10. You have now completed the documents for the package and can move on to the next line on the left-hand menu to share the project. You can give your team members Full, Write or Read-Only access to the project. Click the blue Share link to access this feature:

• **Share:** Use this option if you wish to share your project with other Researchers, Committee Members, Administrators or Sponsors at your own institution or any other institution. For example, you may wish to share this project with other members of your research team so that you may collaborate in the design and development of the project, or with a selected Committee Member or Administrator to solicit feedback prior to submitting your project for review. You may provide any individual with **Full**, **Write** or **Read** access.

11. On the next screen, choose Atlanta VA Health Care System, Decatur, Ga and click Select Organization

12. Type the name of the user you wish to share the project with in the text field and press search (note, only partial name is required aka last name or first name only). If the user has an IRBNet account, they should show up and you can choose the type of access to grant them. If they do not show up, verify that they have an IRBNet account and the spelling of their name.
