Women’s MST Group
About: This open group addresses the common reactions that many women experience following an MST event. The group enhances coping skills, provides MST-specific resources, and addresses different topics each week (e.g., emotion regulation, interpersonal functioning, mental health difficulties). Because the group is open, and ever-changing, women can continue to participate for as long as is required.
How to refer: Please call the Savannah Vet Center and express interest in joining the Women’s MST group!

To engage in direct trauma-processing or trauma-specific sharing. It focused on addressing specific topics following by opportunities for the men in the group to offer one another support. This group typically begins a new a curriculum every 6-8 months depending upon Veterans’ interest.

How to refer: Please call the Myrtle Beach Vet Center and express interest in joining the Men’s MST group!

MST-Specific Group Offerings at Ralph H. Johnson VA Health Care System

**Women’s MST Group**
**Mondays @ 13:00**

**About:** This group reviews specific topics related to MST and recovery from trauma (e.g., managing relationships, sleep, anger; coping with distress; unhelpful thinking traps) and provides opportunities for group members to discuss current stressors, provide support and encouragement to one another, and share aspects of their journey/recovery. Specific details of sexual trauma are not discussed.

**Who is eligible?** Any woman Veteran residing in South Carolina.

**Women’s Empowerment Group**
**Wednesdays @ 08:30**

**About:** This group contains 11 modules/sessions. During each meeting, the group will address a new topic that will assist in supporting healthy behaviors, a balanced view of intimacy and sexuality, and focus on self-empowerment. Completion of practice assignments between sessions is an essential part of this group. In this group we will not discuss specific details of any individuals’ experience of sexual trauma, rather we will discuss common reactions to sexual assault, with a focus on the negative impacts on intimacy and sexuality.

**Who is eligible?** Veterans interested in this group must have a diagnosis or PTSD or trauma/stressor related disorder; have completed/be enrolled in an evidence-based treatment for PTSD; and have a mental health provider (do not have to be seeing them weekly).

**Women Veteran’s Resiliency and Art Therapy Workshop**

**Varies: this group is offered on a quarterly basis.**

**About:** The American Red Cross, in partnership with the Ralph H. Johnson VA Health Care System, is pleased to offer a 6-8 session virtual workshop series for female Veterans who have experienced MST to help address stress management and self-care while juggling all the complexities of life during these unprecedented times. Each workshop session will include a live, facilitated discussion and provide participants with multiple opportunities to share with other Veterans, learn and practice new skills and resiliency techniques (e.g., stress management, effective communication, relating to children), ask questions and express unlimited creative potential.

**Who is eligible?** Varies.

**Men’s Resiliency and Art Therapy Workshop**

**Women's Health & Healing After Trauma**
**Thursdays @ 13:00**

**About:** This 15-week group is for female survivors of MST and is designed to enhance trauma recovery skills with an emphasis on over-all health and wellbeing. Topics will include managing emotions, physical health, relationship and intimacy issues, boundary setting, and body image.

**Who is eligible?** Veterans interested in this group must have a mental health provider (do not have to be seeing them weekly).

**MST-Specific Group Offerings at the Vet Centers**

In addition to services at Ralph H. Johnson VA Health Care System, Veterans with a history of MST are eligible for individual, group, and family therapy at their local Vet Centers (i.e., North Charleston, Myrtle Beach, and Savannah). In order to begin attending a group at the Vet Center, they must call and schedule an initial intake and complete several pretreatment sessions to aid in identifying most appropriate group options, discuss group rules, etc.

Below are a list of current MST group options for both men and women, depending upon the site. Not all sites have group options for both men and women Veterans; however, some sites (e.g., Myrtle Beach) are offering groups virtually and for the time being will accept referrals for anywhere in the Ralph H. Johnson VA Health Care System catchment area (e.g., SAV, HNV).

**North Charleston:**
