				
<a href="#"><u>WRIISC-HOME: Mitochondrial Function and Potential Relevance to Gulf War Illness (Intermediate)</u></a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will discuss the mitochondrial hypothesis regarding environmental illness generally, and Gulf War Illness specifically.	1.5 hours	1133876	11/23/2028
<a href="#"><u>WRIISC-HOME: Asbestos: What Health Care Professionals Need to Know</u></a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME) will discuss asbestos exposure among service members and its impact on health.	0.5 hour	1133073	11/24/2028
<a href="#"><u>WRIISC-HOME: Military Environmental Exposures and Risk of Breast Cancer: Clinical Observations and Noteworthy Research (Intermediate)</u></a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will allow clinicians and researchers to better understand military environmental exposures and breast cancer risk in women Veterans.	1 hour	1133016	11/16/2028
<a href="#"><u>WRIISC-HOME: Primary Care Providers and Patient Aligned Care Team Addressing of Veterans' Military Exposure Concerns (Introductory)</u></a>	This training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will provide training for primary care providers and health care teams on how to integrate and address exposure concerns into their workflows as step 1 providers, as well as how to work closely with their registry clinicians, other step 2 providers and the WRIISC to ensure seamless stepped care for exposure-related health concerns.	1 hour	1107645	10/29/2028
<a href="#"><u>WRIISC-HOME: Using Available Data to Better Understand the Burden of Brain Tumors in Veterans (Intermediate)</u></a>	This training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will provide information on brain tumors in Veterans, review possible causes and discuss optimal protocols when caring for Veterans.	1 hour	1107505	10/28/2028

<a href="#">WRIISC-HOME: Menopause in the Women Veteran Population – Intermediate</a>	This recorded training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will reduce the knowledge gap that exists regarding how exposures may have affected menopause in women Veterans.	1 hour	1129618	6/8/2028
<a href="#">WRIISC-HOME: Chronic Multi-Symptom Illness in Post 9/11-Era Veterans and US Civilians: A Comparison (Intermediate)</a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will describe robust population-based findings on chronic multi-symptom illness and provide valuable comparisons between deployed, non-deployed and non-Veteran samples.	1 hour	1128015	3/25/2028
<a href="#">WRIISC-HOME: Military Environmental and Occupational Exposure to Endocrine Disruptors: Addressing Veteran Concerns</a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will discuss how military exposures can impact the endocrine system, and how health care staff can address these concerns among Veterans.	0.5 hour	1126280	1/27/2028
<a href="#">WRIISC-HOME: Cognitive Behavioral Therapy for Insomnia: What You Need to Know: Introductory</a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will demonstrate how cognitive behavioral therapy for insomnia (CBT-I) has shown that it is much more than a treatment for insomnia.	1.25 hours	1102948	4/6/2028
<a href="#">WRIISC Module 4: Chronic Multisymptom Illness</a>	This training, put on by the War-Related Illness and Injury Study Center (WRIISC), will improve the ability of clinicians to evaluate, diagnose, and manage health concerns and medically unexplained conditions affecting Veterans of all eras and civilians, including chronic multisymptom illness.	1.25 hours	1084440	3/27/2028
<a href="#">WRIISC-HOME: Impact of Military Toxic Exposures on Mental Health: What Every Behavioral Health Clinician Needs to Know</a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will discuss how military environmental exposures impact mental health and outline specific action steps mental health professionals can take to address exposure-related health concerns.	0.5 hour	1127730	3/23/2028
<a href="#">WRIISC-HOME: Complex and Emerging Military Exposure Threats</a>	This recorded, knowledge-based training explores aspects of complex and emerging exposure cases and cohorts, as well as	1 hour	1127732	2/24/28

	considerations to optimize consultations with the War Related Illness and Injury Study Centers (WRIISCs) and their Centers of Excellence. Research aimed at calculating exposure dose estimates, using objective and subjective military environmental exposure data, will be presented as an example of the type of projects under development at the new Complex Exposure Threats Center of Excellence.			
<a href="#">WRIISC-HOME: Radiation as a Military Exposure (Introductory)</a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will provide education on the ionizing radiation registry, presumptions and evaluation of radiation military exposures.	1 hour	1123436	9/25/2027
<a href="#">WRIISC-HOME: An Update on Yoga as a Treatment for Chronic Symptoms of Gulf War Illness</a>	This recorded, knowledge-based training, put on by the War-Related Illness and Injury Study Center (WRIISC) within Health Outcomes Military Exposures (HOME), will share findings from a recent clinical trial that showed yoga was effective for treating chronic pain and fatigue in Gulf War.	1 hour	1123989	10/22/2027
<a href="#">WRIISC-HOME: Chemical Warfare Agents: Impacts on Health and Resources for Veterans</a>	This recorded training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will discuss what health care staff need to know about chemical warfare agents (CWA) among those deployed to Iraq, including the impact of CWA on health, the CWA program and tips for health care professionals.	0.5 hour	1124269	10/30/2027
<a href="#">WRIISC-HOME: The Airborne Hazards and Open Burn Pit Registry at 10 Years: Looking Back, Looking Forward</a>	This recorded training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will share updates on the Airborne Hazards and Open Burn Pit Registry (AHOBPR) and increase provider knowledge. Strengths and limitations will be shared, and providers will be able to identify the difference between health assessments and AHOBPR assessments.	1 hour	1124587	11/4/2027
<a href="#">WRIISC-HOME: Potential Relationship Between Military Exposures and TBI</a>	This recorded training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will help providers further enhance their	1 hour	1124637	11/11/2027

	knowledge on providing care to Veterans with TBI.			
<a href="#">WRIISC-HOME: The Deployment-Related Respiratory Disease Toolkit</a>	This recorded training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will discuss the deployment-related respiratory disease toolkit, a step-by-step guide for working with Veterans with airborne hazards and respiratory concerns.	1 hour	1124805	11/18/2027
<a href="#">WRIISC-HOME: Toward Zero Harm: Addressing Mental Health Misdiagnoses in Veterans: Introductory</a>	This recorded training, put on by the War Related Illness and Injury Study Center within Health Outcomes Military Exposures, or WRIISC-HOME, will cover how to address, repair and prevent the harm caused by mental health misdiagnoses using clinical skills and existing resources available to Veterans and health care providers. The focus will be on the restorative power of accurate, compassionate care.	1 hour	1102202	2/12/2028
<a href="#">War-Related Injury and Illness Study Center: Chronic Multi-Symptom Illness/Gulf War Illness: Veteran Care and the 2021 Clinical Practice Guideline</a>	The purpose of this recorded, knowledge-based webinar is to review, with providers, the developed care plan for Veterans with chronic multi-symptom illness (CMI)/Gulf War illness (GWI) and to increase their knowledge of CMI and GWI. Best practices based on evidence-based guidelines will be reviewed, in addition to addressing a specific curriculum requested by providers.	1 hour	1122954	7/22/2027
<a href="#">War-Related Injury and Illness Study Center: Garrison Exposures: Camp Lejeune, Fort McClellan and Polyfluoroalkyl Substances</a>	The purpose of this knowledge-based webinar is to inform health care providers about garrison exposures at Camp Lejeune, Fort McClellan and other bases. This review will also provide guidance on how to care for and communicate with Veterans with these concerns.	1 hour	1101050	8/22/2027
<a href="#">War-Related Injury and Illness Study – Health Outcomes Military Exposures: Brain Cancer Mortality Among Gulf War I Veterans Exposed to Explosions at Khamisiyah</a>	This recorded, knowledge-based training will discuss brain cancer mortality among 1990-1991 Gulf War Veterans exposed to explosions of munitions facilities at Khamisiyah.	1 hour	1123106	8/15/2027
<a href="#">War-Related Injury and Illness Study – Health Outcomes Military Exposures: Veteran Signals Survey: Fostering Veteran Trust Around</a>	This purpose of this recorded course is to discuss the Veterans Signals survey and how health care professionals can continue to build trust with Veterans with concerns about military environmental exposures.	1 hour	1123113	8/15/2027

<a href="#">Military Environmental Exposures</a>				
<a href="#">War-Related Injury and Illness Study Center: Impact of Deployment-Related Exposures on Women's Health</a>	This recorded training will enhance the current knowledge of providers on how to best care for women Veterans with deployment-related exposure health conditions.	1 hour	1122741	8/27/2027
<a href="#">War-Related Illness and Injury Study Centers: Clearing the Air: Understanding Airborne Hazards and Open Burn Pits</a>	The purpose of this recorded, knowledge-based module is to provide information on airborne hazard and open pit exposures to providers who are interested in learning more about these exposures.	1 hour	1122721	8/5/2027
<a href="#">War-Related Injury and Illness Study Center: The Invisible Elephant: How to Identify and Address the Most Common Military Environmental Exposures</a>	This recorded training will discuss the most common environmental exposures among military personnel and how these exposures may affect Veteran health.	1 hour	1122437	4/29/2027
<a href="#">War-Related Injury and Illness Study Center: Clinical Guidance and Policies Related to Per- and Polyfluoroalkyl Substances Exposure in the Military</a>	The purpose of this recorded, knowledge-based webinar is to provide an overview of what is known about per- and polyfluoroalkyl substances (PFAS), as well as clinical guidance and policies to care for Veterans with PFAS concerns.	1 hour	1120298	5/14/2027
<a href="#">War-Related Illness and Injury Study Centers: Understanding the Veteran Woman: Briefs From Women's Operational Military Exposure Network</a>	This recorded, knowledge-based webinar will discuss the latest research on common health concerns among female Veterans with military exposures and how to translate these findings into clinical care.	0.5 hour	1117519	2/22/2027
<a href="#">Military Exposures and Care: Enhancing Military Culture Competence to Optimize Veteran-Centered Care</a>	The purpose of this recorded, knowledge-based webinar is to provide clinicians with an understanding of common military customs and experiences that will help them better communicate with Veterans, establish trust and build rapport to optimize care.	1 hour	1117520	2/22/2027
<a href="#">War-Related Illness and Injury Study Centers: Neuropsychological Evaluation of Gulf War Veterans</a>	This recorded, knowledge-based webinar will discuss neuropsychological evaluation of Gulf War Veterans, including why neuropsychological evaluation is important for this population, the latest research and tips for providers.	0.5 hour	1117552	2/22/2027
<a href="#">Individual Longitudinal Exposure Record Introductory Training</a>	This knowledge-based training reviews the individual longitudinal exposure record, its limitations and its usefulness as	1 hour	1116123	12/30/2026

	a resource in accessing military environment exposure records.			
<a href="#">War-Related Illness and Injury Study Centers: Neurocognitive Functioning in Gulf War Illness: Concerns and Treatment</a>	In this recorded webinar, the presenters discuss common neurocognitive concerns for Veterans with Gulf War illness and possible treatments to explore.	1 hour	1112973	8/17/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 1: Introduction to Level 2 Certification</a>	The purpose of this enduring, knowledge-based module is to share the importance of education and training to ensure health care personnel have the competence to address military-related exposure concerns among Veterans. By attending, clinicians will understand the general format of the level 2 certification in military environmental exposures and be able to explain eligibility criteria and purpose of Congressionally mandated VA programs.	1 hour	1114724	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 2: Airborne Hazards and Open Burn Pit Exposures</a>	The purpose of this enduring, knowledge-based module is to provide additional information on airborne hazard and open pit exposures to providers who are interested in learning more about these exposures.	1 hour	1114715	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 4: Depleted Uranium, “Black Goo” and Karshi-Khanabad: Military Environmental Exposures at K-2 Air Base</a>	The purpose of this enduring, knowledge-based module is to review the exposures at Karshi-Khanabad, or K-2, Air Base in Uzbekistan. Health care professionals will be able to identify the types of military environmental exposures that occurred at this specific location and apply this knowledge in their care of Veterans.	1 hour	1114759	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 5: Embracing a New Way of Thinking: Supporting Veterans Living With Gulf War Illness</a>	The purpose of this enduring, knowledge-based module is to enhance the clinicians understanding of the complex array of exposures often encountered by military personnel during the 1990-1991 Gulf War and other combat deployments. Clinicians will be able to recognize diagnostic approaches and care planning for Veterans, and demonstrate competencies in the assessment and care for individuals with Gulf War illness and other similar chronic multi-symptom illnesses.	1 hour	1114763	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes</a>	The purpose of this enduring, knowledge-based module is to gain understanding of non-chronic multi-symptom illness	1 hour	1114745	10/12/2026

<a href="#">Military Exposures: Case Study 6: Gulf War I Service and Non-Gulf War Illness Conditions</a>	conditions affecting Gulf War I Veterans through several case study examples. During this module the Gulf War report and research and development report will be reviewed, along with mycoplasma theory as a non-contributor to fibromyalgia, chronic fatigue syndrome and/or GWI.			
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 7: Ionizing Radiation and Health Concerns for Veterans</a>	The purpose of this enduring, knowledge-based module is to review what ionizing radiation energy is and its potential health effects. Providers will be able to understand the types of electromagnetic energy and describe the authority for the ionizing registry exams. Last, they will be able to determine medical conditions that are presumed related to ionizing radiation exposure.	1 hour	1114748	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 8: Operation Tomodachi</a>	The purpose of this enduring, knowledge-based module is to review a radiation case study. Clinicians will learn about the Great Tohoku Earthquake and its subsequent tsunami, and the ultimate Fukushima Nuclear Power Plant meltdown in 2011.	1 hour	1114749	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 9: Toxic Embedded Fragments and Depleted Uranium</a>	The purpose of this enduring, knowledge-based module is to discuss a clinical case for a Veteran with toxic embedded fragment and depleted uranium concerns.	1 hour	1114746	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers – Health Outcomes Military Exposures: Case Study 10: Vietnam and Agent Orange Health Concerns</a>	In this enduring, knowledge-based module, providers will learn how to access information and conduct environmental exposure assessments related to Agent Orange. They will be able to evaluate a Veteran with Agent Orange concerns and formulate a plan with appropriate referrals for follow-up care.	1 hour	1114747	10/12/2026
<a href="#">War-Related Illness and Injury Study Centers: Neurocognitive Functioning in Gulf War Illness: Concerns and Treatment</a>	In this recorded webinar, the presenters discuss common neurocognitive concerns for Veterans with Gulf War illness and possible treatments to explore.	1 hour	1112973	8/17/2026
<a href="#">War-Related Injury and Illness Study Center: Clinical Neuroscience Consequences of Military Exposures</a>	The purpose of the this recorded, knowledge-based presentation is to review neurological and neuropsychiatric conditions Veterans often suffer from, which may have been caused by exposures during their deployment.	1 hour	1112123	8/17/2026

<a href="#">War-Related Injury and Illness Study Center: Military Exposures and Gastrointestinal Health</a>	The purpose of this recorded, knowledge-based presentation is to review the impact of war and occupational exposures on gut health, addressing the emerging role of the gut microbiome on Veteran's health and well-being.	1 hour	1112126	8/17/2026
<a href="#">War-Related Injury and Illness Study Center: Good for the Heart Is Good for the Brain: Brain Health Risks and Reduction</a>	The purpose of this recorded, knowledge-based presentation is to provide information to clinicians on expanding clinical care and using best practices to improve healthy lifestyles and resources for Veterans.	1 hour	1112125	8/17/2026
<a href="#">War-Related Injury and Illness Study Center Module 1: Assessing Deployment-Related Environmental Exposures</a>	The War-Related Illness and Injury Study Center, a national program in VA's Post-Deployment Health Services, provides expertise to Veterans and providers on difficult to diagnose illnesses and environmental exposure concerns. Module 1, Assessing Deployment-Related Exposures, provides clinically relevant knowledge on the role of environmental exposures in Veteran health and the importance of addressing each patient's exposure concerns.	1 hour	1070234	6/26/2026
<a href="#">War-Related Illness and Injury Study Centers: Tips for Working With Veterans With Airborne Hazards Concerns</a>	This recorded training will discuss tips for how clinicians, nurses and health care providers can work with Veterans who have concerns about exposure to airborne hazards during their military service.	1 hour	1110628	5/22/2026
<a href="#">War-Related Illness and Injury Study Centers: Is it Exposure-Related? Evidence-Informed Clinical Decision-Making</a>	The purpose of this recorded, knowledge-based presentation is to expand clinical care and best practices knowledge by being able to interpret published literature and incorporate best practices in clinical care.	1 hour	1110695	5/22/2026
<a href="#">War-Related Illness and Injury Study Centers: Registry Exams: What Clinicians and Health Care Staff Need to Know</a>	This inaugural Military Exposures Clinical Briefs series converses with specific occupational groups to offer providers some quick, hands-on skills as a complement to the more detailed learning found in the War-Related Illness & Injury Study Center – Health Outcomes Military Exposures webinar series. This recorded session will discuss important information that health care providers and staff need to know about registry exams.	1 hour	1110624	5/22/2026
<a href="#">War-Related Illness and Injury Study Centers: Military Exposures and Dermatological Conditions</a>	The purpose of this recorded, knowledge-based presentation is to increase provider knowledge while sharing best practices leading to expanding clinical care. Specific curriculums will be addressed, and providers/clinicians will have a higher understanding of the relationship	1 hour	1109937	3/28/2026

	between military exposures and dermatological conditions.			
<a href="#">War-Related Illness and Injury Study Centers: Who We Are and How We Serve Clinicians and Providers</a>	The purpose of this recorded, knowledge-based presentation is to discuss how Veterans exposure team-health outcomes of military exposures (VET-HOME)'s creation of a network of specialized providers and a call center provides Veterans with an integrated care team to support their comprehensive health care needs.	1 hour	1109916	5/28/2026
<a href="#">Quick Tips for Everyday Clinical Care of Veterans With Exposure Concerns</a>	This knowledge-based series converses with specific occupational groups to offer providers some quick, hands-on skills. This recorded session will discuss tips for how clinicians, nurses and health care providers can engage in everyday clinical care of Veterans with exposure concerns.	1 hour	1109396	3/27/2026
<a href="#">War-Related Illness and Injury Study Center: Supporting Veterans With Military Exposure Concerns</a>	This recorded, knowledge-based series converses with specific occupational groups to offer providers some quick, hands-on skills as a complement to the more detailed learning found in the War-Related Injury and Illness Study Center webinar series.	1 hour	1108887	3/14/2026
<a href="#">War-Related Illness and Injury Study Centers: Can Integrative Health Interventions Help Gulf War Veterans?</a>	The current standard of care for Gulf War Veterans is not fully effective and may require complementary and alternative medicine approaches to enhance positive outcome for this unique post-deployment cohort. This recorded, knowledge-based presentation will increase and promote learning tools and understanding of available resource to Veterans, providers and other stakeholders.	1 hour	1108890	3/2/2026
<a href="#">War-Related Illness and Injury Study Centers: How to Help Veterans With Military Exposures Receive the Benefits They Deserve</a>	This knowledge-based, interview-style, Military Exposures Clinical Briefs series features conversations with specific occupational groups to offer some quick, hands-on skills as a complement to the more detailed learning found in the War-Related Injury and Illness Study Center webinar series. <b>Expiring soon!</b>	0.5 hour	1108272	2/1/2026
<a href="#">War-Related Illness and Injury Study Centers: Tips for How Clinicians Can Talk With Veterans About Exposures</a>	In this recorded, knowledge-based training, the presenter will discuss how clinicians can talk to Veterans about their exposure concerns, including the basics of risk communication and suggestions for how to respond to traditionally difficult-to-answer questions. <b>Expiring soon!</b>	1 hour	1108269	2/1/2026

---

<a href="#">War-Related Illness and Injury Study Centers: Approaches to Long-COVID: Leveraging the Concordant Care Model For Chronic Multi-Symptom Illness</a>	The purpose of this recorded, knowledge-based presentation is to educate providers on the concordant care treatment model developed for Veterans with chronic multi-symptom illness and how to apply this model to the treatment of Veterans with long-COVID. <b>Expiring soon!</b>	1 hour	1108078	1/30/2026

#### POST-TRAUMATIC STRESS DISORDER (PTSD)

---

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Post-Traumatic Stress Disorder 101: Cognitive Processing Therapy</a>	The purpose of this knowledge-based course is to provide an updated description of the various versions of cognitive processing therapy, as well as a summary of recent and future research for the team.	1 hour	1088864	12/21/2028
<a href="#">PTSD 101: Assessing and Reducing Violence Risk in Veterans With PTSD</a>	The purpose of this knowledge-based course is to provide an evidence-based approach to improving the current team processes of clinical assessment and management of violence risk in Veterans with PTSD.	1 hour	1088734	11/21/2028
<a href="#">PTSD 101: Practical Applications of Trauma-Focused Psychotherapies</a>	The purpose of this knowledge-based course is to provide training by using clinical case examples to compare/contrast evidence-based trauma-focused psychotherapies.	1 hour	1088857	12/20/2028
<a href="#">Medication and Other Biological Treatments for PTSD: Recommendations From the VA/DOD Clinical Practice Guideline</a>	In order to help clinicians become knowledgeable about the clinical practice guideline recommendations and to assist them in providing care based on the latest evidence, this knowledge-based enduring course will clearly explain the recommendations related to medications and other biological treatments and discuss the clinical implications for providers treating Veterans.	1 hour	1132914	11/17/2028
<a href="#">Psychotherapy for PTSD: Recommendations From the VA/DOD Clinical Practice Guideline</a>	This recorded, knowledge-based training for interprofessional health care teams will review the process by which the psychotherapy for PTSD guideline was developed, clearly explain the recommendations related to psychotherapy, and discuss the	1 hour	1132794	11/12/2028

---

	clinical implications for providers treating Veterans.			
<a href="#">Avoiding Avoidance in PTSD Treatment: How to Stop Colluding and Promote New Learning With Compassion</a>	This webinar aims to enhance understanding of avoidance as a prevalent symptom of PTSD. The presentation will detail how avoidance can manifest in both passive and active forms.	1 hour	1130638	2/11/2028
<a href="#">Trauma, PTSD and Perinatal Health: An Update</a>	This recorded, knowledge-based presentation will provide information about what is currently known regarding the associations between trauma, PTSD and perinatal health; the potential mechanisms explaining these associations; and treatments for perinatal PTSD.	1 hour	1130634	6/12/2028
<a href="#">PTSD Consultation Program Monthly Lecture Series- Addressing Complexity: Treating PTSD When Dissociation and Somatization are Present</a>	This recorded, knowledge-based presentation will help clinicians to identify and conceptualize dissociation and somatization presentations as trauma reactions within a PTSD case conceptualization framework.	1 hour	1130624	6/12/2028
<a href="#">Treatment Considerations for PTSD in Those With History of Concussions</a>	This recorded webinar is designed to help clinicians understand the research that supports the use of evidence-based trauma-focused therapy for patients with PTSD who have experienced TBI.	1 hour	1130608	5/14/2028
<a href="#">The Dissociative Subtype of PTSD</a>	This series of 14 courses is designed to address key areas of PTSD that have the most profound impact on Veterans and active-duty service members. This session will discuss the dissociative subtype of PTSD.	1 Hour	1063808	3/16/2028
<a href="#">PTSD Military Culture</a>	This series of 14 courses is designed to address key areas of PTSD that have the most profound impact on Veterans and active-duty service members.	1 hour	1065104	3/25/2028
<a href="#">Using VA National Center for PTSD Mental Health Apps to Support Veteran Care</a>	The purpose of this recorded training is to incorporate information about the latest developments in VA mental health mobile applications by navigating through technological developments and the release of new mental health apps since 2024.	1 hour	1124205	10/27/2027
<a href="#">Eye Movement Desensitization and Reprocessing to Treat PTSD</a>	This recorded, knowledge-based webinar presentation will provide an overview of the evidence showing the	1 hour	1125089	11/28/2027

	effectiveness of using eye movement desensitization and reprocessing, or EMDR, to treat PTSD.			
<a href="#">Treating PTSD in the Context of Suicidality</a>	This training will review the evidence on how suicidality is affected by trauma-focused treatments, and will discuss when to provide trauma-focused treatments in the context of suicidality, as well as how to successfully manage both.	1 hour	1125608	12/4/2027
<a href="#">Cognitive Processing Therapy for PTSD Enhanced Practice</a>	The purpose of this knowledge-based educational web course is to provide knowledge and skills to implement cognitive processing therapy in order to be able to offer this therapy as an option for all Veterans seeking treatment for their PTSD symptoms.	1 hour	1084993	6/30/2027
<a href="#">Clinical Practice Guideline for PTSD: Complementary, Integrative and Alternative Approaches</a>	This recorded, knowledge-based webinar will clearly explain the clinical practice guideline recommendations related to complementary, integrative and alternative approaches to treating PTSD. It will also discuss the clinical implications for providers treating Veterans with PTSD.	1 hour	1116160	12/30/2026
<a href="#">PTSD Consultation Program Monthly Lecture Series: Bridging the Gap: Using VA Mental Health Apps to Support Treatment for PTSD</a>	This recorded, knowledge-based webinar will review current research and the latest clinical developments in the use of the National Center for PTSD mental health apps for self-care and to enhance clinical care.	1 hour	1116146	12/29/2026
<a href="#">PTSD: Cultural Considerations for Conducting Trauma-Focused Treatment With Latinx Patients</a>	This recorded, knowledge-based presentation will propose several culturally responsive strategies for therapists and health care teams to consider when conducting prolonged exposure for or cognitive processing therapy with Latinx patients to improve clinical outcomes. Subjects discussed will include building trust and rapport early on; conducting culturally informed assessment; investing in psychoeducation; optimizing exposures; challenging beliefs with cultural humility; and problem-solving common barriers to treatment engagement.	1 hour	1101707	12/30/2026
<a href="#">PTSD Consultation Program Monthly Lecture Series: What's the Buzz?: New Developments in Prolonged Exposure for PTSD</a>	This recorded, knowledge-based webinar will provide awareness and updates on some of the most groundbreaking research on prolonged exposure to dispel myths and increase understanding of its	1 hour	1116121	12/14/2026

	powerful efficacy with complex patients with PTSD in clinical practice.			
<a href="#">Introduction to VA/DOD Clinical Practice Guideline for the Management of Posttraumatic Stress Disorder</a>	This recorded, knowledge-based program aims to equip the learner with relevant information needed for managing patients with posttraumatic stress disorder (PTSD) based on current therapeutic guidelines, best practices and clinical evidence. It will also have the learner apply the knowledge to clinical practice management.	1 hour	1115187	11/30/2026
<a href="#">PTSD Consultation Program Lecture Series: Treating Co-Occurring Chronic Pain and PTSD</a>	This recorded, knowledge-based webinar presentation will provide information about the prevalence of chronic pain and PTSD; the relationship between these conditions; the literature around their treatment; and approaches for management of these co-occurring issues.	1 hour	1113757	9/30/2026
<a href="#">PTSD Consultation Program Lecture Series: Clinical Practice Guideline for PTSD 2023: Medication and Other Biological Treatments</a>	This recorded, knowledge-based webinar will clearly explain the clinical practice guideline recommendations related to medications and other biological treatments for PTSD, as well as discuss the clinical implications for providers treating Veterans.	1 hour	1113891	9/14/2026
<a href="#">PTSD and Schizophrenia–Spectrum Disorders: Assessment and Treatment</a>	This recorded, knowledge-based webinar will describe clinical recommendations to facilitate assessment and treatment of PTSD in those with co-occurring schizophrenia-spectrum disorders.	1 hour	1112324	8/14/2026
<a href="#">PTSD Consultation Program Lecture Series: Understanding Native American History as a Foundation of Culturally Aware PTSD Treatment</a>	This recorded, knowledge-based webinar will help bridge a gap by providing information about historical trauma for Native American Veterans, the current culturally informed research related to historical trauma, how historical trauma may complicate PTSD treatment and strategies that are culturally informed to address historical trauma.	1 hour	1112320	8/14/2026
<a href="#">PTSD 101: The 2017 Revised Clinical Practice Guideline for PTSD: Recommendations for Medications</a>	The purpose of this knowledge-based web course is to close a training gap by helping clinicians become knowledgeable about the recommendations for medication and to assist them in providing care based on the latest evidence. This course will review the process by which the	1 hour	1083746	1/31/2026

	guideline was developed, clearly explain the recommendations related to medications and discuss the clinical implications for providers treating Veterans. <b>Expiring soon!</b>			
<a href="#">Clinician Administered PTSD Scale for DSM-5 Training Simulator Part 2</a>	In this virtual course, learners will identify the interview principles required for administering the Clinician-Administered PTSD Scale for DSM-5 (CAPS-5).	1 hour	1090937	3/12/2026
<a href="#">Clinician-Administered PTSD Scale for DSM-5 Clinician Training: Part 4</a>	This training uses virtual patient technology and voice recognition to give learners an immersive experience in administering the Clinician Administered PTSD Scale for DSM-5, or CAPS-5, to a challenging patient who has a number of comorbidities.	1.25 hours	1103441	3/17/2028
<a href="#">Health Care Planning and Management for Older Adults With Dementia</a>	These clinical case courses will train and enhance the skills of interdisciplinary providers and staff in topics that meet the care needs of older Veterans through on-demand, self-paced and virtual educational opportunities.	1 hour	1096045	11/1/2026

#### ETHICS IN HEALTH CARE/WHOLE HEALTH CARE/CULTURAL TRANSFORMATION

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Whole Health for Mental Health and Well-Being</a>	The purpose of this knowledge-based course is to explore how whole health can support mental health care in VA. This course provides an overview that shifts the perspective away from mind-body dualism and toward a system of care where mental health is seamlessly incorporated as a core aspect of whole-person care.	1 hour	1092555	4/29/2026
<a href="#">Clinician Self-Care: You in the Center of the Circle of Health</a>	The purpose of this knowledge-based web course is to describe the challenges clinicians face and enhance their own resilience against burnout by creating their own health plan. These techniques will better address training gaps, as well as connect their health and well-being to their patients' health and well-being.	1 hour	1068296	4/29/2026
<a href="#">Whole Health Nutrition and Pain Management: Tools for Providers</a>	This knowledge-based training is designed to give providers without extensive nutrition training both theoretical background and practical tools for incorporating nutrition as a tool for pain management. It will also provide	1 hour	1095076	4/30/2026

	recommendations for collaborating with nutrition professionals.			
<a href="#">Whole Health for Complex Patients: Chronic Pain</a>	The purpose of this recorded, knowledge-based training is to address the intersection of mental health and chronic pain co-morbidities.	1 hour	1121551	7/1/2027
<a href="#">Whole Health as Suicide Prevention</a>	This recorded, knowledge-based presentation will provide an overview of the whole health system to engage Veterans who are socially connected, engaged in self-care activities and have a trusting relationship with health care team members.	1 hour	1110868	5/11/2026

## CANCER

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Clinical Case Study – Pain Management in Older Cancer Patients</a>	This clinical case course will train and enhance the skills of interdisciplinary providers and staff in topics that meet the care needs of older Veterans through on-demand, self-paced, virtual educational opportunities.	0.5 hour	1102052	11/17/2027

## CARDIAC CARE

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
--------------	-------------	--------------	-----------	-----------------

## DISABILITY

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Disability and Medical Assessment: Medical Opinions</a>	This course contains content for musculoskeletal medical conditions that Veterans may be diagnosed and treated for, and for which they are seeking a disability claim. The course provides an overview of the compensation and pension (C&P) process.	1 hour	1101687	12/15/2027
<a href="#">Disability and Medical Assessment: Mental Health Examinations</a>	The purpose of this web-based training course is to provide an overview of mental health examinations, including PTSD, initial mental disorders, eating disorders and military sexual trauma related to PTSD. It will address a knowledge gap by	2.5 hours	1101690	12/12/2027

	providing updated information, including procedures regarding how to prepare for, conduct and properly document a thorough and legally defensible compensation and pension (C&P) examination.			
<a href="#">Disability Medical Assessment: Neurology Including Peripheral Nerves Examination</a>	The purpose of this web-based training course is to provide an overview of the nerve/neurology disability examination. It will address a knowledge gap by providing updated information, including procedures and a demonstration regarding how to prepare for, conduct and properly document a thorough and legally defensible diabetes disability examination.	1 hour	1064759	1/27/2026

## GERIATRICS AND EXTENDED CARE

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">PACERS: Normal Cognitive Aging and Dementia Caregiving</a>	This course will describe topics related to decision-making, advanced care planning and safety for Veterans with dementia. Specific topics include competency, capacity and consent; advanced care planning; driving and dementia; and elder abuse.	1 hour	1074570	11/28/2026
<a href="#">Immunosenescence in Organ Transplant Recipients</a>	The purpose of this live, virtual Geriatric Research Education and Clinical Center (GRECC) webinar series is to improve the care of older Veterans. This session will discuss immunosuppressants in organ transplant recipients and will enhance clinical competency in managing older transplant patients. <b>Expiring soon!</b>	1 hour	1133868	Live event to be held Jan. 22 only
<a href="#">Geriatric Ethics Conference: Organizational Top-Down Versus Bottom-Up Ethical Analysis</a>	The purpose of this live, knowledge-based training is to enhance participants' understanding of ethical considerations related to organizational approaches to ethics. This session will specifically review applicable case discussions related to organizational top-down and bottom-up ethical approaches. <b>Expiring soon!</b>	1 hour	1133261	Live event to be held Jan. 8 only
<a href="#">Management of Acute and Severe Illness in Older Patients: Sepsis and Delirium</a>	These clinical case courses will train and enhance the skills of interdisciplinary providers and staff in topics that meet the care needs of older Veterans through on-demand, self-paced, virtual educational opportunities. This session will address the management of acute and severe illness in older patients.	1 hour	1090491	2/8/2027

## DENTAL CARE

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
--------------	-------------	--------------	-----------	-----------------

## MENTAL HEALTH

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Preventing Provider Burnout</a>	This recorded, knowledge-based training will provide Interprofessional health care teams with information addressing the growing concern of burnout among health care providers working with patients who have substance use disorders.	1 hour	1133069	11/16/2028
<a href="#">Assessment and Treatment of Obsessive-Compulsive Disorder in Veterans</a>	The purpose of this recorded, knowledge-based training is to provide information and resources regarding the assessment and treatment of obsessive-compulsive disorder in Veterans.	1 hour	1128807	5/13/2028
<a href="#">Working With Politically Charged Veterans in Mental Health Practice</a>	The purpose of this recorded, knowledge-based training is to raise staff's awareness of how political beliefs of patients and staff can interfere in therapeutic interventions.	1 hour	1123909	10/22/2027
<a href="#">Clinician-Administered PTSD Scale for DSM-5 (CAPS-5) Clinician Training – Part 3</a>	This course uses virtual patient technology to help advanced learners gain a deeper understanding the clinician-administered PTSD scale for the Diagnostic and Statistical Manual of Mental Disorders-5, or DSM-5. It challenges learners to administer and score the measure without any assistance, but in a low-stress environment.	1.5 hours	1098335	3/21/2027
<a href="#">Introduction to VA/DOD Clinical Practice Guideline for the Management of Bipolar Disorder</a>	This recorded, knowledge-based program will equip learners with relevant information needed for managing patients with bipolar disorder based on current therapeutic guidelines, best practices and clinical evidence.	1 hour	1114069	10/29/2026
<a href="#">Pain and Stress</a>	This program is intended to train providers in the components, techniques, structure and delivery of an effective cognitive behavioral	1 hour	1114232	7/31/2026

	therapy group for Veterans with chronic pain.			
<a href="#">Recognizing and Managing Thoughts That Work Against You</a>	The purpose of this recorded, knowledge-based webinar series is to train providers in the components, techniques, structure and delivery of an effective, literacy-adapted cognitive behavioral therapy group for patients with chronic pain. Cognitive behavioral therapy stresses the relationship between one's thoughts, feelings and actions.	1 hour	1114602	7/31/2026
<a href="#">Pain and Communication</a>	The purpose of this knowledge-based recorded webinar series is to train providers in the components, techniques, structure and delivery of an effective, literacy-adapted cognitive behavioral therapy group for patients with chronic pain. This session will focus on pain and communication.	1 hour	1114605	7/31/2026
<a href="#">Pain and Emotions</a>	The purpose of this knowledge-based recorded webinar series is to train providers in the components, techniques, structure and delivery of an effective, literacy-adapted cognitive behavioral therapy group for patients with chronic pain. This session will focus on pain and emotions.	1 hour	1114604	7/31/2026
<a href="#">Getting Active and Other Useful Health Habits</a>	The purpose of this knowledge-based recorded webinar series is to train providers in the components, techniques, structure and delivery of an effective, literacy-adapted cognitive behavioral therapy group for patients with chronic pain. This session will focus on useful health habits.	1 hour	1114611	8/1/2026
<a href="#">How The Brain Deals With Pain and How To Deal With The Brain</a>	The purpose of this recorded, knowledge-based webinar series is to train providers in the components, techniques, structure and delivery of an effective, literacy-adapted cognitive behavioral therapy group for patients with chronic pain. This training will bridge the knowledge with what is currently known about the brain and pain stimulus and introduce new concepts on how to handle pain and the mental fallout from pain management.	1 hour	1114618	7/31/2026

## LEAD COORDINATOR TRAINING

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
--------------	-------------	--------------	-----------	-----------------

## TRAUMATIC BRAIN INJURY (TBI)

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">War-Related Injury and Illness Study Center: Gender Differences in Symptoms and Functional Outcomes in Veterans With Traumatic Brain Injury</a>	The purpose of this webinar is to raise awareness of differences in the way traumatic brain injury is experienced in men and women.	1 hour	1098320	2/1/2027
<a href="#">Neuro-Behavioral Therapy Overview</a>	This recorded, knowledge-based webinar aims to provide clinicians with knowledge and guidance regarding the evidence base for neuro-behavioral therapy. Topics will include diagnosis, definition and treatment. The course will also include an overview of the therapeutic approach and workbook session content.	1 hour	1118767	1/8/2027

## SUICIDE PREVENTION

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Suicide Prevention: Public Health Monthly Suicide Postvention</a>	The purpose of this recorded, knowledge-based webinar describes the widespread impact of suicide loss, including the impact of suicide loss on providers.	1 hour	1093767	9/11/2026
<a href="#">Safety Planning in the Emergency Department</a>	This recorded training will inform attendees about the research findings regarding safety planning and post-acute care for individuals experiencing suicidal ideation. It will also describe the VHA enterprise-wide clinical program called Safety Planning in the Emergency Department, or SPED, that has been implemented within VA.	1 hour	1103471	7/1/2028
<a href="#">TBI, Suicide and Evidence-Informed Intervention Strategies</a>	This recorded, knowledge-based webinar will review the evidence on how suicidality is affected by trauma-focused treatments. Evidence-informed intervention strategies	1 hour	1126269	1/23/2028

	that must be implemented to address risk and prevent suicide will be discussed in order to provide better Veteran care.			
<a href="#">Cognitive Behavioral Therapy for Suicide Prevention</a>	This recorded, knowledge-based training will provide an overview of cognitive behavioral therapy for suicide prevention, including the key cognitive and behavioral strategies that are used to target suicidal behavior and the evidence supporting the use of cognitive behavioral therapy.	1 hour	1098288	1/23/2028
<a href="#">What has Changed in the 2024 Revised Clinical Practice Guideline for Suicide Prevention</a>	This recorded, knowledge-based presentation will familiarize participants with the new suicide prevention Clinical Practice Guidelines, emphasizing changes that are particularly relevant to clinical practice.	1 hour	1123457	9/29/2027
<a href="#">Cultural Considerations Applied in Community: Tribal-VHA Partnerships in Suicide Prevention Toolkit</a>	This recorded, knowledge-based virtual presentation will discuss how Native American Veterans have served in the United States military at higher levels per capita than any other race group, and how they also have the highest rates of suicide, which continue to rise.	1 hour	1124305	11/4/2027
<a href="#">Problem Solving Therapy and Suicidality</a>	This recorded, knowledge-based webinar training will examine the relevance of emotion-centered problem-solving therapy as a treatment and prevention approach for health care teams and clinical professionals to reduce suicidality. A conceptual problem-solving model of suicide in addition to various clinical guidelines will be presented.	1 hour	1125541	12/4/2027
<a href="#">Clinical Practice Guideline for Suicide Prevention: Suicide Risk Stratification and Documentation</a>	This knowledge-based recording will address risk stratification for the interprofessional health care team who will attend to risk in terms of both severity and temporality. It will also offer related documentation strategies.	1 hour	1096046	4/24/2027
<a href="#">Cultural Considerations for People at Risk for Suicide</a>	This recorded, knowledge-based presentation will focus on the need for staff to be aware of their own biases when providing care to Veterans, especially those at risk for suicide. By learning the cultural characteristics to consider, staff can gain competency and skills in providing care that is inclusive, mindful, equal and equitable for those they serve.	1 hour	1122281	8/22/2027
<a href="#">Introduction to the Updated VA/DOD Clinical Practice Guideline: The Management of Suicide Risk</a>	This recorded, knowledge-based webinar will provide important information to members of the health care teams about managing suicide risk. It will assist them to deliver high-quality, evidence-based care to patients with suicide risk, and better	1 hour	1122458	7/14/2027

	understand how the VA/DOD guideline was developed, how to use it and which interventions can provide the most benefit to their patients.			
<a href="#">An Environmental Scan of Suicide Prevention Resources for Older Veterans in Primary Care</a>	This recorded, knowledge-based presentation will help bridge the knowledge gap for providers when it comes to suicide risk management for older Veterans seen in primary care.	1 hour	1117658	2/21/2027
<a href="#">Preventing Suicide Among Veterans Experiencing Homelessness: Drivers of Risk and Tailoring Evidence-Based Care</a>	This recorded program will help bridge the gap for providers working with Veterans experiencing homelessness by discussing important and novel approaches for understanding the needs of homeless Veterans, as well as resources and tools that providers can access to enhance their discharge and treatment planning.	1 hour	1119873	5/5/2027
<a href="#">Black Mental Health and Suicide Risk</a>	The purpose of this recorded, virtual webinar is to provide attendees with the opportunity to openly explore and discuss the rising rates of suicide among Black individuals. This presentation will also create a space to openly explore inherent bias within the mental health system, with a focus on the stereotypes and bias directed at Black individuals.	1 hour	1114344	10/29/2026
<a href="#">Suicide Risk Management Consultation Program: Providers Working in Suicide Prevention</a>	This recorded presentation promotes the importance of self-care and sustainability for providers and health care teams who work with individuals who are at higher risk for suicide. An area of focus will be on one presenter's experience of post-traumatic growth, recovery and healing in the wake of a colleague's death by suicide. The importance of recognizing signs of burnout and actualizing self-care strategies will be reviewed in order to allow for sustainability in challenging work.	1 hour	1113605	10/16/2026
<a href="#">Lethal Means Safety Training</a>	This recorded webinar will provide updated lethal means training and resources for VHA facility suicide prevention coordinators and other mental health and suicide prevention clinicians.	1 hour	1075258	9/29/2026
<a href="#">Population-Level Analyses of the Rural Urban Suicide Disparity Among VA Patients</a>	The overall purpose of this recorded knowledge-based program is to discuss recently published research examining the rural-urban disparity in the risk of death by suicide among VA patients.	1 hour	1111641	8/1/2026
<a href="#">Utilizing the Clinical Practice Guidelines to Inform Standardized</a>	This virtual presentation will allow attendees to increase their familiarity with the clinical practice guidelines and to learn	1 hour	1111237	6/25/2026

<a href="#">Suicide Risk Screening and Evaluation</a>	about real-world examples of how they can be implemented in clinical practice.			
<a href="#">Military and Veteran Caregivers: Health, Well-Being and Phenotypes for Suicidal Ideation</a>	This recorded, virtual webinar will provide an overview of the psychosocial characteristics of military and Veteran caregivers in the U.S. The presenter will describe the health, well-being and unique challenges of military and Veteran caregivers.	1 hour	1109612	4/27/2026
<a href="#">Latest Research Updates on Caring Contacts for Suicidal Patients</a>	This recorded webinar will describe the origin and rationale of Caring Contacts as envisioned by Motto, with a focus on recent meta-analysis and related clinical trials, including Caring Contacts research with active-duty military personnel and Veterans.	1 hour	1109151	2/24/2026
<a href="#">Treating PTSD and Suicide Risk: Separating Myth From Fact</a>	PTSD is a well-established risk factor for suicidal behavior. Although suicidal thoughts and behaviors are common among patients with PTSD, myths and misconceptions about suicide abound among clinicians. In this training, data that refute these myths, especially the belief that suicidal patients cannot be safely or effectively treated with empirically supported trauma therapies, will be presented and discussed.	1 hour	1083785	12/23/2027
<a href="#">Clinical Practice Guideline for Suicide Prevention: Status of VA Ketamine and Esketamine Services</a>	The U.S. Department of Veterans Affairs (VA), Office of Mental Health and Suicide Prevention (OMHSP), will host monthly training webinars to educate VA field employees on how to implement the components of the organization's public health approach to suicide prevention.	1 hour	1095268	9/28/2026
<a href="#">Firearm Acquisition and Ownership: Decision-Making Within the Context of Injury Risk</a>	The purpose of this recorded, knowledge-based program is to discuss the obstacles that hinder the adoption of safety recommendations in order to provide better Veteran care. It will offer and improved understanding of the reasons individuals own and use firearms, and how they make decisions about injury risk.	1 hour	1113222	9/29/2026

## GRAND ROUNDS

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Amputation Grand Rounds: Beyond the Ordinary — Complex Upper Limb Loss Cases</a>	This recorded, knowledge-based webinar will inform the attendees of various approaches employed to manage the issues of patients with complex upper limb loss.	1 hour	1114985	12/6/2026

## GRAND ROUNDS

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Amputation Grand Rounds: Neural-Enabled Prostheses for Sensory Restoration Insert</a>	The purpose of this recorded knowledge-based webinar is to cover knowledge about systems and methods to offer sensory restoration of touch and grasp to individuals with upper-limb amputation.	1 hour	1112013	8/7/2026
<a href="#">Amputation Grand Rounds: Regenerative Peripheral Nerve Interfaces for the Treatment and Prevention of Painful Neuromas in Major Limb Amputees</a>	This recorded training offers insight into how painful neuromas in the amputee population are diagnosed and treated at both the Ann Arbor VA and the University of Michigan. It will also describe a novel surgical strategy, regenerative peripheral nerve interface, that seeks to both reduce chronic neuroma pain in existing lower extremity amputees and prevent neuroma development in patients undergoing new amputations.	1 hour	1110960	6/6/2026
<a href="#">Amputation Grand Rounds: The Utah Bionic Leg</a>	The purpose of this recorded presentation is to introduce clinicians and inter-professional health care teams to the Utah Bionic Leg. This lightweight robotic leg prosthesis replicates the key biomechanical functions of the knee, ankle and toe. The presenters will review the design and development process, as well as the preclinical testing with individuals with above-knee amputations.	1 hour	1109611	4/5/2026
<a href="#">Amputation Grand Rounds: How Limb Loss Affects Heart and Lung Function</a>	During this recorded, knowledge-based webinar, interdisciplinary health care teams will explore how lower limb loss affects heart function and how very proximal limb loss affects breathing capacity. This will enable providers to help patients and their families formulate reasonable expectations surrounding prosthetic candidacy and outcomes.	1 hour	1108259	2/15/2026

## PHARMACY

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Pharmacy Technician: Introduction to Pharmacy: Medical and Pharmaceutical</a>	This course will identify the appropriate pharmaceutical terms and definitions; apply terms to scenarios; and assist in selecting the advantage and disadvantage of a given formulary type, as well as the reasons and implications for having a formulary.	1 hour	1102528	2/9/2026
<a href="#">Pharmacy Technician: Introduction to Compounding and Measuring</a>	This course will assist participants in selecting terminology, descriptions, definitions, uses and procedures required for application in pharmacy small compounding, measuring and bulk compounding.	1 hour	1101908	1/5/2026
<a href="#">Pharmacy Technician: Calculations Percentage Preparations</a>	This course will teach participants to calculate the percentage strength of a product when the amount of active ingredient and total amount of preparation are known.	1.5 hours	1101910	2/15/2026
<a href="#">Pharmacy Technician: Calculations Ratio and Proportions</a>	This knowledge-based web course is designed to develop a common understanding of standards involving conversion or ratio and proportions specific to pharmacy technician roles and responsibilities.	2 hours	1101911	2/15/2026
<a href="#">Pharmacy Technician: Introduction to Calculations</a>	This knowledge-based web course is designed to develop a common understanding of standards involving calculations. The course will assist participants to perform addition, subtraction, multiplication and division of whole numbers, mixed numbers, fractions and decimals with 100% accuracy.	2 hours	1101912	1/25/2026

<a href="#">Pharmacy Technician: Calculations Conversion and Metric</a>	This course will teach participants how to convert between the various denominations of each of the basic units of the metric system given measures of weight and/or volume.	2 hours	1101898	1/5/2026
<a href="#">Pharmacy Technician: Calculations Specific Gravity</a>	This course will provide information on how to solve for the missing variable given any two values of weight, specific gravity or volume, and provide information on how to calculate the amounts of ingredients required in a preparation involving specific gravity. <b>Expiring soon!</b>	1 hour	1101999	1/31/2026
<a href="#">Pharmacy Technician: Pharmaceutical Calculations Dilutions</a>	This course will provide information on mathematical problem-solving involving dilution of stock preparations and performing the mathematical steps to solve the correct answers. <b>Expiring soon!</b>	4 hours	1102001	1/31/2026
<a href="#">Pharmacy Technician: Calculations Alligations</a>	This knowledge-based web course is designed to develop a common understanding the mathematical problems involving the alligations method specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	3 hours	1102000	1/31/2026
<a href="#">Pharmacy Technician: Pharmaceutical Dosage Calculations</a>	This knowledge-based web course is designed to develop a common understanding of mathematical problems involving dosage calculations specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	2 hours	1102005	1/31/2026
<a href="#">Pharmacy Technician: Pharmaceutical Calculations Measurement Systems</a>	This knowledge-based web course is designed to develop a common understanding of mathematical problems involving Roman numerals, Arabic numerals and conversion systems specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	1.5 hours	1102003	1/31/2026
<a href="#">Pharmacy Technician: Calculations Milliequivalents</a>	This knowledge-based web course is designed to develop a common understanding of calculations milliequivalents specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	2 hours	1102059	1/31/2026
<a href="#">Pharmacy Technician: Calculations Reduction and Enlargement Formulation</a>	This knowledge-based web course is designed to develop a common understanding of calculations reduction and enlargement formulas specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	4 hours	1102058	1/31/2026

<a href="#">Pharmacy Technician: Calculations Sterile Preparation Dosage</a>	This knowledge-based web course is designed to develop a common understanding of mathematical problems involving sterile preparation dosages specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	2.5 hours	1102060	1/31/2026
<a href="#">Pharmacy Technician: Oncology</a>	This knowledge-based web course is designed to familiarize learners with the many different types of cancers, the causes and the variety of treatments available specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	2 hours	1102472	2/16/2026
<a href="#">Pharmacy Technician: Immune System</a>	This knowledge-based web course is designed to familiarize learners with the basic anatomy and physiology of the immune system, as well as associated diseases and disorders specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	2 hours	1102473	2/16/2026
<a href="#">Pharmacy Technician: Eyes and Ears</a>	This knowledge-based web course is designed to familiarize learners with the basic anatomy and physiology of the eyes and ears, as well as associated diseases and disorders specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	1.5 hours	1102474	2/16/2026
<a href="#">Pharmacy Technician: Infectious Disease</a>	This knowledge-based web course is designed to familiarize learners with terminology, characteristics and principles associated with infectious diseases specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	3 hours	1102475	2/16/2026
<a href="#">Pharmacy Technician: Complementary and Alternative Medicines</a>	This knowledge-based web course is designed to familiarize learners with alternative, natural and complementary medicines. They will learn about various definitions, dietary supplements, credible sources of information, and the potential benefits and risks associated with non-traditional medicines specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	1.5 hours	1102476	2/16/2026
<a href="#">Pharmacy Technician: Introduction to Therapeutics</a>	This knowledge-based web course will assist learners to recognize basic concepts and terms (anatomy, physiology and pharmacology) as they apply to pharmacy practice, and identify organ systems and their components, including cells,	2.5 hours	1102477	2/16/2026

	organelles and fluid movement. <b>Expiring soon!</b>			
<a href="#">Pharmacy Technician: Therapeutics Dermatologic System</a>	This knowledge-based web course will assist learners in identifying the basic anatomy and physiology of the dermatologic system, as well as associated diseases and disorders. <b>Expiring soon!</b>	1 hour	1102478	2/16/2026
<a href="#">Pharmacy Technician: Therapeutics Gastrointestinal System</a>	This knowledge-based web course will assist learners in identifying the basic anatomy and physiology of the gastrointestinal system, as well as associated diseases and disorders. <b>Expiring soon!</b>	1 hour	1102480	2/16/2026
<a href="#">Pharmacy Technician: Therapeutics Cardiovascular System</a>	This knowledge-based web course will identify basic anatomy and physiology of the cardiovascular system, as well as diseases and disorders of the cardiovascular system. <b>Expiring soon!</b>	1.5 hours	1102484	2/1/2026
<a href="#">Pharmacy Technician: Therapeutics Central Nervous System</a>	This knowledge-based web course will identify basic anatomy and physiology of the central nervous system, as well as diseases and disorders of the central nervous system. <b>Expiring soon!</b>	2 hours	1102485	2/16/2026
<a href="#">Pharmacy Technician: Therapeutics Peripheral System</a>	This knowledge-based web course will identify basic anatomy and physiology of the peripheral system, as well as diseases and disorders of the peripheral system. <b>Expiring soon!</b>	1 hour	1102486	2/16/2026
<a href="#">Pharmacy Technician: Therapeutics Respiratory System</a>	This knowledge-based web course will assist learners in identifying the basic anatomy and physiology of the respiratory system, as well as associated diseases and disorders of the respiratory system. <b>Expiring soon!</b>	2 hours	1102520	2/16/2026
<a href="#">Pharmacy Technician: Therapeutics Musculoskeletal System</a>	This knowledge-based web course will assist learners in identifying the basic anatomy and physiology of the musculoskeletal system, as well as associated diseases and disorders of the musculoskeletal system. <b>Expiring soon!</b>	2 hours	1102521	2/1/2026
<a href="#">Pharmacy Technician: Therapeutics Renal System</a>	This knowledge-based web course will assist learners in identifying the basic anatomy and physiology of the renal system, as well as associated diseases and disorders of the renal system. <b>Expiring soon!</b>	2 hours	1102522	2/16/2026

<a href="#">Pharmacy Technician: Introduction to Pharmacy Roles and Responsibilities</a>	This course will assist learners in selecting a timeline that accurately depicts the evolution of the role of the pharmacy technician; identifying responsibilities that belong to the pharmacy technician; and selecting ethical standards of conduct applicable to the pharmacy technician. <b>Expiring soon!</b>	1 hour	1102525	2/3/2026
<a href="#">Pharmacy Technician: References and Drug Information</a>	This course will identify the reasons to conduct drug information research and appropriate references for researching relevant information, given a particular drug and patient information. <b>Expiring soon!</b>	1 hour	1102526	2/8/2026
<a href="#">Pharmacy Technician: Cause and Prevention of Medication Error</a>	This knowledge-based web course is designed to develop a common understanding of medication errors; the outcome; procedures to prevent errors; response to errors; and why errors should be reported specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	1 hour	1102523	1/13/2026
<a href="#">Pharmacy Technician: Introduction to Pharmacy Prescription Interpretation</a>	This knowledge-based web course is designed to develop a common understanding of interpretation information on an outpatient prescription for dispensing, specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	2 hours	1102524	2/3/2026
<a href="#">Pharmacy Technician: Therapeutics Nervous System Overview</a>	This knowledge-based web course is designed to develop a common understanding of how the nervous system regulates how one breathes, thinks, eats and causes one to be happy or sad. This training is specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	2 hours	1102530	2/15/2026
<a href="#">Pharmacy Technician: Therapeutics Endocrine System</a>	This knowledge-based web course is designed to cover the basic anatomy and physiology of the endocrine system, as well as associated diseases and disorders specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	3 hours	1102531	2/15/2026
<a href="#">Pharmacy Technician: Reproductive System</a>	This knowledge-based web course is designed to cover the basic anatomy and physiology of the reproductive system, as well as associated diseases and disorders specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	1.5 hours	1102532	2/15/2026

<a href="#">Pharmacy Technician: Pharmaceutical Therapeutics Toxicology</a>	This knowledge-based web course is designed to cover the methods of treatment and specific antidotes for selected poisons specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>	1 hour	1102554	2/16/2026
<a href="#">Pharmacy Technician: Hematologic System</a>	This knowledge-based web course is designed to familiarize learners with the basic anatomy and physiology of the hematologic system, as well as associated diseases and disorders specific to pharmacy technician roles and responsibilities. <b>Expiring soon!</b>		1102555	2/16/2026

## WOMEN'S HEALTH

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Addressing Low Sexual Desire in Rural Women Veterans</a>	This recorded, knowledge-based training will describe the importance of assessing for low sexual desire in rural women Veterans, provide an overview of common contributors, review approaches to diagnosing low sexual desire and present a series of research-informed strategies for addressing low sexual desire in clinical settings.	1 hour	1121544	5/30/2027
<a href="#">Caring for Women Veterans in the Community</a>	In this web-based course, community providers will learn about issues such as military sexual trauma, musculoskeletal pain and how post-deployment readjustment can differently impact women Veterans compared to non-Veterans.	1 hour	1096557	12/6/2026

## OTHER

COURSE TITLE	DESCRIPTION	CREDIT HOURS	COURSE ID	EXPIRATION DATE
<a href="#">Current Topics in Multiple Sclerosis</a>	This live, knowledge-based webinar will discuss disease management and best practices for interdisciplinary health care teams in multiple sclerosis clinical care.	1 hour	1133853	Live event to be held Jan. 7 only
<a href="#">PACT Act: Key Terms and Medical Opinions for Examiners</a>	This course will provide inter-professional health care teams an overview of language and requirements for formulating medical opinions related to non-presumptive Sergeant First Class Heath Robinson	1 hour	1124724	6/16/2028

	Honoring our Promise to Address Comprehensive Toxic Acts of 2022, or PACT Act, claims.			
<a href="#">Mindful Awareness</a>	The purpose of this knowledge-based educational web course is to describe mindful awareness and its use within VA; explore the research regarding mindful awareness and its benefits; and consider how it can be incorporated into daily routine and practice.	1 hour	1098359	4/30/2026
<a href="#">Bee Calm Bee Well: Exploring Honeybee Initiative for Veterans' Empowerment and Support: What Is Involved in a Beekeeping Program?</a>	This recorded, knowledge-based webinar provides an introduction to the Honeybee Initiative for Veterans' Empowerment and Support, or HIVES, therapeutic beekeeping program. It will explain what is involved in keeping bees and facilitating a therapeutic beekeeping program.	1 hour	1127869	3/30/20208
<a href="#">Bee Calm, Bee Well: Facilitator</a>	In this recorded, knowledge-based virtual conference participants will receive instruction on how to facilitate mind and body practices to increase mindfulness and impact mental health outcomes during beekeeping therapy sessions.	5.25 hours	1132912	11/5/2028
<a href="#">Clinical Perspectives on Compulsive Sexual Behavior</a>	This recorded, knowledge-based training will provide inter-professional health care teams with knowledge on diagnostic criteria, research and clinical practices associated with compulsive sexual behavior disorder.	1 hour	1114126	8/18/2027
<a href="#">Food and Cognition: The Interplay of Nutrition and Neuroscience</a>	This recorded, knowledge-based training for health care teams begins with a discussion of a healthy brain as an efficient brain and investigates how inefficiency in brain function relates to cognitive impairment. The second part of the webinar focuses on how nutrition contributes to brain health and efficiency and, therefore, to cognitive functioning.	1 hour	1098315	6/14/2028
<a href="#">Food Matters: Nutrition Care for Mental Health</a>	The purpose of this recorded, knowledge-based training is to address the connection between nutrition and mental health. It will provide an overview of how nutrition correlates with mental health, specifically focusing on depression	1 hour	1122862	8/25/2027

	and anxiety; discuss supportive dietary patterns; and review emerging evidence on the connection between the gut and mental health so that providers can integrate this knowledge into patient care.			
<a href="#">My Life, My Story</a>	The My Life, My Story program is designed to help Veterans share their story and record it for their medical care team, family and friends. This recorded webinar will provide training for volunteers tasked in delivering the My Life, My Story program to Veterans.	0.25 hours	1120503	1/30/2027
<a href="#">Updated VA/DOD Clinical Practice Guideline: The Management of Hypertension in Primary Care</a>	This recorded, knowledge-based webinar will provide important information to members of the health care teams about managing patients with hypertension. This video will assist health care teams better understand how the clinical practice guideline for the management of hypertension was developed, how to use it and which interventions will provide the most benefit to their patients.	1 hour	1119697	4/9/2027
<a href="#">Ethical Considerations in Assessing and Treating Moral Injury With Military Veterans</a>	The purpose of this recorded, knowledge-based virtual training for health care teams is to address ethical considerations that VA mental health clinicians encounter when assessing and treating Veterans seeking care for moral injury.	1 hour	1123406	9/29/2027
<a href="#">Third Annual National Telestroke Program Vascular Neurology Conference</a>	The 3rd Annual National Telestroke Program (NTSP) Vascular Neurology Conference is designed as an annual live webinar that brings current best practices in both acute stroke and transient ischemic attack care to interdisciplinary/interprofessional health care teams throughout VA, as well as to clinicians outside of VA. <b>Expiring soon!</b>	3.75 hours	1133907	Live event to be held Jan. 15 only
<a href="#">Introduction to the Updated VA/DOD Clinical Practice Guideline: The Management of Stroke Rehabilitation</a>	This recorded, knowledge-based program aims to equip the learner with relevant information for evaluating and managing care for adult patients, 18 years or older, who have experienced a stroke.	1 hour	1124787	11/14/2027

<a href="#"><u>Screening Swallowing for Patients With Suspected Stroke</u></a>	This program will present a systematic approach to swallowing screening using a swallowing screening bundle and a recently developed valid and reliable swallowing screening tool called the Rapid Aspiration Screening for Suspected Stroke, or RAS3, tool.	1 hour	1120311	4/4/2027
<a href="#"><u>The Ethics of Professional Boundaries in Rural Communities</u></a>	This recorded, virtual presentation will improve the knowledge and skill of rural mental health practitioners to identify boundary issues and take proactive and constructive steps to resolve them.	1 hour	1119205	4/14/2027
<a href="#"><u>Challenging Barriers to Safety Planning: Considering Context and Clinical Complexity</u></a>	This recorded, knowledge-based webinar will inform inter-professional health care teams about current research solicitation and funding processes in VHA Office of Research and Development. The presentation will guide the attendee through the process from clinical idea to a developed research proposal and highlight funding channels within VA.	1 hour	1115457	12/23/2026
<a href="#"><u>The Role of Relationships in Risk for Directed Violence</u></a>	This recorded, knowledge-based training virtual presentation for health care teams will discuss the impact that committed romantic relationships can have on a Veteran's self-harm based on recent research. Attendees will have the opportunity to discuss how to incorporate these insights into care of Veterans.	1 hour	1115720	12/28/2026
<a href="#"><u>Using Person-Centered Care and Cultural Humility to Improve Care for Veterans With Dementia or Delirium</u></a>	The purpose of this knowledge-based training is to employ a micro-learning approach and a cultural humility lens to equip acute care inter-professional staff to collect and convey key information regarding mentation and what matters most when caring for Veterans with dementia.	1 hour	1117143	1/28/2027
<a href="#"><u>Let's Talk: Communication and Dementia</u></a>	The purpose of this recorded, knowledge-based presentation is to provide an opportunity for interdisciplinary learning to increase their understanding of the best ways to communicate with patients with dementia and their families/caregivers.	1 hour	1125094	11/29/2027

<a href="#">Updates on Dementia: Biomarkers, Clinical Use</a>	The purpose of this recorded, knowledge-based webinar is for inter-professional health care teams to stay up-to-date on changes to the clinical use of biomarkers and how they translate into care and diagnosis.	1 hour	1112334	8/13/2026
<a href="#">Updates on Dementia: Alzheimer Medications</a>	The purpose of this recorded, knowledge-based webinar is for inter-professional health care teams to stay up to date on changes in dementia and how they translate into care and diagnosis.	1 hour	1112327	8/13/2026
<a href="#">Introduction to VA/DOD Clinical Practice Guideline for the Management of Type 2 Diabetes Mellitus</a>	This recorded, knowledge-based program will educate health care team members on key principles of the VA/DOD Clinical Practice Guideline for the Management of Type 2 Diabetes Mellitus. It will equip learners with relevant information needed for managing patients with diabetes and prediabetes based on current therapeutic guidelines, best practices and clinical evidence.	1 hour	1112622	8/29/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Comprehensive Medical Evaluation and Assessment of Comorbidities and Glycemic Targets</a>	The purpose of this comprehensive, knowledge-based program is to provide clinicians with advanced education and training on diabetes management and to prepare health care professionals to pass the diabetes care and education specialist certification exam or the board certified advanced diabetes management exam. This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will cover comprehensive medical evaluation and assessment of comorbidities, as well as glycemic targets.	1 hour	1110625	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Pharmacologic Approaches to Glycemic Treatment</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will cover pharmacologic approaches to glycemic treatment.	1.5 hours	1110660	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Children and Adolescents</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will discuss diabetic care for children and adolescents.	1.5 hours	1110665	5/5/2026

<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Facilitating Behavior Change and Managing Diabetes in Pregnancy</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will discuss facilitating behavior change and managing diabetes in pregnancy.	1.5 hours	1110661	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Prevention or Delay of Type 2 Diabetes and Associated Comorbidities</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will cover prevention or delay of type 2 diabetes and associated comorbidities, as well as obesity and weight management for the prevention and treatment of type 2 diabetes.	1 hour	1110662	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Cardiovascular Disease and Chronic Kidney Disease</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will discuss cardiovascular disease and chronic kidney disease.	1 hour	1110663	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Retinopathy, Neuropathy and Foot Care</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will discuss retinopathy, neuropathy and foot care.	1 hour	1110666	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Diabetes Technology</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will discuss the role of technology in diabetic care.	2 hours	1110670	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Diabetes Advocacy and Care in Hospital</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will discuss diabetes advocacy and care in hospitals.	1 hour	1110676	5/5/2026
<a href="#">Diabetes Champion Hypoglycemia Patient-Centered Strategies</a>	The purpose of this knowledge-based webinar is to provide new information on the nutrition care process and clinical recommendations for hypoglycemia risk mitigation.	1.5 hours	1110672	5/5/2026
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Improving Care and Promoting Health in Populations and Older Adults</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will cover improving care and	1.5 hours	1110900	5/5/2026

	promoting health in populations and older adults.			
<a href="#">Certified Diabetes Care and Education Specialist Certification Preparation Program: Overview of Becoming a Certified Diabetes Care and Education Specialist and Classification/Diagnosis of Diabetes</a>	This program will increase the knowledge and skills needed for health care teams to help manage Veterans with diabetes. This session will give an overview on becoming a certified diabetes care and education specialist and also classification/diagnosis of diabetes.	1 hour	1110904	5/5/2026
<a href="#">Exploring Grief, Loss and Meaning in Black, Indigenous and People of Color Veterans</a>	This recorded webinar will provide information to help explore the impact of historical trauma on contemporary grief and loss recovery.	1 hour	1108935	2/27/2026
<a href="#">Enduring Dementia: Enhancing Care for Veterans Experiencing Dementia</a>	The purpose of this recorded, knowledge-based training series is to provide health care teams with adequate knowledge and/or skills to appropriately manage common geriatric conditions and syndromes in older Veterans. This recorded session focuses on reviewing pertinent elements of the cognitive assessment and current available treatments for cognitive impairment.	1 hour	1109699	4/24/2026
<a href="#">Sleep Apnea Assessment and Intervention: Recommendations to Optimize Veteran Adherence to Positive Airway Pressure</a>	The purpose of this recorded, knowledge-based training is to provide an overview of sleep-disordered breathing, including challenges and troubleshooting opportunities for Veterans who may struggle to adhere with positive airway pressure, or PAP, therapy.	1 hour	1119748	4/29/2027
<a href="#">Introduction to VA/DOD Clinical Practice Guideline for the Management of Headaches</a>	This recorded, knowledge-based program aims to equip the learner with relevant information needed for managing patients with headaches based on current therapeutic guidelines, best practices and clinical evidence, and then have the learner apply the knowledge to clinical practice management.	1 hour	1115985	1/9/2027
<a href="#">Headache Evaluation and Management for Primary Care Webinar Series: Case-Based Oral Facial Pain</a>	This recorded, knowledge-based webinar will provide a review of the most common presentations of facial pain syndromes that are likely to be encountered by multiple medical disciplines.	1 hour	1107741	1/10/2026
<a href="#">Amputation System of Care Education Series: Limb Trauma and Salvage Over the Continuum</a>	This recorded, knowledge-based presentation will focus on limb salvage and long-term outcomes	1 hour	1133435	11/13/2028

	following severe/critical limb trauma. It will also review existing clinical practice guidelines and recommendations, and, as a result, clinicians will be able to provide better informed care, goal setting, and patient and clinician experience to amputees.			
<a href="#">Amputation System of Care Education Series: Gait Training for the Amputation Specialty Care Team</a>	This recorded, knowledge-based webinar offers guided instruction in the process of gait training for amputee-specific patient populations from initial balance and ambulation to higher level tasks.	1 hour	1123657	10/2/2027
<a href="#">Amputation System of Care Series: Amputation Prevention – Latest Research and PAVE Program Initiatives</a>	This recorded, knowledge-based webinar will provide attendees with an update on the latest research findings, clinical guidelines and Prevention of Amputation in Veterans Everywhere, or PAVE, initiatives so they will be able to better implement new strategies in the clinical setting to improve Veteran outcomes.	1 hour	1119696	5/5/2027
<a href="#">Amputation Skills Training: Introduction to and Overview of the Amputee Coalition</a>	This recorded webinar presentation will educate clinicians on the mission and vision of the amputee coalition. The presentation will give participants an overview of the amputee coalition, explain how to obtain resources and introduce the clinician to the National Limb Loss Amputee Coalition website.	1 hour	1114586	11/1/2026
<a href="#">Amputation Skills Training: A Multidisciplinary Approach to Treating Veterans With Multiple Limb Amputations</a>	This recorded presentation will provide education and skills training to the clinicians of the interdisciplinary team in care of the individual with multiple limb loss using a case study approach with videos and photos; provide the clinicians of the interdisciplinary amputation clinic lessons learned from challenging cases related to caring for Veterans with conflict-related multiple limb amputees; and provide skills in evaluation, assessment, prescription and rehabilitation treatment most effective in caring for this population of conflict related multiple limb amputees.	1 hour	1110491	5/5/2026

<a href="#">Amputation Skills Training: Keeping Patients off the Floor: Addressing Fall Prevention After Limb Loss</a>	The purpose of this live, knowledge-based webinar is to address fall prevention associated with limb loss. During the training, inter-professional health care teams will review factors contributing to falls in the early post-amputation phase and for the ambulatory prosthetic user. <b>Expiring soon!</b>	1 hour	1108674	3/2/2026
<a href="#">Amputation Skills Training: You Can't Improve What You Don't Measure: A FLOW3 Story</a>	This recorded, knowledge-based training will focus on the nuances of the FLOW3 system, conceived at the Seattle VA medical center and collaboratively developed with the Orthotics and Prosthetics Program Office in VA Central Office. There will be real-time presentation of the system to demonstrate how inter-professional health care teams should be integrating use of the system into their clinical practice. <b>Expiring soon!</b>	1 hour	1107941	1/26/2026
<a href="#">2024 Amputation System of Care Education Series: How to Turn a Great Idea Into a Scientific Research Project</a>	This recorded course will describe how research is funded, reviewed and managed in the VHA Office of Research and Development. The presentation will guide the attendee through the process from clinical idea to a developed research proposal and highlight funding channels within VA.	1 hour	1115864	1/2/2027
<a href="#">VA Pharmacy Procurement: Wall-to-Wall Inventory</a>	This module will provide pharmacy procurement staff the understanding of the wall-to-wall inventory, including preparation; completion; reports; review and analysis; as well as submission and editing of data.	1 hour	1094928	8/14/2026
<a href="#">VA Pharmacy Procurement B09 Reconciliation Training - Pharmacist</a>	This module will provide VA pharmacy procurement staff the understanding of the B09 Reconciliation, including preparation, completion, reports, review and analysis as well as submission of data.	1 hour	1094926	8/30/2026
<a href="#">Lethal Means Safety Training</a>	This virtual knowledge-based presentation will educate VHA mental health providers and health care teams on lethal means safety counseling. Participants will learn about the purpose of lethal means safety counseling, including how to work with Veterans and their friends and family to facilitate lethal means safety during high-risk periods. The training emphasizes Veteran autonomy and teaches clinicians to	1 hour	1075258	9/29/2026
