INTERNSHIP PROGRAM ADMISSIONS

The Psychology Internship at the Wilmington VAMC is a highly dynamic and interdisciplinary program. As such, we seek high quality applicants who demonstrate core traits of flexibility, creativity, and critical thinking. Successful applicants will display the capacity to work and communicate effectively as treatment team members, deliver a wide variety of recovery-oriented therapeutic interventions, and practice in a highly ethical and professional manner as befitting the values and missions of the Department of Veteran's Affairs. Strong emphasis will be placed on the quality of both undergraduate and graduate level training, letters of recommendations, and goals consistent with the practitioner-scholar model of internship training.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours: No

Total Direct Contact Assessment Hours: No

Describe any other required minimum criteria used to screen applicants: Although we do not require a set minimum intervention or assessment hours, there is a minimum 500 hour requirement for total hours. The minimum of 500 hours should be documented, psychologist supervised, direct client contact hours through a combination of intervention and assessment experiences.

FINANCIAL AND OTHER BENEFIT SUPPORT FOR UPCOMING TRAINING YEAR
