VA Serves Veterans

In gratitude for your honorable service to our nation, VA provides benefits to help you buy, retain, or modify a home; earn a degree; start a career; stay healthy; and do so much more in life after the military.

Explore these VA home loan and housing-related assistance programs:

**Guaranteed home loan benefits.** VA home loan programs may be used to buy homes, condominiums, or manufactured homes; refinance an existing home loan; or install energy-saving improvements. VA offers three main types of benefits:

- **Purchase Loans** – Explore the money-saving potential of VA-guaranteed home loans, which often offer competitive interest rates and come with limitations on closing costs. VA loans do not require private mortgage insurance, saving you thousands of dollars every year.
- **Cash-Out Refinance Loans** – Take advantage of your home’s equity to take cash out through refinancing or refinance a non-VA loan into a VA-guaranteed loan.
- **Interest Rate Reduction Refinance Loans** – Lower your monthly mortgage payment by obtaining a lower-interest loan—or stabilize your monthly payments by moving to a fixed-rate loan.

If your private or VA-guaranteed loan becomes delinquent, VA offers financial counseling and, in some cases, directly intervenes with a mortgage loan servicer on your behalf.

**Adapted housing grants.** VA also offers Veterans with certain service-connected disabilities grants to build, purchase, or modify homes. There are three types of grants: Specially Adapted Housing, Special Housing Adaptation, and Temporary Residence Adaptation.
