		mm / dd / yy	
		mm / dd / yy	

**We are offering COVID-19
Vaccinations & Boosters!**

VA U.S. Department of Veterans Affairs
North Florida / South Georgia Veterans Health System

N. FLORIDA/S. GEORGIA. Veteran and employee safety continues to be our top priority during the COVID-19 pandemic. With variants such as Delta and Omicron, it's more important than ever to ensure you are protected by getting your COVID-19 Vaccine and booster shots.

The CDC recommends that everyone who is at least 12 years old should get a booster shot. (NF/SGVHS does not offer vaccines to youth under age 18.)

When to get your booster shot

- If you got the Pfizer-BioNTech vaccine: At least 5 months after you completed your primary vaccine series
- If you got the Moderna vaccine: At least 5 months after you completed your primary vaccine series
- If you got the Janssen (J&J) vaccine: At least 2 months after you got your primary vaccine

Those who are eligible are encouraged to call 352-548-6000 ext. 103755 to schedule an appointment. To ensure Veterans have access to the vaccine, we have **updated** our no appointment needed COVID-19 Vaccination clinic days and times at many of our sites of care. **Please make sure to bring your CDC COVID-19 Vaccination Record Card with you.**

As a reminder, we are currently limiting visitation and continuing to require medical grade face coverings for everyone – entering a VA facility. This policy remains in place at all VA facilities even if state or local masking requirements change.
