

WEST PALM BEACH VA MEDICAL CENTER

Fact Sheet

The West Palm Beach VA Medical Center (WPBVAMC) opened in 1995 and is 1c-complexity, general medical and surgical facility providing a full range of patient care services, as well as comprehensive medical education and residency programs.

All-inclusive health care is provided through primary care, emergency care and long-term care in the areas of medicine, surgery, mental health, physical medicine and rehabilitation, radiology, Connected Care/Video on Demand (VOD), dentistry, hemodialysis, comprehensive Cancer Center and geriatrics and extended care including Community Living Center (CLC), hospice and palliative care.

The facility's research program is in partnership with Nova Southeastern University and the South Florida Veterans Affairs Foundation for Research and Education. The facility also operates a 13-bed Blind Rehabilitation Service, which is the referral center for blind and visually impaired Veterans throughout the state of Florida.

Its Whole Health Program focuses on providing Veterans with proactive care and incorporates more alternative medicine options.

The medical center provides health services to Veterans throughout South Florida and the Treasure Coast at its main facility in West Palm Beach and six contractor-operated community-based outpatient clinics in Boca Raton, Delray Beach, Fort Pierce, Okeechobee, Stuart and Vero Beach. There are two rural clinics located in Clewiston and Moore Haven. A Post-Combat Trauma Clinic with adjacent expanded services is located in Port St. Lucie.

The WPBVAMC also has a Medical Foster Home program that provides Community Residential Care for Veterans who are unable to live independently.

The facility's Domiciliary which is opening in February 2020 provides residential treatment for Veterans with substance abuse and other mental and psychosocial issues.
