# Getting Started with Caregiver Support Program

This guide will help caregivers of Veterans access support at VA that may include caregiver education and training, mental health counseling, peer mentor support, access to health care benefits, monetary stipend and respite care.

## Am I a “caregiver”?

Often people do not identify themselves as a “caregiver.” Most of us, at some point in our lives, will be in a caregiver role. Caregivers are daughters, wives, husbands, sons, grandchildren, nieces, nephews, partners and friends. Caregivers manage a wide range of responsibilities. **Here’s how you know if you are in a caregiver role.**

Do you:

- Make medical appointments or drive to the doctor and pharmacy to pick up prescriptions for a Veteran?
- Help a Veteran get dressed, take a shower, or take medicine?
- Help transfer a Veteran in and out of bed, or with physical therapy, injections, feeding tubes or other medical procedures at home?
- Talk with doctors, nurses, social workers, and others to understand what medical care or other benefits a Veteran might need?

If you answered “yes” to any of these questions, you are a caregiver and may be eligible for caregiver services at VA. The Caregiver Support Program (CSP) provides services and support to Veterans and caregivers through two programs, the **Program of General Caregiver Support Services (PGCSS)** and the **Program of Comprehensive Assistance for Family Caregivers (PCAFC)**.

## Who can help me determine which programs and services may be available to me and to the Veteran I care for?

Caregiver Support Coordinators (CSCs) are social workers, nurses and psychologists with extensive knowledge of VA services and can help connect you with the resources you need. To find your CSC:

- **Call** the Caregiver Support Line at 855-260-3274.
- **Visit us online** at <https://www.caregiver.va.gov>
- **Find** a CSC in-person at a local VA Medical Center  
[https://www.caregiver.va.gov/support/New\\_CSC\\_Page.asp](https://www.caregiver.va.gov/support/New_CSC_Page.asp)

## Program of General Caregiver Support Services

All caregivers who provide personal care services to Veterans enrolled in VA health care have access to PGCSS. Caregivers who enroll in PGCSS have access to education and training, including courses at local VA medical centers. In addition, caregivers can participate in support services and take advantage of VA home and community based care. No formal application is required to enroll in PGCSS. Contact your local CSC for assistance with PGCSS enrollment.

## Program of Comprehensive Assistance for Family Caregivers

The Program of Comprehensive Assistance for Family Caregivers (PCAFC) is a program of enhanced clinical support for caregivers of eligible Veterans who are seriously injured. These changes are based on the new “Program of Comprehensive Assistance for Family Caregivers (PCAFC) Improvements and Amendments Under the VA MISSION Act of 2018” Final Rule, RIN 2900-Aq48 effective October 2020. These changes will include Veterans who incurred or aggravated a serious injury in the line of duty in active military, naval, or air service on or after September 11, 2001, or on or before May 7, 1975.

### How do I apply for PCAFC?

- A Veteran who has a single or combined service-connected rating of 70% or more AND who is in need of in-person personal care services for a minimum of six (6) continuous months based on either an inability to perform an activity of daily living (ADL) each time the activity is performed, or a need for supervision, protection, or instruction, which means a functional impairment that directly impacts his/her ability to maintain his or her personal safety, on a daily basis, or
- A Veteran who sustained or aggravated a serious injury (now includes serious illness) in the line of duty on or before May 7, 1975 or on or after September 11, 2001.

Your CSC can provide you with more information.
