

Today's Date:

Request for Biostatistics Unit Support

Please note: Biostatistics Unit support is only provided to Durham HSR&D faculty, fellows, and post-docs

Investigator Name(s):

Email:

Phone/Pager Number:

Desired Start Time:

Desired Completion Date:

IRB Approval Status:

Project Deadline:

Research Question or Short Explanation of Project:

Please complete one or more of the following four options

1. Data Pull

Please describe:

- **Patient sample of interest (e.g. Durham VAMC patients or national)**

- **Relevant time period**

- **Files of interest (e.g. inpatient, outpatient, pharmacy etc...) and variables of interest (e.g. ICD9 codes, CPT codes)**

- **Data security plan (i.e., where the data will be stored, used, and how it will be protected)**

2. Sample Size/Power calculations

Please describe:

- **Study design**

- **Outcome variable of interest (e.g., name, when it's collected, etc.)**

- **Additional constraints (e.g., sample size limitations)**

3. Data request from existing study (e.g., TCYB)

Please describe:

- **Name of study**
- **Patient sample of interest (e.g., entire sample or diabetes patients)**

- **Relevant time period (e.g., baseline)**

- **Variables of interest**

- **Data security plan (i.e., where the data will be stored, used, and how it will be protected)**

4. Other

Please describe:
